This report is submitted for the general information of the shareholders of InvestEd Portfolios. It is not authorized for distribution to prospective investors in the Portfolios unless preceded or accompanied by a current InvestEd Portfolios prospectus along with the InvestEd Program Overview and Ivy Funds InvestEd 529 Plan Account Application.

Non-residents of Arizona or taxpayers of states other than Arizona should consider participating in the 529 plan(s) available in their state of residence, as such plan(s) may offer more favorable state income tax or other benefits than those offered under the Ivy Funds InvestEd 529 Plan. Please consult your CPA or other tax advisor regarding your personal tax situation.

Henry J. Hermann, CFA

Dear Shareholder,

In the year since our last report to you, the U.S. was the bright spot across a global economy generally challenged by sluggish growth and rising geopolitical tensions.

After a colder than expected winter put a chill on the U.S. economy at the outset of the fiscal period, U.S. gross domestic product (GDP) charted 4.6% growth in the second quarter and nearly 4% growth in the third. U.S. stocks responded favorably to signs that the six-year economic expansion was self-sustaining. Broad market indexes surpassed previous record highs. Volatility remained, however, as concern continued around global economic growth, geopolitical developments and a dramatic fall in oil prices.

In the fixed income markets, yields on investment-grade securities remained at exceptionally low levels for much of the year with the benchmark 10-year Treasury closing the year yielding 2.17% — more than 80 basis points below where it opened 2014.

Looking ahead, the behavior of the oil market will likely be one of the key stories for 2015. While low oil prices are good for the consumer and have the potential to boost economic growth, they also present challenges. For example, high-yield bonds were hit by concerns late in the year that low oil prices could boost defaults in the energy industry. Other areas of concern include the challenges facing the European economy and a slowdown in China's growth.

Overall, we expect the U.S. economy will continue to improve. We believe the U.S. is stronger than most of its global counterparts and that U.S. stocks appear to offer investors the best opportunity for positive returns. Corporate earnings are expected to rise, inflation to remain low and the jobs picture to continue to improve. All of this provides a positive backdrop for stocks. The Federal Reserve seems likely to take its time raising interest rates as it weighs the strength of improvement in the economy.

Economic Snapshot

	12/31/2014	12/31/2013
S&P 500 Index	2,058.90	1,848.36
MSCI EAFE Index	1,774.89	1,915.60
10-Year Treasury Yield	2.17%	3.04%
U.S. unemployment rate	5.60%	6.70%
30-year fixed mortgage rate	3.99%	4.54%
Oil price per barrel	\$ 53.27	\$ 98.42

Sources: Bloomberg, U.S. Department of Labor, MBA, CME

All government statistics shown are subject to periodic revision. The S&P 500 Index is an unmanaged index that tracks the stocks of 500 primarily large-cap U.S. companies. MSCI EAFE Index is an unmanaged index comprised of securities that represent the securities markets in Europe, Australasia and the Far East. It is not possible to invest directly in any of these indexes. Mortgage rates are from BankRate and reflect the overnight national average rate on a conventional 30-year fixed loan. Oil prices reflect the market price of West Texas intermediate grade crude.

As always, we will continue to closely monitor these and other economic developments in the months ahead.

Sincerely,

Henry J. Herrmann, CFA
President

The opinions expressed in this letter are those of the President of the InvestEd Portfolios and are current only through the end of the period of the report, as stated on the cover. The President's views are subject to change at any time, based on market and other conditions, and no forecasts can be guaranteed.

Michael L. Avery

On the pages that follow, Michael L. Avery, portfolio manager of the InvestEd Portfolios, discusses positioning, performance and results for the fiscal year ended December 31, 2014. Mr. Avery has 36 years of industry experience and has managed the Portfolios since inception. Ryan C. Caldwell, who had served as a portfolio manager on the Portfolios, left the company effective June 15, 2014.

Fiscal Year Performance

For the 12 Months Ended December 31, 2014

InvestEd Growth Portfolio

Including Sales Charge	-0.37%
Without Sales Charge	5.70%

InvestEd Balanced Portfolio

Including Sales Charge	-1.30%
Without Sales Charge	4.72%

InvestEd Conservative Portfolio

Including Sales Charge	-0.76%
Without Sales Charge	3.66%

Benchmark Performance

S&P 500 Index (generally reflects the performance of large- and medium-sized U.S. stocks)	13.69%
Barclays U.S. Aggregate Bond Index (generally reflects the performance of most U.S.-traded investment grade bonds)	5.97%
Barclays U.S. Treasury Bills: 1-3 Month Index (generally reflects the performance of investment-grade Treasury bills, representing cash)	0.02%

For additional performance information for each Portfolio, please see the Comparison of Change in Value of a \$10,000 Investment and the Average Annual Total Return information for each Portfolio found in this report. Because each Portfolio typically invests in a variety of mutual funds that invest in multiple asset classes, we compare each Portfolio's results to multiple benchmark indexes.

Market gains after volatile year

U.S. equities closed a somewhat volatile year with gains after repeatedly reaching record highs in broad market indexes during the period. Global equities in general also finished the year slightly higher. Crude oil prices plunged worldwide late in the year to levels not seen since 2009 on forecasts of reduced global demand along with OPEC's unwillingness to cut production. The decline pressured stocks globally and raised concerns that a sustained price tumble could stall economic growth in some regions in the coming year. Interest rates remained at historically low levels during the year.

The U.S. Federal Reserve said late in the year that it is likely to hold rates near zero at least through the first quarter of 2015, noting it would be "patient" in its approach to raising rates. The European Central Bank indicated it would consider additional monetary stimulus to support the eurozone, but took no action by year end. Central banks in Japan and China also took easing actions to stimulate their economies. U.S. economic indicators continued to show steady growth and remained the leader among developed countries. Economic growth forecasts for Europe were revised lower late in the year and raised concerns especially about countries on the periphery.

U.S. equities contribute to results

The InvestEd Portfolios completed the fiscal year with positive performance (before the effect of sales charges), largely because of gains in U.S. equities allocations during the period. The Portfolios' blend of equities and fixed-income securities trailed the performance of the all-equities benchmark index and the index representing U.S. government bonds.

In addition, the stocks of U.S. large- and mid-capitalization companies, as measured by the Portfolios' equities benchmark index, were among the best-performing asset classes in 2014. Small-cap stocks underperformed large- and mid-cap stocks and international equities overall had a negative return for the year. Allocations in the Portfolios to asset classes other than large- and mid-cap equities, therefore, provided a drag on overall performance for the year.

We made modifications to underlying allocations in the InvestEd Portfolios in September and November, based on our views of the appropriate mix in a changing market environment. We took actions based on our view of a low growth/ low inflation global outlook, with central bank policies putting a floor under the market for the time being. We believe this required a larger allocation to equities, especially in funds where our active management approach to stock selection offered the potential to benefit returns.

In the initial change, we slightly reduced the allocation in InvestEd Growth and InvestEd Balanced portfolios to the Waddell & Reed Advisors Cash Management Fund and made small increases in allocations to the Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors Value Fund, Waddell & Reed Advisors Small Cap Fund, Waddell & Reed New Concepts Fund and Waddell & Reed Advisors Dividend Opportunities Fund. In the InvestEd Conservative Portfolio, we slightly reduced the allocation to the Waddell & Reed Advisors Cash Management Fund and made a matching increase in the allocation to the Waddell & Reed Core Investment Fund.

In the later allocation changes, we again reduced the allocations to the Waddell & Reed Advisors Cash Management Fund in the InvestEd Growth and InvestEd Balanced portfolios. In the InvestEd Growth Portfolio, we made small increases in allocations to the Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors International Growth Fund, Waddell & Reed Advisors Small Cap Fund and Waddell & Reed Advisors New Concepts Fund. In the InvestEd Balanced Portfolio, the increased allocations were in Waddell & Reed Advisors Core Investment Fund, Waddell & Reed Advisors Value Fund, Waddell & Reed Advisors Vanguard Fund and Waddell & Reed Advisors New Concepts Fund. No additional allocation changes were made in the InvestEd Conservative Portfolio.

Potential for improving growth

We believe U.S. growth in real terms could accelerate in the year ahead. The breadth of the U.S. economic recovery is demonstrated, in part, by the slow, steady improvement in employment. We think steady job growth will be followed by upward pressure on wages as the labor market tightens. In our view, higher wages would be especially beneficial for individuals in the lower-income segments of the economy who largely have not benefitted from previous stimulus measures. We think lower energy prices have provided an additional boon to consumers in the U.S. and globally, especially in India and China. Consumer sentiment and business confidence are stabilizing and even have shown improvement in some surveys. We think all of these factors will be incrementally positive in the U.S. for both consumer spending and business investment.

Late in the fiscal year, global central banks outside of the U.S. implemented or indicated their intent to provide more accommodative monetary policies to stimulate their economies. We believe this looser-money bias will continue in 2015 and work to weaken their respective currencies.

We remain concerned about the large allocation to fixed income by investors in general, in an environment that is approaching seven years with interest rates near zero. Uncertainty about what may follow and the implications of investors pursuing yield via complicated and more risky credit securities raise concerns for us about the time when interest rates eventually rise.

Past performance is not a guarantee of future results. As with any mutual fund, the value of each Portfolio's shares will change, and you could lose money on your investment. These and other risks are more fully described in the Portfolios' prospectus.

The ability of the Portfolio to meet its investment objective depends both on the allocation of its assets among the underlying funds and the ability of those funds to meet their respective investment objectives. The Portfolio's share price will likely change daily based on the performance of the underlying funds in which it invests. In general, the Portfolio is subject to the same risks as those of the underlying funds it holds.

The opinions expressed in this report are those of the portfolio managers and are current only through the end of the period of the report as stated on the cover. The managers' views are subject to change at any time based on market and other conditions, and no forecasts can be guaranteed.

The indexes noted are unmanaged and include reinvested dividends. One cannot invest directly in an index, nor is an index representative of any of the InvestEd Portfolios.

COMPARISON OF CHANGE IN VALUE OF \$10,000 INVESTMENT

InvestEd Portfolios

(UNAUDITED)

(1) The value of the investment in the Portfolio is impacted by the sales load at the time of the investment and by the ongoing expenses of the Portfolio and assumes reinvestment of dividends and distributions.

Average Annual Total Return ⁽²⁾	InvestEd Growth Portfolio	InvestEd Balanced Portfolio	InvestEd Conservative Portfolio
1-year period ended 12-31-14	-0.37%	-1.30%	-0.76%
5-year period ended 12-31-14	8.92%	6.59%	5.02%
10-year period ended 12-31-14	6.93%	5.56%	4.80%

(2) Data quoted is past performance and is based on a deduction of the maximum applicable sales load for each of the periods. Current performance may be lower or higher. Past performance is no guarantee of future results. Investment return and principal value of an investment will fluctuate and shares, when redeemed, may be worth more or less than their original cost. Please visit www.waddell.com for each Portfolio's most recent month-end performance. Shares carry a maximum front-end sales load of 5.75% for Growth and Balanced and 4.25% for Conservative.

Past performance is not necessarily indicative of future performance. Indexes are unmanaged. The performance graph and table do not reflect the deduction of taxes that a shareholder would pay on Portfolio distributions or on the redemption of Portfolio shares. Performance results may include the effect of expense reduction arrangements for some or all of the periods shown. If those arrangements had not been in place, the performance results for those periods would have been lower.

ILLUSTRATION OF PORTFOLIO EXPENSES

InvestEd Portfolios

(UNAUDITED)

As a shareholder of a Portfolio, you incur two types of costs: (1) transaction costs, including sales charges (loads) on purchase payments and exchange fees; and (2) ongoing costs, including management fees, distribution and service fees, and other Portfolio expenses. The following table is intended to help you understand your ongoing costs (in dollars) of investing in a Portfolio and to compare these costs with the ongoing costs of investing in other mutual funds. As a shareholder in the underlying Waddell & Reed Advisors Funds, your Portfolio will indirectly bear its pro rata share of the expenses incurred by the underlying funds. These expenses are not included in a Portfolio's annualized expense ratio or the expenses paid during the period. These expenses are, however, included in the effective expenses paid during the period. The example is based on an investment of \$1,000 invested at the beginning of the period and held for the six-month period ended December 31, 2014.

Actual Expenses

The first section in the following table provides information about actual account values and actual expenses. You may use the information in this section, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, a \$7,500 account value divided by \$1,000 = 7.5), then multiply the result by the number in the first section under the heading entitled "Expenses Paid during Period" to estimate the expenses you paid on your account during this period. There may be additional fees charged to holders of certain accounts that are not included in the expenses shown in the table. You should consider the additional fees that were charged to your Portfolio account over the six-month period when you estimate the total ongoing expenses paid over the period and the impact of these fees on your ending account value as such additional expenses are not reflected in the information provided in the expense table. Additional fees have the effect of reducing investment returns.

Hypothetical Example for Comparison Purposes

The second section in the following table provides information about hypothetical account values and hypothetical expenses based on the Portfolio's actual expense ratio and an assumed rate of return of five percent per year before expenses, which is not the Portfolio's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Portfolio and other funds. To do so, compare this five percent hypothetical example with the five percent hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as sales charges (loads), or exchange fees. Therefore, the second section of the table is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would have been higher.

Expenses paid may be impacted by expense reduction arrangements. If those arrangements had not been in place, expenses paid would have been higher. See Note 4 to the Financial Statements for further information.

Portfolio	Actual ⁽¹⁾			Hypothetical ⁽²⁾			Annualized Expense Ratio Based on the Six-Month Period
	Beginning Account Value 6-30-14	Ending Account Value 12-31-14	Expenses Paid During Period*	Beginning Account Value 6-30-14	Ending Account Value 12-31-14	Expenses Paid During Period*	
InvestEd Growth Portfolio	\$1,000	\$1,022.00	\$1.31	\$1,000	\$1,023.95	\$1.32	0.25%
InvestEd Balanced Portfolio	\$1,000	\$1,008.80	\$1.31	\$1,000	\$1,023.95	\$1.32	0.25%
InvestEd Conservative Portfolio	\$1,000	\$1,000.30	\$1.30	\$1,000	\$1,023.95	\$1.32	0.25%

*Portfolio expenses are equal to the Portfolio's annualized expense ratio (provided in the table), multiplied by the average account value over the period, multiplied by 184 days in the six-month period ended December 31, 2014, and divided by 365.

(1) This section uses the Portfolio's actual total return and actual Portfolio expenses. It is a guide to the actual expenses paid by the Portfolio in the period. The "Ending Account Value" shown is computed using the Portfolio's actual return and the "Expenses Paid During Period" column shows the dollar amount that would have been paid by an investor who started with \$1,000 in the Portfolio. A shareholder may use the information here, together with the dollar amount invested, to estimate the expenses that were paid over the period. For every thousand dollars a shareholder has invested, the expenses are listed in the last column of this section.

(2) This section uses a hypothetical five percent annual return and actual Portfolio expenses. It helps to compare the Portfolio's ongoing costs with other mutual funds. A shareholder can compare the Portfolio's ongoing costs by comparing this hypothetical example with the hypothetical examples that appear in shareholder reports of other Portfolios.

The above illustration is based on ongoing costs only and does not include any transactional costs, such as sales loads or exchange fees.

PORTFOLIO HIGHLIGHTS

InvestEd Portfolios

1. ORGANIZATION

The Ivy Funds InvestEd 529 Plan ("InvestEd Plan") was established under the Arizona Family College Savings Program (the "Program"). InvestEd Portfolios, a Delaware statutory trust (the "Trust"), is registered under the Investment Company Act of 1940 as an open-end management investment company. The Program was established by the State of Arizona as a qualified state tuition program in accordance with Section 529 of the Internal Revenue Code. InvestEd Plan is offered to Arizona residents and nationally. InvestEd Plan accounts are held in the name and for the benefit of the Arizona Commission for Post-Secondary Education in its capacity as Trustee of the Family College Savings Program Trust Fund ("Trust Fund"). An investment in the Program constitutes a purchase of an interest in the Trust Fund, a municipal fund security. The Trust Fund invests in the Trust and other investment options. InvestEd Growth Portfolio, InvestEd Balanced Portfolio and InvestEd Conservative Portfolio (each, a "Portfolio") are series of the Trust. The assets belonging to each Portfolio are held separately by the transfer agent for the underlying funds and the custodian. The capital shares of each Portfolio represent a pro rata beneficial interest in the principal, net income and realized and unrealized capital gains or losses of its respective investments and other assets.

Accounts opened through the InvestEd Plan are not insured by the State of Arizona, the Trust Fund, the Arizona Commission for Post Secondary Education, or any other governmental entity, Waddell & Reed, Inc. ("W&R"), or any affiliated or related party and neither the principal invested nor the investment return is guaranteed by any of the above referenced parties. InvestEd Plan accounts are subject to the Federal tax laws and the laws, rules and regulations governing the Program. Any changes in such laws, rules or regulations may affect participation in, and the benefits of, the InvestEd Plan. The InvestEd Plan may be modified to comply with such changes.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies consistently followed by each Portfolio.

Security Transactions and Related Investment Income. Security transactions are accounted for on the trade date (date the order to buy or sell is executed). Securities gains and losses are calculated on the identified cost basis. Dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis.

Income Taxes. It is the policy of each Portfolio to distribute all of its taxable income and capital gains to its shareholders and otherwise qualify as a regulated investment company under Subchapter M of the Internal Revenue Code. In addition, each Portfolio intends to pay distributions as required to avoid imposition of excise tax. Accordingly, no provision has been made for Federal income taxes. Management of the Trust periodically reviews all tax positions to assess that it is more likely than not that the position would be sustained upon examination by the relevant tax authority based on the technical merits of each position. As of and for the year ended December 31, 2014, management believes that no liability for unrecognized tax positions is required. The Portfolios are subject to examination by U.S. federal and state authorities for returns filed for tax years after 2010.

Dividends and Distributions to Shareholders. Dividends and distributions to shareholders are recorded by each Portfolio on the business day following record date. Net investment income dividends and capital gains distributions are determined in accordance with income tax regulations which may differ from accounting principles generally accepted in the United States of America ("U.S. GAAP"). If the total dividends and distributions made in any tax year exceeds net investment income and accumulated realized capital gains, a portion of the total distribution may be treated as a tax return of capital.

Concentration of Market and Credit Risk. Because the Portfolio invests substantially all of its assets in Waddell & Reed mutual funds ("Underlying Waddell & Reed Funds"), the risks associated with investing in the Portfolios are closely related to the risks associated with the securities and other investments held by the Underlying Waddell & Reed Funds.

In the normal course of business, the Underlying Waddell & Reed Funds may invest in securities and enter into transactions where risks exist due to fluctuations in the market (market risk) or failure of the issuer of a security to meet all its obligations (issuer credit risk). The value of securities held by the Underlying Waddell & Reed Funds may decline in response to certain events, including those directly involving the issuers whose securities are owned by the Underlying Waddell & Reed Funds; conditions affecting the general economy; overall market changes; local, regional or global political, social or economic instability; and currency and interest rate and price fluctuations. Similar to issuer credit risk, the Underlying Waddell & Reed Funds may be exposed to counterparty credit risk, or the risk that an entity with which the Underlying Waddell & Reed Funds have unsettled or open transactions may fail to or be unable to perform on its commitments. The Underlying Waddell & Reed Funds manage counterparty credit risk by entering into transactions only with counterparties that they believe have the financial resources to honor their obligations and by monitoring the financial stability of those counterparties. Financial assets, which potentially expose the Underlying Waddell & Reed Funds to market, issuer and counterparty credit risks, consist principally of financial instruments and receivables due from counterparties.

Certain Underlying Waddell & Reed Funds may hold high-yield and/or non-investment-grade bonds, which may be subject to a greater degree of credit risk. Credit risk relates to the ability of the issuer to meet interest or principal payments or both as they become due. The Underlying Waddell & Reed Funds may acquire securities in default and are not obligated to dispose of securities whose issuers subsequently default.

Certain Underlying Waddell & Reed Funds may enter into financial instrument transactions (such as swaps, futures, options and other derivatives) that may have off-balance sheet market risk. Off-balance sheet market risk exists when the maximum potential loss on a particular financial instrument is greater than the value of such financial instrument.

If an Underlying Waddell & Reed Funds invests directly in foreign currencies or in securities that trade in, and receive revenues in, foreign currencies, or in financial derivatives that provide exposure to foreign currencies, it will be subject to the risk that those currencies will decline in value relative to the base currency of the Underlying Waddell & Reed Funds, or, in the case of hedging positions, that the Underlying Waddell & Reed Fund's base currency will decline in value relative to the currency being hedged. Currency rates in foreign countries may fluctuate significantly over short periods of time for a number of reasons, including changes in interest rates, intervention (or the failure to intervene) by U.S. or foreign governments, central banks or supranational entities such as the International Monetary Fund, or by the imposition of currency controls or other political developments in the United States or abroad.

Indemnifications. The Trust's organizational documents provide current and former Trustees and Officers with a limited indemnification against liabilities arising in connection with the performance of their duties to the Trust. In the normal course of business, the Trust may also enter into contracts that provide general indemnification. The Trust's maximum exposure under these arrangements is unknown and is dependent on future claims that may be made against the Trust. The risk of material loss from such claims is considered remote.

Basis of Preparation. Each Portfolio is an investment company and follows accounting and reporting guidance in the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946 ("ASC 946"). The accompanying financial statements were prepared in accordance with U.S. GAAP, including but not limited to ASC 946. U.S. GAAP requires the use of estimates made by management. Management believes that estimates and valuations are appropriate; however, actual results may differ from those estimates, and the valuations reflected in the accompanying financial statements may differ from the value ultimately realized upon sale or maturity.

Subsequent Events. Management has performed a review for subsequent events through the date this report was issued.

3. INVESTMENT VALUATION AND FAIR VALUE MEASUREMENTS

Investments in affiliated mutual funds within the Waddell & Reed Advisors Funds family are valued at their Net Asset Value ("NAV") as reported by the Underlying Waddell & Reed Funds. Short-term debt securities are valued at amortized cost, which approximates value.

Fair value is defined as the price that each Portfolio would receive upon selling an asset or would pay upon satisfying a liability in an orderly transaction between market participants at the measurement date.

Accounting standards establish a framework for measuring fair value and a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset or liability. Observable inputs reflect the assumptions market participants would use in pricing the asset or liability based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the reporting entity's own assumptions about the factors that market participants would use in pricing the asset or liability developed based on the best information available in the circumstances.

An individual investment's fair value measurement is assigned a level based upon the observability of the inputs which are significant to the overall valuation.

The three-tier hierarchy of inputs is summarized as follows:

Level 1 – Observable input such as quoted prices, available in active markets, for identical assets or liabilities.

Level 2 – Significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for the assets or liabilities (such as interest rates, yield curves, volatilities, prepayment speeds, loss severities, credit risks and default rates) or other market corroborated inputs.

Level 3 – Significant unobservable inputs based on the best information available in the circumstances, to the extent observable inputs are not available, which may include assumptions made by the Board or persons acting at their direction that are used in determining the fair value of investments.

A description of the valuation techniques applied to the Portfolios' major classes of assets and liabilities measured at fair value on a recurring basis follows:

Equity Securities. Investments in registered open-end investment management companies will be valued based upon the NAV of such investments and are categorized as Level 1 of the fair value hierarchy.

Short-term Investments. Short-term investments having a maturity of 60 days or less are generally valued at amortized cost which approximates fair value. These investments are categorized as Level 2 of the fair value hierarchy.

There were no level 3 securities owned during the year ended December 31, 2014. There were no transfers between any levels during the year ended December 31, 2014.

4. INVESTMENT MANAGEMENT AND PAYMENTS TO AFFILIATED PERSONS (\$ amounts in thousands)

Under a Distribution and Service Plan for each Portfolio's shares adopted by the Trust pursuant to Rule 12b-1 under the Investment Company Act of 1940, each Portfolio pays a distribution and/or service fee to W&R in an amount not to exceed 0.25% of each Portfolio's average annual net assets. The fee is paid to compensate W&R for amounts it expends in connection with the distribution of the shares and/or provision of personal services to Portfolio shareholders and/or maintenance of shareholder accounts. All other Portfolio expenses are borne by Waddell & Reed Investment Management Company ("WRIMCO"), a wholly owned subsidiary of W&R.

WRIMCO serves as each Portfolio's investment advisor. The Portfolios pay no management fees; however, WRIMCO receives management fees from the Underlying Waddell & Reed Funds. Each Portfolio pays advisory fees to WRIMCO indirectly, as shareholders in the Underlying Waddell & Reed Funds. Likewise, each Portfolio indirectly pays other expenses related to the daily operations of the Underlying Waddell & Reed Funds.

As principal underwriter for each Portfolio's shares, W&R receives sales commissions (which are not an expense of the Portfolios) for each Portfolio's shares. A contingent deferred sales charge ("CDSC") may be assessed against a shareholder's redemption amount and paid to W&R. During the year ended December 31, 2014, W&R received the following amounts in sales commissions and CDSCs:

	Gross Sales Commissions	CDSC	Commissions Paid ⁽¹⁾
InvestEd Growth Portfolio	\$531	\$—*	\$293
InvestEd Balanced Portfolio	373	—*	190
InvestEd Conservative Portfolio	116	—*	60

*Not Shown Due to Rounding

(1)W&R reallocated/paid this portion of the sales charge to financial advisors and selling broker dealers.

5. INVESTMENT SECURITIES TRANSACTIONS (\$ amounts in thousands)

For the year ended December 31, 2014, the cost of purchases and the proceeds from maturities and sales of investments securities, other than U.S. Government and short-term securities, were as follows:

	Purchases	Sales
InvestEd Growth Portfolio	\$47,126	\$41,573
InvestEd Balanced Portfolio	45,794	31,317
InvestEd Conservative Portfolio	39,647	28,727

6. CAPITAL SHARE TRANSACTIONS (All amounts in thousands)

The Trust has authorized an unlimited number of no par value shares of beneficial interest. Transactions in shares of beneficial interest were as follows:

Portfolio	Year ended December 31,			
	2014		2013	
	Shares	Value	Shares	Value
InvestEd Growth Portfolio				
Shares issued from sale of shares	1,581	\$ 22,731	1,683	\$ 21,792

Shares redeemed	(2,138)	(28,548)	(2,115)	(25,748)
Net increase	1,567	\$ 19,263	516	\$ 6,500
InvestEd Conservative Portfolio				
Shares issued from sale of shares	2,409	\$ 29,758	2,049	\$ 23,644
Shares issued in reinvestment of distributions to shareholders	756	8,477	105	1,245
Shares redeemed	(1,981)	(24,444)	(1,990)	(23,013)
Net increase	1,184	\$ 13,791	164	\$ 1,876

7. INTERFUND LENDING PROGRAM

Pursuant to an exemptive order issued by the SEC (“Order”), the Trust and the Advisors Fund Complex (Waddell & Reed Advisors Funds, Ivy Funds and Ivy Funds Variable Insurance Portfolios; referred to with the Funds for purposes of this section as Funds) have the ability to lend money to, and borrow money from, each other pursuant to a master interfund lending agreement (“Interfund Lending Program”). Under the Interfund Lending Program, the Funds may lend or borrow money for temporary purposes directly to or from one another (each an “Interfund Loan”), subject to meeting the conditions of the Order. The interest rate to be charged on an Interfund Loan is the average of the overnight repurchase agreement rate and the short-term bank loan rate. The Funds made no Interfund Loans under the Interfund Lending Program during the year ended December 31, 2014.

8. AFFILIATED COMPANY TRANSACTIONS *(All amounts in thousands)*

A summary of the transactions in affiliated companies during the period ended December 31, 2014 follows:

	12-31-13 Share Balance	Purchases at cost	Sales at Cost	Realized Gain/ (Loss) ⁽¹⁾	Distributions Received	12-31-14 Share Balance	12-31-14 Value

				\$ 6,545	\$2,134		\$ 99,180

(1) Included in Realized Gain/Loss, if applicable, are distributions from capital gains from the underlying securities.

9. REGULATORY AND LITIGATION MATTERS

On July 24, 2006, WRIMCO, W&R and WRSCO (collectively, “Waddell & Reed”) reached a settlement with the SEC to resolve proceedings brought in connection with its investigation of frequent trading and market timing in certain Waddell & Reed Advisors Funds.

Under the terms of the SEC’s cease-and desist order (“SEC Order”), pursuant to which Waddell & Reed neither admitted nor denied any of the findings contained therein, among other provisions Waddell & Reed agreed to pay \$40 million in disgorgement and \$10 million in civil money penalties.

Pursuant to the terms of the SEC order, the \$50 million in disgorgement and civil penalties, plus accrued interest (“Fair Fund”), must be distributed in accordance with a distribution plan developed by an independent distribution consultant, in consultation with W&R and as approved by the SEC, using a distribution methodology acceptable to the Funds’ Disinterested Trustees. The SEC Order also required that the independent distribution consultant develop the distribution methodology pursuant to which Fund shareholders shall receive their proportionate share of losses, if any, suffered by the Funds due to market timing. On July 15, 2014, the SEC ordered that the Fair Fund be distributed to investors as provided for in the distribution plan.

The foregoing is only a summary of the SEC Order. A copy of the SEC Order and the distribution plan are available on the SEC’s website at www.sec.gov.

10. FEDERAL INCOME TAX MATTERS (\$ amounts in thousands)

For Federal income tax purposes, cost of investments owned at December 31, 2014 and the related unrealized appreciation (depreciation) were as follows:

Portfolio	Cost of Investments	Gross Appreciation	Gross Depreciation	Net Unrealized Appreciation (Depreciation)
InvestEd Growth Portfolio	\$138,143	\$6,832	\$1,281	\$ 5,551
InvestEd Balanced Portfolio	158,211	6,870	2,601	4,269
InvestEd Conservative Portfolio	102,184	561	2,738	(2,177)

For Federal income tax purposes, the Portfolios' distributed and undistributed earnings and profit for the year ended December 31, 2014 and the post-October and late-year ordinary activity updated with information available through the date of this report were as follows:

Portfolio	Distributed Ordinary Income	Undistributed Ordinary Income	Distributed Long-Term Capital Gains	Undistributed Long-Term Capital Gains	Tax Return of Capital	Post-October Capital Losses Deferred	Late-Year Ordinary Losses Deferred
InvestEd Growth Portfolio	\$2,035	\$ 574	\$15,943	\$16,009	\$—	\$—	\$—
InvestEd Balanced Portfolio	3,007	2,061	12,646	11,200	—	—	—
InvestEd Conservative Portfolio	3,515	1,921	4,966	6,519	—	—	—

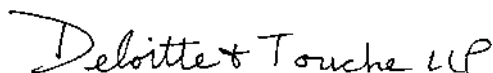

Internal Revenue Code regulations permit each Portfolio to elect to defer into its next fiscal year capital losses incurred between each November 1 and the end of its fiscal year. Each Portfolio is also permitted to defer into its next fiscal year late-year ordinary losses that arise from the netting of activity generated between each November 1 and the end of its fiscal year on certain specified ordinary items.

To the Shareholders and Board of Trustees of InvestEd Portfolios:

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of InvestEd Portfolios, comprising InvestEd Growth Portfolio, InvestEd Balanced Portfolio, and InvestEd Conservative Portfolio (the “Funds”), as of December 31, 2014, and the related statements of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the periods presented. These financial statements and financial highlights are the responsibility of the Funds’ management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Funds are not required to have, nor were we engaged to perform, an audit of their internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Funds’ internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our procedures included confirmation of securities owned as of December 31, 2014, by correspondence with the custodian and transfer agent. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of each of the respective Funds constituting InvestEd Portfolios as of December 31, 2014, the results of their operations for the year then ended, the changes in their net assets for each of the two years in the period then ended, and the financial highlights for each of the periods presented, in conformity with accounting principles generally accepted in the United States of America.

Kansas City, Missouri

INCOME TAX INFORMATION

InvestEd Portfolios

AMOUNTS NOT ROUNDED (UNAUDITED)

The following information is provided solely to satisfy the requirements set forth by the Internal Revenue Code.

The Portfolio hereby designate the following amounts as distributions of long-term capital gains:

InvestEd Growth Portfolio	\$15,942,960
InvestEd Balanced Portfolio	12,645,398
InvestEd Conservative Portfolio	4,966,112

These amounts may include earnings and profits distributed to shareholders on the redemption of shares as part of the dividend paid deduction.

BOARD OF TRUSTEES AND OFFICERS

InvestEd Portfolios

Each of the individuals listed below serves as a trustee for the Trust (3 portfolios), and for the portfolios within the Waddell & Reed Advisors Funds (20 portfolios) and Ivy Funds Variable Insurance Portfolios (29 portfolios) (collectively, the “Advisors Fund Complex”). The Advisors Fund Complex, together with the Ivy Family of Funds, comprises the Waddell & Reed/Ivy Fund Complex (“Fund Complex”). The Ivy Family of Funds consists of the portfolios in the Ivy Funds (34 portfolios) and Ivy High Income Opportunities Fund (1 portfolio). Jarold Boettcher, Joseph Harroz, Jr., Henry J. Hermann and Eleanor B. Schwartz also serve as trustees of each of the funds in the Ivy Family of Funds.

Board members who are not “interested persons” of the Funds as defined in Section 2(a)(19) of the 1940 Act (“Disinterested Trustees”) constitute at least 75% of the Board.

Joseph Harroz, Jr. serves as the Independent Chairman of the Trust’s Board and of the board of trustees of the other funds in the Advisors Fund Complex. Subject to the Trustee Emeritus and Retirement Policy, a Trustee serves until his or her successor is elected and qualified or until his or her earlier death, resignation or removal.

The Statement of Additional Information (“SAI”) for the Trust includes additional information about the Trust’s trustees. The SAI is available without charge, upon request, by calling 1.888.WADDELL. It is also available on the Waddell & Reed website, www.waddell.com.

**This is the date when the Officer first became an officer of one or more Predecessor Funds.*

RENEWAL OF INVESTMENT MANAGEMENT AGREEMENT

InvestEd Portfolios

At its meeting on August 12 and 13, 2014, the Trust's Board of Trustees, including all of the Disinterested Trustees, considered and approved the continuance of the existing Investment Management Agreement ("Management Agreement") between WRIMCO and the Trust with respect to each of InvestEd Balanced Portfolio, InvestEd Conservative Portfolio and InvestEd Growth Portfolio. The Disinterested Trustees were assisted in their review by independent legal counsel and met with such counsel separately from representatives of WRIMCO. The Disinterested Trustees also received and considered a memorandum from their independent legal counsel regarding the Disinterested Trustees' responsibilities in evaluating the Management Agreement for each Portfolio. This memorandum explained the regulatory requirements pertaining to the Disinterested Trustees' evaluation of the Management Agreement. In addition, the Disinterested Trustees engaged a fee consultant whose responsibilities included managing the process by which the proposed management fees under the Management Agreement were negotiated with WRIMCO.

Prior to the Board meeting, independent legal counsel sent to WRIMCO a request letter for information to be provided to the Trustees in connection with their consideration of the continuance of the Management Agreement with respect to each Portfolio. WRIMCO provided materials to the Trustees that included responses to the request letter and other information WRIMCO believed was useful in evaluating the continuation of the Management Agreement ("Initial Response"). Thereafter, independent legal counsel sent to WRIMCO a supplemental request letter for certain additional information, and WRIMCO provided additional information in response to this request letter. The Trustees also received reports prepared by an independent third party, Lipper Inc. ("Lipper"), relating to each Portfolio's performance and expenses compared to the performance of the universe of comparable mutual funds selected by Lipper (the "Performance Universe") and to the expenses of a peer group of comparable funds selected by Lipper (the "Peer Group"), respectively. Further, the Trustees received a written evaluation from the fee consultant. At their meeting, the Trustees received a presentation from representatives of WRIMCO regarding services provided by it and its affiliates (collectively, "W&R") to each Portfolio. In connection with its deliberations, the Trustees also considered the broad range of information relevant to the Trustees' consideration of the continuance of the Management Agreement with respect to each Portfolio that is provided by W&R to the Trustees (including its various standing committees) at meetings throughout the year.

Nature, Extent and Quality of Services Provided to the Portfolios

The Trustees considered the nature, extent and quality of the services provided to each Portfolio pursuant to the Management Agreement.

The Trustees considered WRIMCO's research and portfolio management capabilities and that W&R also provides oversight of day-to-day portfolio operations, including but not limited to portfolio accounting and administration and assistance in meeting legal and regulatory requirements. The Trustees considered the information provided by WRIMCO regarding its compliance program and compliance matters, if any, over the past year. The Trustees also considered the favorable history, reputation, qualification and background of WRIMCO and W&R's extensive administrative, accounting and compliance infrastructure.

Portfolio Performance, Management Fee and Expense Ratio. The Trustees considered each Portfolio's performance, both on an absolute basis and in relation to the performance of its Performance Universe. The Trustees factored into its evaluation of each Portfolio's performance the limitations inherent in the methodology for constructing a peer group and determining which investment companies should be included in a peer group. Each Portfolio's performance was also compared to relevant market indices and to a Lipper index, as applicable. In this regard, the Trustees noted that performance, especially short-term performance, is only one of factors that it deems relevant to its consideration of the continuance of the Management Agreement, and that, after considering all relevant factors, it may be appropriate to approve the continuance of the Management Agreement with respect to a Portfolio notwithstanding the Portfolio's performance.

The Trustees considered the management fees and total expenses of each Portfolio and also considered each Portfolio's management fees and total expenses in relation to the management fees and total expenses, respectively, of its Peer Group.

Additional Considerations with Respect to Each Portfolio

InvestEd Balanced Portfolio

The Trustees considered that InvestEd Balanced Portfolio's total return performance was lower than the Performance Universe median for the three- and five-year periods and lower than the Lipper index for the one-, three-, five-, seven-, and ten-year periods. They also considered the information provided by WRIMCO in its Initial Response explaining that, among other factors, the Portfolio's allocation to equity underlying funds and investment in underlying funds that have an international equity or global equity objective had adversely affected the Portfolio's performance over the three-year period. They further considered the year-to-date performance information through June 11, 2014, provided by WRIMCO in its Initial Response.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Portfolio did not have a management fee and that the Portfolio's overall expense ratio was lower than the Peer Group median. The Trustees considered that WRIMCO's administrative and shareholder servicing fee and its accounting services fee had been eliminated and WRIMCO had agreed to reimburse or pay all of the Portfolio's expenses other than fees paid pursuant to the Portfolio's Service Plan pursuant to Rule 12b-1 under the 1940 Act ("Service Plan").

InvestEd Conservative Portfolio

The Trustees considered that InvestEd Conservative Portfolio's total return performance was higher than the Performance Universe median and the Lipper index for the one-, three-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Portfolio did not have a management fee and that the Portfolio's overall expense ratio was lower than the Peer Group median. The Trustees considered that WRSCO's administrative and shareholder servicing fee and its accounting services fee had been eliminated and WRIMCO had agreed to reimburse or pay all of the Portfolio's expenses other than fees paid pursuant to the Portfolio's Service Plan.

InvestEd Growth Portfolio

The Trustees considered that InvestEd Growth Portfolio's total return performance was higher than the Performance Universe median for the one-, three-, seven-, and ten-year periods and higher than Lipper index for the one-, seven-, and ten-year periods.

The Trustees considered the range and average of the management fees and expense ratios of the Peer Group. They considered that the Portfolio did not have a management fee and that the Portfolio's overall expense ratio was lower than the Peer Group median. The Trustees considered that WRSCO's administrative and shareholder servicing fee and its accounting services fee had been eliminated and WRIMCO had agreed to reimburse or pay all of the Portfolio's expenses other than fees paid pursuant to the Portfolio's Service Plan.

Profitability and Economies of Scale

As noted above, the Trustees also considered that WRIMCO had contractually agreed to eliminate each Portfolio's management fee, WISC had agreed to eliminate each Portfolio's administrative and shareholder servicing fee and accounting services fee, and WRIMCO had agreed to reimburse or pay all of each Portfolio's expenses other than fees paid pursuant to the Portfolio's Distribution and Service Plan. In concluding that the benefits accruing to WRIMCO and its affiliates by virtue of their relationship to each Portfolio were reasonable in comparison with the costs of providing the investment management services and the benefits accruing to the Portfolio, the Trustees considered specific data as to WRIMCO's profit, if any, with respect to the Portfolio for a recent period. The Trustees also considered WRIMCO's methodology for determining this data.

In determining whether to approve the proposed continuance of the Management Agreement as to a Portfolio, the Trustees considered the best interests of the Portfolio and the overall fairness of the Management Agreement. The Trustees considered the following factors to be of primary importance to their approval of the continuance of the Management Agreement as to a Portfolio, without any one factor being dispositive:

- the performance of the Portfolio compared with the performance of its Performance Universe and with relevant indices;
- the Portfolio's investment management fees and total expenses compared with the management fees and total expenses of its Peer Group;
- the cost/profitability to WRIMCO and any actual or anticipated economies of scale in relation to the services it provides to the Portfolio;
- the other benefits that accrue to WRIMCO as a result of its relationship with the Portfolio; and
- the favorable history, reputation, qualification and background of WRIMCO as well as the qualifications of its personnel.

Based on the discussions, considerations and information described generally above, including the evaluation provided by the fee consultant, the Board determined that each Portfolio's Management Agreement is fair and reasonable and that continuance of the Management Agreement is in the best interests of the Portfolio. In reaching these determinations as to each Portfolio, the Board concluded that: the nature, extent and quality of the services provided by WRIMCO for the Portfolio are adequate and appropriate; except as described above, the performance of the Portfolio was satisfactory; it retained confidence in WRIMCO's overall ability to manage the Portfolio; and the management fee paid to WRIMCO is reasonable in light of comparative management fee information, the services provided by WRIMCO, the costs of the services provided, and the profits realized, if any, and other benefits likely to be derived by WRIMCO from its relationship with the Portfolio. In the case of certain Portfolios that underperformed their respective Performance Universe medians and Lipper indices for certain periods of time, based on the assessment and information WRIMCO provided, including as to relevant market conditions and/or remedial actions that WRIMCO had taken or planned to take, such response was satisfactory to the Board.

ANNUAL PRIVACY NOTICE

InvestEd Portfolios

Waddell & Reed, Inc., the Waddell & Reed Advisors Funds, the Ivy Funds Variable Insurance Portfolios and the InvestEd Portfolios (“Waddell & Reed”) are committed to ensuring their clients have access to a broad range of products and services to help them achieve their personal financial goals. Accurate information lies at the heart of our pledge to provide these products and services, and we strive to protect your personal nonpublic information. In the course of doing business with Waddell & Reed, clients are requested to share financial information and they may be asked to provide other personal details. Clients can be assured that Waddell & Reed is diligent in its efforts to keep such information confidential.

Recognition of a Client’s Expectation of Privacy

At Waddell & Reed, we believe the confidentiality and protection of client information is one of our fundamental responsibilities. And while information is critical to providing quality service, we recognize that one of our most important assets is our clients’ trust. Thus, the safekeeping of client information is a priority for Waddell & Reed.

Information Collected

In order to tailor available financial products to your specific needs, Waddell & Reed may request that you complete a variety of forms that require nonpublic personal information about your financial history and other personal details, including but not limited to, your name, address, social security number, assets, income and investments. Waddell & Reed may also gather information about your transactions with us, our affiliates and others.

Categories of Information that may be Disclosed

While Waddell & Reed may disclose information it collects from applications and other forms, as described above, we at Waddell & Reed also want to assure all of our clients that whenever information is used, it is done with discretion. The safeguarding of client information is an issue we take seriously.

Categories of Parties to whom we disclose nonpublic personal information

Waddell & Reed may disclose nonpublic personal information about you to selectively chosen financial service providers, whom we believe have valuable products or services that could benefit you. Whenever we do this, we carefully review the company and the product or service to make sure that it provides value to our clients. We share the minimum amount of information necessary for that company to offer its product or service. We may also share information with unaffiliated companies that assist us in providing our products and services to our clients; in the normal course of our business (for example, with consumer reporting agencies and government agencies); when legally required or permitted in connection with fraud investigations and litigation; and at the request or with the permission of a client.

In addition, Waddell & Reed, Inc. has entered into a Protocol with a number of other brokerage firms intended to further our clients’ freedom of choice in connection with the movement of their financial advisors to new firms. In the event your account is maintained through Waddell & Reed, Inc. and your financial advisor leaves Waddell & Reed to join a firm that has likewise entered the Protocol, Waddell & Reed may disclose your name, address and telephone number to the departed advisor’s new firm.

Opt Out Right

If you prefer that we not disclose nonpublic personal information about you to nonaffiliated third parties, you may opt out of those disclosures; that is, you may direct us not to make those disclosures (other than disclosures permitted by law). If you wish to opt out of disclosures to nonaffiliated third parties, you may make this request in writing to: Waddell & Reed, Attn: Opt Out Notices, P.O. Box 29220, Shawnee Mission, KS 66201, or you may call 1.888.WADDELL and a Client Services Representative will assist you.

Confidentiality and Security

We restrict access to nonpublic personal information about you to those employees who need to know that information to provide products and services to you. We maintain physical, electronic, and procedural safeguards that comply with federal standards to guard your nonpublic personal information. If you decide to close your account(s) or become an inactive client, we will adhere to the privacy policies and practices as described in this notice.

PROXY VOTING INFORMATION

InvestEd Portfolios

Proxy Voting Guidelines

A description of the policies and procedures the Fund uses to determine how to vote proxies relating to portfolio securities is available (i) without charge, upon request, by calling 1. 800. 777. 6472 and (ii) on the Securities and Exchange Commission's ("SEC") website at www.sec.gov.

Proxy Voting Records

Information regarding how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available on Form N-PX through the Ivy Funds' website at www.ivyfund.com and on the SEC's website at www.sec.gov.

QUARTERLY PORTFOLIO SCHEDULE INFORMATION

InvestEd Portfolios

Portfolio holdings can be found on the Fund's website at www.ivyfund.com. Alternatively, a complete schedule of portfolio holdings of the Fund for the first and third quarters of each fiscal year is filed with the SEC and can be found on the Fund's Form N-Q. These holdings may be viewed in the following ways:

- On the SEC's website at www.sec.gov.
 - For review and copy at the SEC's Public Reference Room in Washington, DC. Information on the operations of the Public Reference Room may be obtained by calling 1. 800.SEC.0330.
-

HOUSEHOLDING NOTICE

InvestEd Portfolios

If you currently receive one copy of the shareholder reports and prospectus for your household (even if more than one person in your household owns shares of the Portfolios) and you would prefer to receive separate shareholder reports and prospectuses for each account holder living at your address, you can do either of the following:

- Fax your request to 800.532.2749.
- Write to us at the address listed on the back cover.
- Please list each account for which you would like to receive separate shareholder reports and prospectus mailings. We will resume sending separate documents within 30 days of receiving your request.
