ALBERTA STAR FEATURED ON GLOBAL NATIONAL TV-CURRENTS FEATURING “THE GLOBAL RENAISSANCE OF URANIUM”

Alberta Star Development Corp., (the “Company”) listed on the TSX Venture Exchange (ASX) and on the OTCBB (ASXSF), is pleased to announce that the Company will be featured in a documentary hosted by Global National’s Kevin Newman on Saturday November 4, 2006 at 7 o’clock PM Pacific Standard Time. The documentary is called Somba Ke - The Money Place and features the Company’s uranium exploration work being conducted in Canada’s Northwest Territories and the global resurgence of uranium mining and uranium exploration occurring in Canada as uranium prices reach all time highs. The November 3, 2006 spot price for uranium is now \$60.00 US per pound.

Excerpts of the Global National TV - Currents documentary may be viewed by clicking on the following links:

The TSX Venture Exchange does not accept responsibility for the adequacy or accuracy of this News Release.

This News Release includes certain “forward looking statements” within the meaning of the United States Private Securities Litigation Reform Act of 1995. Without limitation, statements regarding potential mineralization and resources, exploration results, and future plans and objectives of the Company are forward looking statements that involve various degrees of risk. The following are important factors that could cause Alberta Star’s actual results to differ materially from those expressed or implied by such forward looking statements: changes in the world wide price of mineral commodities, general market conditions, risks inherent in mineral exploration, risks associated with development, construction and mining operations, the uncertainty of future profitability and the uncertainty of access to additional capital.
