**Notes to Financial Statements**

**Note 1 – Basis of Presentation**

The accompanying unaudited condensed financial statements at September 30, 2003 have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of financial positions as of September 30, 2003 and results of operations and cash flows for the nine months ended September 30, 2003. All such adjustments are of a normal recurring nature. The results of operations for the interim period are not necessarily indicative of the results expected for a full year. **Note 2 – Going concern**

The Company has suffered losses from operations during its operating history. The ability of the Company to continue as a going concern is dependent upon obtaining future profitable operations. Management is in the process of implementing its business plan which would generate revenue to sustain the operations of the Company. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

**Note 3 – Stockholders' Equity**

On July 14, 2003, the Company increased its authorized common stock to 100,000,000 shares at \$.001 par value.

On July 17, 2003, the Company cancelled 60,000,000 (post split) shares of common stock held by 3 of its majority stockholders. Concurrent with the cancellation, the Company issued 45,000,000 (post split) shares of its \$0.001 par value common stock to its new sole officer and director.

On July 21, 2003, the Company effectuated a 4:1 forward stock split. The split was accomplished through the issuance of a 3 for 1 common stock dividend, whereby all of the Company's stockholders on the Record Date of July 21, 2003, received three additional shares of common stock for every share they currently owned, resulting in 65,000,000 shares of common stock issued and outstanding.

## **Item 2. Plan of Operation**

With the exception of historical matters, the matters discussed herein are forward-looking statements that involve risks and uncertainties. Forward-looking statements include, but are not limited to, statements concerning anticipated trends in revenues and net income, projections concerning operations and available cash flow. Our actual results could differ materially from the results discussed in such forward-looking statements primarily as the result of insufficient cash to pursue production and marketing efforts. The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto appearing elsewhere herein.

### **Overview**

Fortis Enterprises is a Development Stage Company, originally incorporated in the State of Nevada on October 18, 2000 under the name First Impressions. We were initially organized to develop a business as an online retailer and distributor of perfume fragrances, bath products and related products, with some items specifically designed for First Impressions.

On July 14, 2003, we amended our Articles of Incorporation changing our name from First Impressions to Fortis Enterprises. The Board of Directors determined that the name, "First Impressions" was limiting the Company's ability to pursue the expansion of our business into other marketing arenas and felt that the name Fortis Enterprises was more generic and allows for more flexibility in the future expansion of business opportunities. We also increased the total amount of authorized common stock from 50,000,000 shares to 100,000,000 shares.

### **Business Strategy**

Our strategy has changed as the result of our basic business change from being an online retailer and distributor of perfume fragrances, bath products and related products, to now focusing our efforts on a business strategy believed to hold numerous opportunities for growth and expansion.

We intend to capitalize upon the niche market opportunities within the commercial and residential restoration service markets. We believe that we could achieve both profitability and overall revenue growth by "rolling up" smaller individually owned restoration companies under our "umbrella" as the parent company.

### **Plan of Operation**

We intend to achieve growth through mergers and acquisitions of small to mid-sized cleaning and restoration services companies throughout the United States.

We intend to focus on growth through acquisition. We believe that there can be "Economies of Scale" achieved by consolidating the "single owner" restoration companies into Fortis Enterprises. We believe that it can reduce combined overall overhead among the companies acquired by eliminating many duplicated everyday business headaches for the small business owners such as accounting services, marketing and advertising costs, office staff and equipment, etc. We also believe that consolidating and focusing efforts on a combined marketing campaign will assist the various companies merged into Fortis Enterprises to achieve overall revenue growth.

### **Going Concern**

The financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with its operations. Management intends to use borrowings and security sales to mitigate the effects of its cash position,

however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

### **Item 3. Controls and Procedures**

- (a) Under the supervision and with the participation of our sole officer, Stephen W. Carnes, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a-14(c) promulgated under the Securities Exchange Act of 1934, as amended, within 90 days prior to the filing date of this report. Based on his evaluation, our sole officer concluded that our disclosure controls and procedures are effective.
- (b) There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation referenced in paragraph (a) above.
