Item 9. Regulation FD Disclosures

On December 10, 2003, Continental Airlines, Inc. filed a current report on Form 8-K with the SEC presenting information relating to its financial outlook for 2003 and 2004. The report included information regarding estimates for available seat miles (ASMs) for its Continental Express operations. Continental Express is operated by ExpressJet Airlines, Inc. and provides Continental Airlines with all of its regional jet capacity at its hub airports in New York/Newark, Houston and Cleveland. ExpressJet Airlines is owned by ExpressJet Holdings, Inc.

Continental Airlines estimated Continental Express's year-over-year ASM growth as follows: 39% for the fourth quarter of 2003, which is lower than the 40.5% previously forecasted due primarily to weather-related cancellations in November and December; and 21% for the full year 2004. We do not provide quarterly estimates of ASM growth, but currently expect Continental Express's ASMs to grow between 35–36% for the full year 2003 and 20–23% for the full year 2004.

The foregoing contains forward-looking statements that are not limited to historical facts, but reflect our or Continental's current beliefs, expectations or intentions regarding future events. There are a number of factors that could cause actual results to differ materially from those in the forward-looking statements. Some of the known risks that could significantly impact our results include, but are not limited to, our dependence on our capacity purchase agreement with Continental Airlines; our dependence on Continental Airlines' financial and operational strength; labor costs and relations, including the results of union contract negotiations; flight disruptions as a result of operational matters; deliveries of additional aircraft; our ability to implement our growth strategy; regulatory developments and costs, including the costs and other effects of enhanced security measures and other possible regulatory requirements; our high leverage; and competition and industry conditions. Additional information concerning risk factors that could affect our actual results are described in our filings with the Securities and Exchange Commission, including our annual report on Form 10-K for the year ended December 31, 2002. The events described in the forward-looking statements might not occur or might occur to a materially different extent than described herein. We undertake no duty to update or revise any of our forward-looking statements, whether as a result of new information, future events or otherwise.
