Item 7.01 Regulation FD Disclosure

We are furnishing herewith data being presented by certain of our executive officers on February 1, 2007 at the Raymond James Growth Airline Conference.

The statements in this document that refer to plans and expectations are forward-looking statements that involve a number of risks and uncertainties. Many factors could affect our actual results, and variances from our current expectations regarding these factors could cause actual results to differ materially from those expressed in these forward-looking statements. Some of the known risks that could significantly impact our capacity include: our dependence on our capacity purchase agreement with Continental under which Continental determines the level of flying we perform for them; our dependence on Continental's financial and operational stability; our aircraft and facility leases with Continental; our ability to implement our growth and diversification strategies, including the profitable use of the 69 aircraft being withdrawn from the capacity purchase agreement; flight disruptions as a result of operational matters; regulatory requirements; and competition and industry conditions. Additional information concerning risk factors that could affect our actual results are described in our filings with the Securities and Exchange Commission, including our 2005 annual report on Form 10-K. The events described in the forward-looking statements might not occur or might occur to a materially different extent than described herein. We undertake no duty to update or revise any of our forward-looking statements, whether as a result of new information, future events or otherwise.
