INDEPENDENT ACCOUNTANTS' REVIEW REPORT

Board of Directors
Gold Camp Cripple Creek Colorado, Inc.
(a Development Stage Company)
Apple Valley, CA

We have reviewed the accompanying balance sheet of Gold Camp Cripple Creek Colorado, Inc. (a Nevada corporation) (a development stage company) as of September 30, 2002 and the related statements of operations for the three-months and nine-months ended September 30, 2002 and 2001 and for the period March 30, 1999 (Inception) to September 30, 2002, and statements of cash flows for the nine-months ended September 30, 2002 and 2001 and for the period March 30, 1999 (Inception) to September 30, 2002. These financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data, and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, which will be performed for the full year with the objective of expressing an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying financial statements referred to above for them to be in conformity with generally accepted accounting principles in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has had limited operations and has not commenced planned principal operations. This raises substantial doubt about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

G. Brad Beckstead, CPA has previously audited, in accordance with generally accepted auditing standards, the balance sheet of Gold Camp Cripple Creek Colorado, Inc. (a development stage company) as of December 31, 2001, and the related statements of operations, stockholders' equity, and cash flows for the year then ended (not presented herein) and in his report dated March 25, 2002, he expressed an unqualified opinion on those financial statements.

Notes to Financial Statements

Note 1 – Basis of presentation

The interim financial statements included herein, presented in accordance with United States generally accepted accounting principles and stated in US dollars, have been prepared by the Company, without audit, pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures are adequate to make the information presented not misleading.

These statements reflect all adjustments, consisting of normal recurring adjustments, which, in the opinion of management, are necessary for fair presentation of the information contained therein. It is suggested that these interim financial statements be read in conjunction with the financial statements of the Company for the period ended December 31, 2001 and notes thereto included in the Company's Form 10-KSB. The Company follows the same accounting policies in the preparation of interim reports.

Results of operations for the interim periods are not indicative of annual results.

Note 2 – Going concern

These financial statements have been prepared in accordance with generally accepted accounting principles applicable to a going concern, which contemplates the realization of assets and the satisfaction of liabilities and commitments in the normal course of business. As at September 30, 2002, the Company has not recognized revenue to date and has accumulated operating losses of approximately \$37,194 since inception. The Company's ability to continue as a going concern is contingent upon the successful completion of additional financing arrangements and its ability to achieve and maintain profitable operations. Management plans to raise equity capital to finance the operating and capital requirements of the Company. Amounts raised will be used for further development of the Company's products, to provide financing for marketing and promotion, to secure additional property and equipment, and for other working capital purposes. While the Company is expending its best efforts to achieve the above plans, there is no assurance that any such activity will generate funds that will be available for operations.

Note 3 – Related party transactions

During the period ended September 30, 2002, a shareholder, officer and director of the Company advanced funds to the Company in the amount of \$1,200. As of September 30, 2002 the total amount due to shareholder is \$6,200. This loan bears interest at 10% per annum and is due on demand.

A director and shareholder provide office space and services without charge. Such costs are immaterial to the financial statements and, accordingly, have not been reflected therein. The officers and directors of the Company are involved in other business activities and may, in the future, become involved in other business opportunities. If a specific business opportunity becomes available, such persons may face a conflict in selecting between the Company and their other business interests. The Company has not formulated a policy for the resolution of such conflicts.

Note 4 – Interest payable

The Company accrued interest in the amount of \$410 for the nine-month period ended September 30, 2002. The interest is related to the loan from a shareholder (see Note #3). As of September 30, 2002, the total amount of interest accrued from the loan is \$1,785 of which none has been paid.

All statements that are included in this Quarterly Report, other than statements of historical fact, are forward looking statements. Although management believes that the expectations reflected in these forward looking statements are reasonable, it can give no assurance that such expectations will prove to have been correct.

Management's Plan of Operations

Gold Camp Cripple Creek Colorado, Inc. was formed to acquire, develop, and manage real properties to comprise the "Old Cripple Creek Casino & Hotel and Gold Camp Resort"; a blending of lodging accommodations, casino operations and a theme retail and entertainment complex located in the historic mining town of Cripple Creek, Colorado.

The acquisition of properties for these projects will be through traditional banking venues, property development will be completed through funds raised from private investors and/or the sale of common stock through public offering.

Management is continuing negotiations to acquire two additional properties beneficial to the project. Negotiations for these properties have been ongoing for an extended period and management is currently evaluating the impact of proceeding without these properties. These property owners are showing signs of cooperation, but no agreements have been reached as of the date of this report.

Management continues to work on a Bond financing plan that will allow the development to obtain low interest financing for infrastructure including roads, water, sewer, parking structures and other public improvements. The proposed Bonds would be repaid based on revenues generated by the development in the form of food, beverage, sales and occupancy taxes. Management is close to resubmitting the Bond financing plan proposal to the City of Cripple Creek with inclusion and emphasis on a conference facility for the project.
