REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Managing Member of
Butler Capital Partners
Charlottesville, Virginia

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Butler Capital Partners (the "Company") as of December 31, 2018, and the related notes (collectively referred to as the "financial statement"). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

The financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

BUTLER CAPITAL PARTNERS

Notes to Financial Statement

1. Summary of Significant Accounting Policies:

Nature of Business: Butler Capital Partners (the "Company") is a broker-dealer and operates as an investments marketing and consulting firm. The Company is a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities and Exchange Commission ("SEC").

Basis of Accounting: The financial statement of the Company is prepared in accordance with U.S. generally accepted accounting principles ("U.S. GAAP").

Credit Risks: Financial instruments which potentially expose the Company to concentrations of credit risk consist principally of cash and receivables from customers. The Company maintains its cash balances in financial institutions fully insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company's cash balance regularly exceeds the insured limit.

At December 31, 2018, three customers accounted for 88% of accounts receivable.

Cash and Cash Equivalents: The Company considers all highly liquid instruments purchased with maturities of three months or less to be cash equivalents.

Allowance for Doubtful Accounts: The Company uses the allowance method of accounting for doubtful accounts. The allowance is based on management's estimate of the amount of receivables that will actually be collected. At December 31, 2018, no allowance for uncollectible accounts was considered necessary.

Property and Equipment: Property and equipment are stated at cost. Depreciation and amortization are calculated using straight-line and accelerated methods over the estimated useful lives of the related assets that range from 3 to 5 years.

Income Taxes: For federal, state and local income tax purposes, the Company is treated as a sole proprietor. Accordingly, no provision has been made for federal, state or local income taxes since the taxable income of the Company is to be included in the tax returns of the individual member.

Notes to Financial Statement, Continued

1. Summary of Significant Accounting Policies, Continued:

Income Taxes, Continued: The Company follows the Financial Accounting Standards Board ("FASB") guidance for how uncertain tax positions should be recognized, measured, disclosed and presented in the financial statement. This requires the evaluation of tax positions taken or expected to be taken in the course of preparing the Company's tax returns to determine whether the tax positions are "more-likely-than-not" of being sustained "when challenged" or "when examined" by the applicable tax authority. Tax positions not deemed to meet the more-likely-than-not threshold would be recorded as a tax expense and liability in the current year. Management has evaluated the Company's tax positions and concluded that the Company has taken no uncertain tax positions that require adjustment to the financial statement to comply with the provisions of this guidance as of December 31, 2018. The Company is not currently under audit by any tax jurisdiction.

Use of Estimates: The preparation of the financial statement in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and the reported amounts of revenues and expenses during the period reported. Actual results could differ from those estimates.

New Accounting Pronouncements:

Leases: In February 2016, the FASB issued ASU 2016-02 – Leases (Topic 842). The update requires lessees to recognize leases on the balance sheet with lease liabilities and corresponding right-of-use assets based on the present value of lease payments. The new standard will be effective for annual reporting periods beginning after December 15, 2018. The Company is currently evaluating the reporting and economic implications of the new standard.

Subsequent Events: Management has evaluated subsequent events through February 27, 2019, the date the financial statements were issued, and has determined there are no subsequent events to be reported in the accompanying financial statement.

2. Property and Equipment:

Property and equipment at December 31, 2018 consisted of the following:

Furniture and equipment	\$ 71,006
Website	18,927
	<hr/> 89,933
Less: accumulated depreciation	(81,441)
	<hr/>
