TIME EQUITIES SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

1. ORGANIZATION AND BUSINESS OPERATIONS

General

Time Equities Securities LLC (the "Company") was organized in the State of New York on August 16, 2000. The Company is a registered broker-dealer in securities with the Securities and Exchange Commission (the "SEC") under the Securities and Exchange Act of 1934 and a member of the Financial Industry Regulatory Authority ("FINRA") and the Securities Investor Protection Corporation ("SIPC"). The Company is a wholly-owned subsidiary of Time Equities, Inc. (the "Parent").

The Company is engaged in business as a securities broker-dealer, which provides several classes of services, including private offerings of real estate interests in limited partnerships to accredited and other prequalified investors.

After a review of its exemption provision options under SEA Rule 15c3-3, the Company submitted a request for an update to its membership agreement with FINRA in September 2020. The Company conducts business activities involving private placements of securities and real estate syndication. The Company does not accept customer funds or securities and will not have possession of any customer funds or securities in connection with its activities. Therefore, in reliance on footnote 74 to SEC Release 34-70073 and as discussed in Q&A 8 of the related FAQ issued by SEC staff, the Company will not claim an exemption from SEA Rule 15c3-3. The Company has represented that it does not and will not, (1) directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (2) does not and will not carry accounts of or for customers and (3) does not and will not carry PAB accounts throughout the most recent fiscal year except for the Company receiving customer funds, in error from the Sponsor, (in the form of "Commission Rebates") and being in possession of the funds from October 28, 2021 to November 11, 2021. The Company failed to compute its Reserve Requirement and failed to deposit any computed requirement into a "Special Reserve Account for the Exclusive Benefit of Customer". Even though the Company was in possession of customer funds for fifteen calendar days, the Company did not use, or, misuse such funds and such funds were available at all times in a Company account at its Bank.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Financial Statement Presentation – The accompanying financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("US GAAP"). The accounting policies and reporting practices of the Company conform to the predominant practices in the broker-dealer industry.

Use of Estimates – Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Cash and Cash Equivalents – The Company considers highly liquid instruments, with original maturities of three months or less at the date of acquisition that are not held for sale in the ordinary course of business, to be cash equivalents. The Company has cash deposits with high credit quality financial institutions, several of which are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000 per institution. At December 31, 2021, the Company has cash account balances at certain financial institutions that exceeded FDIC coverage limit. The Company believes it mitigates this risk by investing in or through major financial institutions and primarily in funds that are insured by the United States federal government. At December 31, 2021, there were no investments classified as cash equivalents.

TIME EQUITIES SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fees Receivable – Fees receivable are stated at the amounts management expects to collect. An allowance for doubtful accounts is recorded based on a combination of historical experience, aging analysis and information on specific accounts. Account balances are written off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Management has determined that no allowance is required at December 31, 2021.

Other Assets – Other assets are comprised of prepaid expenses, deposits, and other assets generated in the normal course of business.

Fair Value of Financial Instruments – The Company's financial assets and liabilities are carried at fair value or at amounts that, because of their short-term nature, approximate fair value.

Accounts Payable and Accrued Expenses – Accounts payable and accrued expenses include accruals for commissions, professional and third-party services, and other payables.

Revenue Recognition – Revenue from Contracts with Customers Standard (ASU 2014-09) core principle is that an entity should recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. ASU 2014-09 prescribes a five-step process to accomplish this core principle, including:

- Identification of the contract with the customer;
- Identification of the performance obligation(s) under the contract;
- Determination of transaction price;
- Allocation of the transaction price to the identified performance obligation(s); and
- Recognition of revenue as (or when) an entity satisfies the identified performance obligation(s)

Revenue includes fees earned from capital raising and other investment banking advisory services. All investment banking fees are earned through referral from the Parent. Fees are generally recognized when earned and realized or realizable, when persuasive evidence of an arrangement exists, delivery has occurred, or services have been rendered, the price is fixed and determinable, and collectability is reasonably assured.

Significant Judgments

Revenue from contracts with customers includes private placement and advisory fees. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Company's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Private Placement and Advisory Fees

The Company provides private placement and advisory services on capital raising and other strategic transactions. Performance obligations in these arrangements vary dependent on the contract, but are typically satisfied upon completion of the arrangement. Placement fees are recognized upon completion of a deal and are generally classified as Fee Income. Revenue for advisory arrangements is recognized over the time in which the performance obligations are simultaneously provided by the Company and consumed by the customer. In some circumstances, significant judgment is needed to determine the timing and measure of progress appropriate for revenue recognition under a specific contract. Payment for revenue is due upon invoicing.

TIME EQUITIES SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Income Taxes – The Company is a single member limited liability company, and is treated as a disregarded entity for federal income tax reporting purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the ultimate beneficial individual member for federal, state and certain local income taxes. Accordingly, the Company has not provided for federal and state income taxes.

The Company follows accounting standards that provide clarification on accounting for uncertainty in income taxes recognized in the Company's financial statements. The guidance prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return and, also provides guidance on derecognition, classification, interest and penalties, disclosure and transition.

At December 31, 2021, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will be subject to ongoing reevaluation as facts and circumstances may require. Interest and penalties assessed, if any, are recorded as income tax expense.

3. RECENTLY ISSUED ACCOUNTING PRONOUNCEMENTS

The Financial Accounting Standards Board (the "FASB") has established the Accounting Standards Codification ("Codification" or "ASC") as the authoritative source of generally accepted accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with GAAP in the United States. New accounting pronouncements are incorporated into the ASC through the issuance of Accounting Standards Updates ("ASUs").

For the year ending December 31, 2021, various ASUs issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has either evaluated or is currently evaluating the implications, if any of each of these pronouncements and the possible impact they may have on the Company's financial statements. Management has determined that in most cases the recently issued accounting pronouncements have either limited or no application to the Company and would not materially impact the financial statements.

4. RELATED PARTY TRANSACTIONS

The Company has an expense sharing agreement with Time Equities, Inc. ("Parent") that requires the Parent to provide certain services required by the Company to operate its business, including but not limited to personnel, office facilities and services, office equipment and technology. Such services are provided at no cost to the Company.

All limited partnership interests and membership interests offered by the Company relate only to limited partnership and limited liability companies organized by an affiliate of the Company. In turn, all of the Company's sales commissions and other income was received from related parties through common ownership. As of December 31, 2021, fees receivable from the sale of membership units of affiliated entities amounted to \$1,341,400. For the year ended December 31, 2021, revenue from the sale of membership units of affiliated entities amounted to \$11,102,360. For the year ended December 31, 2021, almost all of the Company's revenues were earned through private placement investment banking fees received from one affiliated investment fund. It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

TIME EQUITIES SECURITIES LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2021

5. COVID-19

In March 2020, the World Health Organization (WHO) declared COVID-19 a global pandemic. This pandemic event has resulted in significant business disruption and uncertainty in both global and U.S. markets. While the Company believe that it is in an appropriate position to sustain the potential short-term effects of these world-wide events, the direct and long-term impact to the Company and its financial statements is undetermined at this time.

6. COMMITMENTS AND CONTINGENCIES

The Company had no commitments at December 31, 2021 or during the year then ended. The Company may become involved in legal claims arising in the ordinary course of business. Currently, there are no known or threatened claims. In the opinion of management, the resolution of these matters will not have a material effect on the Company's financial position or results of operations.

7. GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others. The Company has issued no guarantees at December 31, 2021 or during the year then ended.

8. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2021, the Company had net capital of \$3,272,616 which is \$3,227,367 in excess of its required net capital of \$45,249; and the Company's ratio of aggregate indebtedness (\$678,741) to net capital was 0.2074 to 1, which is less than the 15 to 1 maximum allowed.

9. SUBSEQUENT EVENTS

Subsequent events were evaluated through April 6, 2022, which is the date that the financial statements were available to be issued. There were no other subsequent events that require adjustments or disclosures in the financial statements as of December 31, 2021.

Time Equities Securities LLC (the "Company") is a registered broker-dealer subject to Rule 17a-5 promulgated by the Securities and Exchange Commission (17 C.F.R. §240.17a-5, "Reports to be made by certain brokers and dealers"). This Exemption Report was prepared as required by 17 C.F.R. §240.17a-5(d)(1) and (4). To the best of its knowledge and belief, the Company states the following:

(1) The Company does not claim an exemption under paragraph (k) of 17 C.F.R. § 240.15c3-3, and

(2) The Company is filing this Exemption Report relying on Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 because the Company limits its business activities exclusively to: (1) real estate syndicator; and (2) private placement of securities, and the Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company); (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year except for the Company receiving customer funds, in error from the Sponsor, (in the form of "Commission Rebates") and being in possession of the funds from October 28, 2021 to November 11, 2021. The Company failed to compute its Reserve Requirement and failed to deposit any computed requirement into a "Special Reserve Account for the Exclusive Benefit of Customer". Even though the Company was in possession of customer funds for fifteen calendar days, the Company did not use, or, misuse such funds and such funds were available at all times in a Company account at its Bank.
