**PROXY STATEMENT FOR
ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 14, 2005**

The enclosed proxy is solicited on behalf of the board of directors of NBO Systems, Inc., a Maryland corporation (the “Company” or “NBO”), for use at the 2005 Annual Meeting of Stockholders (the “2005 Annual Meeting”) to be held on Tuesday, June 14, 2005, at 1:00 PM Mountain Time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting. The 2005 Annual Meeting will be held at The Hilton Hotel – Salt Lake City Airport, Salt Lake International Center, 5151 Wiley Post Way, Salt Lake City, UT 84116.

Please vote your shares of common stock by completing the enclosed proxy card and returning it to us in the enclosed envelope. This proxy statement has information about the 2005 Annual Meeting and was prepared by management for our board of directors. This proxy statement and the accompanying proxy card are first being mailed to you on or about May 6, 2005.

GENERAL INFORMATION ABOUT VOTING

Who may attend the meeting?

Attendance at the 2005 Annual Meeting is limited to our stockholders. Registration will begin at 12:00 PM and each stockholder who attends in person may be asked to present valid picture identification such as a driver’s license or passport. Cameras, recording devices and other electronic devices will not be permitted at the meeting.

Who may vote?

You may vote your shares of common stock if our records show that you owned the shares on April 29, 2005. On April 29, 2005, the record date for determination of stockholders entitled to notice of and to vote at the 2005 Annual Meeting, 17,290,536 shares of our common stock, par value \$0.0005 per share, were issued and outstanding.

Holders of common stock will vote at the 2005 Annual Meeting as a single class on all matters. The enclosed proxy card shows the number of shares you may vote. Each share of common stock is entitled to one vote.

How do I vote by proxy?

Follow the instructions on the enclosed proxy card to vote on each proposal to be considered at the 2005 Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope. If the proxy card is properly signed and returned, the proxy holders named on the proxy card will vote your shares as you instruct. If you sign and return the proxy card but do not vote on a proposal, the proxy holders will vote for you on that proposal. Unless you instruct otherwise, the proxy holders will vote FOR each of the director nominees, and FOR the ratification of the appointment of Tanner LC to act as our independent auditors.

What if other matters come up at the 2005 Annual Meeting?

The matters described in this proxy statement are the only matters we know will be voted on at the 2005 Annual Meeting. If other matters are properly presented at the meeting, the proxy holders will vote your shares in accordance with the recommendation of our board of directors or, if no recommendation has been made, in their own discretion.

May I change my vote after I return my proxy card?

Yes. At any time before the vote on a proposal, you may change your vote either by filing with Diane Powers, our Director of Shareholder Relations, at our principal executive offices at 3676 W. California Ave., Building D, Salt Lake City, Utah 84104, a written notice revoking your proxy card or by signing, dating and returning to us a new proxy card. We will honor the proxy card with the latest date. You may also revoke your proxy by attending the 2005 Annual Meeting and voting in person.

May I vote in person at the 2005 Annual Meeting rather than by completing the proxy card?

Although we encourage you to complete and return the proxy card, you may attend the 2005 Annual Meeting and vote your shares in person.

What do I do if my shares are held in "street name"?

If your shares are held in the name of your broker, a bank, or other nominee, that party should give you instructions for voting your shares.

How are votes counted?

All votes will be tabulated by the inspector of elections appointed for the 2005 annual meeting, who will separately tabulate affirmative and negative votes and abstentions. Abstentions are counted as present for purposes of determining whether or not there is a quorum for the transaction of business. Abstentions will be counted towards the tabulations of votes cast on proposals presented to the stockholders and will have the same effect as negative votes for each proposal other than the election of directors. If your shares are held in the name of a nominee, and you do not tell the nominee how to vote your shares, the nominee may vote them as it sees fit on "routine" matters. Both proposals are routine. Broker non-votes occur when a person holding shares through a bank or brokerage account does not provide instructions as to how his or her shares should be voted and the broker does not exercise discretion to vote those shares on a particular matter. Broker non-votes are not counted or deemed to be present or represented for purposes of determining whether stockholder approval of a matter has been obtained, but they are counted as present for purposes of determining the existence of a quorum at the annual meeting.

We will have a quorum and be able to hold the 2005 annual meeting if holders of a majority of the shares of common stock entitled to vote either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

In the election of directors, the three nominees receiving the highest number of affirmative votes shall be elected. You may not cumulate votes in the election of directors. The affirmative vote of the holders of common stock representing a majority of the voting power present or represented by proxy and voting at the 2005 Annual Meeting is required for the ratification of the auditors.

Who pays for this proxy solicitation?

We will bear the entire cost of solicitation, including the preparation, assembly, printing and mailing of this proxy statement, the proxy and any additional solicitation materials furnished to the stockholders. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, we may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by a solicitation by telephone, telegram or other means by our directors, officers or employees. No additional compensation will be paid to these individuals for any such services. Except as described above, we do not presently intend to solicit proxies other than by mail.

STOCKHOLDER PROPOSALS

Deadline for Submission of Proxy Materials

Stockholder proposals that are intended to be presented at our 2006 annual meeting and included in our proxy materials relating to the 2006 annual meeting must be received by D. Kent Jasperson, Corporate Secretary, NBO Systems, Inc., 3676 W. California Ave., Building D, Salt Lake City, Utah 84104, no later than January 5, 2006, which is 120 calendar days prior to the

anniversary of the mailing date for this year's proxy materials. All stockholder proposals must be in compliance with applicable laws and regulations in order to be considered for possible inclusion in the proxy statement and form of proxy for the 2006 annual meeting.

Deadline for Other Proposals

If a stockholder wishes to present a proposal at our 2006 annual meeting and the proposal is not intended to be included in our proxy statement relating to the 2005 annual meeting, the stockholder must give advance notice to us prior to the deadline for the annual meeting. In order to be deemed properly presented, the notice of a proposal must be delivered to our Corporate Secretary no later than March 22, 2006, which is 45 calendar days prior to the anniversary of the mailing date for this year's proxy materials. However, in the event that the 2006 annual meeting is called for a date which is not within thirty days of the anniversary of the date of the 2005 Annual Meeting, stockholder proposals intended for presentation at the 2006 annual meeting must be received by our Corporate Secretary no later than the close of business on the tenth day following the date on which public announcement of the date of the 2006 annual meeting is first made. If a stockholder gives notice of such proposal after March 22, 2006, then the proxy solicited by our board of directors for the 2006 annual meeting will confer discretionary authority to vote on such proposal at that meeting, which may include a vote against such stockholder proposal.

MATTERS TO BE CONSIDERED AT ANNUAL MEETING

OVERVIEW OF PROPOSALS

This proxy statement contains two proposals requiring stockholder action. Proposal No. 1 requests the election of three directors to our board of directors. Proposal No. 2 requests ratification of our independent auditors. We discuss each of the proposals in more detail in the pages that follow.

Proxies cannot be voted for more than three persons.

Each nominee for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unavailable to serve. Board of Directors

Our board of directors is currently composed of three members. Each director currently serves until the next annual meeting of stockholders or until his successor is duly elected and qualified. At each annual meeting of stockholders, the directors' successors will be elected to serve until the next annual meeting of stockholders.

Our board of directors held three meetings during 2004. Each of the then current directors attended or participated in 75% or more of the aggregate of (i) the total number of meetings of our board of directors and (ii) the total number of meetings held by all committees of our board on which such director served during 2004.

Although we do not have a policy with regard to attendance by members of our board of directors at our annual meeting of stockholders, it is customary for all members of our board of directors to attend. All of our directors were present for our 2004 annual meeting.

Board Committees

Our board of directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Our board of directors may establish other committees to facilitate the management of our business.

Audit Committee – Our audit committee has been established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"). The audit committee is responsible for the appointment, compensation, retention and oversight of our independent auditors. In addition, the committee reviews with our management and its independent auditors financial information that will be provided to stockholders and others, the systems of internal controls which management and our board have established and our audit and financial reporting processes. The committee operates under a written Audit Committee Charter adopted by our board, a copy of which is attached hereto as Appendix A. Our audit committee met in March of 2005 in connection with the audit of our 2004 financial statements. The audit committee currently consists of Messrs. Guevara, Foley and Boyd-Jones. Our board of directors has chosen to use the independence standards of the National Association of Securities Dealers,

Inc. (“NASD”) to evaluate the independence of its audit committee members. Our board of directors has determined that in the fiscal year ending December 31, 2004, only Mr. Boyd-Jones of the audit committee was “independent” as that term is defined in the current applicable rules of the NASD. Mr. Boyd-Jones also meets the additional criteria for independence of audit committee members under the applicable rules of the Exchange Act. In addition, our board of directors believes that Mr. Boyd-Jones is an “audit committee financial expert” as defined in Item 401(e) of Regulation S-B. The other two members of the audit committee, Mr. Guevara and Mr. Foley are not “independent” as both are employees of the Company.

Compensation Committee – The Compensation Committee is responsible for the design, review, recommendation and approval of compensation arrangements for our directors, executive officers and key employees, and for the administration of our 1997 stock option plan, including the approval of grants under such Plan to our employees, consultants and directors. The committee currently consists of Messrs. Guevara, Foley and Boyd-Jones. Messrs. Guevara and Foley are both employees of the Company and are therefore not considered “independent”. Mr. Boyd-Jones is not an employee and is otherwise “independent” as that term is defined in the current applicable rules of the NASD. The committee was formed in 2004, prior to the 2004 annual shareholders meeting, and held its first meeting in 2005. The committee operates under a written Compensation Committee Charter adopted by our board, a copy of which is attached hereto as Appendix B.

Nominating and Corporate Governance Committee – The Nominating and Corporate Governance Committee assists our board of directors by identifying individuals qualified to become board members and recommending director nominees for the annual meeting of stockholders; reviews and recommends to our board of directors corporate governance policies; leads our board of directors in its annual review of our board of director’s performance, and recommends board director nominees for each committee. The committee has sole authority to retain and to terminate any search firm to be used to identify director candidates and has sole authority to approve the search firm’s fees and other retention terms. The committee actively seeks individuals qualified to become board members and makes recommendations based on experience, expertise and geographical representation. The committee recommended to our board of directors the nomination of directors for the 2005 Annual Meeting. The committee currently consists of Messrs. Guevara, Foley and Boyd-Jones. Messrs. Guevara and Foley are both employees of the Company and are therefore not considered “independent”. Mr. Boyd-Jones is not an employee and is otherwise “independent” as that term is defined in the current applicable rules of the NASD. The committee was formed in 2004, prior to the 2004 annual shareholders meeting, and held its first meeting in 2005. The committee operates under a written Nominating and Corporate Governance Committee Charter adopted by our board, a copy of which is attached hereto as Appendix C.

The committee has specified the criteria for nominating individuals to serve as directors and our board of directors has approved the criteria. The criteria the committee employs in selecting Board nominees include:

- Directors should have high ethical character, and personal and professional reputations that compliment and enhance the image and standing of our company.
- Directors should be individuals who are directors of companies and leaders of organizations, including scientific, government, educational and other non-profit institutions.
- Directors should have varied educational and professional experiences and backgrounds and who, collectively, provide meaningful counsel to management.
- Directors should generally not serve on the board of directors of more than five publicly traded companies and should have sufficient time to devote to their duties as directors of our company.
- Directors should understand the duties required of directors to the stockholders of our company.
- Directors should not have any real or apparent conflicts of interest in serving as a director of our company.
- Each director should have the ability to exercise sound, independent business judgment.

The Nominating and Corporate Governance Committee applies the same criteria to all nominees for the Board without regard to the source of such nominee.

The Nominating and Corporate Governance Committee will consider recommendations for nominees to our board of directors submitted by stockholders. Those candidates must be highly qualified exhibiting the experience and expertise required of our board of director’s own pool of candidates and interest in NBO’s business, and also the ability to attend and prepare for board, committee and stockholder meetings. Any candidate must state in advance his or her willingness and interest in serving on our board of directors. Candidates should represent the interests of all stockholders and not those of a special interest group. Stockholders who wish the committee to consider their recommendations for nominees for the position of director should submit the candidate’s name, appropriate biographical information, a brief description of such candidate’s qualifications and such candidate’s written consent to nomination to the Nominating and Corporate Governance Committee in care of D. Kent Jaspersen, Corporate Secretary, at the following address: NBO Systems, Inc., 3676 W. California Ave., Building D, Salt Lake City, UT 84104.

Stockholder Communications with our Board of Directors

Stockholders may contact our board of directors through written communication sent by certified mail to Board of Directors, c/o D. Kent Jaspersen, Corporate Secretary, at the following address: NBO Systems, Inc., 3676 W. California Ave., Building D, Salt Lake City, UT 84104. Our Corporate Secretary will forward all correspondence to our board of directors, except for junk mail, mass mailings, product complaints or inquiries, job inquiries, surveys, business solicitations or advertisements, or patently offensive or otherwise inappropriate material. From time to time our board of directors may change the process by which stockholders may communicate with our board of directors. Such changes will be posted to our website at www.nbo.com.

Code of Ethics

We have adopted a code of ethics that applies to our executive officers and senior financial and accounting officers, a copy of which is attached hereto as Appendix D. The information on our website is not incorporated by reference in this Proxy Statement. If we make any substantive amendments to the code of ethics or grant any waiver, including any implicit waiver, from a provision of the code of ethics to our chief executive officer or chief financial officer, we will disclose the nature of such amendment or waiver on our website or in a Report on Form 8-K or quarterly or annual report under the Securities and Exchange Act of 1934, as amended.

Director Compensation

During fiscal year ended December 31, 2004, we paid our non-employee director, Mr. Boyd-Jones, for his services as director at a rate of \$1,000 per month, in addition to options to purchase our stock as described below. We reimbursed Mr. Boyd-Jones for reasonable travel and other out-of-pocket expenses incurred in connection with attendance at meetings of the board of directors and committees of the board of directors.

On April 4, 2004, we granted non-qualified stock options to our non-employee director, Mr. Boyd-Jones, to purchase 32,500 shares of common stock exercisable at a price of \$4.00 per share for his prior years of service as a director and chairmen of the committees listed above. On October 1, 2004, we granted non-qualified stock options to our non-employee director, Mr. Boyd-Jones, to purchase 12,500 shares of common stock exercisable at a price of \$4.00 per share for his 2004 service as director and chairmen of the committees listed above. The exercise price for each of the options granted is equal to the fair market value per share of common stock on the grant date. Options on 25,000 of the 32,500 granted on April 4, 2004 vest 20% per year for five years and have a term of 10 years. The remainder of all other options mentioned in this paragraph vest one year from the grant date and have a term of 10 years, subject to earlier termination following the optionee's cessation of service on the board of directors.

Employee directors do not receive any additional compensation for serving as members of our board or any committee of our board. Employee directors are eligible to participate in our compensation and benefit plans that are generally available to our other employees, including the receipt of stock options under our stock option plan. On October 1, 2004, we granted Keith A. Guevara incentive stock options to purchase 250,000 shares of common stock, exercisable at a price of \$4.40 per share, the fair market value per share of common stock on the grant date times 110% as required due to beneficial interest in the Company of greater than 10%, and expiring on October 1, 2009. On October 1, 2004, we granted Christopher Foley incentive stock options to purchase 140,625 shares of common stock, exercisable at a price of \$4.00 per share, the fair market value per share of common stock on the grant date, and expiring on October 1, 2014.

Vote Required

The three nominees receiving the highest number of affirmative votes of the outstanding shares of common stock, present or represented by proxy and entitled to be voted for them shall be elected as directors. Shares withheld from any director are counted for purposes of determining the presence or absence of the quorum, but have no other legal effect under Maryland law.

Recommendation of our Board of Directors

Our Board of Directors unanimously recommends that the stockholders vote FOR the election of the nominees named above.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

Our audit committee has appointed Tanner LC as our independent public accountants for the year ending December 31, 2005, and is asking our stockholders to ratify this appointment. Stockholder ratification of the selection of Tanner LC as our independent public accountants is not required by our bylaws or otherwise. However, our board of directors is submitting the selection of Tanner LC to our stockholders for ratification as a matter of good corporate practice. If our stockholders do not ratify this selection at the 2005 Annual Meeting, our audit committee will review its future selection of independent registered public accounting firms; however, the audit committee may select Tanner LC, notwithstanding the failure of the stockholders to ratify its selection. In addition, even if the shareholders ratify the selection, our audit committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if it believes that such a change would be in the best interests of our stockholders and the Company.

Prior to Tanner LC, Grant Thornton LLP served as the Company's auditors during the company's fiscal year ended March 31, 2002. Grant Thornton LLP resigned as the Company's auditor in October 2003. The Company filed Form 8-K on October 28, 2003, disclosing the resignation of Grant Thornton LLP and explaining the circumstances of its resignation. The Company's Form 8-K dated October 28, 2003, is included in this Proxy Statement in full as Appendix E. On November 10, 2003, the Company filed Form 8-K disclosing that it had hired Tanner & Co. as its new auditor and explained the circumstances of the engagement of Tanner & Co. The Company's Form 8-K dated November 10, 2003, is included in this Proxy Statement in full as Appendix F.

During the fiscal years ended December 31, 2004, and the transitional period ended December 31, 2003, Tanner LC provided various audit, audit related and non-audit services to us as follows:

<u>Fee Category</u>	<u>Fiscal 2004 Fees</u>	<u>Transitional Period 2003 Fees</u>
Audit Fees – Aggregate fees billed for professional services rendered for the audit of our 2004 fiscal year and 2003 transitional period financial statements or services that are normally provided in connection with statutory and regulatory filings or engagements for the 2004 fiscal year and the 2003 transitional period.	\$81,000	\$84,000
Audit-Related Fees – Aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements which are not reported under “Audit Fees” above.	Nil	Nil
Tax Fees – Aggregate fees billed for tax compliance, tax advice and tax planning, including transfer pricing consultation.	Nil	Nil
All Other Fees – Aggregate fees billed for products and services provided other than as described in the preceding three categories.	Nil	Nil
Total Fees	<u>\$81,000</u>	<u>\$84,000</u>

Our Audit Committee has considered whether provision of the services described regarding audit related fees, tax fees and all other fees above were compatible with maintaining the independent auditor's independence and has determined that such services did not adversely affect Tanner LC's independence.

Representatives of Tanner LC are expected to be present at the 2005 Annual Meeting and will have the opportunity to make a statement if they desire to do so. They are also expected to be available to respond to appropriate questions.

Audit Committee Pre-Approval Policy

The audit committee has direct responsibility to review and approve the engagement of the independent auditors to perform audit services or any permissible non-audit services. The audit committee has adopted a policy concerning approval of audit and non-audit services to be provided by our independent auditors. The policy requires that all services to be provided by our independent auditors, including audit services and permitted audit-related and non-audit services, must be pre-approved by the audit committee. The audit committee may not engage the independent auditors to perform specific non-audit services proscribed by law or regulation. There were no non-audit services provided by Tanner LC during 2004.

Vote Required

The affirmative vote of the holders of common stock representing a majority of the voting power of the outstanding stock, present or represented by proxy and voting at the 2005 Annual Meeting, is required to ratify the appointment of Tanner LC as our independent auditors for the year ending December 31, 2005.

Recommendation of our Board of Directors

Our Board of Directors unanimously recommends that the stockholders vote FOR ratification of the appointment of Tanner LC as our independent auditors for the fiscal year ending December 31, 2005.

OTHER MATTERS

Our board of directors knows of no other business to be presented at the 2005 Annual Meeting. Aggregated Option Exercises and Fiscal Year-End Values

The following table sets forth information with respect to each of our Named Executive Officers concerning the exercise of stock options during the 2004 fiscal year and the number of shares subject to unexercised stock options held at the close of such fiscal year. No stock appreciation rights were exercised during the 2004 fiscal year, and no stock appreciation rights were outstanding at the close of such year.

In the following table, “Value Realized” is equal to the difference between the fair value of the shares at the time of exercise and the exercise price paid for the shares and the “Value of Unexercised In-The-Money Options” is based on the closing selling price per share at the close of the 2004 fiscal year less the exercise price payable per share. Options are “In-the-Money” if the fair market value of the underlying options exceeds the exercise price of the option.

Employment Contracts and Termination of Employment and Change-in-Control Arrangement

Except as described below, there are no compensatory plans or arrangements with respect to any Named Executive Officer resulting from resignation, retirement or other termination of employment or from a change of control of our corporation.

Employment Agreement with Robert H. Baker, Jr.

We entered into an employment agreement with Robert H. Baker, Jr., our Executive Vice President in July 2004, for an initial term of three years. For his first 90 days of employment, Mr. Baker received gross salary totaling \$37,500 plus 6,250 shares of our common stock. For his second 90 days of employment, and each subsequent 90-day period thereafter, Mr. Baker receives gross salary totaling \$50,000 and 3,125 shares of our common stock. If and when Mr. Baker is promoted to the position of President, Mr. Baker’s salary will increase to \$250,000 annually and at that time, all issuance of our common stock, as part of a base salary compensation structure will cease. Mr. Baker’s agreement provides for an award of stock options on 75,000 shares of common stock under our 1997 Stock Option Plan. The options granted have an exercise price of \$4.00 per share, and shall vest in accordance with the 1997 Stock Option Plan as of his hire date. These options shall vest immediately in the event of a change of control as defined under our 1997 Stock Option Plan. Mr. Baker will also receive other perquisites and benefits as we may award him from time to time. Mr. Baker’s employment is at-will and may be terminated by either party at any time. However, if we terminate his employment prior to the completion of the initial term without cause, Mr. Baker will receive a severance pay equivalent to three months salary at

termination, and any pro-rated bonus, all payable monthly. In addition, if we terminate Mr. Baker without cause during his first year of employment, 50% of his stock options granted under the agreement shall vest immediately and if such termination occurs during his second and third year of employment, 75% of his stock options granted under the agreement shall vest immediately. If Mr. Baker resigns at any time during his first year of employment, he must reimburse us for 50% of his relocation expenses, including any real estate commissions for the sale of his house, paid by us.

SECURITIES OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the beneficial ownership of the shares of our common stock as of April 29, 2005, except as noted in the footnotes below, by:

- Each person whom we know to be the beneficial owner of 5% or more of our outstanding common stock;

Those shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person. As of April 29, 2005, 17,290,536 shares of our voting securities were issued and outstanding. Except as noted below, the stockholders listed below have direct ownership of their shares and possess sole voting and dispositive power with respect to the shares. COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The information contained in this report is not to be deemed “soliciting material” or to be “filed” with the Securities and Exchange Commission, nor is such information to be incorporated by reference into any future filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference in such filing.

The Compensation Committee (the “Committee”) of our board of directors (“Board”) of NBO Systems, Inc. (the “Company”) administers the compensation program for our executive officers. The role of the Committee, which is comprised of one outside non-employee director and two employee directors, is to review and recommend or approve the base salaries, bonuses and other cash compensation of the executive officers. The Committee also administers our 1997 Stock Option Plan (the “1997 Plan”) with respect to all executive officers and has the exclusive authority to make option grants to them under the 1997 Plan. Our executive compensation program utilizes a combination of our performance, individual performance and increases in shareholder value over time as determinants of executive pay levels. These principles are intended to motivate executive officers to improve our financial position, to hold executives accountable for the performance of the organizations for which they are responsible, to attract key executives into our service and to create value for our shareholders. The compensation for executive officers is based on two elements: cash compensation and equity-based compensation.

Cash Compensation

The Committee administers our executive compensation programs to ensure that the total cash compensation paid to executive officers and senior management remains at a competitive level to enable us to attract and retain management personnel with the talents and skills required to meet the challenges of a highly competitive industry. Each executive officer’s base salary may be adjusted each year on the basis of (i) the Committee’s evaluation of the officer’s personal performance for the year and (ii) the competitive marketplace for persons in comparable positions. Our performance and profitability may also be a factor in determining the base salaries of executive officers. The compensation of executive officers is expected to be reviewed annually by the Committee. The Committee does not rely on any external compensation surveys in setting the cash compensation of the executive officers and does not attempt to target their cash compensation at any specific percentile of the levels of compensation in effect for other executives in comparable positions in the industry.

Equity-Based Compensation

The Committee believes that stock option grants under the 1997 Plan serve to align the interests of an executive officer with those of our shareholders and provide each individual with a significant incentive to manage our business from the perspective of an owner with an equity stake in the business. Each grant allows the officer to acquire shares of our common stock at a fixed price per share over a specified period of time up to five years, unless sooner terminated in accordance with the provisions of the 1997 Plan. Each option generally becomes exercisable in a series of equal installments over a specified period, contingent upon the officer’s continued employment with us. Accordingly, the option will provide a return to the executive officer only if he remains employed by us during the vesting period, and then only if the market price of the shares appreciates over the option term. The Committee sets the size of the option grant to each executive officer at a level that is intended to create a meaningful opportunity for stock ownership based upon the individual’s current position with us, the individual’s personal performance in recent periods and potential for future responsibility and promotion over the option term. Other factors include the number of unvested options held by the executive officer in order to maintain an appropriate level of equity incentive for that individual. The relevant weight given to each of these factors varies from individual to individual.

Compensation of the Chief Executive Officer

The base salary of Keith A. Guevara, our Chairman, President and Chief Executive Officer, is set at a level that the Committee believes is competitive with the compensation paid to the chief executive officers of companies of comparable size and similar industries. The Committee intends to provide him with a level of stability and certainty each year and not have this particular component of compensation affected to any significant degree by our business’s performance factors. For the 2005 fiscal year, the Committee has determined that Mr. Guevara’s annual base salary should remain at a rate of \$250,000 per year. In the 2004 fiscal year, we granted Mr. Guevara options on 250,000 common shares at an exercise price of \$4.00 per share. We made the option grants to Mr. Guevara based upon his performance and leadership with us and placed a large portion of his total compensation at risk since the option grants deliver a return only if our common stock appreciates over the option term.

Item 4. Changes in Registrant's Certifying Accountant

(a).(1). (i). In a letter dated October 3, 2003, Grant Thornton LLP gave notice of its resignation as NBO Systems, Inc.'s (the "Company" or "NBO") independent accountants. On October 9, 2003, Grant Thornton LLP provided another letter with additional detail surrounding its resignation.

(ii). The Company's consolidated financial statements for the fiscal year ended March 31, 2002 was unqualified except that the audit report had an additional paragraph related to the substantial doubt about the Company's ability to continue as a going concern. Grant Thornton LLP submitted its resignation prior to the completion of the audit of the Company's consolidated financial statements for the fiscal year ended March 31, 2003.

(iii). The Company's Audit Committee is comprised of the Board of Directors as a whole. As Grant Thornton LLP resigned, there was no need for approval.

(iv). During the Company's two most recent fiscal years and the subsequent interim period preceding such resignation, the Company has had no disagreements with Grant Thornton LLP on any matter of accounting principles or practices, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton LLP would have caused them to make reference thereto in their report on the consolidated financial statements of the Company, except as described in the following paragraphs.

(a)(1)(v) (B) Grant Thornton LLP advised the Company that information has come to Grant Thornton LLP's attention that has led it to no longer be able to rely on management's representations, or that has made it

unwilling to be associated with the financial statements prepared by management.

Grant Thornton LLP questioned the Company's use of "estimated breakage", that is, an estimated amount of gift certificate sales the Company believes will never be redeemed and thus will ultimately be abandoned. The Company accounts for actual "breakage", that is, the amount of gift certificates that have expired or reached their legal statute of limitations, by moving that amount from gift certificates payable and restricted cash to unrestricted cash, where it is used in the Company's operations. At that time said "breakage" is also recorded as revenue in accordance with the Company's Revenue Recognition Policy as stated in the Company's Financial Statements. In addition, the Company withdraws cash reflecting "estimated breakage", and makes use of it as operating capital. From the outset, the Company assured Grant Thornton LLP that its contracts with its customers permit the withdrawal and use of "estimated breakage" as well as "breakage," that its customers permit the withdrawal and use of "estimated breakage" as well as "breakage", and further, that its customers know of and acquiesce in this practice.

To gain assurance with respect to NBO's contractual rights and obligations, Grant Thornton LLP asked that the Company seek an independent legal analysis of this issue. That analysis concluded, however, that the contracts do not expressly allow for the practice regarding "estimated breakage" as employed by NBO, and may be ambiguous and therefore open to multiple interpretations. In an effort to confirm the Company's assertion that its customers were aware of and approved its practices, Grant Thornton LLP determined that confirmations should be sent to selected accounts. Grant Thornton LLP believes that its efforts were at first vigorously resisted by the Company. The Company ultimately agreed to permit the confirmation procedure. To facilitate a timely response, Grant Thornton LLP requested only that the Company's Chief Executive Officer advise the recipients that the confirmation letter was being sent to them by express carrier. Subsequently, through conversations with the Company's counsel, Grant Thornton LLP became aware that the Company's Chief Executive Officer had replied to contacts made by certain recipients of the confirmations. Grant Thornton LLP has advised the Company that whether and how this contact may have influenced the recipients' responses is unclear to Grant Thornton LLP. Grant Thornton LLP believes that the confirmations that were returned to Grant Thornton LLP did not clearly support NBO's representations about its customers' understanding of the contracts.

In view of this sequence of events, Grant Thornton LLP determined that it could not continue with the audit. At the present time, Grant Thornton LLP cannot agree with the Company's treatment of "estimated breakage". As such, Grant Thornton LLP would not be able to issue an unqualified report on the Company's financial statements for the fiscal year ended March 31, 2003. Management's representations to Grant Thornton LLP at the outset appear to Grant Thornton LLP to be questionable, its conduct in initially resisting Grant Thornton LLP's efforts in contacting the recipients of the confirmations, and management's involvement in the confirmation process cause Grant Thornton LLP to no longer be able to rely on the representations of management. Grant Thornton LLP is no longer willing to be associated with the financial statements prepared by management.

The Company disagrees with Grant Thornton LLP's judgments in this matter. The Company believes that the contracts, although containing some ambiguity, do permit the current use of estimated breakage, and that this interpretation is the more reasonable interpretation, particularly in light of the disclosure of such use in the Company's financial statements and the course of conduct of the Company and the customers subsequent to the execution of the contracts. The independent third party legal analysis of the contracts also states that while ambiguity does exist in the contracts, that the Company's interpretation is reasonable. The Company believes that its contacts with its customers regarding the confirmation letters were in the nature of ministerial contacts and did not influence the nature of the customers' responses. Of the four confirmations letters sent, four were returned. The Company believes that one customer clearly supported the Company's representations. One confirmation letter referred to the contract and said that the contract "speaks for itself". A third confirmation indicated that the customer could not give the requested confirmation, but referred to the contract itself. The

Company does not have a copy of the fourth confirmation letter in its possession. Accordingly, the Company believes its representations to Grant Thornton LLP are reliable and the Company's disagrees with Grant Thornton LLP's judgment.

The Company's Board of Directors has discussed these disagreements with Grant Thornton LLP.

The Company has authorized Grant Thornton LLP to respond fully to the inquiries of any successor accountant concerning the subject matter of such disagreements.

(C) Grant Thornton LLP has advised the Company that information has come to its attention during the time period covered by the fiscal year ended March 31, 2002, fiscal year ended March 31, 2003, and the period subsequent thereto, that has caused Grant Thornton LLP to be unwilling to rely on management's representations or to be associated with the registrant's financial statements. For an explanation, see response to Item (B), above.

(D) Grant Thornton LLP has determined that its report on the Company's financial statements for the year ended March 30, 2002, can no longer be relied upon. For an explanation, see response to Item (B), above.

(a)(3) The Company has provided Grant Thornton LLP with a copy of the disclosures the Company is making in response to Item 304 of Regulation S-K. The Company has requested Grant Thornton LLP to furnish the Company with a letter addressed to the Commission stating whether it agrees with the statements made by the Company in response to this Item 304 of Regulation S-K, and, if not, stating the respects in which it does not agree. Said letter is attached as Exhibit A hereto.

(b) As of December 31, 2002, and March 31, 2003, the advance on restricted cash representing "estimated breakage" was \$1,894,902 (unaudited) and \$4,605,918, (unaudited), respectively. The Company has not yet finished compiling the "estimated breakage" advance on restricted cash for the interim periods of June 30, 2003 and September 30, 2003 due to the delay in filing the Form 10-KSB for the fiscal year ended March 31, 2003 as a result of the events leading to the resignation of the Company's accountants. Additionally, the Company has not provided for any potential claims and there would be additional disclosure requirements if the method of accounting for "estimated breakage" that Grant Thornton LLP apparently would have concluded was required.

Item 4. Changes in Registrant's Certifying Accountant

(a)(2) On November 5, 2003 the Company engaged Tanner & Co. of Salt Lake City, Utah as the new independent accountant to audit the Company's financial statements.

(A) Upon the resignation of its former accountant, the Company interviewed Tanner & Co. regarding engaging Tanner & Co. as its accountants. During these interviews, the Company discussed with Tanner & Co. the circumstances regarding the resignation of the Company's former accountants, including the audit procedures used by the former accountant, the contacts between the Company and its customers in connection with confirmation letters requested of such customers, and the accounting treatment of the Company's "breakage" of the gift certificates issued by the Company.

(B) Tanner & Co. provided no written expression of its views on such matters. Tanner & Co. expressed orally that the matters discussed would not preclude Tanner & Co. from becoming the Company's accountant. Tanner & Co. did not reach any conclusion and did not express an oral opinion on the audit procedures employed by the Company's former accountant or the audit procedures it would follow in conducting its own audit, on the contacts between the Company and its customers in connection with confirmation letters, or the accounting treatment of the Company's "breakage" of the gift certificates issued by the Company. The Company did not request nor did it receive any confirmation in advance regarding any of these matters.

(C) The Company's former accountant was consulted by the Company regarding the issues discussed with Tanner & Co., and the views of the former accountant are set forth in the Company's Form 8-K filed on October 28, 2003, which is hereby incorporated by reference.

(D) Tanner & Co. reviewed the disclosure contained in this Form 8-K before this Form 8-K was filed with the Commission. Tanner & Co. was provided the opportunity to furnish the Company with a letter addressed to the Commission containing any new information, clarification of the Company's expression of its views, or the respects in which it does not agree with the statements made by the Company in response to paragraph (a) of this Item 304 of Regulation S-K. Tanner & Co. has not furnished any letter to the Company containing any new information, clarification of the Company's expression of its views, or the respects in which it does not agree with the statements made by the Company in response to paragraph (a) of this Item 304 of Regulation S-K.
