THE COURTNEY GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2021

1. Organization

The Courtney Group, LLC (the "Company") was organized as a limited liability company and commenced operations in 2002. The limited liability agreement provides for the Company to terminate on May 11, 2091, unless dissolved sooner.

The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and the Financial Industry Regulatory Authority, Inc. ("FINRA") and is a member of the Securities Investor Protection Corporation ("SIPC"). The Company is engaged in investment banking activities both as an advisor to entities engaged in mergers and acquisitions, divestitures and joint ventures, and as a placement agent in the placement of debt and equity securities to qualified investors.

2. Significant Accounting Policies

Basis of Presentation

The books and records of the Company are kept on the accrual basis in accordance with accounting principles generally accepted in the United States of America ("GAAP".)

Use of Estimates

The preparation of the financial statement in conformity with GAAP may require management make estimates and assumptions that affect certain reported amounts and disclosures during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The carrying amounts of certain of the Company's financial instruments, including cash, other assets and accounts payable approximate fair value because of their short-term maturities. The Company has no financial instruments required to be reported at fair value on a recurring basis at December 31, 2021.

Cash and Cash Equivalents

The Company defines cash equivalents as highly liquid investments, with original maturities of less than three months, which are not held for sale in the ordinary course of business. There were no cash equivalents as of December 31, 2021.

Accounts Receivable

THE COURTNEY GROUP, LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2021

2. Significant Accounting Policies *(continued)*

Accounts Receivable (continued)

The Company records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the Statement of Financial Condition that is deducted from the asset's amortized cost basis. Per management's analysis, no allowance for credit losses was considered necessary as of December 31, 2021.

Income Taxes

The Company is a single member limited liability company and it is treated as a disregarded entity for tax purposes. In lieu of income taxes, the Company passes 100% of its taxable income and expenses to its sole member. Therefore, no provision or liability for federal or state income taxes is included in this financial statement. The Company is no longer subject to examinations by major tax jurisdictions for years before 2017.

3. Related Party Transactions

In 2009, the Company entered into an Expense Sharing Agreement ("Agreement") with The Courtney Group, Incorporated ("TCGI"), a company under common control. Per the Agreement, TCGI provides office space and pays most overhead expenses for the Company for a fee of \$315 per month. In 2021, TCGI elected to waive the fees related to the Agreement. As of December 31, 2021, \$6,500 was payable to TCGI for reimbursable expenses incurred by TCGI but collected by the Company.

The Company's results of operations and financial position could differ significantly from those that would have been obtained if the entities were autonomous.

4. Revenue from Contracts with Customers

Contract Balances

Income is recognized upon completion of the related performance obligation and when an unconditional right to payment exists. The timing of revenue recognition may differ from the timing of customer payments. A receivable is recognized when a performance obligation is met prior to receiving payment by the customer. As of January 1, 2021 and December 31, 2021, there were no receivables related to revenue from contracts with customers.

Alternatively, fees received prior to the completion of the performance obligation are recorded as deferred revenue on the statement of financial condition until such time when the performance obligation is met. Deferred revenue would primarily relate to retainer fees received in investment banking engagements. As of January 1, 2021 and December 31, 2021, there was no deferred retainer revenue.

Contract Costs

Expenses associated with investment banking advisory engagements are deferred only to the extent they are explicitly reimbursable by the client and the related revenue is recognized upon completion of services. All other investment banking advisory related expenses are expensed as incurred.

5. Risk Concentrations

Financial instruments that potentially subject the Company to significant concentrations of credit risk consist principally of cash. The Company maintains cash balances which, at times, may exceed federally insured limits. The Company has not experienced any losses on its cash deposits.

6. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2021, the Company had net capital of \$19,741, which was \$14,741 in excess of its required net capital of \$5,000.

7. Risks and Uncertainties

The global pandemic caused by COVID-19 developed rapidly and resulted in a high level of uncertainty and volatility that impacted businesses in all sectors.

At this stage, the impact to the Company's business and financial results has not been significant based on the type of business conducted. Based on management's experience to date, management expects this to remain the case. The Company has taken certain health and safety operational measures and continues to follow government policies and advice. While there has not been a material impact thus far, the timeframe and outcome of the pandemic are uncertain.

8. Subsequent Events

The Company has evaluated subsequent events through February 26, 2022 the date which the financial statement were issued.
