NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2022

Note 1 - Organization

Silverwood Partners LLC, (the "Company"), located in Sherborn, Massachusetts, provides investment banking services to both public and privately held companies worldwide but primarily in the United States. The Company is a broker/dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company does not carry security accounts for clients or perform custodial functions related to client securities. The Company is a limited liability company and shall have perpetual existence until it is dissolved, and its affairs are wrapped up in accordance with its operating agreement.

Note 2 - Summary of Significant Accounting Policies

(a) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(b) Credit Risk

At certain times, the Company maintains cash balances in excess of \$250,000 in a financial institution. The Federal Deposit Insurance Corporation ("FDIC") insures up to \$250,000 for each depositor. The Company has not experienced any losses in such accounts and does not believe they are exposed to any significant credit risks. The Company had approximately \$173,991 of cash in excess of the FDIC limit at December 31, 2022.

(c) Accounts Receivable

The Company carries its accounts receivable at amounts invoiced for services less an allowance for doubtful accounts, if necessary. Accounts receivable balances are written off after it is evident that collection efforts have little or no chance of immediate success. The Company charges interest on certain past due accounts receivable and the related interest income is recorded when received. The Company did not record interest income on its past due accounts during 2022. During the year the Company wrote off \$13,000 of old receivables deemed uncollectible and recorded this to bad debt expense

(d) Property and Equipment

Property and equipment are recorded at cost. Depreciation is provided using accelerated and straight-line methods over the estimated useful lives of the respective assets or lease term, if shorter. Maintenance and repairs are charged to expense as incurred; major renewals and betterments are capitalized.

(i) Leases

Effective January 1, 2019, the Company adopted Accounting Standards Update ("ASU") No. 2016-02, Leases ("ASC 842") which requires the Company to recognize a right-of-use asset and liability on the balance sheet for all leases, with the exception of short-term leases. The lease liability will be equal to the present value of lease payments and the right-of-use asset will be based on the lease liability. Adoption of the new standard did not have a material impact on the Company's net income, financial position, and cash flows. The Company does not have any leases which meet the criteria.

Note 3 - Revenue from Contracts with Customers
