REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders
Lafise Securities Corporation

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of Lafise Securities Corporation as of December 31, 2022, the related statements of operations, changes in stockholders' equity, and cash flows for the year then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of Lafise Securities Corporation as of December 31, 2022, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of Lafise Securities Corporation's management. Our responsibility is to express an opinion on Lafise Securities Corporation's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Lafise Securities Corporation in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Auditor's Report on Supplemental Information

The supplementary information contained in Schedules I, II and III have been subjected to audit procedures performed in conjunction with the audit of Lafise Securities Corporation's financial statements. The supplemental information is the responsibility of Lafise Securities Corporation's management. Our audit procedures included determining whether the supplemental information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplemental information. In forming our opinion on the supplemental information, we evaluated whether the supplemental information, including its form and content, is presented in conformity with 17 C.F.R. §240.17a-5. In our opinion, the supplemental information contained in Schedules I, II and III is fairly stated, in all material respects, in relation to the financial statements as a whole.

KABAT, SCHERTZER, DE LA TORRE, TARABOULOS & CO.

We have served as Lafise Securities Corporation's auditor since 2013.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 1. ORGANIZATION AND NATURE OF OPERATIONS

The Company was incorporated under the laws of the State of Florida on June 1, 2001, for the purpose of selling investment products and securities and other financial and business services. The Company's customer base is located worldwide.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Customers, Broker-Dealers and Marketable Securities

The Company is a registered broker-dealer and maintains its brokerage accounts on a settlement date basis; however, the accompanying financial statements are prepared on a trade date basis using the accrual method of accounting. The Company is an introducing broker, and as such, clears all transactions through its correspondent broker who carries all customer and company accounts and maintains physical custody of customer and company securities. Pursuant to the clearing agreements, the Company is required to maintain a deposit of \$150,000 with its clearing broker.

All securities are valued at the quoted market price and unrealized gains and losses are included in "trading loss" in the statement of operations. The Company does not own any restricted or non-marketable securities at December 31, 2022.

Revenue Recognition

For brokerage commissions, the Company buys and sells securities on behalf of its customers. Each time a customer enters into a buy or sell transaction, the Company charges a commission. Commissions and related clearing expenses are recorded on a trade date basis (the date that the Company fills the trade order by finding and contracting with a counterparty and confirms the trade with the customer). The Company believes that the performance obligation is satisfied on the trade date because that is when the underlying financial instrument or purchaser is identified, the pricing is agreed upon and the risks and rewards of ownership of the securities have been transferred to/from the customer.

For distribution fees, the Company enters into arrangements with managed accounts or other pooled investment vehicles (funds) to distribute shares to investors. The Company may receive distribution fees paid by the fund up front, over time, upon the investor's exit from the fund (that is, a contingent deferred sales charge), or as a combination thereof. The Company believes that its performance obligation is the sale of securities to investors and as such this is fulfilled on the trade date. Fixed amounts are recognized on the trade date and variable amounts are recognized to the extent it is probable that a significant revenue reversal will not occur once the uncertainty is resolved. For variable amounts, as the uncertainty is dependent on the value of the shares at future points in time as well as the length of time the investor remains in the fund, both of which are highly susceptible to factors outside the Company's influence, the Company does not believe that it can overcome this constraint until the market value of the fund and the investor activities are known, which are usually monthly or quarterly. Distribution fees recognized in the current period are primarily related to performance obligations that have been satisfied in prior periods.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Government and Other Regulation

The Company's business is subject to significant regulation by various government agencies and self-regulatory organizations. Such regulation includes, among other things, periodic examinations by these regulatory bodies to determine whether the Company is conducting and reporting its operations in accordance with the applicable requirements of these organizations.

As a registered broker-dealer, the Company is subject to the SEC's net capital rule (Rule 15(c) 3-1), which requires that the Company maintain a minimum net capital, as defined.

Furniture and Fixtures

Furniture and fixtures are recorded at cost and depreciated on a straight-line basis over their estimated useful lives, which is five years.

The costs of maintenance and repairs of furniture and fixtures are charged to expense as incurred. Costs of renewals and betterments are capitalized in the proper accounts. When furniture and fixtures are replaced, retired, or otherwise disposed of, the cost of such furniture and fixtures and accumulated depreciation are deducted from the asset and depreciation reserve accounts. The related profit or loss, if any, is recorded in the statement of operations. Depreciation was \$3,092 for the year ended December 31, 2022, and is included in other operational expenses in the statement of operations.

Concentration of Credit Risk

The Company maintains deposits at financial institutions that, from time to time, may exceed federally insured limits. The exposure of the Company from these transactions is solely dependent upon daily account balances and the financial strength of the respective institution. At December 31, 2022, the Company had no deposits in excess of federally insured limits. Amounts due from clearing broker are deemed collectible by management and no allowance for credit losses was necessary.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles "GAAP", requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Although these estimates are based on management's knowledge of current events and actions it may undertake in the future, they may ultimately differ from actual results.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial Instruments with Off-Balance-Sheet Risk

The Company, under its correspondent agreement with its clearing brokers, has agreed to indemnify the clearing brokers from damages or losses resulting from customer transactions. The Company is therefore exposed to off-balance-sheet risk of loss in the event that customers are unable to fulfill contractual obligations including their obligations under margin accounts. The Company has never been required to make a payment under these indemnifications. In addition, the Company believes that it is unlikely it will have to make a material payment under the indemnity and accordingly has not recorded any contingent liability in its financial statements.

Fair Value of Financial Instruments

The financial position of the Company at December 31, 2022 includes certain financial instruments that may have a fair value that is different from the value currently reflected in the financial statements. In reviewing the financial instruments of the Company, certain assumptions and methods were used to determine the fair value of each category of financial instruments for which it is practicable to estimate that value.

The carrying amounts of the Company's financial instruments generally approximate their fair values at December 31, 2022.

Income Taxes

For income tax purposes, the Company maintains its accounts using the accrual method of accounting. There are no deferred tax assets and liabilities as of December 31, 2022. The Company files its returns under U.S. Federal and State jurisdictions. These returns are subject to income tax examinations by major taxing authorities for the year 2022 and three preceding years.

Cash and Cash Equivalents

Cash and cash equivalents consists of deposits with banks and all highly liquid investments, with maturities of three months or less.

Leases

The Company accounts for leases in accordance with FASB ASC 842, Leases. This requires a lessee to account for long-term leases as finance or operating leases. Both types of leases result in the lessee recognizing a right-of-use asset and a corresponding lease liability on its statement of financial condition. The Company has elected to adopt an exemption from the recognition and measurement requirements of ASC 842 for short-term leases. Therefore, leases with an initial term of twelve months or less are not recorded on the statement of financial condition. The Company has no long-term leases, and as such, was not required to recognize a right-of-use asset and corresponding lease liability.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accounts Receivable and Allowance for Credit Losses

Receivables from clearing organization: The Company's receivables from its clearing organization include amounts from unsettled trades, amounts receivable for securities failed to deliver, accrued interest receivable and cash deposits. The Company's trades are cleared through its clearing organization and settled daily between the clearing organization and the Company. Because of this daily settlement, the amount of unsettled credit exposure is limited to the amount owed the Company for a very short period of time.

The Company accounts for estimated credit losses on financial assets measured at an amortized cost basis and certain off-balance sheet credit exposures in accordance with FASB ASC 326-20, Financial Instruments – Credit Losses. FASB ASC 326-20 requires the Company to estimate credit losses over the life of its financial assets and certain off-balance sheet exposures as of the reporting date based on relevant information about past events, current conditions, and reasonable and supporting forecasts. The Company records the estimate of expected credit losses as an allowance for credit losses. For financial assets measured at an amortized cost basis the allowance for credit losses is reported as a valuation account on the statement of financial condition that adjusts the assets amortized cost basis. Any changes in the allowance for credit losses would be reported in credit loss expense.

Accounts receivable from its clearing organization are recorded at net realizable value. The Company continually monitors the credit worthiness of its clearing organization and uses judgment in establishing a provision for estimated credit losses based upon historical experience that have been identified. As of December 31, 2022, management determined that no allowance for credit losses was necessary.

NOTE 3. NET CAPITAL REQUIREMENT

As a broker-dealer registered with the Securities and Exchange Commission, the Company must comply with the provisions of the Commission's "Net Capital" rules, which provide that "aggregate indebtedness", as defined, shall not exceed 15 times "Net Capital", as defined, and the "Net Capital", shall not be less than \$100,000. At December 31, 2022, the Company's net capital was \$7,138,495, which was \$7,038,495 in excess of its required net capital of \$100,000. At December 31, 2022, the Company's net capital ratio was .0416 to 1.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 4. FAIR VALUE MEASUREMENTS

The carrying amounts reported in the accompanying statement of financial condition for cash and cash equivalents, due from clearing broker, marketable securities, other assets, accounts payable and accrued expenses, approximate fair value due to the short-term nature of these accounts.

In accordance with GAAP, fair value is defined as the exit price, or the amount that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants as of the measurement date.

GAAP also establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors market participants would use in valuing the asset or liability. The guidance establishes three levels of inputs that may be used to measure fair value:

Level 1 — Quoted prices (unadjusted) in active markets for identical assets or liabilities the Company can access at the measurement date.

Level 2 — Inputs (other than quoted market prices included within Level 1) that are observable, for the asset or liability either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 — Unobservable inputs for the asset or liability that are supported by little or no market activity and rely on management's assumptions about the assumptions that market participants would use in pricing the asset or liability

A description of the valuation techniques applied to the Company's trading securities owned measured at fair value on a recurring basis is as follows:

Exchange-Traded and Equity Securities: Exchange-traded equity securities are generally valued based on quoted prices from the exchange. To the extent these securities are actively traded, valuation adjustments are not applied, and they are categorized in level 1 of the fair value hierarchy, otherwise they are categorized in level 2 or level 3 of the fair value hierarchy.

Corporate and Foreign Bonds: The fair value of corporate and foreign bonds is determined using recently executed transactions, market price quotations (when observable) and bond spreads obtained from independent external parties, such as vendors and brokers. The spread data used are for the same maturity as the bond. When position-specific external price data are not observable, fair value is determined based on benchmarking to similar instruments or cash flow models with yield curves. Corporate and municipal bonds are generally categorized in level 2 of the fair value hierarchy.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 4. FAIR VALUE MEASUREMENTS (continued)

A description of the valuation techniques applied to the Company's trading securities owned measured at fair value on a recurring basis is as follows:

Exchange-Traded and Equity Securities: Exchange-traded equity securities are generally valued based on quoted prices from the exchange. To the extent these securities are actively traded, valuation adjustments are not applied, and they are categorized in level 1 of the fair value hierarchy, otherwise they are categorized in level 2 or level 3 of the fair value hierarchy.

Corporate and Foreign Bonds: The fair value of corporate and foreign bonds is determined using recently executed transactions, market price quotations (when observable) and bond spreads obtained from independent external parties, such as vendors and brokers. The spread data used are for the same maturity as the bond. When position-specific external price data are not observable, fair value is determined based on benchmarking to similar instruments or cash flow models with yield curves. Corporate and municipal bonds are generally categorized in level 2 of the fair value hierarchy.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurements. The Company reviews the fair value hierarchy classification on an annual basis. Changes in the observability of valuation inputs may result in a reclassification of levels for certain securities within the fair value hierarchy.

Trading securities owned are as follows:

Exchange traded and equity securities	\$3,453,266
Corporate and foreign bonds	<u>3,253,792</u>
	<u>\$6,707,058</u>

Exchange traded and equity securities owned at December 31, 2022, as shown in the accompanying financial statements are valued at market prices and are categorized in level 1 of the fair value hierarchy. Corporate and foreign bonds owned at December 31, 2022, as shown in the accompanying financial statements are valued at market prices, other than quoted market prices included within Level 1 and are categorized in level 2 of the fair value hierarchy.

NOTE 5. COVID-19

Management continues to adapt to the changing operational and economic environment that has resulted from the COVID-19 pandemic. The Company continues to monitor evolving health guidelines and respond to changes as appropriate. Notwithstanding moderation of the COVID-19 pandemic and related governmental and other restrictions, the Company may continue to experience negative effects on its business and operations from possible longer-term changes in consumer and customer behavior, political uncertainty and/or from negative economic conditions, including recent inflationary effects and rising interest rates. The Company will continue to assess the evolving impact of Federal and State regulatory developments in relation to COVID-19 and general economic conditions and their potential impact on the Company's operations.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2022

NOTE 6. FULLY DISCLOSED CLEARING AGREEMENT

The Company has clearing agreements with its clearing brokers to provide execution and clearing services on behalf of its customers on a fully disclosed basis. All customer records and accounts are maintained by the clearing brokers. The Company maintains a deposit with its clearing broker in the amount of \$150,000, which is included in the "Deposit with Clearing Broker" line of the statement of financial condition. A termination fee may apply if the Company were to terminate its relationship with the current clearing broker. No other deposits are required. The Company does not carry accounts for customers or perform custodial functions related to customers' securities. The Company introduces all of its customer transactions, which are not reflected in these statements to its clearing brokers, which maintains the customers accounts and clears such transactions. The off-balance-sheet risks to the Company under these agreements are more fully discussed in Note 2.

NOTE 7. COMMITMENTS AND CONTINGENCIES

In August, 2021, the Company relocated its offices to a new location and is renting space on a month to month basis from an LLC, owned by the stockholders of the Company. At the present time the Company has not entered into a long-term lease, and no formal lease has been signed. The Company is not under any legal obligation to continue to occupy its office location.

Rent expense for the year ended December 31, 2022 amounted to \$240,000, which is included in occupancy expense in the statement of operations.

In the ordinary course of business, incidental to the Company's operations, the Company retains outside counsel to address claims with which the Company is involved. As of December 31, 2022, the Company has not had any formal complaint filed against it.

NOTE 8. LIABILITIES SUBORDINATED TO CLAIMS OF GENERAL CREDITORS

On September 30, 2021, the Company borrowed \$2,600,000 from Banco Lafise Panama, a related entity, under a FINRA approved subordinated loan agreement. The loan bears interest at 5% per annum and matures September 30, 2023 with a rollover provision. Interest payments are being made on a monthly basis.

LAFISE SECURITIES CORPORATION

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2021

NOTE 9. DATE OF MANAGEMENT'S REVIEW

Management has evaluated events that have occurred subsequent to December 31, 2022 and through March 10, 2023, the date the financial statements were available to be issued. There have been no subsequent events as of the date of the financial statements were available to be issued which need to be recognized or disclosed in the accompanying financial statements as of December 31, 2022.

NOTE 10. RELATED PARTY TRANSACTION

In January 2019, the Company entered into an expense sharing agreement with a certain affiliate, whereby the Company would reimburse the affiliate for certain expenses in the amount of \$10,000 per month. During the year ended December 31, 2022, the Company reimbursed the affiliate \$120,000 under this agreement. In addition, during the year ended December 31, 2022, the Company reimbursed this same affiliate \$426,256 in general operating expenses which have been included in their respective expense categories.

The Company was in compliance with the conditions of the exemption for the year ended December 31, 2022.

See independent registered public accounting firm's report on supplementary information.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Stockholders of Lafise Securities Corporation

We have reviewed management's statements, included in the accompanying exemption report, in which (1) Lafise Securities Corporation identified the following provisions of 17 C.F.R. §15c3-3(k) under which Lafise Securities Corporation claimed an exemption from 17 C.F.R. §240.15c3-3:(2)(ii) (exemption provisions) and (2) Lafise Securities Corporation stated that Lafise Securities Corporation met the identified exemption provisions throughout the most recent fiscal year without exception. Lafise Securities Corporation's management is responsible for compliance with the exemption provisions and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about Lafise Securities Corporation's compliance with the exemption provisions. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.

LAFISE SECURITIES CORPORATION

EXEMPTION REPORT PURSUANT TO SECURITIES AND EXCHANGE COMMISSION

RULE 17a-5

FOR THE YEAR ENDED DECEMBER 31, 2022

Lafise Securities Corporation is a registered broker-dealer subject to rule 17a-5 promulgated by the Securities and Exchange Commission. This Exemption Report was prepared as required by 17 C.F.R. 240.17a-5(d)(1) and (4). To the best of the Company's knowledge and belief, the Company states the following:

Lafise Securities Corporation operates pursuant to paragraph (k)(2)(ii) of SEC Rule 15c3-3 under which the Company claims an exemption from SEC Rule 15c3-3.

The Company has met the identified exemption provision for the year ended December 31, 2022, without exception.

We affirm to the best of our knowledge and belief, this exemption is true and correct.
