REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
of Marwood Group LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Marwood Group LLC (a wholly owned subsidiary of Marwood Group & Co. USA LLC) (a New York Limited Liability Company) as of December 31, 2017, and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of Marwood Group LLC as of December 31, 2017 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Marwood Group LLC's management. Our responsibility is to express an opinion on Marwood Group LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to Marwood Group LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

We have served as Marwood Group LLC's auditor since 2014.

MARWOOD GROUP LLC
(A Wholly-Owned Subsidiary of Marwood Group & Co. USA LLC)

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

Note 1 - Organization and Description of Business

Marwood Group LLC (the "Company"), a wholly-owned subsidiary of Marwood Group & Co. USA LLC (the "Parent"), was formed under the laws of the state of New York. The Company is a broker-dealer registered with the Securities and Exchange Commission (the "SEC"). The Company is also a member of the Financial Industry Regulatory Authority, Inc. ("FINRA") and the Securities Investor Protection Corporation ("SIPC").

The Company's business consists primarily of acting as a placement agent for investment management firms.

As provided for in the Company's operating agreement, the Company will continue indefinitely unless terminated sooner pursuant to certain events as defined in the operating agreement.

The Company does not carry security accounts for customers or perform custodial functions related to customer securities.

Note 2 - Summary of Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities, at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash

The Company maintains cash with a major financial institution. At times, cash may be uninsured or in deposit accounts that exceed the Federal Deposit Insurance Corporation insurance limits.

Note 2 - Summary of Significant Accounting Policies (Continued)

Accounts Receivable

The Company generally does not require collateral or other security to support client receivables, although the Company does require retainers and up-front deposits in certain situations. While bad debt expense has historically been within management's expectations, the Company cannot guarantee that it will continue to experience the same credit loss rate that it has in the past. If the financial condition of the clients was to deteriorate, resulting in an impairment of their ability to make payments, an allowance may be required. At December 31, 2017, the Company determined that a reserve of \$17,000 against accounts receivable was required.

At December 31, 2017, one client accounted for 100% of total accounts receivable. The Company believes the number of clients that comprise the Company's client base in the various geographic regions in which the Company's clients operate limits concentrations of credit risk with respect to revenues and accounts receivables.

Revenue Recognition

The Company acts as a solicitor for investment management firms (the "clients"), and receives success fees in an amount equal to a contractually stated percentage of either assets under management or management fee revenues actually received by the clients in accordance with the terms of the related contracts. Success fees are earned based on a percentage of assets under management or when management fee revenues are earned by the clients.

Consulting fees consist primarily of retainer fees. These fees are determined in accordance with the terms of the related contracts and earned ratably over the contract period.

During the year ended December 31, 2017, four clients accounted for approximately \$210,000, \$210,000, \$58,500 and \$37,500 or approximately 37%, 37%, 10% and 7%, respectively, of the Company's revenues.

The Company is also committed to paying commissions to certain Company executives pursuant to the terms of their employment agreements. These commissions are based on a percentage of the consulting fees and success fees received by the Company.

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

Note 2 - Summary of Significant Accounting Policies (Continued)

Income Taxes

The Company is a single member limited liability company and, therefore, is considered a disregarded entity for income tax purposes. The members of limited liability companies are taxed on their proportionate share of the company's federal and state taxable income. Accordingly, no liability for federal or state taxes has been included in these financial statements.

The amount recorded as the provision for income tax expense within these financial statements represents the Company's share of the Parent's New York City Unincorporated Business Tax ("NYCUBT"). The NYCUBT is calculated as if the company filed on a separate return basis, and is recorded as a capital contribution from the Parent.

The Company recognizes uncertain tax positions that it has taken or expects to take on a tax return. Management has concluded that the Company is a pass-through entity and there are no uncertain tax positions that would require recognition in the financial statements. If the Company was to incur an income tax liability from an uncertain tax position in the future, interest on any income tax liability would be reported as interest expense and penalties on any income tax liability would be reported as income taxes. As of December 31, 2017, no interest or penalties were required to be recorded. Management's conclusions regarding uncertain tax positions may be subject to review and adjusted at a later date based upon ongoing analyses of tax laws, regulations, and interpretations thereof as well as other factors. Generally, federal, state and local authorities may examine the tax returns for three years from the date of filing and the current and prior three years remain subject to examination as of December 31, 2017.

The Company's Parent recognizes deferred tax assets and liabilities for the future tax consequences of events that have been recognized in its financial statements or income tax returns. The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. The Company's Parent prepares its tax returns on a cash basis. Accordingly, the Company computes deferred tax assets or liabilities for the increase or decrease in future years' tax liabilities related to the temporary differences, which arise by utilizing these two accounting methods.

Fair Value of Financial Instruments

Certain financial instruments are carried at cost on the statement of financial conditions, which approximates fair value due to their short-term, highly liquid nature. These financial instruments include cash, accounts receivable, accrued expenses and other liabilities and due to affiliates.

MARWOOD GROUP LLC
(A Wholly-Owned Subsidiary of Marwood Group & Co. USA LLC)

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

Note 3 - Related Party Transactions

The Company, its Parent, and another broker-dealer affiliate related to the Parent (the "Affiliate"), are party to an expense sharing agreement (the "Agreement"), which may be revised from time to time, but not less than annually. The Agreement states that certain shared expenses; rent, telephone and IT services, office supplies and compensation/benefit administrative services, are to be paid by the Company and the Affiliate based on a formula of prior year expenses and present usage. Additionally, certain direct expenses are to be paid by the Company and Affiliate including audit fees, regulatory fees, FinOp fees and compensation of employees.

Net expenses charged to the Company were \$69,920 for the year ended December 31, 2017. Due to affiliates of \$10,311, as shown on the Statement of Financial Condition, represents unreimbursed expenses at December 31, 2017.

Note 4 - Income Taxes

The provision for income taxes amounted to \$4,900 for the year ended December 31, 2017.

Note 5 - Retirement Plan

Effective January 1, 2011, the Company established a 401(k) plan. Employees are fully vested on 401(k) salary deferrals. Substantially all employees are eligible to participate. The Company matches employee contributions at the rate of 50% of the first 6% that is contributed. Company contributions were approximately \$4,500 for the year ended December 31, 2017.

MARWOOD GROUP LLC
(A Wholly-Owned Subsidiary of Marwood Group & Co. USA LLC)

NOTES TO FINANCIAL STATEMENTS

FOR THE YEAR ENDED DECEMBER 31, 2017

Note 6 - Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, to not exceed 15 to 1. At December 31, 2017, the Company had net capital of \$116,091 which was \$111,091 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .34 to 1 at December 31, 2017.

Note 7 - Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2014-09, Revenue from Contracts with Customers (Topic 606). The ASU amends the guidance for revenue recognition to replace numerous, industry specific requirements. In August 2015, ASU 2015-14 was issued which delayed the effective date of ASU 2014-09 to reporting periods beginning after December 15, 2018 for non-public companies. Early adoption is permitted for reporting periods beginning after December 15, 2017. Entities can transition to the standard either retrospectively or as a cumulative-effect adjustment as of the date of adoption. The Company is currently assessing a transition method and the impact the adoption of these ASUs will have on its financial statements.

Management does not believe that any other recently issued, but not yet effective, accounting standards if currently adopted would have a material effect on the accompanying financial statements.

Note 8 - Concentration of Credit Risk

The Company maintains its cash with TD Bank N.A. Deposits with TD Bank N.A. are insured under the Federal Deposit Insurance Corporation for up to \$250,000. At times, during the year ended December 31, 2017, the Company maintained cash balances that exceeded the federally insured limits. However, at December 31, 2017, the balance in the bank did not exceed the federally insured limit. The Company has not incurred any losses related to this investment and believes the potential risk of loss to be minimal.

Note 9 - Subsequent Events

The Company has evaluated subsequent events through February 27, 2018, the date the financial statements were available to be issued, and has concluded that no such events or transactions took place that would require disclosure herein.
