1. General

a. *Basis of Presentation*

The accompanying statement of financial condition includes the accounts of Morningstar Investment Services LLC (the Company, we, our). Morningstar, Inc., a publicly traded company, is the ultimate owner of the Company. Morningstar, Inc. and its subsidiaries (collectively, Ultimate Parent) are affiliates of the Company.

Effective December 31, 2015, the Ultimate Parent merged together two wholly owned, registered investment adviser subsidiaries, Morningstar Associates, LLC and Ibbotson Associates, Inc., and renamed the surviving entity, Morningstar Investment Management LLC ("MIM", Parent). In conjunction with and simultaneous to this merger, the Parent elected to reorganize the structure of the Company, into a limited liability company (i.e., Morningstar Investment Services LLC) and transferred ownership of that limited liability company to MIM (Parent) in the form of a capital contribution.

b. *Nature of Operations*

The Company, a Delaware limited liability company effective from January 1, 2016, is a securities broker/dealer and investment adviser registered with the Securities and Exchange Commission (the SEC) that provides portfolio-management services for financial advisors and intermediaries. In accordance with the terms of the Company's limited liability company agreement, the Company will continue in perpetuity, unless terminated earlier by decision of the sole member, Parent. Parent currently has no plans to terminate the Company's limited liability company agreement.

2. Summary of Significant Accounting Policies

a. *Management's Use of Estimates*

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual results could differ from those estimates.

b. *Cash*

c. Fees Receivable

Fees receivable represent advisory fees and shareholder servicing fees due from third parties on behalf of the Company and are recorded at their net realizable value. We maintain an allowance for doubtful accounts based on our estimate of the probable losses of fees receivable.

d. Due to Ultimate Parent and Due to Parent

Due to Ultimate Parent includes amounts due to the Ultimate Parent related to the intercompany agreements. See Note 5, Related-Party Transactions, for additional information concerning amounts due to Ultimate Parent.

Due to Parent includes amounts due to the Parent related to the intercompany agreements. See Note 5, Related-Party Transactions, for additional information concerning amounts due to Parent.

f. Income Taxes

The Company has elected to be treated as a disregarded entity for federal and state income tax purposes effective from January 1, 2016. As a disregarded entity, the Company's taxable income is included in the respective income tax returns of the Ultimate Parent. Therefore, effective from January 1, 2016, the liability for payment of federal and state income tax on the Company's earnings is the responsibility of Ultimate Parent, rather than the Company. Accordingly, no liability for U.S. federal and state income taxes will be recorded in the Company's financial statements starting in 2016 and the Tax-Sharing Agreement between the Company and Ultimate Parent is no longer in effect as of January 1, 2016.

g. Accounting for Sabbatical Leave

Full-time employees of the Company are eligible for six weeks of paid time off after four years of continuous service. In accordance with ASC 710-10-25, *Compensated Absences*, the Company records a liability for employees' sabbatical benefits over the period employees earn the right for sabbatical leave. As of December 31, 2017, the Company had accrued \$262,007 for sabbatical earned by eligible employees which is included in accounts payable and accrued expenses on the statement of financial condition.

3. Net Capital Requirements

The Company, as a registered broker-dealer, is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1) and is required to maintain minimum net capital, as defined, equal to the greater of \$100,000 or 6⅔% of aggregate indebtedness, as defined.

At December 31, 2017, the Company had net capital, as defined, of \$(662,379), which was \$983,831 below the required minimum net capital of \$321,452. The Company's ratio of aggregate indebtedness to net capital, as defined, was (7.28) to 1.

4. Defined Contribution Plan

Substantially all employees participate in the defined contribution 401(k) plan sponsored by the Ultimate Parent. The plan allows employees to voluntarily contribute pretax dollars up to a maximum amount allowable by the Internal Revenue Service. In 2017, we made matching contributions to our 401(k) program in the United States in an amount equal to 75 cents for every dollar of employee contributions up to a maximum of 7% of employee compensation in each pay period.

5. Related-Party Transactions

a. Intercompany Agreement

The Company has relationships with the Ultimate Parent and the Parent in the form of intercompany agreements whereby the Company engages them to provide certain services and support.

b. Intercompany Loans

The Company and the Ultimate Parent have an intercompany loan agreement. As of December 2017, the Company funded the Ultimate Parent \$55,600,000 in cash and recorded interest receivable on the loan of \$1,838,356. The following is a summary of the intercompany loan at December 31, 2017:

The agreement automatically renews for an additional one year term on December 31 of each year, unless either party provides written notice of non-renewal at least 60 days prior to the expiry of the then-current term. 6. Income Taxes

The Company has elected to be treated as a disregarded entity for federal and state income tax purposes effective from January 1, 2016. As a disregarded entity, the Company's taxable income is included in the respective income tax returns of the Ultimate Parent. Therefore, effective from January 1, 2016, the liability for payment of federal and state income tax on the Company's earnings is the responsibility of Ultimate Parent, rather than the Company. Accordingly, no liability for U.S. federal and state income taxes will be recorded in the Company's financial statements starting in 2016.

7. Stock-Based Compensation

The Ultimate Parent charges the Company stock-based compensation expense determined in accordance with ASC 718, *Compensation—Stock Compensation*, for restricted stock units granted to the Company's employees.

These grants are made in accordance with the Ultimate Parent's stock plans. Generally, the Company's employees are eligible for participation in these stock plans on the first day of employment. Restricted stock units vest ratably over a four-year period.

a. Restricted Stock Units

The Ultimate Parent measures the fair value of its restricted stock units on the date of grant based on the market price of the underlying common stock as of the close of trading on the day prior to grant. The Ultimate Parent amortizes that value to stock-based compensation expense, net of estimated forfeitures, ratably over the vesting period.

A summary of the Ultimate Parent restricted stock units held by the Company's employees as of December 31, 2017 is as follows:

Restricted stock units	Shares	Fair value
Restricted stock units - January 1, 2017	364	\$ 75.61
Granted	332	75.22
Vested	(169)	74.01
Restricted stock units - December 31, 2017	527	\$ 75.88

As of December 31, 2017, the total amount of unrecognized stock-based compensation expense related to restricted stock units was approximately \$31,341, which is expected to be recognized over an average period of approximately 33 months.

8. Recently Issued Accounting Pronouncements

In May 2014, ASU No. 2014-09, *Revenue from Contracts with Customers (Topic 606)* was issued, which provides a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. The standard also provides guidance on accounting for certain contract costs and requires new disclosures. The standard is effective for annual reporting periods beginning after December 15, 2017.

We have obtained an understanding of ASU No. 2014-09 and have substantially completed our analysis of the impact of the new standard on our financial results. We have completed a high-level assessment of the attributes within our contracts for our major products and services, and we have assessed the impacts to our internal processes, control environment, and disclosures. We have determined that the adoption of ASU No. 2014-09 will not result in a material change to the timing of when revenue is recognized and we intend to retain similar accounting treatment used to recognize revenue under current practices. We have evaluated treatment related to shareholder servicing fees in relation to principal vs. agent considerations, and determined we will continue reporting on a gross basis. We are continuing to assess the impact of the new standard on our financial results and other possible impacts, such as changes in presentation and requirement for expanded disclosures in the financial statement footnotes. The standard allows for both retrospective and modified retrospective methods of adoption. We plan to adopt using the modified retrospective transition method, and upon adoption, we will recognize the cumulative effect of adopting this guidance as an adjustment to our opening balance of retained earnings.

9. Contingencies

On July 14, 2016, two individuals who were clients of a financial advisor participating in the Morningstar Managed Portfolio program, filed a notice of arbitration and statement of claim with FINRA, alleging that the Company made material misrepresentations and breached its fiduciary duties to these individuals by allegedly failing to execute an agreed-upon investment strategy. These individuals alleged that they suffered actual damages of \$267,085 as a result of the Company's conduct, and that the damages should be trebled due to the Company's alleged gross negligence, resulting in total damages of \$801,254. On November 10, 2016, the Company filed a complaint for injunctive and declaratory relief in the United States District Court for the Eastern District of Pennsylvania seeking to enjoin the FINRA arbitration on the basis that these individuals had contractually agreed to submit all disputes with the Company to arbitration pursuant to the rules of the American Arbitration Association, and that none of the allegations of the claim related to the Company's FINRA regulated activities.

On December 19, 2016, these individuals voluntarily withdrew their claim in the FINRA arbitration proceeding, without prejudice. On December 23, 2016, the Company voluntarily dismissed its complaint, without prejudice.

In December 2017, one of the individuals informed the Company that he intended to retain counsel to commence an arbitration proceeding with respect to the same or similar claims, but that he was willing to settle the matter for \$150,000. The Company responded to this settlement offer with a counter offer of \$25,000. By letter dated February 2, 2018, counsel to these individuals indicated they were prepared to file an arbitration proceeding based on the same allegations, but that they remained willing to settle the matter for \$135,000. On February 23, 2018, the Company's counsel sent a letter to their counsel disputing the claims in their entirety but offering to settle the matter for \$50,000 to avoid the costs of an arbitration proceeding. As of December 31, 2017, no reserve was recorded for this matter.

10. Subsequent Events

The Company evaluated its December 31, 2017 financial statements for subsequent events through March 1, 2018, the date that the financial statements were available to be issued. The Company is not aware of any subsequent events which would require recognition or disclosure in the financial statements, other than the below:

On December 31, 2017, the Company had a breach of the minimum net capital requirements which resulted in a net capital deficit of \$(983,831).

On March 1, 2018, the Ultimate Parent repaid \$2,500,000 of the outstanding loan balance to the Company and cured the breach of the net capital requirement.
