1. Nature and Continuance of Operations

Ouvo Inc. (the “Company”) was incorporated under the laws of the State of Delaware on 16 November 2000. The Company was incorporated for the purpose to promote and carry on any lawful business for which a corporation may be incorporated under the laws of the State of Delaware.

The Company is a development stage enterprise, as defined in Statements of Financial Accounting Standards (“SFAS”) No. 7, “*Accounting and Reporting by Development Stage Enterprises*”. The Company is devoting all of its present efforts to securing and establishing a new business and its planned principle operations have not commenced. Accordingly, no revenue has been derived during the organization period.

The Company’s financial statements as at 31 March 2006 and for the three month period then ended have been prepared on a going concern basis, which contemplates the realization of assets and the settlement of liabilities and commitments in the normal course of business. The Company has a loss of \$35,950 for the three month period ended 31 March 2006 (31 March 2005 - \$5,955) and has working capital deficit of \$344,720 at 31 March 2006 (31 March 2005 - \$35,983, 31 December 2005 - \$308,770).

On 30 April 2004, the Company entered into a Share Exchange Agreement (the “Agreement”) with Gateway Entertainment Group, Inc. (“Gateway”), a New Jersey corporation, wherein the Company agreed to issue to the shareholders of Gateway 8,666,667 common shares in exchange for the 1,000 shares that constituted all the issued and outstanding shares of Gateway. On 25 June 2004, Gateway completed the reverse acquisition under the Agreement with the Company. Immediately before the acquisition, the Company had 100,000,000 common shares authorized and 366,667 common shares issued and outstanding. The Company completed a 48:1 forward stock split and the total issued and outstanding shares after completing the acquisition was 26,266,667 common shares.

Immediately after the acquisition, the management of Gateway took control of the board and office positions of the Company, constituting a change of control. Because the former owners of Gateway gained control of the Company, the transaction would normally have been considered a purchase by Gateway. However, since the Company was not a business, the transaction was not considered to be a business combination, and the transaction was accounted for as a recapitalization of Gateway and the issuance of stock by Gateway for the assets and liabilities of the Company. The value of the net assets of the Company acquired by Gateway was the same as their historical book value, being a deficiency of \$3,130.

Gateway was incorporated on 13 March 1991, under the laws of the State of New Jersey with an authorized capital of 200,000 shares of no par value common stock. The accompanying financial statements are the historical financial statements of Gateway.

1. Nature and Continuance of Operations - Continued

During the year ended 31 December 2005, the Company decided to discontinue its operations with respect to the gaming industry. All operating activities related to the discontinued operations were carried out by the Company's legal subsidiary, Gateway.

On 7 March 2005, the Company entered into a Separation Agreement with Stephen Lasser (the "Lasser Agreement") and a Share Cancellation and Business Transfer Agreement with Lawrence Smith (the "Smith Agreement"). All shares issued to the Gateway shareholders as a result of the reverse merger were cancelled.

Under the Smith Agreement, Smith agreed to cancel the 5,200,000 common shares of the Company owned by him, and the Company agreed to transfer its assets related to the establishment of a television network dedicated to the Gaming Network Business, including ownership of Gateway, to Smith. On 8 March 2005 the assets comprising the Gaming Network Business were transferred to Smith in exchange for the return to treasury and cancellation of the 5,200,000 common shares of the Company. Smith was formerly an officer and director of the Company and was the Company's largest shareholder prior to the cancellation of his common shares.

Under the Lasser Agreement, Lasser agreed to cancel the 3,466,667 common shares of the Company owned by him and release the Company from any claims or potential claims Lasser has or may have against the Company or its directors and officers and the Company agreed to release Lasser from any claims or potential claims the Company has or may have against Lasser. On 8 March 2005 Lasser returned 3,466,667 common shares to the Company's treasury and the common shares were cancelled.

Management cannot provide assurance that the Company will ultimately achieve profitable operations or become cash flow positive, or raise additional debt and/or equity capital. Management believes that the Company's capital resources should be adequate to continue operating and maintaining its business strategy during the fiscal year ending 31 December 2006. However, if the Company is unable to raise additional capital in the near future, due to the Company's liquidity problems, management expects that the Company will need to curtail operations, liquidate assets, seek additional capital on less favorable terms and/or pursue other remedial measures. These financial statements do not include any adjustments related to the recoverability and classification of assets or the amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

At 31 March 2006, the Company was not engaged in a business and had suffered losses from development stage activities to date. Although management is currently attempting to implement its business plan, and is seeking additional sources of equity or debt financing, there is no assurance these activities will be successful. These factors raise substantial doubt about the ability of the Company to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

2. Significant Accounting Policies

The following is a summary of significant accounting policies used in the preparation of these financial statements.

Basis of presentation

The accompanying unaudited interim financial statements have been prepared as of 31 March 2006 and for the three month period then ended, in accordance with accounting principles generally accepted in the United States of America relating to the preparation of financial statements for interim periods. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Operating results for the three month period ended 31 March 2006 are not necessarily indicative of the results that may be expected for the year ending 31 December 2006.

These interim financial statements follow the same accounting policies and methods of their application as the most recent annual financial statements, except as noted below. These interim financial statements should be read in conjunction with the audited financial statements of the Company as at 31 December 2005.

Cash and cash equivalents

Cash and cash equivalents include highly liquid investments with original maturities of three months or less.

Long-lived assets

In accordance with SFAS No. 144, "*Accounting for Impairment or Disposal of Long-Lived Assets*", the carrying value of long-lived assets is reviewed on a regular basis for the existence of facts or circumstance that may suggest impairment. The Company recognizes an impairment when the sum of the expected undiscounted future cash flows is less than the carrying amount of the asset. Impairment losses, if any, are measured as the excess of the carrying amount of the asset over its estimated fair value.

Financial instruments

The carrying value of cash, accounts payable and accrued liabilities, and due to related parties approximates their fair value because of the short maturity of these instruments. The Company's operations are in Canada and virtually all of its assets and liabilities are giving rise to significant exposure to market risks from changes in foreign currency rates. The Company's financial risk is the risk that arises from fluctuations in foreign exchange rates and the degree of volatility of these rates. Currently, the Company does not use derivative instruments to reduce its exposure to foreign currency risk.

2. Significant Accounting Policies - Continued

Income taxes

Potential benefits of income tax losses are not recognized in the accounts until realization is more likely than not. The Company has adopted SFAS No. 109, "*Accounting for Income Taxes*", as of its inception. Pursuant to SFAS No. 109 the Company is required to compute tax asset benefits for net operating losses carried forward. The potential benefits of net operating losses have not been recognized in these financial statements because the Company cannot be assured it is more likely than not it will utilize the net operating losses carried forward in future years.

Comprehensive loss

SFAS No. 130, "*Reporting Comprehensive Income*", establishes standards for the reporting and display of comprehensive loss and its components in the financial statements. As at 31 March 2006, the Company has no items that represent a comprehensive loss and, therefore, has not included a schedule of comprehensive loss in the financial statements.

Basic and diluted net loss per share

The Company computes net loss per share in accordance with SFAS No. 128, "*Earnings per Share*". SFAS No. 128 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing net loss available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all potentially dilutive common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all potentially dilutive shares if their effect is anti-dilutive.

Foreign currency translation

The Company's functional and reporting currency is in U.S. dollars. The financial statements of the Company are translated to U.S. dollars in accordance with SFAS No. 52, "*Foreign Currency Translation*". Monetary assets and liabilities denominated in foreign currencies are translated using the exchange rate prevailing at the balance sheet date. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income. The Company has not, to the date of these financial statements, entered into derivative instruments to offset the impact of foreign currency fluctuations.

2. Significant Accounting Policies – Continued

Start-up expenses

The Company has adopted Statement of Position No. 98-5, “*Reporting the Costs of Start-up Activities*”, which requires that costs associated with start-up activities be expensed as incurred. Accordingly, start-up costs associated with the Company's formation have been included in the Company's general and administrative expenses for the period from the date of inception on 13 March 1991 to 31 December 2005.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from these estimates.

Recent accounting pronouncements

In March 2006, the Financial Accounting Standards Board (the “FASB”) issued Statements of Financial Accounting Standards (“SFAS”) No. 156, “*Accounting for Servicing of Financial Assets*”, which amends SFAS No. 140. SFAS No. 156 may be adopted as early as 1 January 2006, for calendar year-end entities, provided that no interim financial statements have been issued. Those not choosing to early adopt are required to apply the provisions as of the beginning of the first fiscal year that begins after 15 September 2006 (e.g. 1 January 2007, for calendar year-end entities). The intention of the new statement is to simplify accounting for separately recognized servicing assets and liabilities, such as those common with mortgage securitization activities, as well as to simplify efforts to obtain hedge-like accounting. Specifically, the FASB said SFAS No. 156 permits a servicer using derivative financial instruments to report both the derivative financial instrument and related servicing asset or liability by using a consistent measurement attribute, or fair value. The adoption of SFAS No. 156 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

In February 2006, the FASB issued SFAS No. 155, “*Accounting for Certain Hybrid Financial Instruments*”, which amends SFAS No. 133, “*Accounting for Derivative Instruments and Hedging Activities*” and SFAS No. 140, “*Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities*”. SFAS No. 155 permits fair value measurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation, establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or hybrid financial instruments containing embedded derivatives. The adoption of SFAS No. 155 is not expected to have a material impact on the Company's financial position, results of operations or cash flows.

2. Significant Accounting Policies – Continued

In May 2005, the FASB issued SFAS No. 154, “*Accounting Changes and Error Corrections – A Replacement of APB Opinion No. 20 and SFAS No. 3*”. SFAS No. 154 changes the requirements for the accounting for and reporting of a change in accounting principle and applies to all voluntary changes in accounting principle. It also applies to changes required by an accounting pronouncement in the unusual instance that the pronouncement does not include specific transition provisions. SFAS No. 154 requires retrospective application to prior periods' financial statements of changes in accounting principle, unless it is impracticable to determine either the period-specific effects or the cumulative effect of the change. The provisions of SFAS No. 154 are effective for accounting changes and correction of errors made in fiscal years beginning after 15 December 2005. The adoption of this standard is not expected to have a material effect on the Company's results of operations or financial position.

In March 2005, the Securities and Exchange Commission (“SEC”) staff issued Staff Accounting Bulletin (“SAB”) No. 107 to give guidance on the implementation of SFAS No. 123R. The Company will consider SAB No. 107 during implementation of SFAS No. 123R.

In December 2004, the FASB issued SFAS No. 153, “*Exchanges of Nonmonetary Assets – An Amendment of APB Opinion No. 29*”. The guidance in APB Opinion No. 29, *Accounting for Nonmonetary Transactions*, is based on the principle that exchanges of nonmonetary assets should be measured based on the fair value of the assets exchanged. The guidance in that Opinion, however, included certain exceptions to that principle. SFAS No. 153 amends Opinion No. 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. A nonmonetary exchange has commercial substance if the future cash flows of the entity are expected to change significantly as a result of the exchange. The provisions of SFAS No. 153 are effective for nonmonetary asset exchanges occurring in fiscal periods beginning after 15 June 2005. Early application is permitted and companies must apply the standard prospectively. The adoption of this standard is not expected to have a material effect on the Company's results of operations or its financial position.

2. Significant Accounting Policies – Continued

In December 2004, the FASB issued SFAS No. 123R, “*Share Based Payment*”. SFAS No. 123R is a revision of SFAS No. 123, “*Accounting for Stock-Based Compensation*”, and supersedes APB Opinion No. 25, “*Accounting for Stock Issued to Employees*” and its related implementation guidance. SFAS No. 123R establishes standards for the accounting for transactions in which an entity exchanges its equity instruments for goods or services. It also addresses transactions in which an entity incurs liabilities in exchange for goods or services that are based on the fair value of the entity's equity instruments or that may be settled by the issuance of those equity instruments. SFAS No. 123R focuses primarily on accounting for transactions in which an entity obtains employee services in share-based payment transactions. SFAS No. 123R requires a public entity to measure the cost of employee services received in exchange for an award of equity instruments based on the grant-date fair value of the award (with limited exceptions). That cost will be recognized over the period during which an employee is required to provide service in exchange for the award – the requisite service period (usually the vesting period). SFAS No. 123R requires that the compensation cost relating to share-based payment transactions be recognized in the financial statements. That cost will be measured based on the fair value of the equity or liability instruments issued. Public entities that file as small business issuers will be required to apply SFAS No. 123R in the first interim or annual reporting period that begins after 15 December 2005. The adoption of this standard is not expected to have a material effect on the Company's results of operations or its financial position.

The FASB has also issued SFAS No. 151 and 152, but they will not have an effect of the financial reporting of the Company.

Comparative figures

Certain comparative figures have been adjusted to conform to the current period's presentation.

3. Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities are non-interest bearing, unsecured and have settlement dates within one year.

	As at 31 March 2006	As at 31 December 2005 (Audited)
	\$	\$
Account payable	23,193	16,392
Accrued liabilities	14,555	28,403
	<u>37,748</u>	<u>44,795</u>

4. Note payable

The note payable bears interest at 10% per annum, is repayable in full on 19 June 2006, and is secured by the Company's existing and future assets. At the note payable holder's option, the note payable can be converted into common shares of the Company at a conversion rate to be negotiated between the two parties (Note 13).

5. Due to Related Party

As at 31 March 2006, the amount due to related party consists of \$45,112 (31 December 2005 - \$20,229) payable to a director of the Company. This balance is non-interest bearing, unsecured and has no fixed terms of repayment.

6. Capital Stock

Authorized

The total authorized capital is 100,000,000 common shares with a par value of \$0.0001 per common share.

Issued and outstanding

The total issued and outstanding capital stock is 8,000,000 common shares with a par value of \$0.0001 per common share.

On 8 March 2005, the Company cancelled 8,666,667 common shares (Note 1).

On 9 June 2004, the Company, by way of unanimous written consent of the Board of Directors, cancelled 22,400,000 restricted common shares of the Company held by a former director of the Company. The former director agreed to such a cancellation. The actual share certificates related to this event have not yet been returned to the Company's treasury and, as a result, have not yet been formally removed from the Company's list of outstanding common shares. The Company is currently in the process of completing court proceedings to have the common shares removed from the formal list of the Company's outstanding shares (Note 13).

7. Related Party Transactions

During the period ended 31 March 2006, the Company paid or accrued management fees of \$15,000 (31 December 2005 - \$55,000) to a director of the Company.

The amounts charged to the Company for the services provided have been determined by negotiation among the parties, and in certain cases, are covered by signed agreements. It is the position of the management of the Company that these transactions were in the normal course of operations and were measured at the exchange value which represented the amount of consideration established and agreed to by the related parties.

8. Income Taxes

The Company has losses carried forward for income tax purposes to 31 March 2006. There are no current or deferred tax expenses for the period ended 31 March 2006 due to the Company's loss position. The Company has fully reserved for any benefits of these losses. The deferred tax consequences of temporary differences in reporting items for financial statement and income tax purposes are recognized, as appropriate. Realization of the future tax benefits related to the deferred tax assets is dependent on many factors, including the Company's ability to generate taxable income within the net operating loss carryforward period. Management has considered these factors in reaching its conclusion as to the valuation allowance for financial reporting purposes.

The provision for refundable federal income tax consists of the following:

	For the three month period ended 31 March 2006 \$	For the three month period ended 31 March 2005 \$
Deferred tax asset attributable to:		
Current operations	12,223	1,991
Less: Change in valuation allowance	<u>(12,223)</u>	<u>(1,991)</u>
Net refundable amount	<u>-</u>	<u>-</u>

The composition of the Company's deferred tax assets as at 31 March 2006 and 31 December 2005 is as follows:

	As at 31 March 2006 \$	As at 31 December 2005 (Audited) \$
Net income tax operating loss carryforward	<u>252,089</u>	<u>216,139</u>
Statutory federal income tax rate	34%	34%
Effective income tax rate	0%	0%
Deferred tax asset		
Tax loss carryforward	85,710	73,487
Less: Valuation allowance	<u>(85,710)</u>	<u>(73,487)</u>
Net deferred tax asset	<u>-</u>	<u>-</u>

8. Income Taxes - Continued

The potential income tax benefit of these losses has been offset by a full valuation allowance.

As at 31 March 2006, the Company has an unused net operating loss carryforward balance of approximately \$252,089 that is available to offset future taxable income. These unused net operating loss carryforward balances for income tax purposes expires as follows:

2020	\$ 2,657
2021	19,368
2022	8,751
2023	7,509
2024	30,112
2025	147,742
2026	35,950

9. Commitment

On 1 February 2005, the Company entered into a contract for management services with an officer and director of the Company, requiring the Company to make a payment of \$5,000 per month.

10. Supplemental Disclosures with Respect to Cash Flows

	For the period from the date of inception on 31 March 1991 to 31 March 2006 \$	For the three month period ended 31 March 2006 \$	For the three month period ended 31 March 2005 \$
Accrued interest on note payable	17,142	6,164	-
Shares issued for acquisition of Gateway	(3,130)	-	-
Forgiveness of shareholder loan	54,311	-	-
Cash paid during the year for interest	-	-	-
Cash paid during the year for income taxes	2,135	-	-

11. Discontinued Operations

During the year ended 31 December 2005 the Company decided to discontinue its operations with respect to the gaming industry. All operating activities related to the discontinued operations were carried out by the Company's legal subsidiary, Gateway. The decision to discontinue this business component was made by management due to the Company's desire to shift its business focus to other unrelated opportunities. The ownership of Gateway was transferred to a former officer and director of the Company on 8 March 2005 in exchange for the cancellation of the former officer and director's shares of the Company's common stock (Notes 1 and 6).

In accordance with SFAS 144, "*Accounting for Impairment or Disposal of Long-lived Assets*", the related financial information for the gaming industry are reported as discontinued operations. The gaming industry component sought to develop a gaming lifestyle media business offering gambling, entertainment, news and information.

The Company does not have any continued involvement in the management of the gaming business, nor does the Company have a direct financial ownership investment in the gaming business.

A summary of the results of the operations of the discontinued gaming operating unit is as follows:

	For the period from the date of inception on 13 March 1991 to 31 March 2006 \$	For the three month period ended 31 March 2006 \$	For the three month period ended 31 March 2005 \$
Loss from discontinued operations before gain on disposition	(192,295)	-	-
Gain on disposition of discontinued operations	<u>10,098</u>	<u>-</u>	<u>10,098</u>
Income (loss) from discontinued operations	<u>(182,197)</u>	<u>-</u>	<u>10,098</u>

12. Contingency

The Company has been named the defendant in a lawsuit filed by Media Underground, Inc. for the collection of payments under a sublease agreement related to space rented and used by the Company. This lawsuit was settled subsequent to 31 March 2006 (Note 13).

13. Subsequent Events

The following events occurred subsequent to 31 March 2006:

- i. On 30 June 2006, the Company paid \$10,000 to Media Underground, Inc. as settlement of the lawsuit for payments under a sublease agreement (Note 12).
- ii. On 27 July 2006, the terms of the Agreement for the note payable were revised such that the lender has agreed to advance an additional \$75,000 to the Company and extend the payment date of the loan to 31 December 2006 (Note 4).
- iii. A total of 22,400,000 common shares of the Company cancelled by the Company's Board of Directors on 9 June 2004 have not yet been returned to the Company's treasury and formerly removed from the Company's list of outstanding shares. The Company is currently engaged in court proceedings to complete this action (Note 6).

ITEM 2. MANAGEMENT'S PLAN OF OPERATION

This Management's Plan of Operation and Results of Operations and other parts of this report contain forward-looking statements that involve risks and uncertainties. Forward-looking statements can also be identified by words such as "anticipates," "expects," "believes," "plans," "predicts," and similar terms. Forward-looking statements are not guarantees of future performance and our actual results may differ significantly from the results discussed in the forward-looking statements. Factors that might cause such differences include, but are not limited to, those discussed in the subsections entitled "Forward-Looking Statements and Factors That May Affect Future Results and Financial Condition" below. The following discussion should be read in conjunction with our financial statements and notes thereto included in this report. All information presented herein is based on our period ended March 31, 2006. Our fiscal year end is December 31.

The Company

The Company was incorporated in the State of Delaware on November 16, 2000, for the purpose of developing a web-based reservation system that would enable consumers to place reservations directly with restaurants through a dedicated website. Efforts to implement the Company's business plan were hampered by insufficient working capital which caused us to abandon our software development.

On June 25, 2004, the Company entered into a Share Exchange Agreement ("Agreement") with Gateway Entertainment Group, Inc., ("Gateway"), a private company seeking to develop a gaming lifestyle media business offering gambling, entertainment, news and information. Pursuant to the Agreement, the Company issued the shareholders of Gateway 26,000,000 shares post 48:1 forward split shares in exchange for all the issued and outstanding shares of Gateway. On July 26, 2004, a majority of the shareholders entitled to vote, elected to change the Company's name from "ReserveNet, Inc." to "Casino Entertainment, Inc." in line with our new business focus.

Despite efforts to develop a gaming lifestyle business, the Company decided, in early 2005, to discontinue our operations with respect to the gaming industry. On March 7, 2005, the Company entered into a Separation Agreement with Stephen Lasser and a Share Cancellation and Business Transfer Agreement with Lawrence Smith whereby all shares issued to the Gateway shareholders as a result of the June 2004 Agreement were cancelled.

On March 7, 2005, a majority of the shareholders entitled to vote elected to (i) change the Company's name to Ouvo, Inc.; (ii) authorize 5,000,000 shares of Class A Preferred Stock; and (iii) consolidate the issued and outstanding shares of common stock on a 1:3 basis.

The Company is not currently engaged in any active business other than the search for an operating business to acquire or with which to merge.

Plan of Operation

The Company's current focus is to seek out and consummate a merger with an existing operating entity. We intend to actively seek out and investigate possible business opportunities for the purpose of possibly acquiring or merging with one or more business ventures. We do not intend to limit our search to any particular industry or type of business. We are continually investigating possible merger candidates and acquisition opportunities. However, we can provide no assurance that we will have the ability to acquire or merge with an operating business, business opportunity, or property that will be of material value to us.

We anticipate that the Company will require only nominal capital to maintain our corporate viability, and necessary funds will most likely be provided by our officers and directors in the immediate future. However, unless we are able to facilitate an acquisition of or merger with an operating business or are able to obtain significant outside financing, there is substantial doubt about our ability to continue as a going concern.

The Company has not yet entered into any agreement, nor do we have any commitment or understanding to enter into or become engaged in any transaction, as of the date of this filing. Further, our directors will defer any compensation until such time as an acquisition or merger can be accomplished, and will strive to have the business opportunity provide their remuneration. As of the date hereof, we have not made any arrangements or definitive agreements to use outside advisors or consultants or to raise any additional capital.

We do not intend to use any employees, with the possible exception of part-time clerical assistance on an as-needed basis. Outside advisors or consultants will be used only if they can be obtained for minimal cost or on a deferred payment basis. Management is confident that it will be able to operate in this manner and to continue its search for business opportunities during the next twelve months.

Results of Operations

During the three months ended March 31, 2006 we discontinued our operations and we are not currently engaged in any active business other than the search for an operating business to acquire.

Net Losses

For the period from March 13, 1991 (the incorporation of Gateway), to March 31, 2006, the Company recorded a net loss of \$396,001, which is primarily attributable to losses from the discontinuation of business operations.

Net losses for the three month period ended March 31, 2006, were \$35,950 as compared to net losses of \$5,857 for the three month period ended March 31, 2005.

During the three month period ended March 31, 2006, the Company did not realize any revenues from operations.

The Company expects to continue to incur net losses in future periods until such time as we can generate revenue. However, there is no assurance that we will ever generate sufficient revenues to fund operations.

Capital Expenditures

The Company expended no amounts on capital expenditures for the period from March 13, 1991, to March 31, 2006.

Liquidity and Capital Resources

The Company is in the development stage and, since inception, has experienced significant changes in liquidity, capital resources and shareholders' equity. The Company had current and total assets of \$5,252, with current and total liabilities of \$349,972, as of March 31, 2006. Net stockholders' deficit in the Company was \$344,720 at March 31, 2006.

Cash flow used in operating activities was \$36,833 for the three month period ended March 31, 2006, as compared to cash flow used in operating activities of \$10,215 for the three month period ended March 31, 2005.

Cash flow used in investing activities was \$0 for the three month period ended March 31, 2006, as compared to cash flow used in investing activities of \$0 for the three month period ended March 31, 2005.

Cash flow provided by financing activities was \$24,883 for the three month period ended March 31, 2006, as compared to cash flow provided by financing activities of \$35,215 for the three month period ended March 31, 2005. The cash flow provided by financing activities during the current period is attributable to a loan from a related party.

Net cash used in discontinued operations was \$0 for the three month period ended March 31, 2006, as compared to net cash used in discontinued operations of \$25,000 for the three month period ended March 31, 2005. Net cash used in discontinued operations is attributed to abandoned efforts related to the Company's web based restaurant reservation system.

The Company's current assets may not be sufficient to conduct our plan of operation over the next twelve (12) months. We have no current commitments or arrangements with respect to, or immediate sources of funding. Further, no assurances can be given that funding, if needed, would be available or available to us on acceptable terms. Although, our major shareholders would be the most likely source of new funding in the form of loans or equity placements none have made any commitment for future investment and the Company has no agreement formal or otherwise. The Company's inability to obtain funding, if required, would have a material adverse affect on our plan of operation.

The Company has no current plans for the purchase or sale of any plant or equipment.

The Company has no current plans to make any changes in the number of employees.

Critical Accounting Policies

In the notes to the audited financial statements for the year ended December 31, 2005, included in the Company's Form 10-KSB, the Company discusses those accounting policies that are considered to be significant in determining the results of operations and our financial position. The Company believes that the accounting principles which we utilized conform to accounting principles generally accepted in the United States of America.

The preparation of financial statements requires Company management to make significant estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. By their nature, these judgments are subject to an inherent degree of uncertainty. On an on-going basis, the Company evaluates estimates. We base our estimates on historical experience and other facts and circumstances that are believed to be reasonable, and the results form the basis for making judgments about the carrying value of assets and liabilities. The actual results may differ from these estimates under different assumptions or conditions.

Forward Looking Statements and Factors That May Affect Future Results and Financial Condition

The statements contained in sections titled “Plan of Operation”, with the exception of historical facts are forward looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, which reflect our current expectations and beliefs regarding our future results of operations, performance, and achievements. These statements are subject to risks and uncertainties and are based upon assumptions and beliefs that may or may not materialize. These forward looking statements include, but are not limited to, statements concerning:

- our anticipated financial performance and business plan;
- the sufficiency of existing capital resources;
- our ability to raise additional capital to fund cash requirements for future operations;
- uncertainties related to the Company’s future business prospects;
- the ability of the Company to generate revenues to fund future operations;
- the volatility of the stock market and;
- general economic conditions.

We wish to caution readers that the Company’s operating results are subject to various risks and uncertainties that could cause our actual results to differ materially from those discussed or anticipated, including the factors set forth in the section entitled “Risk Factors”. We also wish to advise readers not to place any undue reliance on the forward looking statements contained in this report, which reflect our beliefs and expectations only as of the date of this report. We assume no obligation to update or revise these forward looking statements to reflect new events or circumstances or any changes in our beliefs or expectations, other than that is required by law.

Risks Factors

Our future operating results are highly uncertain. Before deciding to invest in us or to maintain or increase your investment, you should carefully consider the risks described below, in addition to the other information contained in this annual report. If any of these risks actually occur, our business, financial condition or results of operations could be seriously harmed. In that event, the market price for our common stock could decline and you may lose all or part of your investment.

We have a history of significant operating losses and such losses may continue in the future.

Since our inception in 1991, our expenses have substantially exceeded our income, resulting in continuing losses and an accumulated deficit of \$396,001 at March 31, 2006. During the three month period ended March 31, 2006, we recorded a net loss of \$35,950. The Company has never realized revenue from operations. We will continue to incur operating losses as we maintain our search for a suitable business opportunity and satisfy our ongoing disclosure requirements with the Securities and Exchange Commission ("Commission"). Our only expectation of future profitability is dependent upon our ability to acquire a revenue producing business opportunity, which acquisition can in no way be assured. Therefore, we may never be able to achieve profitability.

The Company's limited financial resources cast severe doubt on our ability to acquire a profitable business opportunity.

The Company's future operation is dependent upon the acquisition of a profitable business opportunity. However, the prospect of such an acquisition is doubtful due to the Company's limited financial resources. Since we have no current business opportunity, the Company is not in a position to improve this financial condition through debt or equity offerings. Therefore, this limitation may act as a deterrent in future negotiations with prospective acquisition candidates. Should we be unable to acquire a profitable business opportunity the Company will, in all likelihood, be forced to cease operations.

The market for our stock is limited and our stock price may be volatile.

The market for our common stock has been limited due to low trading volume and the small number of brokerage firms acting as market makers. Because of the limitations of our market and volatility of the market price of our stock, investors may face difficulties in selling shares at attractive prices when they want to. The average daily trading volume for our stock has varied significantly from week to week and from month to month, and the trading volume often varies widely from day to day.

We may incur significant expenses as a result of being quoted on the Over the Counter Bulletin Board, which may negatively impact our financial performance.

We may incur significant legal, accounting and other expenses as a result of being listed on the Over the Counter Bulletin Board. The Sarbanes-Oxley Act of 2002, as well as related rules implemented by the Commission has required changes in corporate governance practices of public companies. We expect that compliance with these laws, rules and regulations, including compliance with Section 404 of the Sarbanes-Oxley Act of 2002 as discussed in the following risk factor, may substantially increase our expenses, including our legal and accounting costs, and make some activities more time-consuming and costly. As a result, there may be a substantial increase in legal, accounting and certain other expenses in the future, which would negatively impact our financial performance and could have a material adverse effect on our results of operations and financial condition.

Our internal controls over financial reporting may not be considered effective, which could result in a loss of investor confidence in our financial reports and in turn have an adverse effect on our stock price.

Pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, beginning with our annual report for the year ending December 31, 2008, we may be required to furnish a report by our management on our internal controls over financial reporting. Such report will contain, among other matters, an assessment of the effectiveness of our internal controls over financial reporting as of the end of the year, including a statement as to whether or not our internal controls over financial reporting are effective. This assessment must include disclosure of any material weaknesses in our internal controls over financial reporting identified by management. The report will also contain a statement that our independent registered public accounting firm has issued an attestation report on management's assessment of internal controls. If we are unable to assert that our internal controls are effective as of December 31, 2008, or if our independent registered public accounting firm is unable to attest that our management's report is fairly stated or they are unable to express an opinion on our management's evaluation or on the effectiveness of our internal controls, investors could lose confidence in the accuracy and completeness of our financial reports, which in turn could cause our stock price to decline.

Going Concern

The Company's audit expressed substantial doubt as to the Company's ability to continue as a going concern as a result of limited operations. The Company's accumulated deficit was \$360,051 as of December 31, 2005, which had increased to \$396,001 as of March 31, 2006. The Company's ability to continue as a going concern is subject to the ability of the Company to realize a profit from operations and /or obtain funding from outside sources. Since the Company has no revenue generating operations, our plan to address the Company's ability to continue as a going concern over the next twelve months includes: (1) obtaining debt funding from private placement sources; (2) obtaining additional funding from the sale of our securities; and (3) obtaining loans and grants from various financial institutions, where possible. Although we believe that we will be able to obtain the necessary funding to allow us to remain a going concern through the methods discussed above, there can be no assurances that such methods will prove successful.

ITEM 3. CONTROLS AND PROCEDURES

Our president acts both as the chief executive officer and the chief financial officer and is responsible for establishing and maintaining disclosure controls and procedures

a) Evaluation of disclosure controls and procedures.

Under the supervision and with the participation of our management, including our principal executive officer and principal financial officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as of March 31, 2006. Based on this evaluation, our principal executive officer and our principal financial officer concluded that, as of the end of the period covered by this report, our disclosure controls and procedures were effective and adequately designed to ensure that the information required to be disclosed by us in the reports we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported within the time periods specified in applicable rules and forms.

The auditors did not test the effectiveness of nor relied on the internal controls of the Company for the fiscal quarters ended March 31, 2006 and 2005.

(b) Changes in internal controls over financial reporting.

During the quarter ended March 31, 2006 there has been no change in our internal control over financial reporting that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II – OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Kummer Kaemper Bonner Renshaw and Ferrario, Attorneys at Law, were retained to represent the Company in the defense of an action entitled *Media Underground, Inc. v. Casino Entertainment Television, Inc., et al*, filed in the District Court for Clark County, Nevada as Case No. A495425 (“Action”). Media Underground Inc., (the “Plaintiff”) alleged that it entered into a sublease agreement with the Company for certain premises located at 3485 West Harmon Avenue, Suite 110 in Las Vegas, Nevada, and that the payments called for by the sublease were not made. The Plaintiff asserted the following claims for relief: (i) breach of contract; (ii) breach of the implied covenant of good faith and fair dealing; (iii) fraud in the inducement; and (iv) attorneys’ fees. State court litigation was commenced by the Plaintiff on November 18, 2004 which was settled and dismissed on May 30, 2006. On June 30, 2006, the Company paid \$10,000 as settlement of the lawsuit.

EXHIBIT 31

CERTIFICATION OF CHIEF EXECUTIVE OFFICER AND CHIEF FINANCIAL OFFICER PURSUANT TO RULE 13a-14 OF THE SECURITIES EXCHANGE ACT OF 1934, AS AMENDED, AS ADOPTED PURSUANT TO SECTION 302 OF THE SARBANES-OXLEY ACT OF 2002

I, Kent Carasquero, chief executive officer and chief financial officer of Ouvo, Inc. ("Registrant") certify that:

1. I have reviewed this Quarterly Report on Form 10-QSB ("Report") of Registrant;
2. Based on my knowledge, this Report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this Report;
3. Based on my knowledge, the financial statements, and other financial information included in this Report, fairly present in all material respects the financial condition, results of operations and cash flows of the Registrant as of, and for, the period presented in this Report;
4. I am responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e) for the Registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under my supervision, to ensure that material information relating to the Registrant is made known to me by others within those entities, particularly during the period in which this Report is being prepared;
 - b) Evaluated the effectiveness of the Registrant's disclosure controls and procedures and presented in this Report my conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this Report based on such evaluation; and
 - c) Disclosed in this Report any change in the Registrant's internal control over financial reporting that occurred during the Registrant's most recent fiscal quarter (the registrants fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting; and
5. I have disclosed, based on my most recent evaluation, to the Registrant's auditors and the audit committee of Registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting which are reasonably likely to adversely affect the Registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the Registrant's internal controls over financial reporting.
