Selected Risk Factors

YOUR INVESTMENT IN THE BUyS MAY RESULT IN A LOSS — The BUyS do not guarantee any return of your initial investment in excess of \$100 per \$1,000 face amount. The return on the BUyS at maturity is linked to the weighted performance of the Basket Indices and will depend on whether, and the extent to which, the Basket performance is positive or negative.

CERTAIN BUILT-IN COSTS ARE LIKELY TO ADVERSELY AFFECT THE VALUE OF THE BUyS PRIOR TO MATURITY — Certain built-in costs, such as our estimated cost of hedging, are likely to adversely affect the value of the BUyS prior to maturity. You should be willing and able to hold your BUyS to maturity.

NO PERIODIC COUPON OR DIVIDEND PAYMENTS OR VOTING RIGHTS — You will not receive periodic coupon payments on the BUyS or have voting rights or rights to receive cash dividends or other distributions with respect to the component stocks of the Basket Indices.

LACK OF LIQUIDITY — There may be little or no secondary market for the BUyS. The BUyS will not be listed on any securities exchange.

OUR RESEARCH, OPINIONS OR RECOMMENDATIONS COULD AFFECT THE LEVEL OF THE BASKET INDICES OR THE MARKET VALUE OF THE BUyS — We and our affiliates and agents may publish research, express opinions or provide recommendations that are inconsistent with investing in or holding the BUyS, which could affect the level of the Basket Indices or the value of the BUyS.

POTENTIAL CONFLICTS — Because we and our affiliates play a variety of roles in connection with the issuance of the BUyS, including acting as calculation agent and hedging our obligations under the BUyS, the economic interests of the calculation agent and other affiliates of ours are potentially adverse to your interests as an investor in the BUyS.

MANY ECONOMIC AND MARKET FACTORS WILL AFFECT THE VALUE OF THE BUyS — In addition to the level of the Basket Indices on any day, the value of the BUyS will be affected by a number of complex and interrelated economic and market factors that may either offset or magnify each other.

CHANGES IN THE VALUE OF THE BASKET INDICES MAY OFFSET EACH OTHER — Price movements in the Basket Indices may not correlate with each other. At a time when the levels of some of the Basket Indices increase, the levels of other Basket Indices may not increase as much or may decline. Therefore, in calculating the Basket Return, increases in the level of one or more of the Basket Indices may be moderated, offset or more than offset by lesser increases or declines in the levels of the other Basket Indices.

COUNTERPARTY RISK — The payment of amounts owed to you under the BUyS is subject to the Issuer's ability to pay. Consequently, you are subject to counterparty risk and are susceptible to risks relating to the creditworthiness of Deutsche Bank AG.

CURRENCY MARKETS MAY BE HIGHLY VOLATILE — The BUyS are subject to currency exchange risk through their exposure to the performance of the MSCI EAFE[®] Index, which measures the performance of foreign stocks and are denominated in U.S. dollars. Currency markets may be highly volatile, particularly in relation to emerging or developing nations' currencies, and, in certain market conditions, also in relation to developed nations' currencies.

NON-U.S. SECURITIES MARKETS RISKS — The stocks included in the MSCI EAFE[®] Index are issued by foreign companies in foreign securities markets. These stocks may be more volatile than domestic stocks and may be subject to different political, market, economic, exchange rate, regulatory and other risks.

THE BASKET INDICES EXPOSE YOUR INVESTMENT TO VARIOUS RISKS — The Basket Indices expose you to various risks including risks relating to foreign equity markets and securities. To learn more about these risk factors, you should read the section entitled "Selected Risk Factors" in the term sheet for this transaction.

THE U.S. TAX CONSEQUENCES OF AN INVESTMENT IN THE BUyS ARE UNCLEAR — Significant aspects of the U.S. federal income tax treatment of the BUyS are uncertain, and no assurance can be given that the Internal Revenue Service will accept, or a court will uphold, the tax consequences described in the accompanying term sheet.
