

Performance Securities with Partial Protection Linked to a Global Index Basket

Strategic Alternatives to Indexing

Deutsche Bank AG, London Branch

\$• Securities Linked to a Global Index Basket due on or about March 30, 2012

Investment Description

Performance Securities with Partial Protection Linked to a Global Index Basket (the "Securities") provide enhanced exposure to potential appreciation of a basket of three global equity indices as well as protection at maturity of 15% of your initial investment. Investments with partial protection of the invested amount can help reduce portfolio risk while maintaining an enhanced exposure to equities. The partial protection feature applies only at maturity. The Securities do not guarantee any return of your initial investment in excess of \$1.50 per \$10.00 Security. A negative Basket Return of less than -15% will result in a payment at maturity of less than \$10.00 per Security.

Features

- ☐ **Growth Potential:** The Securities provide the opportunity to receive enhanced equity returns by multiplying any positive Basket Return by the Participation Rate of 100% to 110% (the actual Participation Rate will be determined on the Trade Date). The Securities are not subject to a maximum gain.
- ☐ **Partial Protection of the Invested Amount:** At maturity, investors will receive a cash payment equal to at least 15% of their initial investment.
- ☐ **Diversification:** Investors can diversify in a partial protection investment linked to a Basket of three global equity indices.

Key Dates¹

Trade Date	March 26, 2008
Settlement Date ²	March 31, 2008
Final Valuation Date ²	March 27, 2012
Maturity Date ²	March 30, 2012
CUSIP	25154H 66 5
ISIN	US25154H6650

¹ Expected. In the event that we make any change to the expected Trade Date and Settlement Date, the Final Valuation Date and Maturity Date will be changed so that the stated term of the Securities remains the same.

² Subject to postponement in the event of a market disruption event and as described under "Description of Securities—Payment at Maturity" in the accompanying product supplement B-1.

Security Offering

We are offering Performance Securities with Partial Protection Linked to a Global Index Basket. The Securities are linked to a Basket consisting of the S&P 500® Index, the Dow Jones EURO STOXX 50® Index and the Nikkei® 225 Index (the "Basket"). The Securities are not subject to a predetermined maximum gain and, accordingly, any return at maturity will be determined by the performance of the Basket. The Securities are our senior unsecured obligations and are offered at a minimum investment of \$1,000.

See "Additional Terms Specific to the Securities" in this free writing prospectus. The Securities will have the terms specified in the prospectus dated October 10, 2006, the prospectus supplement dated November 13, 2006, product supplement B-1 dated April 27, 2007, the addendum to product supplement B-1 dated December 13, 2007, underlying supplement no. 2 dated March 29, 2007 and this free writing prospectus. See "Key Risks" in this free writing prospectus and "Risk Factors" in the accompanying product supplement B-1 for risks related to investing in the Securities.

Deutsche Bank AG has filed a registration statement (including the prospectus dated October 10, 2006, as supplemented by the prospectus supplement dated November 13, 2006, product supplement B-1 dated April 27, 2007, the addendum to product supplement B-1 dated December 13, 2007 and underlying supplement no. 2 dated March 29, 2007) with the Securities and Exchange Commission, or SEC, for the offering to which this free writing prospectus relates. Before you invest in the Securities, you should read these documents and any other documents relating to this offering that Deutsche Bank AG has filed with the SEC for more complete information about Deutsche Bank AG and this offering. You may obtain these documents without cost by visiting EDGAR on the SEC website at www.sec.gov. Our Central Index Key, or CIK, on the SEC website is 0001159508. Alternatively, Deutsche Bank AG, any agent or any dealer participating in this offering will arrange to send you the prospectus, prospectus supplement, product supplement, addendum to the product supplement, underlying supplement and this free writing prospectus if you so request by calling toll-free 1-800-311-4409.

You may revoke your offer to purchase the Securities at any time prior to the time at which we accept such offer by notifying the applicable agent. We reserve the right to change the terms of, or reject any offer to purchase, the Securities prior to their issuance. We will notify you in the event of any changes to the terms of the Securities, and you will be asked to accept such changes in connection with your purchase of any Securities. You may also choose to reject such changes, in which case we may reject your offer to purchase the Securities.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the Securities or passed upon the accuracy or the adequacy of this free writing prospectus, the accompanying prospectus, the prospectus supplement, product supplement B-1 and underlying supplement no. 2. Any representation to the contrary is a criminal offense. The Securities are not bank deposits and are not insured by the Federal Deposit Insurance Corporation or any other governmental agency.

References to “Deutsche Bank AG,” “we,” “our” and “us” refer to Deutsche Bank AG, including, as the context requires, acting through one of its branches. In this free writing prospectus, “Securities” refers to the Performance Securities with Partial Protection Linked to a Global Index Basket that are offered hereby, unless the context otherwise requires.

This free writing prospectus, together with the documents listed above, contains the terms of the Securities and supersedes all other prior or contemporaneous oral statements as well as any other written materials including preliminary or indicative pricing terms, correspondence, trade ideas, structures for implementation, sample structures, brochures or other educational materials of ours. You should carefully consider, among other things, the matters set forth in “Key Risks” in this free writing prospectus and “Risk Factors” in the accompanying product supplement, as the Securities involve risks not associated with conventional debt securities. We urge you to consult your investment, legal, tax, accounting and other advisers before deciding to invest in the Securities.

Investor Suitability

The Securities may be suitable for you if:

- ◆ You seek an investment with a return linked to the performance of the Basket and you seek an investment that has exposure to the economies of the United States, the Eurozone and Japan.
- ◆ You seek an investment that offers partial protection of your investment when the Securities are held to maturity.
- ◆ You are willing and able to hold the Securities to maturity and accept that there may be little or no secondary market for the Securities.
- ◆ You do not seek current income from this investment.
- ◆ You are willing to invest in the Securities based on the range indicated for the Participation Rate (the actual Participation Rate will be determined on the Trade Date).

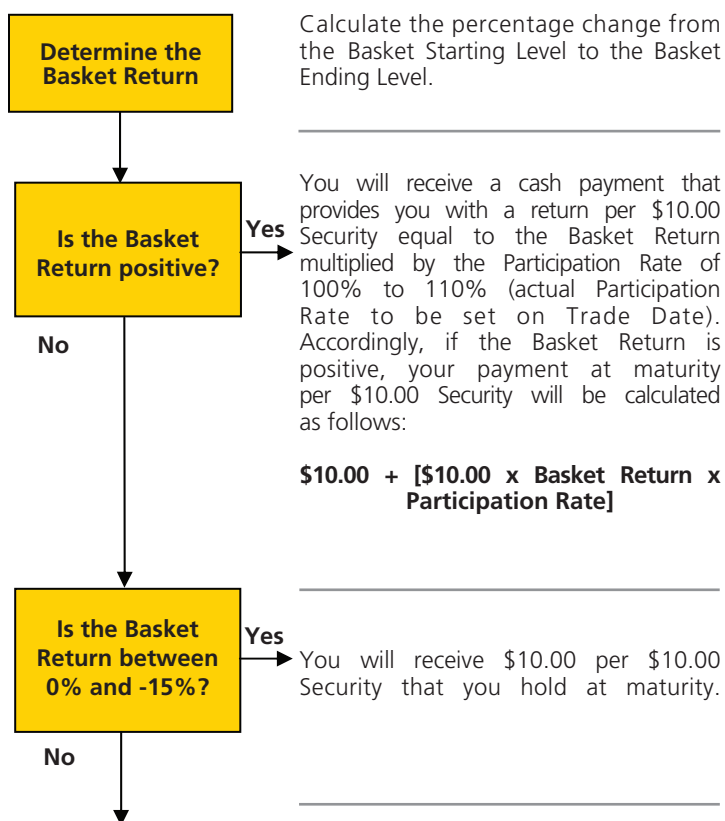

The Securities may not be suitable for you if:

- ◆ You do not seek an investment with exposure to the economies reflected in the Basket Indices.
- ◆ You are unwilling or unable to hold the Securities to maturity.
- ◆ You seek an investment that is 100% protected against the loss of your initial investment.
- ◆ You seek current income from your investments.
- ◆ You seek an investment for which there will be an active secondary market.

Indicative Terms

Issuer	Deutsche Bank AG, London Branch						
Issue Price	\$10.00 per Security						
Term	4 years						
Basket	The Securities are linked to a Basket consisting of the S&P 500® Index, the Dow Jones EURO STOXX 50® Index and the Nikkei® 225 Index (each, a "Basket Index" and, collectively, the "Basket Indices").						
Basket Weightings	<table> <tr> <td>S&P 500® Index (Bloomberg: SPX <Index>)</td><td>33.34%</td></tr> <tr> <td>Dow Jones EURO STOXX 50® Index (Bloomberg: SX5E <Index>)</td><td>33.33%</td></tr> <tr> <td>Nikkei® 225 Index (Bloomberg: NKY <Index>)</td><td>33.33%</td></tr> </table>	S&P 500® Index (Bloomberg: SPX <Index>)	33.34%	Dow Jones EURO STOXX 50® Index (Bloomberg: SX5E <Index>)	33.33%	Nikkei® 225 Index (Bloomberg: NKY <Index>)	33.33%
S&P 500® Index (Bloomberg: SPX <Index>)	33.34%						
Dow Jones EURO STOXX 50® Index (Bloomberg: SX5E <Index>)	33.33%						
Nikkei® 225 Index (Bloomberg: NKY <Index>)	33.33%						
Protection Percentage	15%						
Participation Rate	100% to 110%. The actual Participation Rate will be determined on the Trade Date.						
Payment at Maturity (per \$10.00 Security)	<p>If the Basket Return is positive, you will receive:</p> $\$10.00 + [\$10.00 \times \text{Basket Return} \times \text{Participation Rate}]$ <p>If the Basket Return is between 0% and -15%, you will receive \$10.00 per \$10.00 Security.</p> <p>If the Basket Return is lower than -15%, you will receive:</p> $\$10.00 + [\$10.00 \times (\text{Basket Return} + \text{the Protection Percentage})]$ <p>If the Basket Return is lower than -15%, you could lose up to \$8.50 per \$10.00 Security.</p>						
Basket Return	$\frac{\text{Basket Ending Level} - \text{Basket Starting Level}}{\text{Basket Starting Level}}$						
Basket Starting Level	Set equal to 100 on the Trade Date.						
Basket Ending Level	<p>The Basket closing level on the Final Valuation Date. On the Final Valuation Date, the Basket 'closing level will be calculated as follows:</p> $100 \times (1 + (33.34\% \times \text{SPX Return}) + (33.33\% \times \text{SX5E Return}) + (33.33\% \times \text{NKY Return})),$ <p>where the Return for each Basket Index is the performance of the respective Basket Index, calculated as the percentage change from the respective index closing level on the Trade Date to the respective index closing level on the Final Valuation Date.</p>						

Determining Payment at Maturity

If the Basket Return is lower than -15%, you will lose 1% of the face amount of your Securities for every 1% that the Basket Return is below -15%. Accordingly, your payment at maturity per \$10.00 Security will be calculated as follows:

$$\$10.00 + [\$10.00 \times (\text{Basket Return} + \text{Protection Percentage})]$$

In this scenario, you could lose up to 85% of your initial investment depending on how much the Basket declines.

What are the tax consequences of the Securities?

You should review carefully the section in the accompanying product supplement entitled "Certain U.S. Federal Income Tax Consequences," as supplemented by the accompanying addendum. Subject to the limitations described therein, although the tax consequences of an investment in the Securities are uncertain, we believe it is reasonable to treat the Securities as prepaid financial contracts for U.S. federal income tax purposes. Based on current law, under this treatment you should not be required to recognize taxable income prior to the maturity of your Securities, except pursuant to a sale or exchange, and your gain or loss on the Securities should be long-term capital gain or loss if you hold the Securities for more than one year. If, however, the Internal Revenue Service (the "IRS") were successful in asserting an alternative treatment for the Securities, the timing and/or character of income on the Securities might differ materially and adversely from the description herein. We do not plan to request a ruling from the IRS, and no assurance can be given that the IRS or a court will agree with the tax treatment described in this free writing prospectus and the accompanying product supplement.

On December 7, 2007, Treasury and the IRS released a notice requesting comments on the U.S. federal income tax treatment of "prepaid forward contracts" and similar instruments, such as the Securities. The notice focuses in particular on whether to require holders of these instruments to accrue income over the term of their investment. It also asks for comments on a number of related topics, including the character of income or loss with respect to these instruments; the relevance of factors such as the nature of the underlying property to which the instruments are linked; the degree, if any, to which income (including any mandated accruals) realized by non-U.S. holders should be subject to withholding tax; and whether these instruments are or should be subject to the "constructive ownership" regime, which very generally can operate to recharacterize certain long-term capital gain as ordinary income that is subject to an interest charge. While the notice requests comments on appropriate transition rules and effective dates, any Treasury regulations or other guidance promulgated after consideration of these issues could materially and adversely affect the tax consequences of an investment in the Securities, possibly with retroactive effect. Both U.S. and non-U.S. holders should consult their tax advisers regarding the U.S. federal income tax consequences of an investment in the Securities, including possible alternative treatments and the issues presented by this notice.

Under current law, the United Kingdom will not impose withholding tax on payments made with respect to the Securities.

For a discussion of certain German tax considerations relating to the Securities, you should refer to the section in the accompanying prospectus supplement entitled "Taxation by Germany of Non-Resident Holders."

Neither we nor UBS provides any advice on tax matters. You should consult your tax adviser regarding all aspects of the U.S. federal tax consequences of investing in the securities (including alternative treatments and the issues presented by the December 7, 2007 notice), as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Scenario Analysis and Examples at Maturity

The following scenario analysis and examples assume a Participation Rate of 105% and a range of Basket Returns. The actual Participation Rate will be set on the Trade Date.

Example 1—The level of the Basket increases by 10% from a Basket Starting Level of 100 to a Basket Ending Level of 110. Because the Basket Ending Level of 110 is greater than the Basket Starting Level of 100, the Basket Return is positive and calculated as follows:

$$\text{Basket Return} = (110 - 100)/100 = 10\%$$

Because the Basket Return is equal to 10%, the payment at maturity is equal to \$11.05 per \$10.00 Security, calculated as follows:

$$\text{Payment at maturity per } \$10.00 \text{ Security} = \$10.00 + (\$10.00 \times 10\% \times 105\%) = \$11.05$$

Example 2—The level of the Basket decreases by 10% from a Basket Starting Level of 100 to a Basket Ending Level of 90. Because the Basket Ending Level of 90 is less than the Basket Starting Level of 100, the Basket Return is negative and calculated as follows:

$$\text{Basket Return} = (90 - 100)/100 = -10\%$$

Because the Basket Return is equal to -10%, and the decrease in the level of the Basket does not exceed -15%, the payment at maturity is equal to \$10.00 per \$10.00 Security.

Example 3—The level of the Basket decreases by 30% from a Basket Starting Level of 100 to a Basket Ending Level of 70. Because the Basket Ending Level of 70 is less than the Basket Starting Level of 100, the Basket Return is negative and calculated as follows:

$$\text{Basket Return} = (70 - 100)/100 = -30\%$$

Because the Basket Return is equal to -30%, and the decrease in the level of the Basket exceeds -15%, investors will lose 1% of their initial investment for each 1% that the Basket Return exceeds the Protection Percentage, and the payment at maturity is equal to \$8.50 per \$10.00 Security calculated as follows:

$$\text{Payment at maturity per \$10.00 Security} = \$10.00 + [\$10.00 \times (-30\% + 15\%)] = \$8.50$$

Key Risks

An investment in the Securities involves significant risks. Some of the risks that apply to an investment in the Securities are summarized below, but we urge you to read the more detailed explanation of risks relating to the Securities generally in the “Risk Factors” section of the accompanying product supplement B-1. We also urge you to consult your investment, legal, tax, accounting and other advisers before you invest in the Securities.

- ♦ **Partial Protection of Your Initial Investment Applies Only if You Hold the Securities to Maturity**—You should be willing to hold your Securities to maturity. If you sell your Securities prior to maturity in the secondary market, you may have to sell them at a discount and you will not have partial protection to the extent of 15% of your initial investment if there is a decline in the Basket.
- ♦ **Your Investment in the Securities May Result in a Loss of up to 85% of Your Initial Investment**—The Securities do not guarantee any return of your initial investment in excess of \$1.50 per \$10.00 Security. The return on the Securities at maturity is linked to the performance of the Basket and will depend on whether, and the extent to which, the Basket Return is positive or negative. Your initial investment will be exposed to any decline in the Basket Ending Level, as compared to the Basket Starting Level, beyond the 15% Protection Percentage. Accordingly, you could lose up to \$8.50 for each \$10.00 investment that you make in the Securities.
- ♦ **Changes in the Level of the Basket Indices May Offset Each Other**—The Securities are linked to a Basket composed of the Basket Indices. At a time when the level of one or more of the Basket Indices increases, the level of the other Basket Index or Indices may not increase as much or may even decline. Therefore, in calculating the Basket Ending Level, increases in the level of one or more of the Basket Indices may be moderated, or offset, by lesser increases or declines in the level of the other Basket Index or Indices.
- ♦ **No Periodic Coupon Payments, Dividend Payments or Voting Rights**—As a holder of the Securities, you will not receive periodic coupon payments, and you will not have voting rights or rights to receive cash dividends or other distributions or other rights that holders of component stocks underlying the Basket Indices would have.
- ♦ **The Securities have Certain Built-in Costs**—While the payment at maturity described in this free writing prospectus is based on the full face amount of your Securities, the original issue price of the Securities includes the agents’ commission and the estimated cost of hedging our obligations under the Securities through one or more of our affiliates. As a result, the price, if any, at which Deutsche Bank AG or its affiliates would be willing to purchase Securities from you prior to maturity in secondary market transactions, if at all, will likely be lower than the original issue price, and any sale prior to the maturity date could result in a substantial loss to you. The Securities are not designed to be short-term trading instruments. Accordingly, you should be able and willing to hold your Securities to maturity.
- ♦ **We Are One of the Companies That Make Up the Dow Jones EURO STOXX 50® Index, but We Are Not Affiliated with Any Other Company Included in the Dow Jones EURO STOXX 50® Index, the S&P 500® Index or the Nikkei® 225 Index**—We are one of the companies that make up the Dow Jones EURO STOXX 50® Index, but we are not affiliated with any of the other companies whose stock is included in the Dow Jones EURO STOXX 50® Index, the S&P 500® Index or the Nikkei® 225 Index. As a result, we will have no ability to control the actions of such other companies, including actions that could affect the value of the stocks underlying the S&P 500® Index, the Dow Jones EURO STOXX 50® Index, the Nikkei® 225 Index or your Securities. None of the money you pay us will go to the respective sponsors of the S&P 500® Index, the Dow Jones EURO STOXX 50® Index and the Nikkei® 225 Index (the “Sponsors”), or any of the other companies included in the S&P 500® Index, the Dow Jones EURO STOXX 50® Index or the Nikkei® 225 Index, and none of those companies will be involved in the offering of the Securities in any way. Neither those companies nor the Sponsors will have any obligation to consider your interests as a holder of the Securities in taking any corporate actions that might affect the value of your Securities.
- ♦ **There May be Little or No Secondary Market for the Securities**—The Securities will not be listed on any securities exchange. Deutsche Bank AG or its affiliates intends to offer to purchase the Securities in the secondary market but is not required to do so and may cease such market making activities at any time. Even if there is a secondary market, it may not provide enough liquidity to allow you to trade or sell your Securities easily. Because other dealers are not likely to make a secondary market for the Securities, the price at which you may be able to trade your Securities is likely to depend on the price, if any, at which Deutsche Bank AG or its affiliates is willing to buy the Securities.
- ♦ **Potential Conflicts**—We and our affiliates play a variety of roles in connection with the issuance of the Securities, including acting as calculation agent and hedging our obligations under the Securities. In performing these duties, the economic interests of the calculation agent and other affiliates of ours are potentially adverse to your interests as an investor in the Securities.
- ♦ **We and our Affiliates and Agents May Publish Research, Express Opinions or Provide Recommendations that May Be Inconsistent with Investing in or Holding the Securities. Any Such Research, Opinions or Recommendations Could Affect the Level of the Basket to Which the Securities Are Linked or the Value of the Securities**—We, our affiliates and agents publish research from time to time on financial markets and other matters that may influence the value of the Securities, or express opinions or provide recommendations that may be inconsistent with purchasing or holding the Securities. We, our affiliates and agents may have published research or other opinions that are inconsistent with the investment view implicit in the Securities. Any research, opinions or recommendations expressed by us, our affiliates or agents may not be consistent with each other and may be modified from time to time without notice. Investors should make their own independent investigation of the merits of investing in the Securities and the Basket Indices to which the Securities are linked.
- ♦ **Price Prior to Maturity**—In addition to the level of the Basket on any day, the market price of the Securities will be affected by a number of economic and market factors that may either offset or magnify each other, including: the expected volatility of the Basket Indices; the time to maturity of the Securities; the market prices and dividend rates on the component stocks underlying the Basket Indices; interest and yield rates in the market generally and in the markets of the component stocks underlying the Basket Indices; a variety of economic, financial, political, regulatory or judicial events; the exchange rates and the volatility of the exchange rates between the U.S. dollar and the currencies in which the component stocks underlying the Basket Indices are based; supply and demand for the Securities; and our creditworthiness, including actual or anticipated downgrades in our credit ratings.

- ◆ **The Securities are subject to the Issuer's creditworthiness**—An actual or anticipated downgrade in the Issuer's credit rating will likely have an adverse effect on the market value of the Securities. The payment at maturity on the Securities is subject to the creditworthiness of the Issuer.
- ◆ **The Basket Return will not be adjusted for changes in exchange rates relative to the U.S. dollar**—The Dow Jones EURO STOXX 50® and the Nikkei® 225 Index measure the performance of foreign stocks that are denominated in currencies other than the U.S. dollar, but the returns of those indices will not be adjusted for changes in exchange rates between such currencies and the U.S. dollar. Depreciation of such currencies relative to the U.S. dollar will likely have an adverse effect on the relevant Basket Index or Indices.
- ◆ **Non-U.S. Securities Markets Risks**—The stocks included in the Dow Jones EURO STOXX 50® Index and the Nikkei® 225 Index are issued by foreign companies in foreign securities markets. These stocks may be more volatile than domestic stocks and may be subject to different political, market, economic, exchange rate, regulatory and other risks which may have a negative impact on the performance of the Securities.
- ◆ **The U.S. Federal Income Tax Consequences of an Investment in a Security are Unclear**—There is no direct legal authority regarding the proper U.S. federal income tax treatment of the Securities, and we do not plan to request a ruling from the IRS. Consequently, significant aspects of the tax treatment of the Securities are uncertain, and no assurance can be given that the IRS or a court will agree with the treatment described herein. If the IRS were successful in asserting an alternative treatment for the Securities, the timing and/or character of income thereon might differ materially and adversely from the description herein. In addition, on December 7, 2007, Treasury and the IRS released a notice requesting comments on the U.S. federal income tax treatment of "prepaid forward contracts" and similar instruments, such as the Securities. The notice focuses in particular on whether to require holders of these instruments to accrue income over the term of their investment. It also asks for comments on a number of related topics, including the character of income or loss with respect to these instruments; the relevance of factors such as the nature of the underlying property to which the instruments are linked; the degree, if any, to which income (including any mandated accruals) realized by non-U.S. holders should be subject to withholding tax; and whether these instruments are or should be subject to the "constructive ownership" regime, which very generally can operate to recharacterize certain long-term capital gain as ordinary income that is subject to an interest charge. While the notice requests comments on appropriate transition rules and effective dates, any Treasury regulations or other guidance promulgated after consideration of these issues could materially and adversely affect the tax consequences of an investment in the Securities, possibly with retroactive effect. Both U.S. and non-U.S. holders should review carefully the section of the accompanying product supplement entitled "Certain U.S. Federal Income Tax Consequences" and the accompanying addendum, and consult their tax advisers regarding the U.S. federal income tax consequences of an investment in the Securities (including alternative treatments and the issues presented by the December 7, 2007 notice), as well as any tax consequences arising under the laws of any state, local or non-U.S. taxing jurisdiction.

Historical Performance of the Basket

The graph accompanying illustrates the retrospective performance of the Basket from January 1, 1998 to February 28, 2008, calculated by setting the level of the Basket on February 28, 2008 equal to 100. These retrospective calculations of the Basket performance should not be taken as an indication of future performance.

The S&P 500® INDEX

The S&P 500® Index is published by Standard & Poor's ("S&P"), a division of The McGraw-Hill Companies, Inc. As discussed more fully in the underlying supplement No. 2 under the heading "The S&P 500® Index," the S&P 500® Index is intended to provide a performance benchmark for the U.S. equity markets. The calculation of the value of the S&P 500® Index is based on the relative value of the aggregate market value of the common stock of 500 companies as of a particular time compared to the aggregate average market value of the common stocks of 500 similar companies during the base period of the years 1941 through 1943. Ten main groups of companies comprise the S&P 500® Index, with the number of companies included in each group as of February 28, 2008 indicated below: Consumer Discretionary (87); Consumer Staples (39); Energy (36); Financials (92); Health Care (51); Industrials (56); Information Technology (71); Materials (28); Telecommunications Services (9); and Utilities (31).

You can obtain the level of the S&P 500® Index at any time from the Bloomberg Financial Markets page "SPX <Index> <GO>" or from the S&P website at www.standardandpoors.com.

The graph below illustrates the performance of the S&P 500® Index from January 1, 1998 to February 28, 2008. The historical levels of the S&P 500® Index should not be taken as an indication of future performance.

Source: Bloomberg L.P.

The S&P 500® Index closing level on February 28, 2008 was 1,367.68.

The information on the S&P 500® Index provided in this free writing prospectus should be read together with the discussion under the heading "The S&P 500® Index" in the underlying supplement No. 2. Information contained in the S&P website and Bloomberg Financial Markets page referenced above is not incorporated by reference herein.

Dow Jones EURO STOXX 50® INDEX

The Dow Jones EURO STOXX 50® Index is sponsored by STOXX Limited. As discussed more fully in underlying supplement no. 2 under the heading "The Dow Jones EURO STOXX 50® Index," the Dow Jones EURO STOXX 50® Index is a free float-adjusted market capitalization index that seeks to provide exposure to European large capitalization equity securities. The Dow Jones EURO STOXX 50® Index universe is defined as all components of the 18 Dow Jones EURO STOXX Supersector indices. The Dow Jones EURO STOXX Supersector indices represent the Eurozone portion of the Dow Jones STOXX Total Market Index, which in turn covers 95% of the total market capitalization of the stocks traded on the major exchanges of 12 European countries. The Dow Jones EURO STOXX 50® Index universe includes Austria, Belgium, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, the Netherlands, Portugal and Spain.

You can obtain the level of the Dow Jones EURO STOXX 50® Index at any time from the Bloomberg Financial Markets page "SX5E <Index> <GO>" or from the STOXX website at www.stoxx.com.

The graph below illustrates the performance of the Dow Jones EURO STOXX 50® Index from January 1, 1998 to February 28, 2008. The historical levels of the Dow Jones EURO STOXX 50® Index should not be taken as an indication of future performance.

Source: Bloomberg L.P.

The Dow Jones EURO STOXX 50® Index closing level on February 28, 2008 was 3,784.27.

The information on the Dow Jones EURO STOXX 50® Index provided in this free writing prospectus should be read together with the discussion under the heading "The Dow Jones EURO STOXX 50® Index" in underlying supplement no. 2. Information contained in the STOXX website and Bloomberg Financial Markets page referenced above is not incorporated by reference herein.

The Nikkei® 225 Index

The Nikkei® 225 Index is published and disseminated by Nikkei Inc. As discussed more fully in underlying supplement no. 2 under the heading "The Nikkei® 225 Index," the Nikkei® 225 Index is a modified, price-weighted average index of 225 Japanese companies listed in the First Section of the Tokyo Stock Exchange that measures the composite price performance of selected Japanese stocks. The 225 companies included in the Nikkei® 225 Index are divided into six sector categories: Technology, Financials, Consumer Goods, Materials, Capital Goods/Others and Transportation and Utilities.

You can obtain the level of the Nikkei® 225 Index at any time from the Bloomberg Financial Markets page "NKY <Index> <GO>" or from the Nikkei website at www.nni.nikkei.co.jp.

The graph below illustrates the performance of the Nikkei® 225 Index from January 1, 1998 to February 28, 2008. The historical levels of the Nikkei® 225 Index should not be taken as an indication of future performance.
