**Re: Newmont Mining Corporation
Form 10-K for the Fiscal Year Ended December 31, 2013
Filed February 21, 2014
File No. 001-31240**

Dear Mr. Gottesfield:

We have reviewed your filing and have the following comments. In some of our comments, we may ask you to provide us with information so we may better understand your disclosure.

Please respond to this letter within ten business days by amending your filing, by providing the requested information, or by advising us when you will provide the requested response. If you do not believe our comments apply to your facts and circumstances or do not believe an amendment is appropriate, please tell us why in your response.

After reviewing any amendment to your filing and the information you provide in response to these comments, we may have additional comments.

Form 10-K for the Fiscal Year Ended December 31, 2013

Proven and Probable Reserves page 38

1. Please forward to our engineer as supplemental information and not as part of your filing, your technical report or the information that establishes the legal, technical, and economic feasibility of the materials designated as reserves for your Long Canyon, Nevada and Merian, Suriname properties, as required by paragraph (c) of Industry Guide 7. The information requested includes, but is not limited to:
 - Property and geologic maps
 - Description of your sampling and assaying procedures
 - Drill-hole maps showing drill intercepts

- Representative geologic cross-sections and drill logs
- Description and examples of your cut-off calculation procedures
- Cutoff grades used for each category of your reserves and resources
- Justifications for the drill hole spacing used to classify and segregate proven and probable reserves
- A detailed description of your procedures for estimating reserves
- Copies of any pertinent engineering or geological reports, and executive summaries of feasibility studies or mine plans which include the cash flow analyses
- A detailed permitting and government approval schedule for the project, particularly identifying the primary environmental or construction approval(s) and your current location on that schedule.

If possible please provide the requested information electronically, preferably on a CD and formatted as Adobe PDF files. Provide the name and phone number for a technical person our engineer may call, if he has technical questions about your reserves. In the event your company desires the return of this supplemental material, please make a written request with the letter of transmittal. If there are any questions concerning the above request, please phone John Coleman, Mining Engineer at (202) 551-3610.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filing includes the information the Securities Exchange Act of 1934 and all applicable Exchange Act rules require. Since the company and its management are in possession of all facts relating to a company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In responding to our comments, please provide a written statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filing;
- staff comments or changes to disclosure in response to staff comments do not foreclose the Commission from taking any action with respect to the filing; and
- the company may not assert staff comments as a defense in any proceeding initiated by the Commission or any person under the federal securities laws of the United States.
