PTS Brokerage, LLC

Opinion on the Financial Statements

We have audited the accompanying statement of financial condition of PTS Brokerage, LLC (the "Company"), as of December 31, 2018, the related statements of operations, changes in members' equity and cash flows for the year then ended, and the related notes and supplementary information (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2018, and the results of its operations and its cash flows for the year ended December 31, 2018, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Supplementary Information

The Computation of Net Capital under Rule 15c3-1 of the Securities and Exchange Commission and the Computation for Determination of Reserve Requirements and Information Relating to Possession or Control Requirements Under Rule 15c3-3 of the Securities and Exchange Commission ("supplementary information"), has been subjected to audit procedures performed in conjunction with the audit of the Company's financial statements. The supplementary information is the responsibility of the Company's management. Our audit procedures included determining whether the supplementary information reconciles to the financial statements or the underlying accounting and other records, as applicable, and performing procedures to test the completeness and accuracy of the information presented in the supplementary information. In forming our opinion on the supplementary information, we evaluated whether the supplementary information, including its form and content, is presented in conformity with 17

C.F.R. § 240.17a-5. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the financial statements as a whole.

PTS BROKERAGE, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the significant accounting policies applied by management in the preparation of the financial statements.

Organization

PTS Brokerage, LLC (Company) was organized under the Laws of the State of New Jersey in 2001 and has been registered as a broker-dealer with the SEC and has been a member of the Financial Industry Regulatory Authority (FINRA) since August 2002. The Company sells mutual funds, life insurance products including variable annuities, provides investment advisory services and provides financial planning services to public customers. The Company is registered in thirteen (13) states to conduct securities transactions. Federal, state, and local income tax returns for years prior to 2015 are no longer subject to examination by tax authorities.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Property and equipment

Property and equipment are carried at cost.

Revenue recognition

Revenue is recognized from the sale of mutual funds as earned. Broker-dealers acting as mutual fund distributors may earn 12b-1 fees paid by the fund to the broker-dealer to cover distribution expenses which encompass marketing and selling of mutual fund shares. Revenue from the placement of life insurance products is recognized upon notification of policy acceptance and renewal. Revenue from investment advisory services is recognized as earned. Revenue from financial planning services is recognized as billed.

PTS BROKERAGE, LLC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Income taxes

The Company, a limited liability company, has elected to be taxed for federal and state purposes as a proprietorship. As a result, the Company is not a taxpaying entity for federal or state income tax purposes and, accordingly, no income tax expense or tax benefit has been recorded in these financial statements. Income or losses from the Company are reflected on the Member's income tax returns.

NOTE B – NET CAPITAL REQUIREMENT

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed a ratio of 15 to 1. At December 31, 2018 the ratio was .96 to 1. The Company complied with the exemptive provisions of Rule 15c3-3 under subparagraph (k)(1). All customer transactions are limited to the sale and redemption of redeemable securities of registered investment companies, the sale of life insurance products including variable annuities, and providing investment advisory services. At December 31, 2018, the Company had net capital, as defined, of \$71,926, which was \$66,926 in excess of its required minimum net capital of \$5,000.

NOTE C – EXPENSE AGREEMENT

The Company enters into an annual expense agreement with Professional Training Services, a company under common control. Under the agreement, the Company shares space with Professional Training Services and utilizes their telephone services in return for the payment of a percentage of Professional Training Services' monthly lease expense and their monthly telephone costs. For the year 2018, the Company paid 50% of the rent expense and 50% of the monthly telephone costs. The total rent expense for 2018 was \$12,900 and the total telephone expense was \$3,238. The Company also paid \$60,000 (12 monthly payments of \$5,000) to Professional Training Services for the use of its employees' administrative services.

NOTE D – SUBSEQUENT EVENTS

Events of the company subsequent to December 31, 2018 have been evaluated through February 25, 2019 which is the date the financial statements were available to be issued, for the purpose of identifying events requiring recording or disclosure in the financial statements for the year ended December 31, 2018. No subsequent events were identified that required disclosure.

NOTE E – RECENT ACCOUNTING PRONONUNCEMENTS

New Accounting Pronouncements - ASC 606 Revenue Recognition

In May 2014, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Codification 606, Revenue from Contracts with Customers (“ASC 606”). The new accounting standard, along with its related amendments, replaces the current rules-based GAAP governing revenue recognition with a principles-based approach. The Company adopted the new standard on January 1, 2018 using the modified retrospective approach, which requires the Firm to apply the new revenue standard to (i) all new revenue contracts entered into after January 1, 2018 and (ii) all existing revenue contracts as of January 1, 2018 through a cumulative adjustment to equity. In accordance with this approach, revenues for periods prior to January 1, 2018 will not be revised.

The core principle in the new guidance is that a company should recognize revenue in a manner that depicts the transfer of goods or services to customers in amounts that reflect the consideration the company expects to receive for those goods or services. In order to apply this core principle, the Company will apply the following five steps in determining the amount of revenues to recognize: (i) identify the contract; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction price to the performance obligations in the contract; and (v) recognize revenue when (or as) the performance obligation is satisfied. Each of these steps involves management’s judgment and an analysis of the material terms and conditions of the contract. Although total revenues may not be materially impacted by the new guidance, management notes changes to the disclosures based on the additional requirements prescribed by ASC 606. These new disclosures include information regarding the judgments used in evaluating when and how revenue is recognized and disclosures related to contract assets and liabilities.

New Accounting Pronouncements - ASC 842 Leases

In February 2016, the Financial Accounting Standards Board (“FASB”) published Accounting Standards Update No. 2016-02, Leases (“ASC 842”). The new accounting standard is applied to operating leases with a term greater than 12 months and requires lessee’s to recognize (i) their obligations to make lease payments as a liability (the “lease liability”), initially measured at the present value of the lease payments, and (ii) their ability to use the leased property as a corresponding asset (a “right-of-use asset”). The updated standard is effective for fiscal years beginning after December 15, 2018 and the Company adopted the new standard on January 1, 2019 using the modified retrospective approach, which requires the Firm to (i) apply the new standard to leases in place as of the adoption date, (ii) record a cumulative-effect adjustment to retained earnings as of the first day of the adoption year, and (iii) follow the new rules for all leases entered or modified going forward. In accordance with this approach, assets and liabilities for periods prior to January 1, 2019 will not be revised.

PTS BROKERAGE, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2018

New Accounting Pronouncements - ASC 842 Leases (Continued)

The core principle in the new guidance is that a company should provide information necessary to understand its leasing activities including a comprehensive understanding of the costs of property essential to a company's operations and how those costs are funded including the recognition of assets and liabilities associated with leases.

Although the economic or legal characteristics of these leases are not altered, the impact on the presentation of assets and liabilities on financial statements may be material. Also, as a broker-dealer registered with the Securities and Exchange Commission ("SEC") and Financial Industry Regulatory Authority ("FINRA"), the Company is subject to SEC Rule 15C3-1, the Net Capital rule, under which the lease asset would be recorded as a non-allowable asset and the associated liability would be recorded as aggregate indebtedness, both of which could have a materially negative effect on Net Capital computed under SEC Rule 15c3-1. On May 31, 2016, the Securities Industry and Financial Markets Association ("SIFMA") requested relief from the SEC from the net capital impact of the lease capitalization required under ASC 842. On November 8, 2016, the SEC issued a "no action" letter permitting broker-dealers to add back to Net Capital the operating lease asset to the extent of the associated operating lease liability. If the value of the operating lease liability exceeds the value of the associated operating lease asset, the amount by which the liability's value exceeds the associated lease asset must be deducted for net capital purposes.

The new guidance provided by ASC 842 may not materially impact the Company's presentation of assets and liabilities, and the relief provided by the SEC "no action" letter will substantially negate the effect of its application on the Company's Net Capital; however management notes changes to the disclosures based on the additional requirements prescribed by ASC 842. These new disclosures include information regarding the judgments used in determining the present value of lease payments and the corresponding value of the right-of-use asset.
