Letter to the Shareholders

Dear Shareholders

As we reflect on 2023, we acknowledge it was marked by both challenges and substantial achievements. Despite these challenges we maintained stable revenues growth, accomplished significant strategic achievements across all operations while maintaining a robust cash position.

Despite the challenging conditions and war in our Israeli domestic market, our Israeli operation maintained stability and profitability, we have a strong infrastructure in Germany where we commercially launched the Doctors' Virtual Visits service with large sick-funds, and we initiated our direct-to-consumer (B2C) sales of the SmartHeart® ECG platform in the USA, all demonstrating the company's innovative approach to telemedicine and our commitment to broadening healthcare accessibility.

This year also marked the commencement of trading on Nasdaq® for the Company's American Depositary Shares ("ADRs"), under the symbol "SHLT". This is in parallel to the company's ordinary shares continuing to be listed on the Swiss Stock Exchange.

Overall, revenues for the period were USD 57.1 million, a 3.1% increase compared to USD

55.4 million observed in 2022 when adjusted for constant currency¹. Adjusted EBITDA² for the period was USD 2.1 million, a decrease compared to USD 3.5 million in 2022 when adjusted for constant currency. The decrease is mainly related due to increased investment in Germany and in USA one time and restructuring expenses in Germany, and non-reoccurring Nasdaq® listing expenses as well as circumstances surrounding the war situation that broke out in Gaza in the last quarter. This resulted in a negative operating cash flow of USD 1.5 million, compared to negative operating cash flow of USD 0.1 million in 2022. Net loss for the period was USD 6.9 million, compared to a small net loss of USD 0.4 million in 2022 when adjusted for constant currency. The decrease is mainly related to a lower operating profit and to financials expenses due to investor options modifications, which is a non-cash item.

¹ Constant currency – to enable meaningful comparison between 2023 and 2022 results, 2022 results are also presented at 2023 exchange rates which are calculated as annual average based on the average monthly exchange rates of each of the USD and the EUR versus the NIS, as published by the Bank of Israel. The management believes that this presentation enables a more meaningful comparison between the periods due to the significant fluctuations in NIS/USD/EUR exchange rates during the period.

² EBITDA excluding stock base compensation expenses and extraordinary expenses.

Israel

Revenues increased by almost 2.3% to USD 42.1 million, compared to USD 41.1 in 2022 when adjusted for constant currency. During the period we experienced a certain decrease in profitability, attributed mainly to the circumstances surrounding the war situation that broke out in the last quarter, during which there was a decline in demand for B2B services of our Mediton subsidiary. Despite these challenges, our Israel operation remains highly profitable and allows SHL to maintain significant financial stability.

Germany

Revenues were USD 14.1 million, up 2.4% from USD 13.7 million in 2022 when adjusted for constant currency. The Virtual Visits to the BARMER insureds across Germany was commercially launched during April 2023. BARMER is one of the three largest health insurers in Germany serving about 8.7 million insured and AOK PLUS is another large health insurer in Germany serving about 3.5 million insureds, which together brings SHL to over 12.5 million insureds in Germany who now has access to this service. While slower than

expected ramp up of insured members to our services and the investments in the German operation during the period, mainly in R&D costs related to the Virtual Visit service, resulted in a negative contribution to our profitability, we see a consistent adaptation and increase in the use of the Virtual Visit and believe it is a promising new growth engine for the Germany operation.

USA

In the US revenues materially increased to USD 0.9 million, compared to USD 0.5 million revenues in 2022. Throughout the year we made significant strides in our direct-to-consumer strategy, prioritizing promotion of the SmartHeart® ECG technology, utilizing the infrastructure of a network of cardiologists that is already set up across the US and is available to perform a remote review and interpretation of SmartHeart® ECG from anywhere. We continue to see growing utilization of our SmartHeart® platform by Tier1 strategic customers including through the deployment of SmartHeart® in the CVS MinuteClinics, and our SmartHeart® portable 12-lead ECG technology successfully participated in the U.S. Army's Project Convergence – Capstone 4

experiment (PC-C4), demonstrating exceptional reliability, user-friendliness, and effectiveness, even in extreme scenarios. These relationships will bolster our credibility and augment our SmartHeart® direct-to-consumer move.

Earlier in April 2024, the full results of the Imperial College London TELE-ACS Trial were presented at the prestigious American College of Cardiology's 24th Annual Scientific Session & Expo Late-Breaking Clinical Trials Sessions (ACC 24 LBCT) in Atlanta. Key findings included a 76% reduction in the likelihood of hospital readmission within six months for patients using telemedicine and a 41% decrease in the likelihood of attending the emergency department (ED) compared to standard care recipients. Moreover, the study was also published in the leading Journal of the American College of Cardiology (JACC). The company also expects final results from the HELP-MI clinical trial conducted by Mayo Clinic later this year. Both trials relate to the utilization of the SmartHeart® 12-lead ECG technology for remote monitoring of post-MI (heart attack) patients at home. The very positive results from the TELE-ACS trial that were presented at the ACC24 and strong initial results from the HELP-MI trial that were presented in September 2023 at the highly regarded Imperial Vulnerable Plaque and Patient Meeting 2023 (VPM), reflect our accumulated experience in this field, will lead to material cost savings to hospital systems and will support a strong business case for SmartHeart® with hospital systems.

During 2024, we are expecting further growth in revenues and profitability in our Israeli operation, spurred by the launch of new products in our B2C operation and the implementation of our hybrid B2B medical services where we are combining onsite and mobile locations. In Germany, we are building on continued growth in Virtual Visits throughout 2024 in parallel to advancing operational efficiency towards break even, with the goal of achieving profitability in 2025. In the US, we are accumulating critical mass of operational data to be leveraged for optimization of our sales strategies, and we are also expecting significant advancements in major B2B sales channel.

On behalf of the Board of Directors and the management team, we thank all employees for their hard work and our business partners and shareholders for the trust they have placed in SHL.

Yariv Alroy
Chairman
of the Board

Sincerely,

Erez Nachtomy
CEO

SHL TeleMedicine Ltd. Corporate Governance Report

Introduction

The corporate governance framework of SHL Telemedicine Ltd. (“SHL” or the “Company”) reflects a system of checks and balances among the powers of the shareholders, the Board of Directors (the “Board” or the “Board of Directors”) and the management with the goal to safeguard the interests of SHL and its shareholders while creating sustainable value. SHL is committed to creating transparent, progressive and sustainable corporate management and strives to continuously improve these checks and balances. **Documents related to SHL’s corporate governance can be accessed at the Corporate Governance Section of the SHL website (<https://www.shl-telemedicine.com/corporate-governance/>).**

Changes in the Financial Year 2023

In 2023, SHL Telemedicine achieved key highlights, by increasing its global market strength. Israel’s operations maintained stability and profitability, reflecting the company’s solid foundation in its home market. In the US, significant advancements were made toward launching direct-to-consumer (B2C) sales of the SmartHeart® ECG platform, enhancing access to remote cardiac care. Additionally, the launch of virtual visit services in Germany, in collaboration with BARMER, marked a significant expansion of SHL’s offerings, further demonstrating the company’s innovative approach to telemedicine and its commitment to broadening healthcare accessibility.

In the United States, SHL made significant strides in its direct-to-consumer strategy, prioritizing promotion of its SmartHeart® ECG technology. This strategic initiative carries immense value and potential for growth. Concurrently, SHL continues to leverage its Tier1 strategic customer relationships, including the integration within CVS Minute Clinics, underscoring SmartHeart’s increasing acceptance in the healthcare ecosystem.

In 2023, clinical studies from Mayo Clinic and the Imperial College London showcased SmartHeart®’s unique promise to reduce emergency visits and readmission rates for cardiac patients. The final TELE-ACS findings from Imperial College London

study presented at ACC24 and published in JACC, revealed groundbreaking results including a 76% reduction in hospital readmissions and a 41% decrease in ED visits, validating SHL’s unique offering in remote cardiac care.

SHL’s SmartHeart® technology also excelled in the U.S. Army’s Project Convergence – Capstone 4 experiment, showcasing its reliability and advancing military healthcare.

During 2023, SHL strengthened its leadership by appointing Mr. Bernd Alpeter, a highly experienced healthcare executive in the German market, as General Manager of SHL German operations.

Following the fund raising of CHF 35 million in 2021, 1.9 million of investor options were exercised during Q1, 2023. With total proceeds of CHF 21 million resulting from said options exercise, SHL completed successfully a total fund raising of CHF 56 million.

In addition, on April 3, 2023, the Company’s American Depositary Shares (“ADSs”), each representing one (1) Ordinary Share, commenced trading on the Nasdaq Capital Market under the symbol “SHLT”.

Swiss Takeover Board Proceeding

In its decision 0672/01, the Swiss Takeover Board (“TOB”) dated January 26, 2018 to declare Mengke Cai, Xiang Xu, Himalaya (Cayman Islands) TMT Fund, Himalaya Asset Management Ltd., and Kun Shen as acting in concert and being obliged to publish a tender offer for all SHL shares. In its further decision 0672/04 dated September 1, 2018, the TOB resolved not to grant an extension of the deadline for such tender offer and to suspend said parties’ voting rights as well to prohibit any purchase of additional shares by same the parties until such tender offer would be performed. On May 29, 2019, the TOB, on its own initiative, reduced the minimum price of the mandatory tender offer to CHF 7.70 following a dividend distribution of USD 1.00 by SHL in April 2019. In 2021, 2022 and in 2023 said parties continued being in breach of their obligation to publish a tender offer for all shares of SHL (for further

information on the events in 2019 please refer to our Corporate Governance Report regarding the year of 2019). It should be noted that as of the date hereof, the voting rights attached to the aforesaid shares are still suspended.

Board of Directors

As of December 31, 2023, the members of the Board are the following: (a) Mr. Yariv Alroy (co-chairman); (b) Mr. Ehud Barak (co-chairman); (c) Mr. David Salton; (d) Mr. Yehoshua Abramovich (Independent (external) Director); (e) Ms. Dvora Kimhi (Independent (external) Director); (f) Prof. Amir Lerman; (g) Mr. Erez Nachtomy; and (h) Mr. Erez Alroy. Mr. Ido Noubeger and Mr. Nir Rotenberg joined the Board on February 8, 2024, following the approval of their terms of office by the Annual General Meeting of the shareholders of the Company on February 8, 2024.

Since the Special General Meeting held on December 10, 2018 and as of the date hereof, the members of the audit committee and the compensation committee of SHL (“**Audit Committee**” and “**Compensation Committee**”, respectively) are Mr. Yehoshua Abramovich, Ms. Dvora Kimhi and Prof. Amir Lerman (said composition is in accordance with the requirements of the Israeli Companies Law 5759-1999 (the “**Israeli Companies Law**” or the “**Companies Law**”) and the regulations promulgated thereunder). It should be noted that the financial statements committee of the Company (“**FS Committee**”) was eliminated, and its tasks were transferred to the Audit Committee, effective as of January 15, 2023 (for further information, please refer to Section 3.3 below).

On February 5, 2024, the following members of the Board withdrew their nomination for re-election as members of the Board of Directors of the Company, at the 2023 Annual General Meeting: (a) Mr. Ehud Barak (co-chairman); (b) Mr. David Salton; (c) Mr. Erez Nachtomy; and (d) Mr. Erez Alroy.

In the Annual General Meeting held on February 8, 2024, the following members of the Board were re-elected: (a) Mr. Yariv Alroy (chairman); and (b) Prof. Amir Lerman. Resumes of the current Board members can be viewed on the Company’s website https://www.shl-telemedicine.com/team_category/leadership_team/ as well as in Section 3.

Senior Management

On March 14, 2024, SHL announced that Mr. Erez Nachtomy will step down from his position as a CEO as of mid-June after over 20 years with SHL.

Laws and regulations

The principles and rules of SHL on corporate governance are laid down in the Articles of Association of SHL, the Israeli Companies Law and the regulations promulgated thereunder, as well as other Israeli legislation applicable to SHL. As SHL’s securities are traded on each of the Nasdaq Capital Market and the SIX Swiss Exchange, it is also required to comply with certain reporting requirements of the U.S. Securities and Exchange Commission (the “SEC”) and corporate governance requirements of the Nasdaq Capital Market as well as the SIX Swiss Exchange, and has additionally taken upon itself to comply with certain reporting requirements of the listing rules of the SIX Swiss Exchange.

The information presented here is updated as of December 31, 2023, unless otherwise noted, and was prepared in accordance with the Corporate Governance Directive of the SIX Swiss Exchange.

1. Group Structure and Shareholders

1.1. Group Structure

1.1.1. Operational Group Structure

SHL is a company incorporated in Israel whose Ordinary Shares are publicly traded on the SIX Swiss Exchange under the symbol SHLTN and ADSs are publicly traded on the Nasdaq® Capital Market under the symbol SHLT (see Section 6.6 for additional information on the Company). During 2023 the Company and its subsidiaries in Israel, Germany, and the U.S. operated in one business segment - telemedicine services. SHL and its subsidiaries develop and market advanced personal telemedicine solutions. Personal telemedicine is the transmission of medical data by an individual, from a remote location to a medical call center via telecommunication networks. SHL’s personal telemedicine systems are designed to improve quality of care and life for people suffering from various health conditions ranging from the high-risk and chronically ill to ordinary users of healthcare products and services who wish to take a more active role in managing

their own health. Telemedicine services are the provision of telemedicine services and devices to subscribers utilizing telephonic and internet communication technology. SHL's telemedicine solutions offer centralized remote diagnostic and monitoring services to end-users, making use of computer systems, high-tech devices, and specially designed medical data protocols. SHL's platforms offer solutions to subscribing patients, health insurance companies, hospitals, clinics, physicians and other health care providers. SHL Telemedizin GmbH, an indirectly wholly owned subsidiary of the Company, together with its subsidiaries Almeda GmbH, Gesellschaft für Patientenhilfe DGP mbH, and Jumedi GmbH (together "**SHL Germany**"), operate in the German market and provide telemedicine services to patients in Germany, mainly through German health insurers. SHL Germany is run as a stand-alone business and enjoys a high degree of autonomy, with its own management, whereby corporate headquarters at SHL provides certain central functions (such as business development and accounting), as well as oversight and control on an ongoing basis (see below).

SHL and its Israeli subsidiaries Shahal Haifa-Medical Services Ltd., Shahal Rashlatz-Rehovot Medical Services Ltd. (and its subsidiaries – Mediton Medical Centers Chain Ltd., Mediton Adam Ltd. and Medishur Ltd.) (together "**SHL Israel**") operate in the Israeli market. Shahal Haifa - Medical Services Ltd., Shahal Rashlatz-Rehovot Medical Services Ltd. provide telemedicine services mainly to private paying subscribers. Mediton Medical Centers Chain Ltd. provides private medical services, medical and solutions advice as well as project management in various fields of medicine, including periodic surveys, medical examinations for organizations, occupational examinations and operation of specialist clinics, and Medishur Ltd. performs, through subcontractors, medical examinations for insurance companies. Mediton Adam Ltd. is a subsidiary of Mediton Medical Centers Chain Ltd. SHL Israel is run as a stand-alone business under the Company's management, with corporate headquarters providing certain central functions (such as business development and accounting), as well as oversight and control on an ongoing basis.

SHL Telemedicine USA, Inc., a second-tier subsidiary (granddaughter company) of SHL, operates in the US market ("**SHL USA**") and sells telemedicine devices and services to healthcare professionals. SHL USA is active mainly in business development and sales and marketing activities together with corporate management. SHL Telemedicine India Private Limited conducted the group's activities in India ("**SHL India**") and sold telemedicine devices and services to healthcare professionals and private paying subscribers. SHL India was active mainly in business development and sales and marketing activities together with corporate management, but it has ceased to promote its activities during 2016 and wound down. Research and development activities are conducted by SHL Telemedicine International Ltd. ("**SHL INT**"). Production of devices is outsourced by SHL INT to third party manufacturers with telemedicine devices being sold by SHL INT to SHL Germany, SHL Israel and SHL USA. In addition, SHL INT provides software development and maintenance services to all group entities. Corporate management is located at SHL Telemedicine and SHL INT and is active in performing its corporate duties, i.e. group management, business development, finance and oversight and control on an ongoing basis of its different territories (SHL Germany, SHL Israel, SHL USA, SHL India and SHL INT).

2.2. Authorized Capital, Issued Capital and Options

General

Under Israeli law, a company's authorized share capital represents the maximum number of shares which is authorized for issuance by the company. As of the date hereof, SHL's authorized share capital is comprised of NIS 250,000 divided into 25,000,000 ordinary shares of NIS 0.01 par value each (the "Ordinary Shares"). The issued and outstanding share capital of SHL, as of December 31, 2023, was NIS 163,913.82, divided into 16,391,382 fully paid issued ordinary shares (excluding 1,372 Ordinary Shares held by SHL).

Any increase in the authorized share capital is valid as of the date of the approval thereof by the shareholders (with respect to special majority requirements, please refer to Section 6.2 below). Authorized share capital, or any increase thereof is not limited in time. However, the shareholders may, at the General Meeting, cancel authorized but not yet issued share capital, provided that the Company did not undertake to issue shares out of such authorized but unissued share capital. Pursuant to SHL's Articles of Association, the unissued shares are under the sole control of the Board of Directors of SHL who has the authority to allot or otherwise dispose of them on such terms and conditions as it may see fit. Generally, any such issuance of shares is valid as of the date of the approval thereof by the Board of Directors.

Under the 2021 Share Incentive Plan (as such term is hereinafter defined) the

maximum number of options in SHL's pool is up to 4,077,346 Ordinary Shares (subject to adjustments as set forth in the 2021 Share Incentive Plan) reserved for issuance upon exercise of options that may be granted. As of the date hereof, the pool is 4,077,346, out of which 1,920,500 options are available for grant. For additional information with respect to the share incentive plan adopted by SHL and the grant of options to purchase Ordinary Shares, see the following Section "2021 Share Incentive Plan". The same provisions apply to RSUs (as defined below) granted by SHL under the 2021 Share Incentive Plan, *mutatis mutandis*.

In the framework of the Private Placement (as hereinafter defined), SHL undertook to grant 800,000 First Closing Options and 1,144,444 Second Closing Options to be exercised within 24 months of the First Capital Increase (i.e. by 20 January 2023) or the Second Capital Increase (i.e. by 16 February 2023), respectively. As of December 31, 2023, 1,914,478 options were exercised and 29,967 options were forfeited. (as such terms are defined in the following Section 2.3 "Changes in Capital Structure within the Last Three Financial Years").

2021 Share Incentive Plan

Key employees have been granted share options under the SHL's 2021 Executive and Key Employee Israeli Share Incentive Plan (formerly the "2005 Option Plan" and the "2015 Executive and Key Employee Israeli Share Option Plan") (the "2021 Share Incentive Plan"). The plan is in effect until terminated by the Board. Pursuant to the 2021 Share Incentive Plan, equity compensation, such as options or restricted share units (rights to receive shares of the Company under certain terms and conditions, for a consideration of no more than the underlying shares' nominal value) ("RSUs"), may be granted to executives, directors (whether executive or non-executive) and key employees of the Company or its subsidiaries, whereby the Board of Directors has full discretion to determine the specific grantees from time to time. The maximum number of Ordinary Shares which may be issued under the 2021 Share Incentive Plan and under any other existing or future share

incentive plans of the Company is 4,077,346, subject to adjustments as provided in the 2021 Share Incentive Plan.

On December 31, 2023 the number of options actually available for issuing under the 2021 Share Incentive Plan was 1,905,500 (as of the date hereof the number of options actually available for issuing is 1,920,500). No RSUs have been granted so far. Pursuant to the 2021 Share Incentive Plan, the exercise price of options shall be the closing price for an Ordinary Share on the last trading day prior to the grant, unless determined otherwise by the Company's Board of Directors in its discretion. However, with respect to all option grants since May 2010, the Board of Directors determined in each case that the exercise price for such option grants shall be the average share price in the thirty (30) trading days preceding the date of grant. The foregoing has also been stipulated as the exercise price applicable to any grants of share-based compensation to the Company's officers pursuant to the 2024 Company's Officer Compensation Policy which will be brought to the shareholders' approval on the SGM to be held on May 9, 2024 (the "2024 Compensation Policy" or the "Compensation Policy", see Section 5.1 "Content and Method of Determining the Compensation and of the Shareholding Programs – Compensation Policy"). Further, pursuant to a resolution of the Board as of November 7, 2010, all options issued under the 2021 Share Incentive Plan are exercised by way of the net exercise method. Options granted under the 2021 Share Incentive Plan shall vest, unless determined otherwise by the Board, one-third (1/3) on each of the first, second and third anniversary of the date of grant, so that all options shall be fully vested and exercisable on the first business day following the lapse of thirty six (36) months from the date of grant, contingent upon the achievement of certain market and performance conditions which, unless determined otherwise by the Board, shall be based on the rate of the increase in the market price of the shares and of the Company's earnings per share. The Board may in its discretion reduce the relevant performance targets to zero, and has done so in all instances since June 2011. The options shall

expire six (6) years from the date of grant (unless expired earlier under the terms of the 2021 Share Incentive Plan or the relevant award agreement). With respect to option grants to Company's officers, the Company's 2024 Compensation Policy provides a certain minimum vesting period, as follows: (i) first cliff after one (1) year from the date of grant; and (ii), full vesting shall occur no earlier than 36 months from the date of such grant. For further information on share options in the context of director and management compensation see Section 5.2 below.

Information with respect to the issued and outstanding SHL share options under the 2021 Incentive Plan is as follows:

It should be noted that as part of the amendment to Mr. Yariv Alroy's terms of office, which was approved by the Special General Meeting on March 1, 2021, Mr. Alroy was allotted 250,000 options to purchase ordinary shares of the Company at an exercise price of CHF 10.73 per share (reflecting the average price per share in the 30 trading days prior to Board approval). The options' vesting schedule shall be in accordance with the Company's 2021 Incentive Plan, and in the event that Mr. Alroy ceases to serve in his position due to a change of control in the Company, all the options will automatically be fully vested, and shall be exercisable at any time until the lapse of six (6) months from the date of the cessation of his engagement, and shall thereafter terminate.

2.3. Changes in Capital Structure within the Last Three Financial Years

As of December 31, 2021, 2022 and 2023, SHL's issued share capital (excluding the ordinary shares held by SHL) was comprised of 14,491,171, 14,682,272 and 16,391,382 Ordinary Shares (which includes Ordinary

Shares underlying the ADSs outstanding as of such date), respectively. The foregoing changes in the Company's share capital result from the exercise of share options and issuance of Ordinary Shares in the framework of the Private Placement (as defined below).

As of December 31, 2023, the authorized share capital amounted to NIS 250,000.00 divided into 25,000,000 Ordinary Shares of NIS 0.01 par value. On January 21, 2021, the Company issued 1,300,000 new Ordinary Shares (the "**First Capital Increase**") and on February 17, 2021 additional 2,288,889 new Ordinary Shares (the "**Second Capital Increase**"), each for CHF 9.00, from the authorized capital, resulting in 14,467,380 Ordinary Shares issued as of the date of the Second Capital Increase.

The shares from the First Capital Increase and the Second Capital Increase were privately placed with individual, mostly institutional Israeli investors (the "**Private Placement**"), along with 800,000 options at the closing of the First Capital Increase (the "**First Closing Options**") and 1,144,444 options at the closing of the Second Capital Increase (the "**Second Closing Options**"), each to purchase one further new ordinary share to be issued from the authorized capital at the exercise price of CHF 11.00 within 24 months as from the First Capital Increase (i.e. by 20 January 2023) or Second Capital Increase (i.e. by 16 February 2023), respectively. By 16 February 2023, all options granted in the course of the two capital increases have been exercised or have expired, respectively: In total, 1,914,478 of these options have been exercised and an equal number of new shares have been issued, raising the total number of ordinary shares to 16,387,552. Of the 1,944,444 options granted, 29,966 Options expired.

2.4. The Company's Securities

2.4.1. The ADSs and the Ordinary Shares

General

All issued ADSs and Ordinary Shares (together, the "**Securities**") are registered Securities ranking pari passu in all respects. The Securities do not have preemptive rights. The ownership or voting of Securities by non-residents of Israel, except with respect to citizens of countries which are in a state of war with Israel, is not restricted in

any way by the Articles of Association of SHL or the laws of the State of Israel. Each ADS represents one (1) Ordinary Share, and all such Ordinary Shares are held by The Bank of New York Mellon, the Depositary for the ADSs. The Ordinary Shares are in book entry form only. No share certificates are issued. All issued Ordinary Shares are booked into the Clearing System of SIX SIS Ltd. Since January 1st, 2017, Computershare Schweiz AG ("**Computershare**") is handling the share register. To exercise their voting rights, holders of Ordinary Shares must be registered with Computershare (see Section 6.5 below). All of the issued and outstanding Ordinary Shares have been fully paid up.

Liquidation and Dividend Rights

In the event of SHL's liquidation, after satisfaction of liabilities to creditors, SHL's liquidation proceeds will be distributed to the holders of the Securities in proportion to the nominal value of their respective holdings. This liquidation right may be affected by the grant of preferential dividend or distribution rights to the holders of a class of shares with preferential rights that may be authorized in the future. Under the Israeli Companies Law, dividends may be paid out of profits and other surpluses, as calculated under the Israeli Companies Law, or as accrued over a period of two years, whichever is higher, each based on the most recent financial statements of the Company (provided that the date with respect to which such financial statements were prepared does not pre-date the distribution by more than six (6) months); provided, however, that there is no reasonable concern that the payment of such dividend will prevent the Company from satisfying its existing and foreseeable obligations as they become due. Any dividends will be subject to Israeli withholding tax. SHL's Articles of Association provide that the Board of Directors may from time to time declare and cause SHL to pay such dividend as may appear to the Board of Directors to be justified by the profits of SHL. The shareholders entitled to receive dividends are the shareholders on the date upon which it was resolved to distribute the dividends or at such later date as shall be provided in the resolution in question.

Voting Rights

Holders of Securities have one vote for each Ordinary Share held (or underlying an ADS) on all matters submitted to a vote of shareholders. For additional information regarding voting rights of the holders of our Securities, see Section 6.1 “Voting Rights Restrictions and Representations” below. See also information regarding the suspension of voting rights of the shares held by Himalaya (Cayman Island) TMT Fund, Himalaya Asset Management Ltd., Xiang Xu, Kun Shen, and Mengke Cai in the Section “Changes in the Financial Year 2023” – “Swiss Takeover Board Proceeding” above.

In case a company purchases its own shares, under the Israeli Companies Law, such shares become dormant and do not confer voting or any other rights so long as such shares are held by the company. As of December 31, 2023, the Company held 1,372 of its own Ordinary Shares. There are no preferential voting rights attached to any of the Securities of SHL.

2.4.2. Duties of Shareholders

Under the Israeli Companies Law, each shareholder has a duty to act in good faith and customary way toward the Company and other shareholders and to refrain from abusing his or her powers in the Company, such as in shareholder votes, and from discriminating other shareholders. Furthermore, specified shareholders have a duty of fairness towards the Company. These shareholders include any controlling shareholders, any shareholder who knows that he or she possesses the power to determine the outcome of a shareholders' vote and any shareholder who, pursuant to the provisions of the articles of association, has the power to appoint an office holder or any other power with respect to the company. However, the Israeli Companies Law does not define the substance of this duty of fairness. The aforesaid duties of shareholders also apply to persons registered with the share register of the Company to the extent such persons exercise the rights attached to the Ordinary Shares.

In addition, under the Israeli Companies Law, the disclosure requirements that apply to an office holder in a public company with respect to a personal interest such office

holder may have with respect to an existing or proposed transaction of the company also apply to a controlling shareholder of a public company. For such purpose, a controlling shareholder is a shareholder who has the ability to direct the activities of a company, including a shareholder that owns twenty-five (25) percent or more of the voting rights if no other shareholder owns more than fifty (50) percent of the voting rights, and whereby a person holding more than half of the means of control of a company (including the right to appoint a majority of the directors or the right to appoint a company's general manager) is presumed to control such company. Further, any shareholder participating in a vote on an extraordinary transaction (including a private placement which is an extraordinary transaction) with a controlling shareholder or an extraordinary transaction with another person in which a controlling shareholder has a personal interest, or the engagement of a controlling shareholder or its relative as an office holder or employee (including the terms and conditions of the directors and office holders insurance and indemnification), must notify the Company prior to the relevant vote whether or not it has a personal interest in the relevant transaction – if no such notification is made, such shareholder is not entitled to vote and any vote of such shareholder is not counted (for approval requirements in connection with controlling shareholder transactions, please refer to Section 6.2 on “Statutory Quorums” below). The same notification requirement applies to (a) shareholders that have a personal interest in the appointment of an Independent (External) Director (for election of Independent (External) Directors, please see Section 3.1 below); (b) shareholders that have a personal interest in a full or a special purchase offer (for further information, please see Section 8.1 below), and (c) any shareholder that has a personal interest in the approval of the Compensation Policy of the Company (for further details regarding the Compensation Policy, please see Section 5.1 below). Further, an “interested party” in a private placement (i.e. a holder of more than five (5) percent of the shares of a company or one who may become such holder as a result of

the private placement) must promptly disclose any personal interest that he or she may have and any material information known to him or her in connection with such private placement.

Pursuant to the U.S. securities laws and Swiss Financial Market Infrastructure Act of 19 June 2015 (“FMIA”), any shareholder of the Company or group of shareholders acting in concert is required to disclose his/her/its holding if it reaches, exceeds or falls below certain thresholds, subject to limited exceptions. This also applies to ADRs (for ADRs please refer to Section 6.6 below). The relevant thresholds triggering notification are (for U.S. securities laws purposes) 5% and any “material” increase or decrease thereof, and (for FMIA purposes) 3%, 5%, 10%, 15%, 20%, 25%, 33 1/3%, 50% and 66 2/3% of the voting rights of the Company. Persons acting in concert must disclose their shareholdings on a consolidated basis and the holdings of all such a group’s members are aggregated in order to calculate compliance with relevant thresholds. The direct holder as well as any indirect holder (“beneficial owner”, person being able to determine the exercise of the voting rights, whether exercisable or not) must be reported. Additionally, any third party who is not owning the shares but has been mandated to vote the shares in its sole discretion must be disclosed. The relevant shareholdings must be notified (i), in the case of U.S. securities laws, by filing a notification with the SEC (which will then be publicly available on the SEC’s website at www.sec.gov and SHL’s website at www.shl-telemedicine/sec-filing), and (ii), in the case of the FMIA, to the Company and Disclosure Office of the Six Swiss Exchange within four (4) trading days from agreeing on the relevant transaction. In respect of notifications to the FMIA the Company shall then publish the information received within two (2) trading days from receipt of the notification. With respect to disclosure duties of shareholders submitting shareholder statements to the Company, please refer to Section 6.3 below.

The Special General Meeting which was convened on February 21, 2019, approved an amendment to the articles of association of the Company, pursuant to which each shareholder holding 5% or more of the Company’s shares or

voting rights and each member of the Board of the Company is obliged to provide the Company with an address in Israel for the receiving of documents (including judicial documents) (the “Address”). As long as such Address has not been provided, the Company’s registered office will be considered as such shareholder’s and/or director’s Address for the receiving of documents (including judicial documents). On the American Depositary Receipts (“ADRs”) see Section 6.6 below.

2.5. Dividend-right Certificates

No dividend-right certificates were issued by SHL as of the disclosure deadline.

2.6. Limitations on Transferability

Fully paid Securities may be transferred freely. Currently, there are no statutory restrictions limiting the transferability of the Securities. The ownership or voting of Securities by non-residents of Israel, except with respect to citizens of countries which are in a state of war with Israel, is not restricted in any way by the Articles of Association of SHL or the laws of the State of Israel.

Voting rights and the purchase of new shares may be suspended under Swiss law as a sanction for breaches of disclosure obligations and the obligation to publish a tender offer for all shares (see Section “Swiss Takeover Board Proceeding” above).

2.7. Convertible Bonds and Options

No Convertible Bonds have been issued by SHL. Information on Options may be found in the Section 2.2 “Authorized Capital, Issued Capital and Options”.

3. Board of Directors

The primary duties of the Board are defined in the Israeli Companies Law and in the Articles of Association of SHL. For a description of powers and duties of the Board of Directors, please refer to Section 3.3 of this report.

3.1. Members of the Board of Directors

The Articles of Association provide for a Board consisting of up to nine (9) members and not less than three (3) members until

otherwise determined by simple resolution of the shareholders of SHL. As of December 31, 2023 the Board consists of eight (8) members, of whom two (2) members are Independent (external) Directors (Mr. Abramovich and Ms. Kimhi), and as the date hereof, the Board consists of six (6) members, of whom two (2) members are Independent (external) Directors (Mr. Abramovich and Ms. Kimhi) (for further information on Independent Directors, please refer to the following Section of this report).

Independent (External) Directors

Israeli companies that have offered securities to the public in or outside of Israel are required to appoint two (2) Independent (external) Directors under the provisions of the Israeli Companies Law. Each committee of a company's board of directors authorized to exercise the powers of the board of directors is required to include at least one Independent Director, and pursuant to the Israeli Companies Law, the board of directors of a public company is required to appoint an audit committee and a compensation committee which must be comprised of at least three (3) directors, including all of the Independent (external) Directors. For the tasks of the audit committee and the compensation committee, respectively, and further requirements regarding the composition of the audit committee and the compensation committee, please refer to Section 3.3 below. As a general rule, Independent (external) Directors shall be Israeli residents, however, in a company whose shares are traded abroad (such as SHL), Independent (external) Directors may also be foreign residents. In the year under review, there were no Independent Directors who are foreign residents.

Pursuant to the Israeli Companies Law, to qualify for an appointment as an Independent (external) Director, the relevant candidate must possess either financial and accounting expertise or professional skills (as such terms are defined in rules promulgated under said law), provided that at least one (1) of the Independent Directors appointed possesses financial and accounting expertise. Further, all of the following persons are prevented from

serving as Independent Directors: (a) any individual that is a relative of a controlling shareholder (as such terms are defined under the Israeli Companies Law); (b) any individual who has (or any of whose relatives, partners, employer, entities controlled by him, or someone that such individual is directly or indirectly subordinated to has) at the time of appointment or at any time during the two (2) years prior to such individual's appointment as an Independent Director, any "connection" (including, in general, employment, business and/or professional relationships, control and/or service as an office holder) with (i) the Company, (ii) its controlling shareholder(s) at the time of appointment, (iii) a relative of a controlling shareholder at the time of appointment, (iv) any entity whose controlling shareholder(s), at the time of appointment or during the two (2) years prior to the relevant Independent Director appointment is the Company or its controlling shareholder, or (v) the Chairman of the board, the general manager, a holder of 5% or more of the issued and outstanding share capital or voting rights in the company or the most senior financial executive in the company, at the time of appointment, and only if there is no controlling shareholder in the relevant company or a holder of at least twenty five percent (25%) of the voting rights in the company; (c) any individual whose position or other activities create or may create a conflict of interest with his or her role as an Independent Director or may adversely affect such role, or which may compromise such individual's ability to serve as an Independent Director; (d) an employee of the Israeli securities authority or an Israeli stock exchange; (e) a director of another company, if a director of such other company serves as an Independent Director in the first company; (f) without derogating from the restrictions set forth under (b) above, any individual who has (or whose relative, partner, employer or person to whom he/she is directly or indirectly subordinated to, or a company in which he/she is a controlling shareholder has) business or professional relationships with any person with respect to which an affiliation is prohibited under (b) above, even

if such relationship is not an ongoing, constant relationship, and excluding relationships that are negligible; or (g) any person which in his/her service as an Independent Director received any compensation for his/her service beyond that authorized in accordance with applicable regulations promulgated under the Israeli Companies Law.

In addition, for a period of two (2) years following termination of the service of an Independent Director, the company in which such Independent Director served, as well as its controlling shareholder and/or any entity under such controlling shareholder's control may not directly or indirectly provide any benefit to such Independent Director (as well as his/her spouse and children), including, without limitation, appointment as an officer holder, engagement as an employee or provider of professional services against consideration, whether directly or indirectly and whether individually or through an entity controlled by such Independent Director, all with respect to the company and any entity under control of the controlling shareholder of the company. The foregoing limitations also apply to relatives (as defined under the Israeli Companies Law) of the Independent Director who are not his/her spouse or child, but then for a period of one (1) year from termination of service.

The Independent Directors generally must be elected by a majority vote of the shareholders, provided that (a) such majority includes a majority of shares held by shareholders who are not a controlling shareholder or who do not have a personal interest in the appointment (except a personal interest which is not the result of a relationship with the controlling shareholder) and who are voting thereon, whereby abstaining votes will not be taken into account, or (b) the percentage of the voting rights held by shareholders as described under and which object to the appointment is not more than two (2) percent of the voting rights of the company (the Minister of Justice may determine a different percentage; no such determination has been made to date).

The term of an Independent Director is three (3) years and may be extended by two (2) additional terms of three (3) years each.

Independent Directors may be re-elected to any of the two additional terms beyond their initial three (3) year term as aforesaid only subject to fulfillment of either of the following conditions: (a) one or more shareholders holding one percent (1%) or more of the voting rights of the company proposed such additional service period, and the appointment is approved by the general meeting with a majority of votes subject to the following: (i) the votes of controlling shareholders or anyone who has a personal interest in the appointment (excluding a personal interest which is not the result of a relationship with the controlling shareholder) and abstaining votes are not counted; (ii) the number of votes supporting the appointment (from among those shareholders which are not controlling shareholders or have a personal interest as aforesaid) amounts to more than two percent (2%) of the overall voting rights in the company (the Minister of Justice may determine a different percentage; no such determination has been made to date); and (iii) such Independent (external) Director may not be (A) at the time of appointment a Related or Competing Shareholder (as defined hereafter) or a relative thereof; or (B) a person with "connections" (as defined above) to a Related or Competing Shareholder at the time of appointment and the two (2) years prior thereto. "Related or Competing Shareholder" is defined under the Israeli Companies Law as (x) the shareholder proposing such appointment; or (y) a holder of shares or voting rights in the company of at least five percent (5%); and with respect to either of the foregoing, to the extent that at the time of appointment of the Independent Director such shareholder, a controlling shareholder thereof or a company under the control of the foregoing has business connections with the company, or that it, a controlling shareholder thereof or a company under the control of the foregoing is a competitor of the company; or the Board proposed the additional service term of such Independent Director and such appointment is approved in the same way as the appointment for the initial term is approved (see above); or the Independent (external) Director himself/

herself proposed his/her re-election, and the appointment is approved in accordance with the conditions described under (a) above.

Independent ("Non-Dependent") Directors

Pursuant to the Israeli Companies Law, a public company may also designate certain directors as independent (non-dependent) directors. Pursuant to the relevant provisions of the law, independent (non-dependent) directors are either (i) Independent (external) Directors as set forth above, or (ii) such persons who fulfill all of the requirements applicable to Independent (external) Directors, as confirmed by the Audit Committee, except special financial or professional qualifications, and who have not served as a director of the Company for more than nine (9) continuous years (whereby any interruption of less than two (2) years does not suffice to constitute a disruption of such continuance). Unlike Independent (external) Directors, independent (non-dependent) directors are not elected for three year terms, but may be re-elected each year. No special majority requirements apply with respect to their election.

As set forth below, a majority of the members of the Company's Audit Committee are required to be independent (non-dependent) directors (i.e. including the Independent (external) Directors). The Company has currently no directors (other than the Independent (external) Directors as such) that have been designated by the Audit Committee as independent (non-dependent) directors.

Nasdaq Independent Directors

Each of our two external directors, Mr. Yehoshua (Shuky) Abramovich and Ms. Dvorah Kimhi, as well as Prof. Amir Lerman, is considered "independent" under Nasdaq and SEC independence standards. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws.

Although our ADSs are listed on Nasdaq, we are permitted to follow certain home country corporate governance practices instead of certain Nasdaq corporate governance standards.

For instance, under the Israeli Companies Law we are not required to maintain a compensation committee comprised of independent directors, and the charters of our board committees do not necessarily contain all of the Nasdaq charter requirements for such committees of U.S. domestic companies.

Executive and Non-Executive Members of the Board

As of December 31, 2023, there was one (1) executive director on the Board of the Company (defined as a Board member who acts as a member of the Executive Management) – Mr. Erez Nachtomy, who also serves as the Company's CEO. On February 5, 2024 Mr. Erez Nachtomy withdrew his nomination for re-election as member of the Board of Directors of the Company, at the 2023 Annual General Meeting, held on February 8, 2024. Mr. Nachtomy remains the Chief Executive Officer of the Company. None of the non-executive members of the Board in the year under review was a member of the management of SHL or of any of SHL's group companies in the three (3) financial years preceding the period under review. The non-executive members of the Board have no significant business connections with SHL or SHL's group companies.

On March 14, 2024, SHL announced that Mr. Erez Nachtomy will step down from his position as a CEO as of mid-June after over 20 years with SHL.

It should be noted that although Mr. Yariv Alroy serves as Active Chairman of the Board (as defined in below in Section 3.3), he is not a member of SHL's management and does not fulfill any executive function (for further information, please refer to Sections 3.3 and 5.1 below).

Board Members as of December 31, 2023 The following table sets forth the name, principal position, time of the first election, and the remaining term of office of each member of the Board of Directors as of December 31, 2023

David Salton holds a B.Sc., Economics & Management degree from Technion - Israel Institute of Technology, Faculty of Industrial Engineering & Management. Nationality: Israel.

The following member of the Board of Directors of SHL has joined as a non-executive Active co-Chairman for part of the year under review:

Ehud Barak

Mr. Ehud Barak has served on the SHL board of directors as Co-Chairman since August 11, 2022. Mr. Barak also currently serves on the board of four other Israeli companies: INTERCURE Ltd. (TASE, TSX: INCR), Carbyne Ltd., Guardicore Ltd. and Cypertoka Ltd. Mr. Barak served as the tenth Prime Minister of Israel from 1999 to 2001. Before being elected Prime Minister, Mr. Barak completed an illustrious 36-year career in the Israeli Defense Forces (the "IDF"), as the most decorated soldier in its history. Mr. Barak served in top positions in the IDF, including Head of Planning, Head of Military Intelligence, Commander of the Central Command and Deputy Chief of General Staff. As Chief of the General Staff of the IDF, he was involved in the negotiation and implementation of the 1994 peace treaty with Jordan. Mr. Barak has also served Israel as Minister of the Interior, Minister of Foreign Affairs and Defense Minister. Since September 2016, he has served as Senior Fellow non-resident at the Belfer Center for Science and International Affairs at Harvard University. Since March 2013, he has served as founder and Chief Executive Officer of Ergo, a strategic consulting firm. Mr. Barak holds a B.S. degree in mathematics and physics from the

Hebrew University in Jerusalem and received his M.S.C in economic engineering systems from Stanford University. Nationality: Israel.

3.2. Election of Directors and Term of Office

Pursuant to the Articles of Association of SHL, all members of the Board, except the two (2) Independent (external) Directors (who are to be elected as described above, pursuant to the provisions of the Israeli Companies Law), are elected individually at the Annual General Meeting of the shareholders by a vote of the holders of a majority of the voting power represented at such meeting to serve until the next Annual General Meeting. All directors of SHL, except for the Independent (external) Directors - who may only serve three (3) three-year terms (please refer to the description above) may be re-elected with no limit. Pursuant to the provisions of the Israeli Companies Law, each candidate for directorship in a public company is required to execute a written declaration pursuant to which such person has the requisite qualifications and is able to dedicate the required time to its service as a director, and further that none of the reasons stipulated under the Israeli Companies Law preventing such director from being eligible for service as a director (such as a court conviction of an offense of corruption, fraud or use of inside information so long as five (5) years have not yet lapsed from the date of the relevant verdict) apply. With respect to Independent (external) Directors, the proposed candidates have to further submit a declaration that they fulfill the special professional qualification requirements stipulated under the Israeli Companies Law applicable to Independent Directors (see Section 3.1 above). The foregoing declarations have to be submitted prior to the call for a shareholders' meeting at which the relevant candidate is proposed to be elected as a director. In addition to the foregoing, a person who is a candidate to be a director of a company is required to disclose to the company, amongst others, whether the enforcement committee instituted under the Israeli Securities Law has imposed certain enforcement measures on such person preventing him/her from serving as a director in a public company, so long as the applicable period of restriction imposed

has not yet lapsed. If sanctions were imposed which prohibit service as a director in a public company, then (a) the relevant candidate will not be appointed as a director; and (b) the service of any person already serving as a director will immediately terminate with submission of notice by the relevant director regarding such enforcement measures.

Under the Israeli Companies Law, the following persons may not be appointed as Chairman of the Board of a public company: (a) neither the Chief Executive Officer himself/herself nor any of his/her relatives (as such term is defined under the Israeli Companies Law and which does not include uncles, aunts or cousins) may at the same time serve as Chairman of the Board, unless the shareholders consent to such service, which, in any event, may not exceed three (3) year periods from the date of each such approval. Approval shall be obtained by the Audit Committee, the Board and the shareholders. Approval by the shareholders requires that either (i) the a majority vote in favor of the resolution shall include the consent of at least a majority of the shareholders voting power represented at the meeting in person or by proxy and voting thereon who have no personal interest in approving the resolution and who are not controlling shareholders of the Company (whereby abstaining votes will not be counted), or (ii) the total shares of the shareholders who are not controlling shareholder and have no personal interest in approving the resolution voted against the resolution do not represent more than two (2) percent of the voting rights in the Company; or a person directly or indirectly subordinated to the CEO. In addition, under the Israeli Companies Law in a public company, the Chairman of the Board or his/her relatives may not be authorized to exercise the powers of the CEO, unless under the special approval requirements set forth above and each time only for a period of up to three (3) years; or (b) a person directly or indirectly subordinated to the CEO, and the Chairman is also prevented from serving in any other position in the company or an entity in its control (except service as a director or Chairman of a company under its control.) Shareholders participating in the special approvals as described above must disclose prior to the vote whether or not they have a personal

interest – if no such disclosure is made, the votes of such shareholders will not be counted.

Neither Israeli law nor the articles of association set a limit to the maximum number of external mandates of the members of the Board of Directors. However, when proposing a candidate, the number of such mandates and his or her temporal availability is being considered.

3.3. Internal Organizational Structure

Pursuant to the Israeli Companies Law and SHL's Articles of Association, the Board is ultimately responsible for the general policies and management of SHL. The Board establishes the strategic, organizational, accounting and financing policies of SHL. Specifically, the Board of SHL reviews, discusses and approves the half- year financial statements of the Company, and is updated on a regular basis regarding the development of SHL's business. Mr. Yariv serves as active chairman of the Board (the "**Active Chairman**"). The Board meets at least once each quarter. Topics addressed in the meetings include the strategy, business reviews and major projects, investments and transactions. Each of the Board committees conducts its meetings according to the needs of the relevant Board Committee. The Chief Executive Officer and the Chief Financial Officer of the Company are invited to Board meetings and attend such as the Board deems necessary. It should be noted that Mr. Nachtomy, the CEO of the Company as of the date hereof, is invited to all Board meetings. Pursuant to the Israeli Companies Law, persons that may not be elected as members of the audit committee and the compensation committee of a company (for further information regarding persons not qualified to be audit committee or compensation committee members, please see the relevant sub-sections of this Section below), respectively, may not be present at meetings of these committees unless the chairman of the committee determined that his/her presence is required in order to present a certain topic; provided that (a) an employee of the company (who is not a controlling shareholder or its relative) may be present at the discussion in such meeting (but not at the time any resolution is taken) if such presence was requested

by the committee; and (b) the company's legal counsel and the company corporate secretary (who are not controlling shareholders or their relatives) may be present both at discussions and resolutions of the audit or compensation committees if so requested by such committee.

The Board has all powers vested in it according to the Israeli Companies Law and the Articles of Association, is authorized to determine the policy of SHL and to supervise the performance and actions of the CEO of the Company, and, without derogating from the above, has the following powers:

- determine SHL's plans of action, the principles for financing them and the order of priority among them;
- examine the financial status of SHL, and set the frame of credit that SHL shall be entitled to acquire;
- determine the organizational structure of SHL and its compensation policies;
- resolve to issue series of debentures;
- prepare and approve the financial statements of SHL;
- report to the Annual General Meeting of the status of SHL's affairs and of their financial outcomes;
- appoint the CEO and terminate such appointment, in accordance with the Israeli Companies Law;
- resolve in the matters on actions and transactions that require its approval according to the Israeli Companies Law and the Articles of Association;
- issue shares and convertible securities up to the total amount of the authorized share capital of SHL, in accordance with the Israeli Companies Law;
- decide on a "distribution" as set forth in Sections 307 – 308 of the Israeli Companies Law (including without limitations, dividends and share repurchases);
- express its opinion on a special tender offer, as set forth in Section 329 of the Israeli Companies Law.

Pursuant to the Articles of Association of SHL a quorum at a meeting of the Board shall be constituted by the presence in person or by any other means of communication by which the

Directors may hear each other simultaneously, of a majority of the Directors then in office who are lawfully entitled to participate in the meeting. Any director may call a meeting of the Board of Directors upon a seven (7) day notice, unless such notice has been waived by all the directors. The notice of a meeting shall include the agenda of the meeting. Pursuant to the Articles of Association of SHL the Board may meet and adjourn its meetings according to SHL's needs but at least once in every three months, and otherwise regulate such meetings and proceedings as the directors think fit. Meetings of the Board may also be held telephonically or by any other means of communication, provided that each director participating in such meeting can hear and be heard by all other directors participating in such meeting. A meeting of the Board at which a quorum is present shall be competent to exercise all the authorities, powers and discretion vested in or exercisable by the Board. A resolution proposed at any meeting of the Board shall be deemed adopted if approved by a simple majority of the directors then in office who are lawfully entitled to participate in the meeting and vote thereon, and present when such resolution is put to a vote and voting thereon. The Board may also adopt resolutions by unanimous written consents.

The Articles of Association of SHL provide that any director may, by written notice to SHL, appoint another person to serve as an alternate director and may cancel such appointment. Any person that meets the qualifications of a director under the Israeli Companies Law may act as an alternate director. One person may not act as an alternate director for more than one director, and under the Israeli Companies Law in a public company a person serving as a director of the company or as an alternate director may not act as an alternate director. However, a director can serve as an alternate director to a member of a committee of the board of directors, provided that the alternate director is not a member of the committee in question; and provided further that in the event the alternate director is to serve as an alternate to an Independent (external) Director, such alternate director shall have financial and accounting expertise or professional skills, dependent on the expertise

and skills of the Independent (external) Director such alternate director is supposed to replace. An alternate director to an Independent (external) Director may not be otherwise appointed.

Under the Israeli Companies Law a company is entitled to have several General Managers to be appointed by the Board who shall be responsible for the day-to-day operation of the company within the limits of the policy determined by the Board and subject to its direction. In a public company, office holders who are not directors are appointed by the General Manager/CEO who may determine the powers and duties of such office holders.

During the year under review, the Board held 16 meetings (10 of which via video conference and 6 by written resolutions). The length of such meetings depends on the agenda and the duration is approximately 1 to 1.5 hours.

The CFO and the Company's external auditors attended 10 and 4 of the meetings above, respectively.

Committees of the Board and Internal Auditor

The Articles of Association of SHL provide that the Board may delegate any or all of its powers to committees of the Board as it deems appropriate, subject to the provisions of the Israeli Companies Law. Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations imposed on it by the Board. The meetings and proceedings of any such committee are, *mutatis mutandis*, governed by the provisions contained in the Articles of Association for regulating the meetings of the Board, so far as not superseded by any regulations adopted by the Board of Directors. Any such committee authorized to execute the powers of the Board shall include at least one (1) Independent (external) Director. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws. A committee authorized to execute the powers of the Board may only be comprised of members of the Board. A committee whose powers are limited to providing recommendations to the Board may be comprised of non-members.

Pursuant to the Israeli Companies Law, a board of

directors may not delegate the following matters to a committee: determination of a general policy; distribution (except for re-purchase of company shares pursuant to a framework approved by the board); determination of the board of directors' stand on matters that require shareholder approval or on its opinion with regard to a special purchase offer; appointment of directors; issuance of securities (except for issuance to employees pursuant to an option plan approved by the board); approval of financial statements; approval of interested party transactions.

As mentioned above, although not mandatory, under the provisions of the Israeli Companies Law for a company which is not subject to reporting obligations under the Israeli Securities Law, the Board of Directors had voluntarily appointed the FS Committee as of March 18, 2015. On January 15, 2023, the Board of Directors approved the elimination of the FS Committee and the transfer of its functions and tasks to the Company's Audit Committee, and further approved the adoption of new committee charters for the Compensation Committee and the Audit Committee to comply with SEC rules in view of the intended Nasdaq listing. On February 21, 2019 the Board has voluntarily appointed a new committee – an Investment Committee. On February 10, 2020, the Board has voluntarily appointed a Cyber Committee and on May 17, 2020 the Board has voluntarily appointed an Executive Committee. For further details regarding the composition of said committees in the year under review and as of the date hereof, please see below.

The committees of the Board of Directors meet as necessary and are required to take minutes, make full reports and recommendations to the Board of Directors, which recommendations are provided to the Board of Directors following each applicable session of the committees.

Pursuant to the Israeli Companies Law, the Board of Directors also appointed an internal auditor proposed by the Audit Committee.

Audit Committee - Pursuant to the Israeli Companies Law the Audit Committee must be comprised of at least three (3) directors, including all of the Independent (external) Directors, and a majority of its members must be Independent

(Non-Dependent) Directors (i.e. including the Independent (external) Directors). The following persons may not be members of the Audit Committee: (a) the Chairman of the Board; (b) any director employed by the Company; (c) any director employed by a controlling shareholder of the Company or an entity under the control of such controlling shareholder; (d) any director who provides services, on a regular basis, to the Company, a controlling shareholder or an entity under the control of a controlling shareholder; (e) a director whose main livelihood is based on a controlling shareholder; and (f) a controlling shareholder or any of its relatives. Subject to limited exceptions, any person who could not be a member of the Audit Committee may not be present at its meetings. In addition, all members of our Audit Committee are required to satisfy special independence requirements for members of audit committees under Nasdaq regulations and U.S. securities laws. The Chairman of the Audit Committee shall be an Independent (external) Director not serving for more than nine (9) years. The legal quorum for any meeting of the Audit Committee shall be a majority of its members, provided that the majority of those present shall be Independent (non-dependent) Directors (see description above), and further provided that at least one (1) Independent (external) Director shall be present. The role of the Audit Committee includes, amongst others, the following: (a) to examine flaws in the business management of the Company, in consultation with the Internal Auditor and the external auditors, and to propose remedial measures to the Board; to determine whether an interested party transaction is an ordinary or extraordinary transaction (where extraordinary transactions are subject to special approval requirements); to approve interested party transactions, where so required under the Israeli Companies Law; and (d) to examine the existing internal control measures of the Company and the functioning of the Internal Auditor (see below). The Audit Committee is also charged with (e) prescribing with respect to transactions with controlling shareholders or another person in which a controlling shareholder has a personal interest (even if they are determined by the Audit Committee not to be extraordinary transactions),

as well as with respect to the engagement terms of controlling shareholders and their relatives, the obligation to conduct either (i) a competitive process under the supervision of either the Audit Committee or who else the Audit Committee may determine in respect thereof pursuant to the criteria set by it; or (ii) other processes as determined by the Audit Committee, prior to the relevant transaction, and all in accordance with the type of transaction in question, and the Audit Committee may set the relevant criteria therefore once a year in advance; and (f) to determine the manner of approval of transactions with controlling shareholders or another person in which a controlling shareholder has a personal interest and to determine kinds of such transactions which require the approval of the Audit Committee, all with respect to such transactions which pursuant to the determination of the Audit Committee are not extraordinary transactions but also not negligible – the Audit Committee may so determine with respect to types of transactions according to criteria it may set one a year in advance. The Audit Committee also determines (g) whether a director or candidate for director fulfills the requirements for being classified as an independent (non-dependent) director. Neither the Israeli Companies Law nor the Company's Articles of Association prescribe a certain frequency at which meetings of the Audit Committee are to take place. Accordingly, the Audit Committee meets from time to time when deemed necessary. Pursuant to the Israeli Companies Law, the Internal Auditor (see below) may request the chairperson of the Audit Committee to convene a meeting and the chairperson shall then convene such meeting if it deems it fit. In addition, should the Audit Committee find that there is a material flaw in the business management of the Company, it shall hold at least one meeting with respect to such material flaw in the presence of the Internal or external auditor, as the case may be, without any office holders that are not members of the committee present; provided that an office holder may be present for the purpose of presenting an opinion with respect to a matter which is in his/her field of responsibility. The duration of the meetings varies in accordance with the topics discussed.

During the year under review the Audit Committee held 6 meetings (all of which via video conference), the duration of which was approximately 1 hour. The CEO, CFO and the Company's external auditors attended 6, 6 and 3 of the meetings above, respectively.

In the year under review, the Audit Committee was composed of the following members: Mr. Yehoshua Abramovich (chairman), Ms. Dvora Kimhi and Prof. Amir Lerman (this composition is in compliance with the requirements of the Israeli Companies Law).

Compensation Committee - Pursuant to the Israeli Companies Law, an Israeli public company is obligated to appoint a Compensation Committee, which shall be comprised of at least three (3) members and of which all Independent (external) Directors shall be members and constitute a majority. The remaining members of the Compensation Committee shall be such whose engagement terms correspond to the rules of compensation set forth under applicable regulations under the Companies Law with respect to Independent (external) Directors. Persons who may not be members of the Audit Committee (see description above) may also not be members of the Compensation Committee. The Chairman of the Compensation Committee shall be an Independent (external) Director not serving for more than nine (9) years. The Audit Committee and the Compensation Committee may have identical members and an Audit Committee fulfilling the above requirements may at the same time also serve as the Compensation Committee. The role and authority of the Compensation Committee shall include (a) the issuance of a recommendation to the Board of Directors regarding the Compensation Policy, (b) issuance of a recommendation to the Board of Directors once every three (3) years regarding the extension of the Compensation Policy; (c) recommendation to the Board of Directors from time to time regarding any amendments to the Compensation Policy, as well as examination regarding its implementation; (d) approval of transactions with office holders (including controlling shareholders) regarding the terms of their engagement with the Company as required under the Israeli Companies Law; and (e) exemption of certain transactions

from the shareholder approval requirement which may otherwise apply pursuant to the Israeli Companies Law. Neither the Israeli Companies Law nor the Company's Articles of Association prescribe a certain frequency at which meetings of the Compensation Committee are to take place. Accordingly, the Compensation Committee meets from time to time when deemed necessary. During the year under review the Compensation Committee held 5 meetings (all of which via video conference). The duration of the meetings varies in accordance with the topics discussed. In the year under review the average meeting duration was approximately 1 hour. The CEO and CFO attended 4 and 2 of the meetings above, respectively.

Although our ADSs are listed on Nasdaq, we are permitted to follow certain home country corporate governance practices instead of certain Nasdaq corporate governance standards. For instance, under the Israeli Companies Law we are not required to maintain a compensation committee comprised of independent directors.

In the year under review, the Compensation Committee was composed of the following members: Mr. Yehoshua Abramovich (chairman), Ms. Dvora Kimhi and Prof. Amir Lerman (this composition is in compliance with the requirements of the Israeli Companies Law).

Committee for the Examination of the Financial Statements ("FS Committee") - Pursuant to the Israeli Companies Law, only companies which are "reporting companies" (for such purpose only companies subject to reporting obligations to the Israeli Securities Authority) must establish a FS Committee. However, the Board had voluntarily appointed an FS Committee as of March 18, 2015. Pursuant to regulations promulgated under the Israeli Companies Law, the FS Committee shall be comprised of at least three (3) members and those persons which may not serve on the Audit Committee are also prevented from serving on the FS Committee. The majority of its members must be independent (non-dependent) directors (i.e. including independent (external) directors). The committee's chairperson shall be an Independent (external) Director. All members must be able to read and understand financial reports and at least one of the Independent (non-dependent)

Directors must be a director with financial and accounting expertise (as such term is defined under applicable regulations promulgated under the Israeli Companies Law). The Audit Committee may at the same time serve as the FS Committee if all of the legal requirements with respect to the committee members are met.

The task of the FS Committee is to examine the financial statements of the Company prior to their approval by the Board. In particular, the financial statements shall only be brought to the Board for approval, if all of the following requirements have been complied with: (A) The FS Committee shall have discussed and submitted its recommendations to the Board on all of the following items: (a) evaluations and estimations that were made in connection with the financial statements; (b) internal controls over financial reporting; (c) completeness and fairness of disclosures made under the financial statements; (d) the financial guidelines adopted and financial treatment implemented with respect to material matters of the Company; and (e) valuations, including assumptions and estimations on which they are based, on which the financial statements rely; (B) the external auditor shall be invited to all meetings of the FS Committee, and the Internal Auditor of the Company shall receive notices of its meetings and may participate therein; (C) the FS Committee shall have submitted its recommendation regarding the approval of the financial statements a reasonable time prior to the discussion thereof by the Board and shall have reported to the Board regarding all defects or problems which it may have discovered during its examination of the financial statements; and (D) the Board shall discuss the recommendations of the FS Committee.

On January 15, 2023, the Board approved the elimination of the FS Committee and the transfer of its functions and tasks to the Audit Committee.

Investment Committee - Although not mandatory under the provisions of the Israeli Companies Law, the Board of Directors has voluntarily appointed an investment committee as of February 21, 2019 (the “**Investment Committee**”). The task of the Investment Committee is to determine the investment policy of the Company’s cash proceeds that are not required

for its ongoing operations as will be from time to time. The members of the Investment Committee as of the date hereof, are Mr. Yehoshua Abramovich (chairman), Mr. Ido Noubeger and Mr. Nir Rotenberg. Frequency and average duration of sessions are not provided given the sensitive role of such committee.

M&A Committee - Although not mandatory under the provisions of the Israeli Companies Law, the Board of Directors has voluntarily appointed a mergers and acquisitions committee as of June 16, 2019 (the “**M&A Committee**”). The task of the M&A Committee is to facilitate the execution, performance and delivery of prospective M&A transactions. The members of the M&A Committee as of the date hereof, are Mr. Yariv Alroy (chairman), Mr. Yehoshua Abramovich, Mr. Ido Noubeger and Mr. Nir Rotenberg.

The M&A Committee meets from time to time when deemed necessary. Frequency and average duration of sessions are not provided given the general strategic role of such committee.

Cyber Committee - Although not mandatory under the provisions of the Israeli Companies Law, the Board of Directors has voluntarily appointed a cyber committee as of February 10, 2020 (the “**Cyber Committee**”). The task of the Cyber Committee is to recommend to the Board as to actions and/or measures to be taken in connection with the Company’s information technology, including, inter alia, for the purpose of developing, maintaining and promoting the security of the Company’s systems, networks and data, as well as supervising and monitoring the implementations of all such actions and/or measures. The members of the Cyber Committee as of the date hereof, are Mr. Yariv Alroy (chairman) and Mr. Yehoshua Abramovich.

The Cyber Committee meets from time to time when deemed necessary. Frequency and average duration of sessions are not provided given the sensitive role of such committee.

Executive Committee - Although not mandatory under the provisions of the Israeli Companies Law, the Board has voluntarily appointed an advisory executive committee as of May 17, 2020 (“**Executive Committee**”). The task of the Executive

Committee is to assist and accompany the CEO and the Company in operating its ongoing business. The members of the Executive Committee as of the date hereof are Mr. Yariv Alroy, Mr. Yehoshua Abramovich, Mr. Ido Noubeger and Mr. Nir Rotenberg. The Executive Committee meets from time to time when deemed necessary. Frequency and average duration of sessions are not provided given the general strategic role of such committee.

Internal Auditor - Pursuant to the Israeli Companies Law, the Board of a public company shall appoint an internal auditor. Such appointment is made upon recommendation of the Audit Committee. Neither an interested party nor an officer of the company, any relatives of the foregoing or the external auditor or anyone on its behalf may serve in such position. The role of the Internal Auditor is to examine, among other things, whether SHL's activities comply with the law and orderly business procedure. Pursuant to the Israeli Internal Audit Law - 1992, together with the Israeli Companies Law, the Internal Auditor is authorized to demand and receive any kind of document and/or information that is in the Company's or its employees' possession, which he deems necessary for the performance of his role, and he is to have access to all databases or data processing programs of the Company. Pursuant to the Israeli Companies Law, the Chairman of the Board or the Chairman of the Audit Committee may order the Internal Auditor to conduct an internal audit on matters where an urgent need for examination arose. In addition, the Internal Auditor shall receive notices of the meetings of the Audit Committee and may participate in such meetings. The Internal Auditor has no decision making powers. Pursuant to the Israeli Companies Law and the Company's Articles of Association, the internal auditor has to submit a work program to the Company's Audit Committee for approval. Mr. Michael Gilinsky was appointed as SHL's Internal Auditor in March 2021. During the year under review, the Internal Auditor participated in 1 meeting of the Audit Committee of the Company, in the framework of which the Internal Auditor presented internal audit reports.

3.4. Definition of Areas of Responsibility of Management; Information and Control Instruments Vis-À-Vis Senior Management

The senior management of SHL ("**Senior Management**") implements the general policies and strategic decisions of the Board. It manages the day-to-day business operations of SHL, including:

- Regularly assessing the achievement of targets set for the Company's business;
- Implementing the corporate policies, strategies and strategic plans given by the Board;
- Ensuring the efficient operation of the Company and achievement of optimized results;
- Ensuring that management capacity, financial and other resources are used efficiently.

The Board controls the actions of Senior Management through a variety of control mechanisms:

- The CEO and CFO inform the Board regularly about current developments, including by submitting written reports on relevant topics and participating in the relevant meetings of the Board and Board committees.
- Informal teleconferences are held as required between the Board and CEO and CFO as deemed necessary.
- Control over financial management is exercised by the FS Committee (and as of January 15, 2023 – by the Audit Committee) and the Board, which invite the CFO to each meeting at which financial results are discussed, as well as SHL's external auditors, as deemed necessary. The FS Committee (and as of January 15, 2023 – by the Audit Committee) and the Board discuss with the CFO and the auditors (to the extent applicable) not only the financial statements themselves but also their assessment of the internal controls and whether any material weaknesses have come to their attention.
- SHL has an Internal Auditor (for further information, please refer to "Committees of the Board and Internal Auditor" above). The Internal Auditor examines the processes and controls of the Company - not only with regard to financial operations, but also with regard to compliance of management with internal and external policies - and conveys

his findings to the Chairman of the Board, the CEO and the Chairman of the Audit Committee, (for further information please refer to Section 3.3 “Internal Auditor” above).

The Board of Directors is also responsible for the supervision the Company’s internal control system and risk management. The Senior Management of SHL identifies, analyzes, measures, monitors and mitigates financial and non-financial risks on an ongoing basis within the frame of the Company’s general strategy. This includes, in particular, credit risks, foreign currency risks, risks regarding the fair value of financial instruments as well as liquidity risks. For the nature and management of these risks see Note 18 (“Financial Instruments”) in SHL’s financial statements for the year ending December 31, 2023 (see pp. 99 of SHL’s financial statements). Further relevant risks that are monitored concern the market, the industry, compliance with national and international regulations in particular with regard to the medical sector, customer requirements, IT especially in connection with telemedicine industry, supply-side risks and catastrophes. When imminent risks are identified, qualified individuals are determined to deliver effective risk management. Risk assessments are submitted by the relevant individuals when appropriate, but at least annually, to the Senior Management, the relevant organ and the Board of Directors.

4. Senior Management

4.1. Members of Senior Management; Other Activities and Vested Interests

4.1.1. Organizational Structure as of December 31, 2023

4.1.2.

The following members of management were in office as of December 31, 2023:

Erez Nachtomy
CEO

Mr. Nachtomy was appointed as CEO as of May 17, 2020. For Mr. Nachtomy’s resume, please see Section 3.1 above.

Amir Hai
Chief Financial Officer

Amir Hai joined SHL in January 2022 as the Company’s CFO, replacing Mr. Vadnagra, who served as interim CFO from July 2021 to January 2022.

Prior to his current position, Mr. Hai served as Chief Financial Officer at Radcom. Mr. Hai served as Chief Financial Officer for several multinational companies including a Nasdaq traded optical manufacturing corporation and a software company traded on the Frankfurt Stock Exchange. He also served as external director and Chairman of the Audit Committee to Matrix I.T. Ltd. Mr. Hai holds a BA degree in accounting and management from the College of Management in Tel Aviv and is a CPA in Israel.

Yossi Vadnagra
General Manager of SHL Israel

Mr. Yossi Vadnagra serves as General Manager of SHL’s Israel operations since June 2021. Mr. Vadnagra joined SHL in February 2017 as Director of

Business Development in Israel and previously served as SHL’s CFO from June 2017 to May 2021, and as interim CFO from July 2021 to January 2022. Mr. Vadnagra possesses over twenty years of experience in international markets with Blue Chip companies as CFO in the Healthcare, Retail, and Engineering sectors. Before joining SHL, Mr. Vadnagra worked for six years as Chief Financial Officer and Co-CEO for G&V Business Solutions Ltd. in Israel and India, and in this capacity, worked with SHL on business development projects in India. Prior to that, Mr. Vadnagra worked for five years as Chief Financial Officer and Strategic Planning for Elbit India Healthcare, a subsidiary of Elbit Imaging Ltd. (NASDAQ: EMITF). Mr. Vadnagra

is a CPA (Israel) with an MBA in Finance, both degrees achieved with honors from the College of Management in Israel. Nationality: Israeli.

Neither Israeli law nor the articles of association set a limit to the maximum number of external mandates of the members of the Senior Management. However, when appointing a member of the Senior Management as well as in the course of his or her supervision, the board of directors considers the number of such mandates and his or her temporal availability.

4.2. Management Contracts

SHL has not entered into management contracts with third parties. SHL's office holders who are in management are employees of the Company and their engagement terms and conditions are determined under their respective employment agreements, with the exclusion of Mr. Nachtomy, SHL's CEO, with whom the Company has entered into a service agreement.

5. Compensation, Shareholdings and Loans

5.1. Content and Method of Determining the Compensation and of the Shareholding Programs – Compensation Policy

Pursuant to the Israeli Companies Law, an Israeli public company is required to adopt a compensation policy with respect to the terms of engagement of its officer holders (as such term is defined under the Israeli Companies Law and including without limitations, directors and controlling shareholders engaged as officers of the Company, subject to limited exceptions set forth in the regulations promulgated under the Israeli Companies Law in connection therewith (which are not applicable to SHL). The adoption of the Compensation Policy requires approval by the shareholders of the Company, further to approval by the Board which has to take into consideration the recommendations issued by the Compensation Committee in this respect. The relevant shareholder approval is subject to a special majority requirement of either (a) the majority vote in favor of the resolution including the consent of at least a majority of the shareholders' voting power represented at the meeting in person or by proxy and voting thereon who are neither controlling shareholders of the Company nor have a personal interest in approving the

Compensation Policy (not including abstaining votes), or (b) the total number of votes of those shareholders described in (a) above and objecting to the adoption of the Compensation Policy not representing more than two (2) percent of the voting rights in the Company. Any shareholder participating in the vote on the adoption of the Compensation Policy has to inform the company prior to the relevant vote whether or not he/she/it has a personal interest therein. Votes of shareholders who did not notify the Company on whether or not they have a personal interest in accordance with the foregoing are not counted.

As a general rule, pursuant to the Israeli Companies Law, remuneration to office holders which is inconsistent with the compensation policy of the company requires, in addition to the approval of the compensation committee and of the board of directors, the approval of a special majority in the general meeting of the shareholders, as set forth hereinabove. Notwithstanding the aforesaid shareholder approval requirement, the Compensation Policy may also be approved, despite objection by the Company's shareholders in the event that after renewed consideration of the Compensation Policy and based on detailed reasons, both the Compensation Committee and thereafter the Board resolve that the adoption of such Compensation Policy despite the shareholders' objection is in the Company's best interest.

The 2024 Compensation Policy will be brought to the shareholders' approval on the SGM to be held on May 9, 2024 following the expiration of the 2020 Compensation Policy and the recommendation and earlier approval of the Compensation Committee and of the Board. The 2020 Compensation Policy expired in 2023, and the Company is in the process of seeking approval of a new Compensation Policy.

Under law, the Board is required to examine from time to time whether any amendments to the Compensation Policy are necessary in light of changing circumstances or for any other reason, and similarly, the Compensation Committee shall issue recommendations to the Board in this respect from time to time. The Israeli Companies Law provides that the Compensation Policy shall be determined under consideration, amongst others, of the following points: (a) furtherance

of the Company's objectives, its business plan and policies, with a long term view; (b) creation of adequate incentives for officer holders of the Company under consideration of the Company's risk management policy; (c) size of the Company and the nature of its operations; and (d) with respect to variable compensation components – the contribution of the office holder to the achievement of the Company's targets and increase in revenues, all with a long-term view and in accordance with the position of the relevant office holder.

Further, the Compensation Policy shall deal with the following matters: (a) education, qualifications, expertise, professional experience and achievements of the relevant office holder; (b) the position of the office holder, his/her responsibilities and previous engagements signed with him/her; (c) the relation between the engagement terms of the relevant office holder to the engagement terms of the other employees and/or subcontractors of the Company and particularly, the relation to the average salary and to the median (i.e. 50th percentile) salary of such employees and the impact of the difference between the foregoing on the working relationships in the Company; (d) in the event officer engagement terms include variable components – the possibility of reducing such components in the discretion of the Board of Directors, as well as the possibility to determine ceilings for the value of variable components which are not paid in cash; and (e) in the event the officer engagement terms include retirement grants – the period of engagement of the office holder, the applicable engagement terms during such time period, the performance of the Company during such period, the contribution of the officer holder to the achievement of the Company's targets and increase of its revenues, as well as the circumstances of retirement. At last, the Compensation Policy must contain the following provisions: (a) with respect to variable compensation components: (i) such must be based on the achievement of long-term performance goals and objectively measurable criteria (although with respect to an immaterial part of such components, the Company may resolve that such shall be granted based on criteria not objectively measurable under consideration of

the officer holder's contribution to the Company); and the proportion between fixed and variable compensation components must be set, as well as a ceiling for the value of variable components at the time of payment (provided that with respect to variable components which are not paid in cash, a ceiling needs to be fixed at the time of grant); (b) a provision pursuant to which an office holder will repay to the Company any sums paid to him/her as part of his/her compensation if such sum was paid based on data which later turned out to be faulted and which was restated under the Company's financial statements, all on such conditions as set forth under the Compensation Policy; (c) a minimum holding and vesting period for variable compensation components in the form of equity, under reference to adequate incentives with a long-term view; and (d) a ceiling with respect to retirement grants.

With respect to the Company's directors (including also Independent (external) Directors and Independent (non-dependent) Directors), compensation is in accordance with the Rules Regarding the Compensation and Expenses of an External Director – 2000 (as promulgated under the Israeli Companies Law) (the "Director Compensation Regulations"). Subject to applicable law, compensation shall be allowed in amounts higher than what is stated in the Director Compensation Regulations, if any of such Independent (external) Directors or Independent (non-dependent) Directors is a professional director, an expert director or a director who makes a unique contribution to the Company. Both Independent (external) Directors of the Company, Mr. Abramovich and Ms. Kimhi, are expert directors and therefore are entitled to a higher compensation. Further, SHL is also entitled to pay to its directors share-based compensation (subject to applicable law and the restrictions applicable thereto in general under the Compensation Policy, as described above), but in any event the aggregate fair value of the share-based compensation, measured at the time of a new grant, for all of such directors, as a group, in any three (3) year period, did not exceed a fair value of USD 800,000 for one year. In December 2021, the Annual General Meeting approved, following the approval of the Compensation Committee and the Board: (i) the

grant of indemnification letters to the Company's current and future directors and officers, including the CEO and officers and directors who may be deemed controlling shareholders; (ii) the grant of options to purchase 18,000 ordinary shares of the Company at an exercise price of CHF 17.02 per share and with vesting over a three-year period, to each of our directors Mr. Yehoshua Abramovich and Ms. Dvora Kimhi as well as our additional then-serving directors Mr. Amir Lerman, Mr. Erez Alroy and Mr. David Salton; and an amendment to the Company's directors' compensation, so that each current and future Board member shall receive an annual fee of NIS 68,000 and a participation fee of NIS 3,600, which is paid for the participation of the director in each meeting of the Board or any committee thereof, including for participation via electronic means. The amounts are linked to the Consumer Price Index in Israel. With respect to written resolutions, the remuneration shall be 50% of the participation fee; all plus VAT, if applicable. Mr. Yariv Alroy will receive such compensation in addition to his remuneration as our Active Chairman. Although the abovementioned amendment with respect to the Active Chairman's compensation constitutes a deviation from the provisions of the Compensation Policy of the Company, such deviation is lawful as it was approved by all the relevant corporate organs including the approval of a special majority of the shareholders. The compensation of Mr. Nachtomiy is as detailed under Section 5.2 below.

In addition, under the 2024 Compensation Policy:

- a) **Chairman Compensation:** A chairman of the Board who takes on increased duties on behalf the Company shall receive a compensation in recognition of such increased duties (i.e. a separate compensation in lieu of the remuneration of the chairman in his/her capacity as a Director (the "**Chairman's Compensation**"), as long as such person was an Active Chairman and provided that the Chairman's Compensation does not exceed the sum of NIS 780,000 per annum (employer's cost).
- b) In January 2021, the Board, following the approval of the Compensation Committee, approved the amendment of Mr. Yariv Alroy's

terms of office to reflect his contribution and devotion to SHL in his capacity as an Active Chairman (as defined in Section 3.3 "Internal Organizational Structure" above). The main modifications to Mr. Alroy's terms of office include (i) commitment to 90% scope of position, (ii) total monthly salary of NIS 65,000 plus value added tax, instead of Board members' remuneration (annual fee and participation fee) and the monthly payment of NIS 18,000 plus value added tax, and (iii) grant of 250,000 options to purchase Ordinary Shares at an exercise price of CHF 10.73 per share (reflecting the average price per share in the 30 trading days prior to Board approval). The options' vesting schedule shall be in accordance with the Company's 2021 Incentive Plan and in the event that Mr. Alroy ceases to serve in his position due to a change of control in the Company, all the options will automatically be fully vested, and shall be exercisable at any time until the lapse of six (6) months from the date of the cessation of his engagement, and shall thereafter terminate. The amendment above has been approved by the Special General Meeting of the Shareholders of the Company on March 1, 2021.

- c) **Base salary:** The fixed base salary of each executive officer shall be determined based on a variety of considerations taking into considerations: (i) competitiveness - the base salary of executive officers will be evaluated by conducting external benchmarking using a defined peer group, selected based on such factors, among others, as Company's size, global footprint, nature of activities and competitors of similar talent; and (ii) internal fairness (Please find the description of the benchmarks below).
- d) **Annual bonus:** Executive officers may be entitled to a variable cash bonus in accordance with an annual bonus plan, aimed to create an alignment between the compensation of the executive officers and the Company's annual and long term goals while focusing, inter alia, on individual goals that will be defined for each of the executive officers. The Board (after the approval of the Compensation Committee) shall have the full discretion to determine the amount of the bonus payout, if any, of any

and all executive officer(s) in any given year, up to the maximum amounts set forth below, and may also reduce such bonuses. The actual grant of bonuses shall be approved pursuant to applicable law.

Annual bonus payout to executive officers may be calculated by using financial metrics and/or measurable key performance indicators ("KPI"), as pre-determined by the Compensation Committee and the Board, and/or qualitative evaluation the criteria for which are determined at the discretion of the Compensation Committee and the Board, based on budget targets, cash flow targets, profit targets, capital raise and individual goals. The measurement of profit targets shall be based on the audited annual financial statements of the Company, and the weighting of non-measurable criteria is based on the discretion of the Compensation Committee and the Board, as follows: (i) CEO – measurable KPI – group/company KPI – 80%-100%; qualitative evaluation – up to 20%. (ii) VPs (Vice Presidents - other executive officers subject to the CEO) – group/company KPI – up to 100%; individual KPI – up to 60%; qualitative evaluation – up to 20%.

e) Maximum amount of the annual cash bonus shall be as follow: (i) CEO – up to twelve (12) times of his or her base salary; VPs – up to six (6) times of such VP's base salary.

f) **Entitlement to annual bonus:** (i) The Compensation Policy lists some, but not all of the eligible KPIs for the annual bonus plan both on a group or company level, such as budget, cash flow or profit targets, or on an individual level, such as number of subscribers, meeting objectives of product development, gaining new businesses, sales targets, including geographical areas and/ or from new products, and more, with goals for VPs; and for the CEO KPI such as revenue, revenue from existing geographies (Israel and Germany), revenue from new geographies, new products or new business line, EBITDA, operating free cash flow, net profit, subscribers in Israel, telehealth users, telehealth visits, major strategic impact (new major contract, new meaningful product/ technology launching or

purchasing, major international distribution agreement or partnership, M&A) and chronic care tenders; (ii) The measurement of profit targets shall be based on the audited annual financial statements of the Company. For the purpose of calculating a profit target, revenue and expenses not involving cash flow and/or re-evaluation of assets will not be taken into account; (iii) The annual cash bonus parameters will be determined by the Compensation Committee and the Board, taking into account the Company's risk management policy; (iv) Entitlement of an executive officer to receive any annual bonus shall be conditioned upon the achievement of a minimal threshold of 80% of the target performance of each of his or her KPIs or any other threshold determined in the annual bonus plan (the "**Threshold**"). Performance below the Threshold of a KPI shall not entitle such executive officer to any bonus payment with respect to such KPI; however, achievement of such Threshold of other KPIs of an executive officer may entitle same to a bonus payment with respect thereto. Performance above the Threshold may entitle the executive officer to a linear pro rata portion of the bonus set for such KPI or any other portion determined in the annual bonus plan (up to the ceiling of the bonus allocated thereto, provided that the aggregate annual bonus paid to an executive officer shall not exceed the ceiling set forth hereinabove. Notwithstanding the above, the Compensation Committee and the Board may decide, at their sole discretion, to pay an executive officer annual bonus, even if KPIs were not determined in advance or in the event the executive officer did not achieve the KPIs determined, provided however, that the annual bonus shall not exceed three (3) times the Base Salary of that executive officer.

g) **Special bonus:** in addition to the annual cash bonus, under special circumstances, the Compensation Committee and the Board may determine that an executive officer is also entitled to other cash bonuses in recognition of a "Significant Achievement" such as: merger, significant acquisition, consolidation or acquisition of the Company

with, by or into another corporation or entity; private placements to a strategic investor; public offering in a sum and a valuation predetermined by the Board: “Significant Achievement” – for the purpose of this Section means an increase of at least 20% of the Company’s equity or Company’s market value or Company’s annual revenue. The total amount of special cash bonuses awarded to an executive officer for any given calendar year may be up to six (6) times of the base salary of the CEO and three (3) times of the base salary of any other executive officer. In the year under review, the Company did not grant any special bonus.

- h) **Share-based compensation:** (i) The fair value of the share based compensation shall not exceed the following for one year (i.e. the fair value of the share base compensation at the time of the grant divided, linearly, to the number of the years until all the share based compensation is vested): for an executive officer other than the CEO – one and half (1.5) times such executive officer’s yearly base salary, for the CEO – shall not exceed two and a half (2.5) times the CEO’s yearly base salary, and for all Directors as a group – an amount of USD 800,000; (ii) acceleration in a change of control event: in the event of a Corporate Transaction (as such term is defined under the Company’s 2021 Executive and Key Employee Share Incentive Plan, see Section 2.2, or any share incentive plan as in effect, from time to time), or in the event of termination by the Company of an executive officer (except for “cause”) in a Change of Control event (as defined under law), subject to the recommendation and approval of the Compensation Committee (and subject to shareholder approval, if required under the Companies Law), the Board may authorize and approve the acceleration of all or any part of any unvested options outstanding immediately prior to the consummation of the Transaction. The share-based compensation is additional to the base- salary and does not constitute a part thereof.
- i) **Advance notice period:** The advance notice period shall be determined individually with respect to each executive officer, and shall not exceed a period of four (4) months

advance notice for the CEO and three (3) months periods for other executive officers.

- j) **Retirement grant:** An executive officer may become entitled to a retirement grant in the event of termination by the Company (except for “cause”), such grant to be examined in light of the period of service or employment of the executive officer in the Company, the terms of service, the Company’s performance during said period, the contribution of the executive officer to achieving the Company’s goals and its profitability, and the circumstances of retirement. The amount or value of such retirement grant shall not exceed an additional six (6) months for the CEO (provided he is not a controlling shareholder) and three (3) months for the executive officers, of base salary, all in addition to the advance notice.

In the year under review the Company has not awarded any retirement grants.

- k) **Retirement grant in a Change of Control event:** Upon termination of service or employment by the Company (except for “cause”) of the CEO, or by the CEO (provided he is not a controlling shareholder) resulting from a Change of Control event, and during a six months period following the closing date of such event, such terminated CEO may be entitled to an additional retirement grant of up to three (3) times of such CEO monthly base salary. Company may elect to pay such additional grant, to the extent approved, by acceleration of any future grants to the extent same exist under the employment agreement of any so eligible CEO. “Change of Control”– as such term is defined under the Israeli Companies Law. During the process of approval of the Compensation Policy the Compensation Committee and the Board have been presented and have taken into account a benchmark paper prepared by an impartial external consultant, with whom the Company is not otherwise engaged.

The companies included in the benchmark were twelve (12) public companies traded on the Tel Aviv Stock Exchange in the fields of commerce and services or technology, with revenues of up to three (3) times that of the Company.

Among the Companies used as a benchmark for the policy were:

Somoto - Traded on TASE - Technology (Software and Internet), Equity (31.12.15) NIS 101,409,000, Revenues – NIS 115,620,000, Net Profit – NIS 13,719,000;

Pluristem - Traded on TASE and NASDAQ -Biomed (Biotechnology) - Market Cap (29.12.16): NIS 446,960,000 - Equity (31.12.16): NIS 96,563,000 - Loss (31.12.16): NIS -139,112,000;

Brainsway - Traded on TASE - Biomed (medical equipment) - Market Cap (29.12.16): NIS 238,837,000 - Equity (31.12.16): NIS 39,554,000 - Loss (31.12.16): NIS -9,216,000;

Telsys - Traded on TASE - Real estate - commerce and services - Market Cap (29.12.16): NIS 174,686,000 - Equity (31.12.16): NIS 99,190,000 - Profit (31.12.16): NIS 12,305,000;

Nisko Electricity - Traded on TASE - Real estate - commerce - Market Cap (29.12.16): NIS 84,705,000 - Equity (31.12.16): NIS 101,379,000 - Profit (31.12.16): NIS 1,087,000;

Allot Communications - Traded on NASDAQ - Technology (Software and Internet) - Market Cap (29.12.16): NIS 627,486,000 - Equity (31.12.16): NIS 604,334,000 - Loss (31.12.16): NIS -30,737,000; and more.

For comparison purposes, SHL figures for 31.12.16 in NIS were: Market cap NIS 271,063,000, Equity NIS 91,687,000, Loss NIS 42,613,000.

The Company's Compensation Policy expired on September 30, 2023. Therefore, the Company called a General Annual Meeting and proposed, inter alia, to approve the Company's Compensation for an additional period of three years from the

date of the said Annual General Meeting.

On the said Annual General Meeting, held on February 8, 2024, the shareholders of the Company did not approve the said proposal. Therefore, the Company called for a Special General Meeting to be held on May 9, 2024, proposing to approve the Company's Compensation Policy. i.e. for the date of this report, the Company does not have a valid Compensation Policy.

5.2. Approval Requirements

Board of Directors

Except for limited circumstances provided for under regulations promulgated under the Israeli Companies Law, pursuant to the Israeli Companies Law, the compensation to be paid to the directors as such, as well as the terms of employment (including the terms and conditions of the directors and officers insurance and indemnification) of any of the directors in any other position, require the approval of the Compensation Committee, the Board and the shareholders (by a simple majority) and the relevant approvals by the Compensation Committee and the Board need to be made in accordance with the Compensation Policy in effect (subject to a limited exception).

Further, pursuant to the Israeli Companies Law, approval by the shareholders of the terms of engagement of a controlling shareholder as an office holder (including as a director) or employee (and subject to the limited circumstances provided for under regulations promulgated under the Israeli Companies Law in which such shareholder approval is not required), requires either (i) that the majority vote in favor of the resolution shall include the consent of at least a majority of the shareholders voting power represented at the meeting in person or by proxy and voting thereon who have no personal interest in approving the resolution (not including abstaining votes), or (ii) that the total shares of the shareholders who have no personal interest in approving the resolution voted against the resolution do not represent more than two (2) percent of the voting rights in the company (the Israeli Minister of Justice is authorized to determine a different percentage; no such rules were promulgated to date).

Pursuant to the provisions of the Israeli Companies Law, as a general rule, any person that has a personal interest in a transaction (including approval of the terms of office of a director) may not participate or vote at the relevant Board, Audit Committee, or (with respect to the approval of engagement terms) Compensation Committee meeting where the transaction is discussed; provided that office holders who have a personal interest in a transaction may be present for the purpose of presenting such transaction, if the Chairman of the Audit Committee, the Chairman of the Board or the Chairman of the Compensation Committee, as the case may be, determined that such presence is required. In addition, if the majority of the members of the Board of Directors, the Audit Committee or the Compensation Committee, as applicable, have a personal interest in the terms of office of such a director, then the relevant director may be present during the deliberations and may vote on his terms of office, and in such event, shareholder approval is also required.

It is hereby noted that pursuant to the relevant regulations promulgated under the Israeli Companies Law, if the compensation of directors (including directors who are controlling shareholders) does not exceed the annual compensation and the participation compensation per meeting set forth in the Director Compensation Regulations, then under certain circumstances and given the approval of the company's compensation committee and the board of directors of that company, the approval of the shareholders is not required. The compensation payable to Independent (external) Directors, is approved at the time of his/her election (Independent (external) Directors are elected for a term of three (3) years). Pursuant to the Director Compensation Regulations, all Independent (external) Directors shall be entitled to the same compensation. The current compensation payable to all current Board members, including Independent (external) Directors, as further described below, was last approved by the Compensation Committee and the Board on October 31, 2021 and by the Annual General Meeting held on December 9, 2021.

As of December 31, 2023 and the day hereof, all then-serving Board members of the Company (excluding Mr. Nachtomy who serves as CEO and is not entitled to the participation fee, and Mr. Ehud Barak who served as an Active Co-Chairman (both of whom on February 5, 2024, withdrew their nomination for re-election as members of the Board of Directors of the Company, at the 2023 Annual General Meeting held on February 8, 2024) received the same compensation per meeting, in the amount of NIS 3,600 (whether such meeting was held physically or by electronic means) as well as annual compensation in the amount of NIS 68,000. The Active Chairman of the Board, Mr. Yariv Alroy, is entitled to said participation fee and annual fee, in addition to his current compensation from the Company. The former co-Chairman, Mr. Ehud Barak, was entitled to a monthly management fee in the amount of USD 13,800 plus VAT. The CEO, Mr. Erez Nachtomy is entitled to the annual fee but was not entitled to the participation fee, as noted above (the amounts above are linked to the Israel Consumer Price Index).

No option grants were approved with respect to said directors during the year under review, except as set forth in the table under "Compensation for Acting Members of Governing Bodies" in Section 5.3 below.

It is noted, that in the first 2017 Special General Meeting it was approved to issue to each "Other" director as such term defined under Israeli Law (i.e. inter alia, not including a controlling shareholder) the grant of 18,000 options to purchase 18,000 Ordinary Shares of SHL under SHL's Share Incentive Plan. The following members of the Board were granted 18,000 options (each) by the Company, in accordance with the SHL's 2021 Share Incentive Plan: Prof. Lerman, Mr. Abramovich, Ms. Kimhi, Mr. Salton, Mr. E. Alroy and Mr. Nachtomy (see Table below in this Section 5). The issuance of all the aforesaid options was approved by the Board, the Compensation Committee and the shareholders of the Company. The applicable compensation paid to the directors and the Chairman in the year under review pursuant to the foregoing is reflected in the table on "Compensation for Acting Members of Governing Bodies".

The Independent (external) Directors of SHL are entitled to compensation as provided under the Director Compensation Regulations and in accordance with the Company's Compensation Policy (please refer to Section 5.1 above), which compensation is comprised of reimbursement of reasonable expenses and a fixed annual fee plus a participation fee per each Board or Committee meeting attended, all as set forth in the Director Compensation Regulations. Independent (external) Directors are not entitled to any performance-based compensation. The Director Compensation Regulations specify the annual fee and the participation fee to be paid to external directors, depending on the company's shareholders' equity. The Director Compensation Regulations also allow for an alternative payment method, according to which the remuneration paid to external directors will be the same as the remuneration received by the other directors of the company who are not employed by the company and are not controlling shareholders thereof (proportionate remuneration).

It should be noted that Mr. Yariv Alroy, as Active Chairman of the Board, receives different remunerations in his capacity as such (for further information, please refer to Section 5.1 above).

Directors are reimbursed for travel and other reasonable expenses related to their capacity as directors of SHL and all directors (including directors that are not compensated for their services) are entitled to an exemption letter as was approved by the 2022 SGM, as well as indemnification and D&O insurance coverage, all as approved by the Compensation Committee, the Board and the shareholders (for further information on director compensation, see also "Compensation for Acting Members of Governing Bodies" Section). The Board of Directors is in charge of the implementation of the Compensation Policy, which shall be in force for a period of 3 years from the date the Compensation Policy is duly approved. The Company has the right to change the Compensation Policy, at any time, in accordance with the provisions of applicable law. Pursuant to the Compensation Policy, the

Compensation Committee (i) shall examine the application of the Compensation Policy, from time to time, and at the latest each year, and recommend any changes, to the extent necessary, to the Board, and (ii) shall evaluate annually the performance of each of the Company's executive officers and shall review at least annually the executive officers' personal compensation programs in light of the Company's goals and objectives with respect to such programs, and recommend any changes to the Board.

Senior Management (Other than the CEO)

Pursuant to the Israeli Companies Law, the engagement terms of office holders of the Company that are not directors, controlling shareholders or their relatives, or the CEO of the Company (including indemnification undertakings and officer insurance coverage) require approval by the Board following approval by the Compensation Committee, and the approval by the Board and the Compensation Committee shall be in accordance with the Compensation Policy (subject to a limited exception). Pursuant to the Israeli Companies Law, the salaries and emoluments of the executives of SHL were, in the year under review, governed by the Compensation Policy, taking into account with respect to each executive, the parameters according to the 2024 Compensation Policy and the framework set forth thereunder (for a further description thereof, please refer to Section 5.1 of this report). Generally, members of the management whose compensation is being discussed may participate in the Compensation Committee's meetings to the extent necessary, but may not be present when a resolution regarding their compensation is being adopted.

The amounts of bonuses to SHL's office holders which are indicated in this report are based on the Company's targets and KPIs for 2023 which were determined in advance by the Compensation Committee on March 6, 2023 and approved by the Board on March 6, 2023, as follows: (a) with respect to the CFO – (i) measurable quantitative targets include revenue target – 25%, EBITDA target – 25% and

cashflow target – 15%; (ii) individual qualitative targets – 15%; and (iii) a specific KPI relating to a corporate target – 20%; (b) with respect to SHL Israel's General Manager – (i) measurable quantitative targets include revenue target – 30%, EBITDA target – 30% and cashflow target – 10%; (ii) targets related to operation targets – 20% and (iii) qualitative evaluation – 10%. All financial target KPIs were measured according to the 2023 budget.

With respect to SHL USA General Manager – (i) measurable quantitative targets include revenue target – 35%, EBITDA target – 5% and cashflow target – 5%; (ii) targets related to operation targets – 20% and (iii) qualitative evaluation – 15%. All financial target KPIs were measured according to the 2023 budget.

In general, compensation terms are reviewed when the CEO or the Board deem it necessary to review such terms, e.g. when market conditions change etc.

In the year under review, the annual compensation of Senior Management, other than of the CEO was comprised of a fixed base salary component and options. In the year under review the Company has made provisions for annual bonuses (based on the estimation thereof) in the amount of USD 68,460. In addition to the foregoing, all members of Senior Management were entitled to additional benefits in the form of a company car and a mobile phone. All members of Senior Management that were employed by the Company are also entitled to customary contributions to pension funds, as well as to "Study Funds" and some also have Disability Insurance. Such contributions amount on the Company's side to 6.5% for the pension component, 8.33% to the severance pay component, 7.5% to the Study Fund, and 0.9% to the Disability Insurance (if applicable).

As a general rule, fixed base salary and performance based cash bonus are subject to the applicable effective Company's Compensation Policy and the conditions stipulated in such policy and are subject to the aforesaid corporate approval requirements for persons considered office holders, including office holders who may be deemed controlling shareholders, under the Israeli Companies

Law. Share option incentive awards are subject to Compensation Committee approval in accordance with the Company's Compensation Policy and further Board approval and such additional corporate approvals as set forth above with respect to office holders.

Parameters taken into account related to the composition of the compensation packages of Senior Management members were set forth in SHL's Compensation Policy (for a list of such parameters, please refer to Section 5.1 above). For limitations applicable to annual cash bonuses for the year under review, please refer to the description of the Company's Compensation Policy under Section 5.1 above. Overall, the compensation of Senior Management in the year under review was comprised, on an average to approximately 61% of a cash base salary and 39% of performance based cash bonuses and share options granted.

CEO

The actual annual bonus payment to the CEO for the year 2023 indicated below is based on the specific targets and KPIs which were determined in advance by the Compensation Committee and the Board. For further information, please see Section 5.2 above. The targets and KPIs of the CEO for 2023 were as follows: (i) measurable quantitative targets include revenue target – 25%, EBITDA target – 25% and cashflow target – 15%; (ii) individual qualitative evaluation – 15%; and (iii) a specific KPI relating to a corporate target – 20%. For further information, please see Section 5.2 above. Overall, the compensation of the CEO in the year under review was comprised of 83% of a base salary 17% of performance based cash bonuses and share options granted.

For further information on director and senior management compensation, see also Section 5.3 "Compensation for Acting Members of Governing Bodies").

Share Incentive Program

The grant of equity compensation to employees, directors and consultants of SHL and its subsidiaries is in the sole discretion of the Board which may determine from time to

time and subject to the provisions of the 2021 Share Incentive Plan, additional grantees of equity compensation under the plan and any matter related to the administration of the 2021 Share Incentive Plan.

Equity compensation grants are done pursuant to the Board's full discretion pursuant to the general rules set forth under the policy, as described herein. Options to VP's are usually based on CEO's recommendations and approvals by the Compensation Committee and the Board, and to the CEO based on the Compensation Committee's recommendation and the Board's approval, and are sometimes the outcome of negotiations with the relevant employee.

Notwithstanding the aforesaid, pursuant to the provisions of the Israeli Companies Law, should such equity compensation be granted to the directors or a controlling shareholder as part of their compensation, such grant shall require the approval of the Compensation Committee, the Board and the shareholders, and with respect to office holders who are not directors, the CEO or controlling shareholders of the Company or their relatives, such grant shall require approval by the Compensation Committee, followed by approval by the Board, all of the foregoing approvals of the Compensation Committee and the Board to be made in accordance with the Compensation Policy. Pursuant to the Israeli Companies Law, the qualified majority described above (please refer to Section 5.2 – with respect to the approval by the shareholders of the engagement of a controlling shareholder as an office holder or employee) is also required for the approval by the shareholders of the grant of equity compensation to a controlling shareholder as part of its compensation. Further, SHL's Compensation Policy prescribes certain ceilings with respect to the value of any share-based compensation granted to (a) any individual officer; and (b) the non-executive directors as a group, in each case with respect to any three (3) year period (for more details regarding such ceilings, please refer to Section 5.1 above). The Compensation Policy also requires that the Compensation Committee and the Board, when discussing the grant, shall consider whether such grant is a suitable

incentive for increasing SHL's value in the long term, the economic value of the grant, the exercise price and the other terms (for further details of the Compensation Policy with respect to shareholdings programs see Section 5.1).

For vesting conditions applicable to options, please refer to Section 2.2 above.

5.3. Compensation for Members of the Board of Directors and Senior Management

Compensation for Acting Members of Governing Bodies

It may be noted that SHL is not subject to the Swiss Compensation Ordinance.

The total of all compensation (including all employer contribution into pension funds, managers insurance, other social benefit payments and national insurance payments) which was paid to the members of the Board of Directors and the Senior Management for their service or employment, as the case may be, during the year under review, was as follows:

The highest total compensation payable to a member of the governing bodies in 2023 was to Amir Hai (see above). The Senior Management of SHL consisted of the CEO and one additional members during the year under review.

Pursuant to the Israeli Companies Law, the Compensation Committee, the Board and the shareholders of SHL re-approved and confirmed the existing directors' and officers' insurance provided, and indemnification undertaking issued by, the Company in favor of all of its officers and directors (including controlling shareholders) and authorized the management of the Company to negotiate and execute, and to periodically renew and keep in force, for and on behalf of the Company, a liability insurance policy for all of the Company's directors and officers, as shall be in office from time to time, for a coverage of up to USD 15 million. Accordingly, the undertaking by SHL to indemnify all directors and officers, in office from time to time, to the extent and limitations set forth in the indemnification letters issued to such persons, in an aggregate sum of up to USD 15 million was re-confirmed. The entitlement to insurance, exemption and indemnification arrangements, as may be approved by the Company from time to time, is also set forth in the Compensation Policy.

The table and numbers above include compensation to former board members and former members of governing bodies in the year under review.

Share Allotment in the Year under Review

No Ordinary Shares of SHL were allotted to the executive or to the non-executive members of the Board, or to the management or parties closely linked to any such person during the year under review. 6. Shareholder Participation

6.1. Voting Rights Restrictions, Representation Restrictions and Participation

There are currently no voting-rights and representation restrictions in place, except as set forth below. For voting rights of holders of ADSs and Ordinary Shares in general, please refer to Section 2.4 above. For the TOB Decision pursuant to which Mrs. Mengke Cai, Mr. Xiang Xu, Himalaya (Cayman Islands) TMT Fund, Himalaya Asset Management Ltd., and Kun Shen are obliged to make a public tender offer for all listed shares in SHL and the suspension of their voting rights

until the publication of the tender offer, see Section 2.4.1, and Section “Swiss Takeover Board Proceeding” under “Changes in the Financial Year 2023” above.

The voting rights of the ADSs and Ordinary Shares in general may be affected by the grant of any special voting rights to the holders of a class of shares with preferential rights if authorized in the future, such an authorization requires a majority of sixty- six (66) percent of the voting power present at the General Meeting pursuant to the Company’s Articles of Association. The quorum required for any meeting of shareholders is at least two (2) shareholders present in person or by proxy who together hold or represent at least thirty-three and one third (33.1/3) percent of the voting rights. A meeting adjourned for lack of a quorum is adjourned to the same day in the following week at the same time and place or to any time and place as specified in the notice of such meeting or as the chairman may designate with the consent of a majority of the voting power present and voting on the question of adjournment. At the reconvened meeting, the required quorum consists of any two (2) shareholders present in person or by proxy, regardless of the number of Ordinary Shares represented.

Under SHL’s Articles of Association all resolutions submitted to the shareholders, unless provided for otherwise in the Articles of Association or under any applicable law, shall be deemed adopted if approved by the holders of a simple majority of the voting power

represented at the meeting in person or by proxy and voting thereon. For resolutions that require special majority, see Section “Statutory Quorums” below.

For the requirement of shareholders holding 5% or more of the Company’s shares or voting rights to provide the Company with an address in Israel to receive documents see Section 2.4.2 above.

6.2. Statutory Quorums

Pursuant to the Company’s Articles of Association, the following resolutions require a special majority of sixty-six (66) percent of the voting power represented at the shareholders meeting: (a) increase of authorized share capital; and (b) creation of shares with special rights or modifications of share rights. Furthermore, under Israeli law and under SHL’s Articles of Association, a voluntary winding-up would require a majority of seventy-five (75) percent of the voting power represented at the shareholders meeting. For special majority requirements with respect to the adoption of the Company’s Compensation Policy, please refer to Section 5.1 above, with respect to controlling shareholder transactions, please refer to Section 5.2 above, and with respect to the election of Independent (external) Directors to the Board of Directors, please refer to Section 3.1 above.

6.3. Convocation of the General Meeting of Shareholders

Under SHL’s Articles of Association, an Annual General Meeting shall be held once in every calendar year at such time (within a period of not more than fifteen (15) months after the last preceding Annual General Meeting) and at such place either within or without the State of Israel as may be determined by the Board. All General Meetings other than Annual General Meetings are called “Special General Meetings”. Pursuant to the Articles of Association of the Company and the Israeli Companies Law, the Board may, whenever it thinks fit, convene a Special General Meeting at such time and place, within or without the State of Israel, as may be determined by the Board. Special General Meetings may also be convened upon requisition of either of the following (a) two (2) directors,

or one fourth of the directors in service; or (b) one or more shareholders, holding not less than 5% of the issued and outstanding share capital of the Company and not less than 1% of the voting rights in the Company; or one or more shareholders holding not less than 5% of the voting rights of the Company. If a meeting shall be requisitioned as aforesaid, then the meeting shall be held not later than thirty-five (35) days from the time notice of such meeting is given to shareholders (unless otherwise required for a meeting at which matters may be voted on by ballot – see below).

Not less than twenty-one (21) days prior notice shall be given to any General Meeting and shall be published in one newspaper in Israel and in one newspaper in Switzerland or in accordance with the rules and regulations of the stock exchange on which SHL’s shares are listed. As permitted under applicable law, as of January 2016, the Company no longer publishes the notices in the newspaper, nor does it mail hard copies to shareholders, and the material can be downloaded from its website, following ad hoc publications of the agenda of such meetings. Shareholders may vote on certain matters (such as the election or removal of directors or transactions between a company and any of its officers or controlling shareholders or in which such persons may have a personal interest) by (i), in the case of holders of ADSs, by submitting a voter instruction form, and (ii), in the case of holders of Ordinary Shares, by submitting a written ballot with respect thereto (the “Ballot”) (but may vote thereon in person or by proxy). In the event such matters are included in the agenda of a General Meeting then not less than thirty five (35) days’ prior notice shall be given, unless to the Company’s best knowledge, at the time of the resolution regarding convening of the meeting, a controlling shareholder of the company will hold, as of the record date, such number of votes which will enable the controlling shareholder to pass the required resolution, even if all other shareholders participate and vote against (i.e. in general more than 50% of the voting rights).

Pursuant to relevant regulations promulgated under the Israeli Companies Law, in the event that a topic on the agenda requires

also approval by the Board, then the relevant newspaper and shareholder notices shall not be published or sent, as the case may be, later than ninety (90) days following such Board approval. Since 2016, as permitted under Israeli law, Company does not provide written notices to shareholders nor does it publish invitations in newspapers and only publishes ad hoc publications in connection with general meetings as well as on its website.

Pursuant to regulations promulgated under the Israeli Companies Law, the notice of a general meeting in a public company must in addition include the type of meeting, place and time thereof, a summary of the resolutions proposed to be adopted, the majority required with respect thereto and the record date. A public company must also include the phone number and address of its registered office and the times at which the full version of the proposed resolutions may be reviewed. In the event the agenda includes matters which may be voted on by Ballot, then additional details are required to be included in the notice, including, inter alia, the deadline for submitting shareholder statements to the company and the deadline for submitting Ballots.

A voter instruction form must be delivered to the Depositary or the applicable banks, brokers or other nominees (as set forth on the voter instruction form) by the date indicated on the voter instruction form, a proxy must be delivered to the registered office of SHL not later than 48 hours prior to the General Meeting and a Ballot must be delivered to the registered office of SHL not later than four (4) hours prior to the General Meeting. For the Ballot to become effective: (i) any shareholder whose shares are registered with the Company's registrar of shareholders must enclose a copy of such shareholder's identity card, passport or certificate of incorporation, as the case may be; and (ii) any shareholder whose shares are registered with Computershare must enclose a written confirmation from Computershare as to its ownership of the voting shares.

The aforementioned regulations also stipulate that any shareholder wishing to state his position with respect to any of the said matters on the agenda may do so by requesting the

Company to deliver such position to the other shareholders (the "**Shareholder Statement**"). The Shareholder Statement must be delivered to the registered office of the Company not later than ten (10) days prior to the general meeting as such date is determined by the Board. A Shareholder Statement shall be delivered to all shareholders no later than one (1) day following receipt thereof. Should a company elect to state its position with respect to such Shareholder Statement, it shall deliver such position (the "**Company Statement**") to the shareholders, no later than five (5) days prior to the General Meeting. Any such Statement must be written in a clear and simple language and shall include no more than 500 words per subject matter. A Shareholder Statement shall detail the identity of such shareholder, as well as his percentage interest in the Company; a shareholder who is a corporate entity shall detail the identity of its controlling shareholder(s), as well as additional holdings (if any) of such controlling shareholder(s) in shares of the Company, to the best knowledge of the shareholder submitting the Shareholder Statement. A shareholder submitting the Shareholder Statement, who acts in consort with others with respect to voting in shareholder meetings, whether in general or with respect to certain matter(s) on the agenda, shall indicate so in the Shareholder Statement, and shall describe the aforementioned arrangements and the identity of the shareholders so acting in consort. Any shareholder (as well as any shareholder acting in consort with such shareholder) having a personal interest in any matter on the agenda, shall describe the nature of such personal interest. Any shareholder may revoke his/her/its Ballot by submitting a cancellation notice (the "**Cancellation Notice**"). The Cancellation Notice together with sufficient proof as to the identity of such canceling shareholder, to the absolute discretion of an officer of the Company, must be delivered to the registered office of the Company not later than twenty four (24) hours prior to the General Meeting. Any such shareholder submitting a Cancellation Notice may only vote by attending the General Meeting in person or by proxy. One or more shareholders holding, at the Record Date,

shares representing five (5) percent or more of the total voting power in the Company, as well as any holder of such percentage out of the total voting power not held by the controlling shareholder(s), as such term is defined under Section 268 of the Israeli Companies Law, may, following the General Meeting, in person or by proxy, inspect the Ballots and the record thereof at the Company's registered office. The competent court may, at the request of any shareholder who does not hold, at the Record Date, the aforementioned percentage, instruct the Company to allow the inspection of said documents and records, in whole or in part, on terms and conditions determined by the court.

6.4. Agenda

Pursuant to the Israeli Companies Law, the agenda at a General Meeting shall be determined by the Board.

Pursuant to the Israeli Companies Law, any one or more shareholders holding at least one (1) percent of the voting rights in the Company may request the directors to include a certain topic in the agenda of the general meeting, provided that such topic is suitable to be discussed at a general meeting. Pursuant to regulations promulgated under the Israeli Companies Law, (i) with respect to general meetings which include topics which may be voted on by Ballot (see above), such shareholder request needs to be submitted not later than seven (7) days from convening of the shareholder meeting; and (ii) with respect to other general meetings, such request needs to be submitted not later than three (3) days from convening of the shareholder meeting. In the event that the Board deems a suggested topic fit for inclusion in the agenda of the general meeting, the Company shall prepare an updated agenda and shall publish such agenda (both by newspaper notice and by notice to shareholders) not later than seven days after the last date on which requests for amendments to the meeting agenda could have been submitted. The foregoing does not apply in the event the Company publishes a preliminary notice of its intention to convene a general meeting, such preliminary notice to be published by shareholder notice at least

twenty- one (21) days prior to the publication of the actual notice of the general meeting. In such preliminary notice, the Company shall describe the expected agenda topics and shall notify shareholders that Company shall be entitled not to examine any requests of shareholders to include additional topics on the agenda in the event such were received later than fourteen (14) days from the publication of the preliminary notice of the general meeting.

At a General Meeting, resolutions may be adopted only on subjects that were specified in the agenda for the particular General Meeting.

6.5. Registration in the Share Register with Computershare

To be able to participate in a general meeting of the shareholders and vote the Shares, a holder of Ordinary Shares must be registered with Computershare Schweiz AG, by the record date set by the Board of Directors in its resolution to convene a general meeting of the shareholders. Such record date shall not, pursuant to regulations promulgated under the Israeli Companies Law, be earlier than forty (40) days prior the date of the General Meeting and not later than four (4) days prior to the date of such General Meeting (provided that with respect to General Meetings the agenda of which includes topics which may be voted on by Ballot (see above), such date shall be not later than twenty-eight (28) days prior to the General Meeting), or different periods as shall be permitted by applicable law. A determination of holders of Ordinary Shares of record with respect to a General Meeting shall apply to any adjournment of such meeting. Confirmations regarding share registration can be obtained from Computershare Schweiz AG. To be registered with Computershare Schweiz AG, a shareholder should request her or his custody bank to submit the respective request to Computershare Schweiz AG through a SIX SIS Ltd. member institution.

Whoever acquires 33⅓ % of the voting rights - regardless of whether this person can actually exercise those voting rights - is obliged to make a public takeover offer for all of the listed shares of such company. The acquirer must therefore make an offer to purchase or exchange securities in the company. For details about the TOB proceeding

regarding the pending tender offer obligation of certain shareholders of the Company see Section “Swiss Takeover Board Proceeding” under “Changes in the Financial Year 2021” above. To the understanding of the Company, it is exempt from Israeli law provisions relating to special tender offers, but certain tender offer rules with respect to full tender offers under the Israeli Companies Law apply to it. These include that, if as result of an acquisition of shares an acquirer will hold more than ninety (90) percent of a company’s shares, the acquisition must be made by means of a tender offer for all of the shares. Furthermore, pursuant to the Israeli Companies Law all of the shares of the minority shareholders will be transferred to the offeror in the event that either (a) such number of shares are tendered to the offeror so that more than ninety-eight (98) percent of the outstanding shares are held by it; or (b) such number of shares are tendered to the offeror so that less than five (5) percent of the outstanding shares did not accept the offer and more than half of the shareholders that do not have a personal interest in the acceptance of the purchase offer tendered their shares. SHL’s Articles of Association do not contain provisions regarding opting out or opting up.

6.6. American Depositary Shares (American Depositary Receipts, “ADRs”)

The Company has listed ADRs on Nasdaq® (symbol “SHLT”). Bank of New York Mellon (“BNY Mellon”) has been appointed as the depositary bank. The ADRs are priced in USD and provide the same rights in dividends and voting powers as the ordinary shares of the Company. Each ADR represents one ordinary SHL share, subject to the enforcement procedures as per the deposit agreement between the Company, BNY Mellon and the owners of ADRs. Further information on the ADR program is available on the Website of the Company at <https://www.shl-telemedicine.com/adr-depositary-bank/>.

6.7. Clauses on Changes of Control

There are no clauses on changes of control in agreements and plans benefiting members of the Board of Directors and/or members of the Management and/or other members of SHL’s

cadre, except: (i) under the Compensation Policy with respect to possible acceleration of options and retirement grant to the CEO in case of termination of employment by either party within six (6) months as of such event; under the Compensation Policy the special bonus due to a Full Exit Event as described in Section 5.1 above; and (iii) as described under Section 2.2 above with respect to the vesting schedule of the options granted to Mr. Yariv Alroy. (For further details see Section 5.1 above).

7. ESG

SHL is dedicated to telemedicine. For more than a quarter of a century, we have been taking care of people in need of home-based medical support. Our ethos is to provide immediate and professional medical care when our patients need it. We monitor their health and wellbeing to reduce the need for emergency intervention and hospitalization. Our aim is to increase the quality of life of our users, e.g. for patients with chronic conditions, as well as the chances of survival e.g. if a heart attack strikes.

We invest our expertise in the research and development of innovative concepts that advance the field of telemedicine and evolve into state-of-the-art solutions that shape the future of healthcare. While doing so, SHL’s Board of Directors and Senior Management Team are committed to high standards of corporate governance, including transparency and accountability towards our Company’s stakeholders. The corresponding Corporate Governance reporting is updated on a yearly basis and available in the Annual Report.

Sustainability is a crucial task, for every company, regardless of size or industry. Therefore, and to demonstrate our commitment to a sustainable development, in 2023 we have developed, approved, and implemented a Code of Ethics that is available on our website (<https://www.shl-telemedicine.com/wp-content/uploads/2023/04/SHL-Code-of-Ethics-March-2023-1.pdf>). These ethical principles were communicated to our employees and transferred to them as their responsibility.

Furthermore, SHL starts providing more transparency on non-financial matters with the Annual Report 2023. This respective

Sustainability Report should be read in connection with the other chapters of this report, i.e. the Corporate Governance chapter. In doing so, the Company is responding to the increased interest in non-financial reporting. This Sustainability Report 2023 of SHL Telemedicine follows the most recent edition of the Directive on Information relating to Corporate Governance (Annex 7) of Swiss Exchange Regulation (SIX).

Here, we discuss the following topics: cyber security, employee aspects, environmental aspects including climate, social aspects, human rights, and anti-corruption – as they are relevant for our company and its stakeholders, and as we can achieve a positive impact on them. We describe our approach to these topics, outlining measures taken and our contributions (including the applied key performance indicators, KPI). We remain committed and vigilant to address any future challenges in good time.

In each of our territories, we conduct our business and operations subject to a variety of laws and regulatory regimes of the countries and jurisdictions in which we operate and provide our services, including but not limited to labor standards, workplace safety and security, prevention of sexual harassment/molestation, privacy/data protection, anti-corruption, anti-competition, financial relationships and anti-laundering, materials and waste hazards and recycling, and specific rules and regulations that apply to healthcare services providers. These ethical principles are communicated to the employees in the individual business units by means of directives and transferred to them as their responsibility. The CFO is responsible for the oversight over the implementation.

The topic of sustainability is in the responsibility of the CFO under the supervision of the CEO and the Board. SHL is in the process of further developing the concepts, measures, evaluation and controls.

7.1. Cyber Security

As a global leader in telemedicine technologies and services, cyber security is a top priority in all our business activities. Our solutions are designed to protect patient data from unauthorized access, use, or disclosure. We have appointed an external

dedicated Chief Information Security Officer reporting to the SHL CIO. We also developed and implemented policies, procedures and infrastructures that support SHL's data security for sensitive information, disaster recovery and business continuity for different systems and system durability. The information security policy of our Company is based on the standards and regulations in the healthcare industry (ISO 27001, ISO 27799, and HIPAA compliance).

SHL follows and implements the Israeli Cyber Defense Doctrine 2.0 (ICDM 2.0), a methodology for managing cyber risks in organizations: Following these guidelines, we have adopted several ISO standards, including the above-mentioned ISO 27001 and ISO 27799, to provide a foundation for its cybersecurity governance and risk management strategy. We also have a comprehensive privacy policy that addresses the protection of personal data which includes general guidelines for data protection, policy for customers regarding personal data collection, retention and sharing with third parties, approval form for usage of medical devices using or transmitting customer data.

In 2023 we have conducted a comprehensive risk assessment to identify the cybersecurity risks that are most relevant to our organization. Main risks identified relate to vulnerability for some infrastructure network attacks and to the customers and patients concern the interruption of telemedicine services and the leakage of health-related data. To make use of them one must have access to the network and bypass multiple layers. The risks do not have a direct effect on client. All risks are managed in the cybersecurity workplan for 2024. It is worth noting there are no risks evaluated higher than medium. In general, we use a variety of tools and techniques to identify, assess, and analyze our cybersecurity risks on a constant basis. These tools and techniques include technical assessments, formal risk assessments, and threat modeling. We have also a comprehensive cybersecurity strategy and action plan in place that is fully addressing the risks identified in our risk assessment. This plan is regularly reviewed and updated to ensure that it remains effective.

Finally, we have implemented a continuous monitoring and review program to ensure that

our cybersecurity program is effective and up to date managed by CISO and his team. This program includes regular penetration tests, vulnerability assessments, and incident response drills. The program includes weekly reporting to the CIO and annual reporting to the CEO.

We track multiple KPIs related to cyber risks such as number of employees who took part in security training, percentage of employees who failed phishing simulations, dates of security policies last update, whether the monitoring systems are operating properly during our testing, frequency of testing compared to the workplan. Based on this proactive approach to cybersecurity, no cyber incidents and/or data breaches occurred in 2023 and 2022.

7.2. Employee Aspects

Employees are obliged to comply with the applicable laws and adhere to both our Mission statement (available here: <https://www.shl-telemedicine.com/mission/>) as well as our Code of Ethics.

SHL's global business success is largely determined by the knowledge and skills of its employees. In addition, at a time when the labor market is characterized by a significant shortage of skilled workers and the workforce is ageing, knowledge transfer and effective employee recruitment are becoming a decisive factor for the long-term success of companies.

We therefore aim to attract the best employees and provide them with the best possible support and training in their working environment. The retention and recruitment of top performers is and will be addressed by the HR management. An open communication culture, management that exemplifies the corporate values and a safe, healthy, and diverse working environment are all designed to promote employee commitment and identification with the work and the Company. Employees should be able to realize their full potential at SHL. The Company operates a fair and non-discriminatory recruitment. The individual performance, skills, and potential of employees in their respective workplaces are the decisive factors in recruitment, training, and promotion. And in March 2023 we adopt Whistleblower policy.

We pursue a fair, transparent, and comprehensible salary policy that is aligned to local, regional, and national practices. Our compensation policy aims to pay salaries that are in line with market conditions and take account of requirements, performance, success, and behavior monitored by VP operation & HR. For further information regarding the compensation schemes for the Board and Management team members, we refer to the Compensation Report in this Annual Report.

Employees	2023	2022
Israel	447	418
Germany	132	130
USA	4	9
Overall	583	557

Employees (in %)	2023	2022
Male	39%	37%
Female	61%	63%

At SHL, also the health and safety of its employees is a top priority. Our Code of Ethics states: "Directors, officers and employees must pay due regard to the health and safety of its employees, officers and directors and others and to the state of the environment, including full compliance with federal, provincial, state and local workplace safety and environmental laws which through various governmental agencies regulate both the physical safety of employees, officers and directors as well as exposure to conditions in the workplace" controlled by VP Operations. We expect our suppliers as well as our business partners to act in the same way.

7.3. Environmental aspects

Doing business in a resource-efficient way is an everyday focus for us. Hence, our direct impact is limited, as SHL is a service provider company with no involvement of industrial activities and has no proprietary manufacturing locations.

With respect to our suppliers and manufacturers, our Code of Ethics states: "People who want to do business, or continue to do business, with the Company must understand that all purchases by the Company will be made exclusively on the basis of price, quality, service and sustainability to the Company's needs".

We have limited impact with regards to the CO₂ emissions and Energy and water consumption mainly due to employees vehicles that meet environment standards and most of business communication has been done by video conferences, the number of business flights is very limited.

7.4. Social aspects

SHL aims to be a good corporate citizen. With its headquarters in Israel (Tel Aviv) and 30 years of history, SHL is an integral part of the local economy and community. We cultivate our relationships with local society, representatives of the local communities as well as R&D and business partners through continuous dialogue. The same applies to our presence in Germany (Munich) and in the US (Hauppauge, NY).

We also maintain a constant and trustful dialogue with shareholders, the financial community as well as the Swiss (SIX) and US (Nasdaq) stock exchanges where the shares of SHL Telemedicine are currently traded.

7.5. Human Rights

SHL Telemedicine does not tolerate discrimination based on gender, skin color, religion, nationality, disability, age, sexual orientation, physical or mental disability, marital status, political views, or other legally protected characteristics. All forms of physical and psychological violence, bullying or sexual harassment in the workplace are prohibited. We do not tolerate any form of forced or child labor within the Company or its supply chain.

Both in 2023 and 2022, no human rights violations were recorded by SHL Telemedicine.

7.6. Anti-Corruption

SHL does not tolerate any illegal or unethical behavior. As our Code of Ethics states, “a director has a duty to report to the Board, and an officer or an employee has a duty to report to the CEO any activity she or he believes contravenes the law or a breach of the Code of Ethics”. We will not tolerate any form of retaliation against individuals who submit reports or complaints in good faith regarding suspected violations of the Code of Ethics.

Due to the characteristics of its business, SHL

considers the risk of corruption to be low. Both in 2023 and 2022, no breaches of competition law or cases of corruption were identified in connection with SHL Telemedicine’s business activities. Nor have any sanctions been imposed for other material breaches of environmental, social, or other laws.

8. Auditors

8.1. Duration of the Mandate and Term of Office of the Head Auditor

Kost, Forer, Gabbay & Kasierer, a member of Ernst & Young Global are the auditors of SHL since 1997. Under the Israeli Companies Law and the Articles of Association, the auditors of SHL are appointed by resolution of the Annual General Meeting and serve until their re-election, removal or replacement by subsequent shareholder resolution. SHL’s auditors were last re-appointed at the 2023 Annual General Meeting. Mr. Ofer Ben-Ezra (CPA) replaced Mr. Itay Bar-Haim, as the head auditor from the 2020 audit following the auditor mandatory rotation rule pursuant to which the audit partner conducting the audit must be replaced every five (5) years.

8.2. Auditing Honorariums and Additional Honorariums

Ernst & Young charged in the financial year 2023 approximately USD 303 for services rendered in connection with auditing the financial statements of SHL and its subsidiaries and the consolidated financial statements of the SHL Group.

8.3. Additional Honorariums

In addition, Ernst & Young charged approximately USD 138 for additional services performed for the SHL Group in the field of tax advice and general advisory services. The aforesaid sums include payments made to other member firms of Ernst & Young outside of Israel.

8.4. Supervisory and Control Instruments vis-a-vis the External Auditors

Pursuant to the Israeli Companies Law, the external auditors of the Company shall be independent, both directly and indirectly, from the Company. In the event that the Board of

Directors becomes aware of any connection between the external auditors and the Company which constitutes a dependency, the Board shall instruct the auditors to immediately cease such connection. If the auditors do not adhere to this instruction, the Board shall call for a special general meeting of shareholders, within a reasonable time, in order to remove the auditors.

The Company may not condition the compensation of the external auditor in a way that may limit the performance of the audit or that links between the compensation and the outcome of the audit.

The external auditor may at any time review such Company documents which it requires to perform its tasks, and to receive explanations with respect thereto. The auditor is entitled to participate in all annual meetings at which the financial statements audited by auditor are presented, and at all board meetings and FS committee meetings with respect to discussion and approval of such financial statements.

The external auditor reports to the Board in the meetings of the Board in which the external auditor participates.

If the auditor becomes aware of a material flaw in the financial controls of the Company, it must report such flaw to the Chairman of the Board. The external auditor participates in meetings of the Board and the FS Committee at which the annual and interim financial statements of the Company are discussed. The annual audit plan pursuant to which the external auditor conducts the audit is subject to the Audit Committee's prior approval. Prior to each annual audit, the external auditor distributes a questionnaire to be filled by the Company, assessing the independence of such external auditor with respect to the Company. The Audit Committee also assesses the independence of the external auditor based on the abovementioned questionnaire prior to each annual audit. The remuneration of the external auditor is determined by the Board of Directors of the Company, once a year, based on the management's recommendations. The performance of the external auditor is being assessed by the CFO of the Company based on continuous contact and interactions with the external auditor, and the CFO reports to the

Financial Statements Committee and the Board of Directors.

During the year under review, the Board has held 4 (four) meetings with the Company's external auditor as part of the authorization of the Annual and Interim Financial Statements, and the Audit Committee has held 3 (three) meetings at which the Company's external auditor was present as part of the discussion with respect to the annual audit.

9. Information Policy

SHL is committed to a policy of open and effective communications with customers, partners, shareholders and staff alike (within constraints imposed by confidentiality obligations and applicable law). SHL's investor relations program features regular publication of relevant information for the benefit of the public and the capital markets. The actual share price, press releases and presentations are also available on the website. SHL maintains three (3) websites offering up-to-date corporate and product information: www.shl-telemedicine.com and www.shahal.co.il and www.smartheartpro.com.

SHL is also subject to the information reporting requirements of the U.S. Securities Exchange Act of 1934, as amended, applicable to foreign private issuers, and fulfills these requirements by filing reports with the SEC. SHL's SEC filings are available to the public on the SEC's website at www.sec.gov.

SHL also informs interested parties through a variety of corporate publications including annual and half-yearly reports, which can be ordered or downloaded from www.shl-telemedicine.com. These reports feature operational reviews as well as consolidated balance sheets, profit & loss statements and cash flow statements as of December 31 and June 30 respectively. The annual corporate governance report includes a corporate governance report as required under the SIX Listing Rules. The Company does currently not intend to publish quarterly financial statements. In addition, SHL conducts regular communication briefings with media representatives and financial analysts. SHL publishes price-sensitive information as required by the SEC and the SIX Listing Rules. The Company's ad-hoc reports and press

releases may be retrieved at <https://www.shl-telemedicine.com/news/>. Persons that wish to be included in the Company's distribution list with respect to ad hoc notices may do so at <https://www.shl-telemedicine.com/contact-ir/>.

Official notices concerning the listing of shares required under the SIX Listing Rules will be published in electronic form on the website of the SIX (currently www.six-group.com/en/products-services/the-swiss-stock-exchange/market-data/news-tools/official-notices.html#/).

The Company may send notices to shareholders who are registered in the share register of the Company, Computershare Schweiz AG.

According to the Articles of Association, each shareholder holding 5% or more of the Shares or voting rights and each member of the Board of Directors of the Company is obliged to provide the Company with an address in Israel for the receiving of documents (including judicial documents). As long as such address has not been provided, the Company's registered office will be considered as the Shareholder's and/or director's address for the receiving of documents (including judicial documents).

Insider Trading Policy and Closed Periods

SHL maintains an insider trading and management transactions disclosure policy (the "Insider Trading Policy"), last approved in April 2016. The Insider Trading Policy provisions are applicable to members of the Board, officers, employees, representatives and consultants of the Company, as well as the immediate family members and household members of such persons, in addition to any other person which may receive non-public information with respect to the Company (each being an "Insider") which may have a material impact on SHL's share price ("Insider Information"). Amongst others, the Insider Trading Policy forbids trading in SHL's securities by the aforementioned persons while in possession of Insider Information. Insiders shall refrain from trading in SHL securities up until 24 hours have passed from the issuing of a press release containing Insider Information, but no sooner than the next trading day of the SIX Swiss Exchange.

According to SHL's Insider Trading Policy, certain insiders (board members, CEO, CFO, CTO, all vice presidents (other executive officers that are subject to the CEO), all members of management of SHL Israel and SHL Germany, IR staff, Chief Medical Advisor and controllers) may not trade in SHL securities from the close of trading on the day that is three weeks prior to the expected date of the publication of the quarterly or half-yearly financial reports or four weeks prior to the expected date of the publication of the annual financial reports, until 24 hours after SHL's financial results have been released to the press, but no sooner than the next trading day of the SIX Swiss Exchange.

The CEO or the CFO may impose additional closed periods for all Insiders. During such Closed Periods, no Insider may trade in any SHL securities. Furthermore, the Insider Trading Policy requires members of the Board and members of Senior Management to report to the CFO transactions in SHL securities executed by themselves or by certain related parties no later than on the second trading day following the transactions. The CFO has to file such Disclosure Report with the SIX Swiss Exchange within three (3) trading days upon receiving the Disclosure Report.

Financial Overview

During the year 2023, the company continued to make progress and gained strategic achievements which we believe will support future business growth and strengthen the Company's position as a leading provider and developer of advanced telemedicine solutions. Revenue levels were stable at USD 57.1 million, while our Adjusted EBITDA was mainly affected by increased expenses in R&D activity which related to our US operation and to NASDAQ listing expenses.

In Israel, we maintained stable revenues and profitability in our B2C activity, while our B2B healthcare services were affected by the war in Gaza in the last quarter of 2023. It is important to note that in the beginning of 2024 our B2B operation is back on track, and we believe there will be increased demand for our B2B services going forward.

In Germany revenues slightly increased while our expenses were affected by restructuring and one time expenses of USD 1.6 million mainly due to management level changes and other non-recurrent expenses.

In the US we grew revenues and made significant progress with the launch of our B2C operation in November 2023. We offer a comprehensive subscription service that delivers at home professional cardiac care directly to the consumer. We believe this is a major step in the penetration of our SmartHeart™ technology platform in the US market.

During the first quarter of 2023, we significantly strengthened our financial position following the exercise of USD 19 million of investors options of and secured our future growth plans.

The company commenced trading on the NASDAQ in April 2023.

Financial Results Snapshot

The following table provides a snapshot of our financial results reported in accordance with generally accepted accounting principles ("GAAP"). The presentation of 2022 figures in constant currency (2022CC)¹ provides more meaningful comparison between the periods due to fluctuations in NIS/USD/EUR exchange rates.

1. Constant Currency – in order to enable meaningful comparison between 2023 and 2022 results, 2022 results are also presented in 2023 constant currency exchange rates. Management believes that this presentation enables a more meaningful comparison between the periods due to the significant fluctuations in NIS/USD/EUR exchange rates during the period.

In constant currency, revenues for the year increased by USD 1.0 million, In constant currency Israeli operation revenues were slightly increased compared to 2022. The Israeli operation be a significant contributor to the company's profitability.

Revenues for the year resulting from the German operation were USD 14.1 million compared to revenue of USD 13.4 million in 2022. In constant currency, revenue for the year increased by USD 0.3 million.

In terms of geographic breakdown, the German business accounted for 25% of total revenues, and the Israeli business accounted for 74% of total revenues. This compares with 23% and 77% of total revenues, respectively, in 2022.

Gross margin

In 2023, gross margin was 44% compared to 46% in fiscal year 2022. The decrease is mainly related to the Israeli B2B operation.

Research and Development costs, net

Research and development net expenses were USD 5.3 million in 2023 compared to USD 3.8 million in 2022. In constant currency, research and development costs increased by USD 1.6 million compared to 2022. The increased investment in development costs is mainly related to the continued development of our SmartHeart™ technology platform, and the development of our platform in Germany. Gross R&D expenses were USD 6.7 million in 2023 of which USD 4.2 million was capitalized compared to USD 7.2 million out of which USD 5.2 million was capitalized in 2022. Amortization of development costs was USD 2.8 million compared to USD 1.8 million in 2022.

Selling and Marketing Expenses

Selling and marketing expenses for fiscal year of 2023 were USD 10.6 million, compared to USD 11.4 million in fiscal year of 2022. In constant currency, selling and marketing expenses in the fiscal year of 2022 were USD 10.8 million. Selling and marketing expenses include customer

relation depreciation of USD 1.3 million in fiscal year of 2023, same as in fiscal year of 2022 in constant currency. In fiscal year of 2023, selling and marketing expenses were 19% of revenues for the year, same as in 2022.

General and Administrative Expenses

General and administrative expenses for the fiscal year of 2023 were USD 16.2 million, compared to USD 16.8 million in the fiscal year of 2022. In constant currency General and administrative increased by USD 0.4 million. The increase is mainly related to the increase in corporate expenses due to the NASDAQ listing.

Other expenses

In fiscal year of 2023, the Company incurred non-recurring expenses of 2.2 million, mainly related to one-time recurring payments in Germany of USD 1.6 million, and USD 0.6 million related to NASDAQ listing expenses. In 2022 other expenses were USD 0.4 million.

Earnings before financial income, Tax expenses, Depreciation and Amortization (EBITDA) and Earnings before financial income and Tax expenses (EBIT)

9.0 million, compared to EBITDA of USD 2.0 million and negative EBIT of USD 5.2 million in 2022. In constant currency, 2022 EDITDA was USD 1.5 million. Most of the change is related to the increase in other expenses and to the decrease in B2B services in Israel due to the war that broke out at the beginning of the last quarter of 2023.

Adjusted EBITDA for fiscal year 2023, which excludes stock-based compensation and other extraordinary expenses, was USD 2.1 million compared to USD 3.5 million in 2022 (in constant currency).

Financial Income/Expenses

Net Financial income for fiscal year of 2023 was USD 3.0 million, compared to net financial income of USD 6.5 million in fiscal year of 2022. The decrease is mainly related to modification of investor options that were issued to investors as part of the capital raise in 2021.

Taxes on Income

For fiscal year 2023, taxes on income expenses were USD 0.9 million, compared to tax expenses of USD 1.1 million in fiscal year 2022. The decrease is mainly related to lower profit in the

Mediton operation due to the war that broke out at the beginning of the last quarter of 2023.

Net Income (loss)

Net Loss for fiscal year of 2023 was USD 6.9 million compared to a net profit of USD 0.2 million in fiscal year of 2022. The decrease is mainly related to the decrease in operating profit of USD 3.8 million and the negative change financials expenses of USD 3.4 million mainly related to the modification of investor options, which is a non-cash item.

Significant Changes in Assets, Liabilities and Equity

The Company's balance sheet remains strong, increasing from USD 110.8 million as of 31 December 2022 to USD 113.0 million as of 31 December 2023. The increase is primarily due to an increase in current assets of USD 7.8 million, mainly due to the exercise of investor options, offset by a decrease in non-current assets of USD 4.8 million.

Current assets as of 31 December 2023 were USD 40.1 million (35% of total assets), of which USD 26.2 million was cash and cash equivalents and short-term investments, compared to current assets as of 31 December 2022 of USD 32.3 million (29% of total assets), of which USD 18.7 million was cash and cash equivalents. The increase in current assets is

mainly related to the increase in cash and cash equivalents and short-term investments as a result of investors options exercise.

Current liabilities as of December 31, 2023, were USD 17.4 million (15% of total balance sheet), compared to current liabilities of USD 17.8 million as of December 31, 2022 (16% of total balance sheet).

Working capital has increased from USD 14.5 million as of December 31, 2022, to USD 22.6 million as of December 31, 2023, mainly related to the increase in cash and short-term investments. The Current ratio as of December 31, 2023, was 2.3, compared to 1.8 as of December 31, 2022, and the quick ratio as of December 31, 2023, was 2.1, compared to quick ratio of 1.6 as of December 31, 2022. All liquidity ratios continue to demonstrate a positive liquidity position and a strong ability of the Company to meet its obligations.

Non-current assets as of December 31, 2023, were USD 14.9 million compared to USD 19.7 million as of December 31, 2022. The decrease is mainly related to right-of-use and deferred taxes.

Long term liabilities as of December 31, 2023, were USD 19.1 million compared to USD

33.7 million as of December 31, 2022. The decrease is mainly related to share options liability, long-term loan, and lease liabilities.

Property and equipment, net was USD 4.9 million as of December 31, 2023, compared to USD 4.7 million as of December 31, 2022. Property and equipment, net is mainly consists to loan of telemedicine devices to the company's subscribers amounting to USD 1.7 million (35% of total) as of December 31, same as December 31, 2022 (36% of total).

Goodwill as of December 31, 2023, was USD 33.0 million, compared to USD 33.7 million as of December 31, 2022. The decrease is related to currency translation differences.

Intangible assets, net as of December 31, 2023, were USD 20.3 million compared to USD 20.4 million as of December 31, 2022. The decrease is mainly due to an increase in development cost to the amount of USD 1.7 million, offset by a decrease in customer relations depreciation of USD 1.7 million.

Total equity excluding non-controlling interest as of December 31, 2023, was USD 73.5 million (65.0% of total balance sheet) compared to total equity of USD 55.7 as of December 31, 2022 (50.3% of total balance sheet).

Cash Flow

Cash flow used from operating activities for the fiscal year of 2023 was USD 1.5 million, compared to break-even in fiscal year of 2022. The decrease is mainly related to the increase in net losses

Net cash used in investing activities in fiscal year 2023 was USD 9.3 million, compared to USD 6.4 million in fiscal year 2022. The increase is mainly related to changes in short-term investment.

Net Cash provided from financing activities for fiscal year 2023 was USD 13.7 million compared to net cash used in financing activities for fiscal year 2022 was USD 2.3 million 2022, increase is mainly related to the net proceeds of USD 19.1 million from investors options exercise.

As of December 31, 2023, the Company's cash and cash equivalents and short-term bank deposits were USD 26.2 million compared to USD 18.7 million as of December 31, 2022.

Chief Financial Officer

INDEPENDENT AUDITORS' REPORT To the Shareholders of SHL TELEMEDICINE LTD.

Opinion

We have audited the consolidated financial statements of SHL Telemedicine Ltd. and its subsidiaries (the "Group"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for the years ended December 31, 2023 and 2022, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2023 and 2022, and its consolidated financial performance and its consolidated cash flows for the years ended December 31, 2023 and 2022, in accordance with International Financial Reporting Standards (IFRSs) as issued by the International Accounting Standards Board ("IASB").

Basis for opinion

We conducted our audits in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants

(including International Independence Standards (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2023. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

The Key Audit Matters we identified are:

	Description of Key Audit Matter and why a matter of most significance in the audit	How our audit addressed the Key Audit Matter
Existence and measurement of medical devices	As of December 31, 2023, the total carrying amounts of telemedicine devices in property and equipment and inventory are approximately \$1.7 million and \$5.4 million, respectively. These amounts are comprised of thousands of devices that are on loan to customers (property and equipment) and that are being held by the Group (inventory). The Group's monitoring of the existence and measurement (as described in Notes 2e and 2i in the consolidated financial statements) of these devices involves a complex interface among automated and non-automated accounting records distributed among various entities within the Group. The aforementioned factors led us to conclude that the existence and measurement of telemedicine devices is a key audit matter.	Our audit procedures included testing of physical counts of the devices and extensive detailed testing of the accounting records, including checking mathematical accuracy, to support the carrying amounts of the devices. We also performed substantive testing and examination of underlying documentation to support the costs comprising the carrying amounts, including the appropriate elimination of intercompany profit for transfers of devices between entities in the Group. We evaluated the realizability of the carrying amounts based on analysis and testing of invoices issued subsequent to the reporting date. We also performed significant testing of cross-referencing of data between different systems to support the existence of the devices on loan.
Impairment of Goodwill	As of December 31, 2023, the carrying amount of Goodwill is approximately \$33 million. Management performs a review of the Goodwill for impairment pursuant to IAS 36. This impairment review involves significant judgmental assumptions and estimates with respect to future cash flows from the Group's operations, as described in Note 11 to the consolidated financial statements. Due to the significance of the amount and the judgmental nature of management assumptions, we concluded that this is a key audit matter.	Our audit procedures included the assessment of the recoverability of Goodwill by auditing management's forecasts of revenues and cash flows to be generated from its cash generating units in Israel and Germany. As part of our audit of the goodwill, we compared management's forecast to actual results and future budget, as well as gaining an understanding and performing sensitivity analysis of reasonably possible changes in the significant assumptions underlying the forecast, including growth rates and discount rates. We were assisted by our internal valuation specialists in evaluating the methodology and significant assumptions used by management, in particular the discount rates. We identified and analyzed changes in significant assumptions from the prior year and evaluated the consistency of assumptions used.
Capitalized development costs.	As of December 31, 2023, the carrying amount of capitalized development costs is \$9.9 million, as described in Note 11 to the consolidated financial statements. The assessment of whether development costs meet the criteria for recognition as an intangible asset requires significant management judgment, in particular with respect to technical feasibility and generation of future economic benefits. Due to the significance of the amount and the judgmental nature of management assumptions, we concluded that this is a key audit matter.	Our audit procedures included updating our understanding, via meetings with management, of the nature and composition of development costs capitalized in 2023. We evaluated whether the expenses capitalized during the current year meet the capitalization requirements according to IAS 38, Intangible Assets. We challenged the existence and value of capitalized development costs for them to have a valid business rationale as well as valid expectations for future economic benefits to the Group. Amongst our procedures we challenged the useful life of the capitalized development costs.

Other information included in the Group's 2023 Annual Report

Other information consists of the information included in the Group's 2023 Annual Report other than the consolidated financial statements and our auditors' report thereon. Management is responsible for the other information.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management and the board of directors for the consolidated financial statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with IFRSs as issued by the IASB, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The board of directors is responsible for overseeing the Group's financial reporting process.

Auditors' responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of

expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the board of directors regarding, among other matters, the planned

scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the year ended December 31, 2023 and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The partner in charge of the audit resulting in this independent auditors' report is Mr. Ofer Ben Ezra.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

NOTE 1 | GENERAL

a. SHL Telemedicine Ltd. (“SHL” and/or “the Company”) was incorporated in Israel. The registered office is located at Ashdar Building, Yigal Alon St. in Tel Aviv. Its shares are publicly traded on the SIX Swiss Exchange under the symbol SHLTN. In April 2023 the Company started trading its American Depositary Shares (“ADRs”) on The NASDAQ Capital Market (the “Nasdaq”), under the ticker symbol “SHLT”.

SHL and its subsidiaries (“the Group”) develop and market advanced personal telemedicine solutions. Personal telemedicine is the transmission of medical data by an individual, from a remote location to a medical call center via telecommunication networks. SHL’s personal telemedicine systems are designed to improve quality of care and life for people suffering from various health conditions ranging from the high-risk and chronically ill to ordinary users of healthcare products and services who wish to take a more active role in managing their own health. In addition, the Group provides B2B healthcare services in Israel in the field of diagnostics, preventive medicine, and medical opinions to institutional customers.

b. The effects of the Swords of Iron War:

In October 2023, the Swords of Iron war broke out in Israel (“the war”). The ongoing war has led to a slowdown in business activity throughout the Israeli economy, as a result, among others, of the shutdown of enterprises in the south and north of Israel, the damage to local infrastructures, the nationwide military reserve draft for an indefinite period and the disruption of economic activity in the entire country. The prolongation of the war is likely to have extensive nationwide effects on numerous business and geographic segments.

The potential fluctuations in commodity prices, foreign currency exchange rates, availability of materials and manpower, local services and

access to local resources are all liable to affect entities whose main operations are conducted in or with Israel.

Mediton’s operations which provide services that are based on a fee-for-service model were affected by the war in Gaza during the last quarter of 2023 . In the beginning of 2024 Mediton’s activity is back on track.

NOTE 2 | ACCOUNTING POLICIES

a. Basis of presentation of the financial statements:

1. These financial statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”).

The Group’s financial statements have been prepared on a cost basis, except for marketable securities, liability to underwriters and derivatives (put option, and liability for share options) which are measured at fair value through profit or loss and employee benefit assets and liabilities.

The Group has elected to present the statement of comprehensive income using the function of expense method.

2. Consistent accounting policies:

The accounting policies adopted in the financial statements have been applied consistently for all periods presented, unless otherwise stated.

b. Consolidated financial statements:

The consolidated financial statements comprise the financial statements of companies that are controlled by the Company (subsidiaries). Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

The consolidated financial statements are prepared using uniform accounting policies by all companies in the Group.

Non-controlling interests in subsidiaries represent the equity in subsidiaries not attributable, directly or indirectly, to a parent. Non-controlling interests are presented in equity separately from the equity attributable to the equity holders of the Company. Profit or loss and components of other comprehensive income are attributed to the Company and to non-controlling interests. Losses are attributed to non-controlling interests even if they result in a negative balance of non-controlling interests in the consolidated statement of financial position.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as a change in equity by adjusting the carrying amount of the non-controlling interests with a corresponding adjustment of the equity attributable to equity holders of the Company less/plus the consideration paid or received.

c. Functional currency and presentation currency:

1. Functional currency and presentation currency:

The presentation currency of the financial statements is the U.S. dollar.

The functional currency, which is the currency that best reflects the economic environment in which the Company operates and conducts its transactions, is separately determined for each Group entity and is used to measure its financial position and operating results. The functional currency of the Company and its subsidiaries in Israel is the NIS.

When a Group entity's functional currency differs from the presentation currency, that entity's financial statements are translated so that they can be included in the consolidated financial statements as follows:

a) Assets and liabilities of foreign operations, including goodwill and any fair value

adjustments to the carrying amounts of assets and liabilities arising from the acquisition of said foreign operation, are translated at the closing rate at the end of the reporting period.

b) Income and expenses for each period presented in the statement of income are translated at average exchange rates for the presented periods.

c) Share capital, capital reserves and other changes in capital are translated at the exchange rate prevailing at the date of incurrence.

d) Retained earnings are translated based on the opening balance translated at the exchange rate at that date and other relevant transactions (such as dividend) during the period are translated as described in b) and c) above.

e) All resulting translation differences are recognized as a separate component of other comprehensive income (loss) in equity "foreign currency translation reserve".

2. Index-linked monetary items:

Monetary assets and liabilities linked to the changes in the Israeli Consumer Price Index ("Israeli CPI") are adjusted at the relevant index at the end of each reporting period according to the terms of the agreement. Linkage differences arising from the adjustment, as above, other than those capitalized to qualifying assets or carried to equity in hedge transactions, are recognized in profit or loss.

d. Short-term deposits:

Short-term bank deposits are deposits with an original maturity of more than three months from the date of investment and which do not meet the definition of cash equivalents. The deposits are presented according to their terms of deposit.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

e. Inventory:

Inventory of telemedicine devices for sale is presented at the lower of cost or net realizable value. Cost is determined using the “first-in, first-out” method.

Net realizable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

f. Financial instruments:

1. Financial assets:

Financial assets are measured upon initial recognition at fair value plus transaction costs that are directly attributable to the acquisition of the financial assets, except for financial assets measured at fair value through profit or loss in respect of which transaction costs are recorded in profit or loss.

Equity instruments and other financial assets held for trading:

- Investments in equity instruments do not meet the above criteria and accordingly are measured at fair value through profit or loss.
- Other financial assets held for trading, including derivatives, are measured at fair value through profit or loss unless they are designated as effective hedging instruments.

2. Impairment of financial assets:

The Company evaluates at the end of each reporting period the loss allowance for financial debt instruments which are not measured at fair value through profit or loss. The Company has short-term financial assets such as trade receivables in respect of which the Company applies a simplified approach and measures the loss allowance in an amount equal to the lifetime expected credit loss.

An impairment loss on debt instruments measured at amortized cost is recognized in profit or loss with a corresponding loss allowance that is offset from the carrying amount of the financial asset.

3. Financial liabilities:

- a) Financial liabilities measured at amortized cost: Financial liabilities are initially recognized at fair value less transaction costs that are directly attributable to the issue of the financial liability.

After initial recognition, the Company measures all financial liabilities at amortized cost using the effective interest rate method, except for financial liabilities at fair value through profit or loss.

- b) Financial liabilities measured at fair value through profit or loss:

Financial liabilities measured at fair value through profit or loss include liabilities held for trading, including derivatives, and financial liabilities that meet certain criteria which are designated upon initial recognition to fair value through profit or loss.

At initial recognition, the Company measures these financial liabilities at fair value. Transaction costs are recognized in profit or loss.

After initial recognition, changes in fair value are recognized in profit or loss.

4. Issue of a unit of securities:

The issue of a unit of securities involves the allocation of the proceeds received (before issue expenses) to the securities issued in the unit based on the following order: financial derivatives and other financial instruments measured at fair value in each period. Then fair value is determined for financial liabilities that are measured at amortized cost. The proceeds allocated to equity instruments are determined to be the residual amount. Issue costs are allocated to each component pro rata to the amounts determined for each component in the unit.

g. Leases:

The Group accounts for a contract as a lease when the contract terms convey the right to control the use of an identified asset for a period of time in exchange for consideration.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

1. The Group as a lessee:

For leases in which the Group is the lessee, the Group recognizes on the commencement date of the lease a right-of-use asset and a lease liability, excluding leases whose term is up to 12 months and leases for which the underlying asset is of low value. For these excluded leases, the Group has elected to recognize the lease payments as an expense in profit or loss on a straight-line basis over the lease term. In measuring the lease liability, the Group has elected to apply the practical expedient in the Standard and does not separate the lease components from the non-lease components (such as management and maintenance services, etc.) included in a single contract.

Leases which entitle employees to a company car as part of their employment terms are accounted for as employee benefits in accordance with the provisions of IAS 19 and not as subleases.

On the commencement date, the lease liability includes all unpaid lease payments (excluding variable lease payments) discounted at the interest rate implicit in the lease, if that rate can be readily determined, or otherwise using the Group's incremental borrowing rate. After the commencement date, the Group measures the lease liability using the effective interest rate method.

On the commencement date, the right-of-use asset is recognized in an amount equal to the lease liability plus lease payments already made on or before the commencement date and initial direct costs incurred. The right-of-use asset is measured applying the cost model and depreciated over the shorter of its useful life and the lease term.

Following are the periods of depreciation of the right-of-use assets by class of underlying asset:

	Years	Mainly
Motor vehicles	1.5 - 3.5	3
Buildings	4 - 11	10

The Group tests for impairment of the right-of-use asset whenever there are indications of impairment pursuant to the provisions of IAS 36.

2. Variable lease payments that depend on an index:

On the commencement date, the Group uses the index rate prevailing on the commencement date to calculate the future lease payments.

For leases in which the Group is the lessee, the aggregate changes in future lease payments resulting from a change in the index are discounted (without a change in the discount rate applicable to the lease liability) and recorded as an adjustment of the lease liability and the right-of-use asset, only when there is a change in the cash flows resulting from the change in the index (that is, when the adjustment to the lease payments takes effect).

3. Lease extension and termination options:

A non-cancellable lease term includes both the periods covered by an option to extend the lease when it is reasonably certain that the extension option will be exercised and the periods covered by a lease termination option when it is reasonably certain that the termination option will not be exercised.

In the event of any change in the expected exercise of the lease extension option or in the expected non-exercise of the lease termination option, the Group remeasures the lease liability based on the revised lease term using a revised discount rate as of the date of the change in expectations. The total change is recognized in the carrying amount of the right-of-use asset until it is reduced to zero, and any further reductions are recognized in profit or loss.

4. Lease modifications:

If a lease modification does not reduce the scope of the lease and does not result in a separate lease, the Group remeasures the lease liability based on the modified lease terms using a revised discount rate as of the modification date and records the change in the lease liability as an adjustment to the right-of-use asset.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

If a lease modification reduces the scope of the lease, the Group recognizes a gain or loss arising from the partial or full reduction of the carrying amount of the right-of-use asset and the lease liability. The Group subsequently remeasures the carrying amount of the lease liability according to the revised lease terms, at the revised discount rate as of the modification date and records the change in the lease liability as an adjustment to the right-of-use asset.

h. Business combinations and goodwill:

Business combinations are accounted for by applying the acquisition method. The cost of the acquisition is measured at the fair value of the consideration transferred on the date of acquisition with the addition of non-controlling interests in the acquiree.

Direct acquisition costs are carried to the income statement as incurred.

A put option granted by the Group to non-controlling interests and concurrently a call option received by the Group from the non-controlling interests that can be settled in cash or by the delivery of a variable number of shares are accounted for as a derivative financial liability or asset presented on a net basis and measured at fair value. The non-controlling interests continue to be recognized in equity until the put or call options are exercised.

Goodwill is initially measured at cost which represents the excess of the acquisition consideration and the amount of non-controlling interests over the net identifiable assets acquired and liabilities assumed.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. For purposes of evaluation of impairment of goodwill, goodwill purchased in a business combination is evaluated and attributed to the cash-generating units to which it had been allocated.

i. Property and equipment:

Property and equipment are measured at cost, including directly attributable costs, less accumulated depreciation and accumulated impairment losses. Cost includes spare parts and auxiliary equipment that can be used only in connection with the property and equipment.

Depreciation is calculated at constant annual rates on a straight-line basis over the useful life of the assets at annual rates as follows:

	%
Medical equipment	10 - 15 (mainly 15%)
Motor vehicles and ambulances	15 - 20 (mainly 20%)
Office furniture and equipment	6 - 7 (mainly 6%)
Computers and peripheral equipment	15 - 33 (mainly 20%)
Leasehold improvements	see below
Telemedicine devices on loan to customers	10

Leasehold improvements are depreciated on a straight-line basis over the shorter of the lease term (including any extension option held by the Group and intended to be exercised) and the expected life of the improvement.

j. Intangible assets:

Intangible assets acquired in a business combination are included at fair value at the acquisition date. After initial recognition, intangible assets are carried at their cost less any accumulated amortization and any accumulated impairment losses. Expenditures relating to internally generated intangible assets, excluding capitalized development costs, are recognized in profit or loss when incurred.

According to management's assessment, intangible assets have a finite useful life. The assets are amortized over their useful life using the straight-line method and reviewed for impairment whenever there is an indication that the asset may be impaired.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

The useful life of intangible assets is as follows:

	Years
Developments costs	5 - 10
Computer software	5
Contracts	6.75
Customer relations	10
Information technology	6

Research and development expenditures:

Research expenditures are recognized in profit or loss when incurred. An intangible asset arising from development or from the development phase of an internal project is recognized if the Company can demonstrate the technical feasibility of completing the intangible asset so that it will be available for use or sale; the Company's intention to complete the intangible asset and use or sell it; the Company's ability to use or sell the intangible asset; how the intangible asset will generate future economic benefits; the availability of adequate technical, financial and other resources to complete the intangible asset; and the Company's ability to measure reliably the expenditure attributable to the intangible asset during its development.

The asset is measured at cost less any accumulated amortization and any accumulated impairment losses. Costs recognized as intangible assets include directly attributable costs of preparing the asset for its intended use such as cost of materials, direct labor costs and overhead.

Amortization of the asset begins when development is complete and the asset is available for use. As for the testing of impairment, see I below.

k. Impairment of non-financial assets:

The Group evaluates the need to record an impairment of the carrying amount of non-financial assets whenever events or changes in circumstances indicate that the carrying amount is not recoverable. If the carrying amount of non-financial assets exceeds their

recoverable amount, the assets are reduced to their recoverable amount. The recoverable amount is the higher of fair value less costs of sale and value in use. In measuring value in use, the expected future cash flows are discounted using a pre-tax discount rate that reflects the risks specific to the asset. The recoverable amount of an asset that does not generate independent cash flows is determined for the cash-generating unit to which the asset belongs. Impairment losses are recognized in profit or loss.

An impairment loss of an asset, other than goodwill, is reversed only if there have been changes in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. Reversal of an impairment loss, as above, shall not be increased above the lower of the carrying amount that would have been determined (net of depreciation or amortization) had no impairment loss been recognized for the asset in prior years and its recoverable amount. The reversal of impairment loss of an asset presented at cost is recognized in profit or loss.

The following criteria are applied in assessing impairment of these specific assets:

1. Goodwill related to subsidiaries:

For the purpose of impairment testing, goodwill acquired in a business combination is allocated, at the acquisition date, to each of the Group's cash-generating units that is expected to benefit from the synergies of the combination.

The Company reviews goodwill for impairment once a year or more frequently if events or changes in circumstances indicate that there is impairment.

Goodwill is tested for impairment by assessing the recoverable amount of the cash-generating unit (or group of cash-generating units) to which the goodwill has been allocated. An impairment loss is recognized if the recoverable

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

amount of the cash-generating unit (or group of cash-generating units) to which goodwill has been allocated is less than the carrying amount of the cash-generating unit (or group of cash-generating units). Any impairment loss is allocated first to goodwill. Impairment losses recognized for goodwill cannot be reversed in subsequent periods.

2. Development costs capitalized during the development period:

The impairment test is performed annually, on December 31, or more frequently if events or changes in circumstances indicate that there is impairment.

l. Taxes on income:

Taxes on income in the statement of comprehensive income comprise current and deferred taxes. Current or deferred taxes are recognized in the statement of income except to the extent that the tax arises from items which are recognized directly in other comprehensive income or in equity. In such cases, the tax effect is also recognized in the relevant item.

1. Current taxes:

The current tax liability is measured using the tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period as well as adjustments required in connection with the tax liability in respect of previous years.

2. Deferred taxes:

Deferred taxes are computed in respect of temporary differences between the carrying amounts in the financial statements and the amounts attributed for tax purposes.

Deferred taxes are measured at the tax rates that are expected to apply to the period when the taxes are reversed in profit or loss, comprehensive income or equity, based on tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred taxes in profit or loss represent the changes in the carrying amount of deferred tax balances during the reporting period, excluding changes attributable to items recognized outside of profit or loss.

Deferred tax assets are reviewed at the end of each reporting period and reduced to the extent that it is not probable that they will be utilized. Also, temporary differences (such as carry forward losses) for which deferred tax assets have not been recognized are reassessed and deferred tax assets are recognized to the extent that their recoverability has become probable. Any resulting reduction or reversal is recognized in the line item, "taxes on income". Taxes that would apply in the event of the disposal of investments in investees have not been taken into account in computing deferred taxes, as long as the disposal of the investments in investees is not probable in the foreseeable future. Also, deferred taxes that would apply in the event of distribution of earnings by investees as dividends have not been taken into account in computing deferred taxes, since the distribution of dividends does not involve an additional tax liability or since it is the Group's policy not to initiate distribution of dividends that triggers an additional tax liability.

m. Share-based payment transactions:

The Company's employees are entitled to remuneration in the form of equity-settled share-based payment transactions (see details in Note 22).

Equity-settled transactions:

The cost of equity-settled transactions with employees is measured at the fair value of the equity instruments granted at grant date. The fair value is determined using a standard option pricing model, additional details are given in Note 22d.

No expense is recognized for awards that do not ultimately vest, except for awards where

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

vesting is conditional upon a market condition, which are treated as vesting irrespective of whether the market condition is satisfied, provided that all other vesting conditions (service and/or performance) are satisfied.

If the Group modifies the conditions on which equity-instruments were granted, an additional expense is recognized for any modification that increases the total fair value of the share-based payment arrangement or is otherwise beneficial to the employee/other service provider at the modification date.

n. Employee benefit liabilities:

The Group has several employee benefit plans:

1. Short-term employee benefits:

Short-term employee benefits include salaries, paid annual leave, paid sick leave, recreation and social security contributions and are recognized as expenses as the services are rendered. A liability in respect of a cash bonus or a profit-sharing plan is recognized when the Group has a legal or constructive obligation to make such payment as a result of past service rendered by an employee and a reliable estimate of the amount can be made. The short-term employee benefit liability in the statement of financial position is measured on an undiscounted basis.

2. Post-employment benefits:

The plans are normally financed by contributions to insurance companies or funds and classified as defined contribution plans or as defined benefit plans.

a) Defined contribution plans:

The Group has defined contribution plans pursuant to section 14 to the Severance Pay Law under which the Group pays fixed contributions and will have no legal or constructive obligation to pay further contributions if the fund does not hold sufficient amounts to pay all employee benefits relating to employee service in the current and prior periods.

Contributions to a defined contribution plan in respect of severance or retirement pay are recognized as an expense when contributed concurrently with performance of the employee's services.

b) Defined benefit plans:

The Group operates a defined benefit plan in respect of severance pay pursuant to the Severance Pay Law in Israel. According to the Law, employees are entitled to severance pay upon dismissal or retirement. The liability for termination of employee-employer relation is measured using the projected unit credit method. The actuarial assumptions include rates of employee turnover and future salary increases based on the estimated timing of payment. The amounts are presented based on discounted expected future cash flows using a discount rate determined by reference to market yields at the reporting date on high quality corporate bonds that are linked to the Consumer Price Index with term of the benefit obligation.

In respect of its severance pay obligation to certain of its employees, the Group makes current deposits in pension funds and insurance companies ("the plan assets"). Plan assets comprise assets held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the Group's own creditors and cannot be returned directly to the Group.

The liability for employee benefits presented in the balance sheet reflects the present value of the defined benefit obligation less the fair value of the plan assets (see details in Note 18).

Remeasurements of the net liability are recognized as other comprehensive income (loss) in the period in which they occur.

o. Revenue recognition:

Revenue recognition:

Revenue from contracts with customers is recognized when the control over the goods or services is transferred to the customer.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

The transaction price is the amount of the consideration that is expected to be received based on the contract terms, excluding amounts collected on behalf of third parties (such as taxes).

Revenue from rendering of services:

Revenue from rendering of services is recognized over time, during the period the customer simultaneously receives and consumes the benefits provided by the Company's performance. Revenue is recognized in the reporting periods in which the services are rendered. Revenues from the installation fees are recognized as the installation is performed.

The Company charges its customers based on payment terms agreed upon in specific agreements. When payments are made before or after the service is performed, the Company recognizes the resulting contract asset (income receivable) or liability (deferred revenues) and recognizes revenue in profit or loss when the work is performed. The Company has elected to apply the practical expedient allowed by the Standard and does not separate the financing component in transactions in which the period between receipt of the advance payment and the performance of the service is expected to be less than one year.

Revenue from the sale of telemedicine devices:

Revenue from sale of telemedicine devices is recognized in profit or loss at the point in time when the control of the goods is transferred to the customer, generally upon delivery of the goods to the customer.

Costs of obtaining a contract:

Costs incurred in obtaining subscription contracts which would not have been incurred if the contract had not been obtained (incremental costs) and which the Company expects to recover are recognized as an asset (prepaid expenses). The asset is amortized over the estimated average service period of subscriber contracts, adjusted for cancellations.

p. Interest income:

Interest income on financial assets is recognized as it accrues using the effective interest method.

q. Earnings per share:

Basic earnings per share are calculated by dividing the net income attributable to equity holders of the Company by the weighted number of Ordinary shares outstanding during the period.

For diluted earnings per share, the weighted average of shares outstanding is adjusted, assuming conversion of potential dilutive shares (employee options), except when such conversion has an anti-dilutive effect.

r. Fair value measurement:

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Fair value measurement is based on the assumption that the transaction will take place in the asset's or the liability's principal market, or in the absence of a principal market, in the most advantageous market.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

Fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities measured at fair value or for which fair value is disclosed are categorized into levels within the fair value hierarchy based on the lowest level input that is significant to the entire fair value measurement:

Level 1 - quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2 - inputs other than quoted prices included within Level 1 that are observable directly or indirectly.

Level 3 - inputs that are not based on observable market data (valuation techniques which use inputs that are not based on observable market data).

s. Exchange rates and linkage basis:

Data regarding Israeli CPI and exchange rates of the U.S. dollar, the Euro and the Swiss Franc in relation to the NIS is as follows:

	Israeli	Exchange rate of		
	CPI	€	U.S. \$	CHF
For the year ended	Points*	NIS		
December 31, 2023	248.6	4.01	3.63	4.31
December 31, 2022	241.4	3.75	3.52	3.82
December 31, 2021	229.4	3.52	3.11	3.40
Change during the year		%		
2023	3	6.9	3.1	12.8
2022	5.2	6.5	13.2	12.4

* The index on an average basis of 1993 = 100.

t. Changes in accounting policies - initial application of new financial reporting and accounting standards and amendments to existing financial reporting and accounting standards:

1. Amendment to IAS 8, "Accounting Policies, Changes to Accounting Estimates and Errors":

In February 2021, the IASB issued an amendment to IAS 8, "Accounting Policies, Changes to Accounting Estimates and Errors" ("the Amendment"), in which it introduces a new definition of "accounting estimates".

Accounting estimates are defined as "monetary amounts in financial statements that are subject to measurement uncertainty". The Amendment clarifies the distinction between changes in accounting estimates and changes in accounting policies and the correction of errors.

The Amendment is applied prospectively for annual reporting periods beginning on January 1, 2023 and is applicable to changes in accounting policies and changes in accounting estimates that occur on or after the start of that period.

The application of the Amendment did not have a material impact on the Company's consolidated financial statements.

2. Amendment to IAS 12, "Income Taxes":

In May 2021, the IASB issued an amendment to IAS 12, "Income Taxes" ("IAS 12"), which narrows the scope of the initial recognition exception under IAS 12.15 and IAS 12.24 ("the Amendment").

According to the recognition guidelines of deferred tax assets and liabilities, IAS 12 excludes recognition of deferred tax assets and liabilities in respect of certain temporary differences arising from the initial recognition of certain transactions. This exception is referred to as the "initial recognition exception". The Amendment narrows the scope of the initial recognition exception and clarifies that it does not apply to the recognition of deferred tax assets and liabilities arising from transactions that are not a business combination and that give rise to equal taxable and deductible temporary differences, even if they meet the other criteria of the initial recognition exception.

The Amendment applies for annual reporting periods beginning on January 1, 2023. In relation to leases and decommissioning obligations, the Amendment is applied commencing from the earliest reporting period presented in the financial statements in which the Amendment is initially applied. The

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

cumulative effect of the initial application of the Amendment is recognized as an adjustment to the opening balance of retained earnings (or another component of equity, as appropriate) at that date. The application of the Amendment did not have a material impact on the Company's consolidated financial statements.

3. Amendment to IAS 1, "Disclosure of Accounting Policies":

In February 2021, the IASB issued an amendment to IAS 1, "Presentation of Financial Statements" ("the Amendment"), which replaces the requirement to disclose 'significant' accounting policies with a requirement to disclose 'material' accounting policies. One of the main reasons for the Amendment is the absence of a definition of the term 'significant' in IFRS whereas the term 'material' is defined in several standards and particularly in IAS 1.

The Amendment is applicable for annual periods beginning on January 1, 2023.

The application of the above Amendment had an effect on the disclosures of the Company's accounting policies, but did not affect the measurement, recognition or presentation of any items in the Company's consolidated financial statements.

4. Amendment to IAS 12, "Income Taxes":

In May 2023, the IASB issued "International Tax Reform—Pillar Two Model Rules – Amendment to IAS 12" ("the Amendment") to clarify the application of IAS 12, "Income Taxes", to income taxes arising from tax law enacted or substantively enacted to implement the Organisation for Economic Co-operation and Development (OECD)/G20 Inclusive Framework on Base Erosion and Profit Shifting (BEPS) Pillar Two model rules (Pillar Two income taxes).

The Amendment introduces:

- a) A mandatory temporary exception from the application of IAS 12 regarding recognition and disclosure of deferred tax assets and

liabilities arising from the implementation of the Pillar Two model rules; and

- b) Disclosure requirements for international entities affected by the international tax reform.

The mandatory temporary exception in (a) above – the use of which is required to be disclosed – applies immediately. The remaining disclosure requirements apply for annual reporting periods beginning on January 1, 2023.

The application of the Amendment did not have any impact on the Company's consolidated financial statements since the International Tax Reform does not apply to the Group whose annual revenues are less than € 750 million.

NOTE 3 | SIGNIFICANT ACCOUNTING JUDGMENTS, ESTIMATES AND ASSUMPTIONS USED IN PREPARATION OF THE FINANCIAL STATEMENTS

Significant accounting judgments, estimates and assumptions used in the preparation of the financial statements:

a. Judgments:

In the process of applying the significant accounting policies, the Group has made the following judgments which have the most significant effect on the amounts recognized in the financial statements:

— Capitalization of development costs

Development costs are capitalized in accordance with the accounting policy described in Note 2k, which is based on the criteria set forth in IAS 38. The assessment of whether development costs meet the criteria for recognition as an intangible asset requires significant management judgment,

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

in particular with respect to technical feasibility, generation of future economic benefits, and ability to measure reliably the costs attributable to the intangible asset.

b. Estimates and assumptions:

The preparation of these financial statements requires management to make estimates and assumptions that have an effect on the application of the accounting policies and on the reported amounts of assets, liabilities, revenues and expenses. In determining its accounting estimates, management relies on past experience, various underlying facts, external factors and reasonable assumptions, based on the relevant circumstances. These estimates and underlying assumptions are reviewed regularly. Changes in accounting estimates are reported in the period of the change in estimate.

The key assumptions made in the financial statements concerning uncertainties at the end of the reporting period and the critical estimates computed by the Group that may result in a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

— Impairment of goodwill:

The Group reviews goodwill for impairment at least once a year. This requires management to make an estimate of the projected future cash flows from the continuing use of the cash-generating unit to which the goodwill is allocated and also to choose a suitable discount rate for those cash flows. Further details are given in Note 11.

— Deferred tax assets:

Deferred tax assets are recognized for unused carry forward tax losses and temporary differences to the extent that it is probable that taxable profit will be available against which the losses can be utilized. Significant management judgment

is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies. Further details are given in Notes 2m and 19c.

NOTE 4 | DISCLOSURE OF NEW STANDARDS IN THE PERIOD PRIOR TO THEIR ADOPTION

a. Amendment to IAS 1, "Presentation of Financial Statements":

In January 2020, the IASB issued an amendment to IAS 1, "Presentation of Financial Statements" regarding the criteria for determining the classification of liabilities as current or non-current ("the Original Amendment"). In October 2022, the IASB issued a subsequent amendment ("the Subsequent Amendment").

According to the Subsequent Amendment:

- Only financial covenants with which an entity must comply on or before the reporting date will affect a liability's classification as current or non-current.
- In respect of a liability for which compliance with financial covenants is to be evaluated within twelve months from the reporting date, disclosure is required to enable users of the financial statements to assess the risks related to that liability. The Subsequent Amendment requires disclosure of the carrying amount of the liability, information about the financial covenants, and the facts and circumstances at the end of the reporting period that could result in the conclusion that the entity may have difficulty in complying with the financial covenants.

According to the Original Amendment, the conversion option of a liability affects the classification of the entire liability as current or

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

non-current unless the conversion component is an equity instrument.

The Original Amendment and Subsequent Amendment are both effective for annual periods beginning on or after January 1, 2024 and must be applied retrospectively. Early application is permitted.

The above Amendments are not expected to have a material impact on the Company's consolidated financial statements.

1 The recoverable amount of the cash generating units to which the goodwill mainly relates has been determined based on a value in use calculation using cash flow projections from financial budgets approved by senior management covering a five-year period.

The carrying amount of the goodwill has been allocated to the following cash generating units:

	December 31,	
	2023	2022
Israel - Telemedicine	2,954	3,044
Israel - Mediton	16,111	16,606
Germany	13,900	14,095
	32,965	33,745

In 2022 the goodwill previously allocated to International (primarily comprised of Germany) was reallocated wholly to Germany.

The recoverable amount of each of the cash generating units has been determined based on a value in use calculation using cash flow projections from financial budgets and forecasts approved by senior management covering a five-year period. The key assumptions used in the value in use calculations are the (i) discount rate (ii) growth rate of revenues in the 5 year forecast period subsequent to end of the reporting period, and (iii) growth rates used to extrapolate cash flows beyond the forecast period.

The pre-tax discount rate applied to cash flow projections are as follows:

	December 31,	
	2023	2022
Israel - Telemedicine	20.7%	19.1%
Israel - Mediton	19.4%	18.3%
Germany	20.5%	16.8%

The average growth rate of revenues in the 5 year forecast period subsequent to the end of the reporting period, are as follows:

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

	December 31,	
	2023	2022
Israel - Telemedicine	3.2%	4%
Israel – Mediton	4.9%	5.4%
Germany	11.3%	13.8%

The cash flows beyond the 5-year period are extrapolated using the following growth rates:

	December 31,	
	2023	2022
Israel - Telemedicine	3.2%	3.2%
Israel – Mediton	3.2%	3.2%
Germany	3%	3%

The recoverable amounts, based on value in use, of each of the cash generating units exceeds their carrying amounts.

Other than described below, management of the Group believes that no reasonably possible changes in any of the above key assumptions would cause the carrying amount of a cash generating unit to materially exceed its recoverable amount.

As of December 31, 2023, the estimated recoverable amount of the CGU Germany exceeds its carrying amount by \$0.8 million. The changes in the following assumptions used in the value in use calculations would result in the carrying amount to equal the recoverable amount:

- Pre-tax discount rate of 21.0%.
- Long term growth rate of 2.2% or lower
- Reduction in the annual growth rate in fiscal years 2025-2028 of -1.9%.

As of December 31, 2023, the estimated recoverable amount of the CGU Mediton exceeds its carrying amount by \$3.0 million. The change in the following assumption used in the value in use calculations would result in the carrying amount to equal the recoverable amount:

- Pre-tax discount rate of 20.9%.
- Long term growth rate of 1.4% or lower.

NOTE 12 | LEASES

Disclosures for leases in which the Company acts as lessee:

The Company has entered into leases of buildings and motor vehicles which are used for the Company's operations.

Leases of buildings have lease terms of between 6 and 11 years whereas leases of vehicles have lease terms of 3 years.

Some of the leases entered into by the Company include extension and/or termination options and variable lease payments.

During 2023, the Group reduced the scope of the lease in Germany. In addition modified the term of the lease in Germany such that the contract will end in 2027 instead of 2029 and the monthly rent decreased. As a result of this the Group recognized a capital gain of \$399.

a. Information on leases:

	Year ended December 31,	
	2023	2022
Interest expense on lease liabilities	343	361
Expenses relating to short-term leases	-	25
Total cash outflow for leases	2,992	2,808

b. Lease extension and termination options:

The Company has leases that include extension and termination options. These options provide flexibility in managing the leased assets and align with the Company's business needs.

The Company exercises significant judgement in deciding whether it is reasonably certain that the extension and termination options will be exercised.

The Company generally includes in the lease term the exercise of extension options existing in the lease agreements when it is reasonably certain that the extension option will be exercised. In these leases, the Company usually exercises the extension option to avoid a significant adverse impact to its operating activities in the event that an alternative asset is not available immediately upon termination of the noncancelable lease period.

In leases of motor vehicles, the Company does not include in the lease term the exercise of extension options since the Company does not ordinarily exercise options that extend the lease period beyond 5 years.

Lease terms that include termination options will include the period covered by the termination option when it is reasonably certain that the termination option will not be exercised.

NOTE 14 | LONG-TERM LOANS

a. On August 29, 2021, the Company signed an agreement with a bank in Israel to obtain a long-term loan in the amount of NIS 59 million (approximately \$18,000) for a period of 7 years and 9 months. The loan is denominated in NIS and bears an annual interest rate of prime + 1.05% (2.65% as of the signing date). The loan will be repaid in 28 quarterly installments following an initial moratorium period of 9 months.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

The loan agreement includes certain financial covenants related to the Company's Israeli operations, as follows: (i) tangible equity of at least NIS 40 million; (ii) tangible equity to total tangible assets of at least 40%; and (iii) net debt to EBITDA of 3.5 at the maximum. As of December 31, 2023 the Company is in compliance with these covenants.

The main risks arising from the Group's financial instruments are credit risk, foreign currency risk, interest rate risk, market risk and liquidity risk. The Board of Directors reviews and agrees on policies for managing each of these risks, which are summarized below.

a. Concentration of credit risks:

Financial instruments that potentially subject the Group to concentrations of credit risk consist principally of cash, cash equivalents,

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

and trade receivables. Cash and cash equivalents are deposited with major banks. Management believes that the financial institutions that hold the Group's investments are financially sound, and, accordingly, minimal credit risk exists with respect to these investments.

The Group's trade receivables mainly derived from sales to customers in Germany and Israel. The Group has adopted credit policies and standards intended to accommodate industry growth and inherent risk. Management believes that credit risks are moderated by the diversity of its end customers. The Group performs ongoing credit evaluations of its customers' financial condition and requires collateral as deemed necessary. An estimate for doubtful accounts is made when collection of the full amount is no longer probable.

b. Foreign currency risk:

The Group is subject to foreign exchange risk as it holds cash and cash equivalents and short-term investments in foreign currency as the Group purchases its devices in foreign currency. Group management regularly monitors its foreign exchange risk and attempts to limit such risks by making adequate decisions regarding cash and credit positions.

Foreign currency sensitivity analysis:

The following table demonstrates the sensitivity test to a reasonably possible change in USD and EUR exchange rates, with all other variables held constant. The impact on the Company's profit before tax is due to changes in the fair value of monetary assets. The Company's exposure to foreign currency changes for all other currencies is immaterial.

	Change in USD rate	Effect on profit tax
2023	+5%	(721)
	-5%	721
2022	+5%	(320)
	-5%	320

	Change in EUR rate	Effect on profit tax
2023	+5%	(66)
	-5%	66
2022	+5%	(38)
	-5%	38

c. Market risk:

The Group has investments in marketable financial instruments that commencing from March 31, 2020 are classified as Financial assets at fair value through profit or loss in respect of which the Group is exposed to risk of fluctuations in the security price that is determined by reference to the quoted market price (level 1 of the fair value hierarchy). As of December 31, 2023, the balance of these investments is \$8,978.

The following table demonstrates the sensitivity to a reasonably possible change in the market price with all other variables held constant, of the Group's profit before tax (due to changes in the carrying amount of marketable securities).

	Increase/decrease in price	Effect on profit before tax
2023	+5%	449
	-5%	(449)
2022	+5%	426
	-5%	(426)

d. Fair value of financial instruments not measured at fair value:

The carrying amounts of cash and cash equivalents, trade and other receivables, short-term credit from banks, trade payables and other accounts payable approximate their fair value due to the short-term maturity of such instruments. The carrying amount of long-term bank loan approximates the fair value as the interest rate is variable.

Management believes that the carrying amount of long-term deposits approximates their fair value.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

e. Interest rate risk:

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's debt obligations with floating interest rates.

The effect of reasonably possible increase of 5% of the interest rate on the Group's profit before tax is not material.

f. Liquidity risk:

The Group monitors its risk to a shortage of funds using a recurring liquidity planning tool. This tool considers the maturity of both its financial investments and financial assets and projected cash flows from operations.

The Group has long-term lease liabilities repayable in monthly equal installments until June 2032.

Total aggregate contractual undiscounted payments including interest amounts to approximately \$10,776.

The table below summarizes the maturity profile of the Group's financial liabilities based on contractual undiscounted payments (including interest payments):

f. Carry forward tax losses:

The carry forward losses for tax purposes as of December 31, 2023 amount to NIS 227,833,000 (\$62,816) (2022 – NIS 236,130,000 (\$67,102)) in Israel (which may be carried forward indefinitely) and EUR 29,387,000 (\$32,503) (2022 – EUR 22,212,000 (\$23,689)) in Europe. In the U.S., SHL USA has federal and state net operating losses and credits of \$15,337 (2022 – \$10,716), which expire at various times.

Deferred tax assets in the amount of \$23,449 (2022 – \$21,113) relating to carry forward tax losses as described above, and deductible temporary differences, are not included in the consolidated financial statements as management presently believes that it is not probable that these deferred taxes will be realized in the foreseeable future.

NOTE 21 | COMMITMENTS AND CONTINGENT LIABILITIES

a. Charges:

As collateral for the Group's liabilities, fixed charges have been placed on specific accounts receivable.

b. Contingent liabilities:

The Group, from time to time, is party to various claims and disputes associated with its ongoing business operations. In management's opinion, based on the opinion of its legal counsels, none of these claims or disputes is expected, either individually or in the aggregate, to have a material adverse effect on the Group's financial position, results of operations or cash flows.

NOTE 22 | EQUITY

a. Composition of share capital:

	December 31, 2022		December 31, 2021	
	Authorized	Issued and outstanding*	Authorized	Issued and outstanding*
	Number of shares			
Ordinary shares of NIS 0.01 par value each	25,000,000	16,391,382	25,000,000	14,682,272

* Net of treasury shares – see (c).

b. Movement in share capital:

On January 7, 2021, the Special General Meeting of the Company approved the increase of the authorized share capital of the Company to 25,000,000 Ordinary shares of NIS 0.01 par value each.

On January 21, 2021 the Company closed the first of the two Capital Increases by issuing 1,300,000 new Ordinary shares from authorized capital (the “New Shares”) and selling 300,000 treasury shares. The New Shares were listed on SIX Swiss Exchange on January 22, 2021. In addition, 800,000 Share Options to purchase Ordinary shares were granted on January 21, 2021, to be newly issued from the authorized capital upon exercise (“Share Options”, ratio 1:1, exercise price CHF 11.00, exercise period 24 months).

On February 17, 2021 the Company closed the second Capital Increase by issuing 2,288,889 new Ordinary shares from its authorized capital (the “New Shares”). The New Shares were listed on SIX Swiss Exchange on February 18, 2021. In addition, 1,144,444 Share Options to purchase further Ordinary shares were granted on February 17, 2021, to be newly issued from the authorized capital upon exercise (ratio 1:1, exercise price CHF 11.00, exercise period 24 months).

In both Capital Increases the New Shares have been placed by way of a private placement. No subscription rights of the existing shareholders apply and no public offering takes place. Pursuant to the Swiss Financial Services Act, a listing prospectus has been issued by SHL and approved by SIX Exchange Regulation for the purpose of the listing of the New Shares.

Since the exercise price of the Share Options issued to the investors is denominated in CHF which is not the functional currency (NIS) of the Company, these Share Options are accounted for upon initial recognition as a financial liability at fair value through profit or loss. After initial recognition, increase (decrease) in fair value in each reporting period are recognized in profit or loss as non-cash financial expenses (income).

The Company uses the Black and Scholes option pricing model when estimating the fair value of the Share Options.

The following table lists the significant inputs to the Black and Scholes model used for the fair value measurement of the Share Options:

	December 31, 2022
Expected dividend	0%
Expected volatility of the share price	32.59%-38.24%
Risk-free interest rate	0.82%
Expected average life of options	0.06-0.13 years
Share price	CHF 14.80 (\$16.05)

The expected volatility of the share price reflects the assumption that the historical volatility of the share price is reasonably indicative of expected future trends.

Based on the above inputs, the total fair value of the Share Option liability was \$7,164 at December 31, 2022. During the reporting period \$1,801 (2022 - \$7,423) was recorded in financial income in respect of the revaluation of the liability (this amount is a non cash income). The fair value measurement of the liability is categorized in Level 3 of the fair value hierarchy.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

During January 2023 and February 2023, the Company received proceeds of approximately CHF 18.7 million (USD 20.3 million) from exercises of 1,703,908 share options granted in the private placements in January 2021 and February 2021 and 29,967 options were expired.

The following table lists the movements in Share Options:

Balance on January 1, 2022	1,905,820
Exercise of share options	(171,945)
Balance on December 31, 2022	1,733,875
Exercise of share options	(1,703,908)
Deletion of share options	(29,967)
Balance on December 31, 2023	-

In respect of the Capital Increases, the underwriters were also granted options to acquire 97,222 Units of securities. Each Unit comprises 1 Ordinary share and 0.5 option to acquire 1 Ordinary share at an exercise price of CHF 11 (\$11.93). As of December 31, 2022, no options had been exercised. See below for details of the changes made to the terms of these options in March 2023.

The underwriters were also entitled to receive a cash payment derived from future cash received by the Company from the exercise of the Share Options in 2023. In addition, the underwriters were granted options to acquire a certain number of Units of securities based on a formula derived from the future cash payments received from the exercise of the Share Options. See below for the terms of these Units.

The Company used the Monte Carlo option pricing model when estimating the fair value of the liability for future payment to the underwriter as described above.

The following table lists the significant inputs to the Monte Carlo model used for the fair value measurement of the liability:

	December 31, 2022
Expected volatility of the share price	43.15%
Risk-free interest rate	0.82%
Expected average life of options	0.21 years
Share price	CHF 14.80 (\$16.05)

Based on the above inputs, the total fair value of the options to acquire Units and the future payment liability at the date of issuance were \$1,002 and \$416, respectively. The fair value of the liability at December 31, 2022 was \$1,131. The increase in fair value of the liability during the reporting period in the amount of \$239 was recorded in financial expenses (this amount is a non cash expense).

In 2023, the underwriters received a cash payment of approximately CHF 1.1 million (USD 1.1 million) derived from cash received by the Company from the exercise of the Share Options. The cash payment was offset from the liability to the underwriters recorded in the balance sheet. In addition, the underwriters received options to acquire 58,498 Units of securities. Each Unit comprises 1 Ordinary share and 0.5 option to acquire 1 Ordinary share at an exercise price of CHF 11 (\$11.93).

In March, 2023, in connection with services provided in respect of the exercise of options described above, the Company signed an agreement with the underwriter for the extension of the exercise period of the 97,222 Units of securities previously granted in 2021 for an additional 2 years until 2025 and for change of the exercise price to NIS 35.64 (\$9.83) for each Unit of securities (which comprises 1 Ordinary share and 0.5 option to acquire 1 Ordinary share of the Company) and NIS 43.56 (\$12.01) for each option included in the Unit.

The Company used the Black and Scholes option pricing model when estimating the incremental fair value of the Share Options after the modifications described above.

NOTES TO CONSOLIDATED STATEMENTS U.S. dollars in thousands

The following table lists the significant inputs to the Black and Scholes model used for the fair value measurement of the Share Options:

Expected dividend	0%
Expected volatility of the share price	41.18%
Risk-free interest rate	4.11%
Expected average life of options	2.01 years
Share price	CHF 11.55 (\$12.53)

Based on the above inputs, the total incremental fair value of the Share Options to acquire Units as of the date of the modifications was \$ 512 and was recorded as a deduction from Additional paid-in capital arising from the exercise of the share options in January and February 2023, as described above with a corresponding increase in the Capital reserve for options.

NOTE 25 | SEGMENT INFORMATION

The Group operates in three geographical segments: Israel, Europe (principally Germany) and Rest of the world ("ROW").

Management monitors the operating results of its geographical units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on segment profit. SG&A Group expenses and some research and development expenses are mostly allocated to the separate geographic units. Some corporate expenses, some research and development expenses, finance costs and finance income and income taxes are managed on a group basis and are not allocated to the geographic segments.

Revenues are allocated based on the location of the end customer. The Group presents disaggregated revenue information based on
