Item 2. Plan of Operation

This report contains forward-looking statements. Actual results and events could differ materially from those projected, anticipated, or implicit, in the forward-looking statements as a result of the risk factors set forth below and elsewhere in this report.

With the exception of historical matters, the matters discussed herein are forward-looking statements that involve risks and uncertainties. Forward-looking statements include, but are not limited to, statements concerning anticipated trends in revenues and net income, the date of introduction or completion of our products, projections concerning operations and available cash flow. Our actual results could differ materially from the results discussed in such forward-looking statements primarily as the result of insufficient cash to pursue production and marketing efforts. The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto appearing elsewhere herein.

Overview

Dogs International is a Development Stage Company, originally incorporated in the State of Nevada in January of 2002 under the name Juris Travel. On March 17, 2003, we changed our name to “Bed and Biscuit Inns of America, Inc.”, however, following close scrutiny we felt that establishing a holding company structure for the Company would be the best business strategy. Therefore, on March 24, 2003, we changed our name to “DOGS INTERNATIONAL” and changed our ticker symbol to “DOGN.” On April 9, 2003, we incorporated a new wholly-owned subsidiary, Bed and Biscuit Inns of America, Inc., a Nevada corporation, which our future pet facility operations will be conducted through.

The name change was prompted by a change in our business strategy as a result of our recent, execution of an “Intellectual Property Assignment Agreement,” (the “IP Agreement”). Pursuant to the terms of the IP Agreement we received the worldwide rights, title, and interest in certain intellectual property, most notably the names Bed & Biscuit Inn™ and groomingdale’s in exchange for 50,000 shares of restricted common stock.

We are primarily focused on building/acquiring a chain of upscale pet care facilities under the name “Bed & Biscuit Inn™”. On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and groomingdale’s, which provides full service grooming to guests. Since our incorporation in January 2002, we have not been engaged in any significant operations nor have we had any significant revenues, as we are in the development stage.

We have been in discussion with several entities with regards to potential acquisitions of diversified business in the pet care industry. As of the date of this filing we have not finalized any formal agreements with any individual or entity, nor have we determined an acquisition as probable. Once a formal agreement is finalized, if ever, we will file a Form 8-K disclosing the terms and conditions of such agreement.

Satisfaction of our cash obligations for the next 12 months. We intend to build and/or acquire upscale pet care facilities. Our cash obligations are anticipated to increase substantially

over the next 12 months. The cash would be utilized for operational expenses, including the acquisition and leasing of facilities to be utilized for high-end pet facilities. We intend for these funding requirements to be fulfilled through either equity or debt financing.

Summary of any product research and development that we will perform for the term of the plan. We do not anticipate performing any significant product research and development under our revised plan of operation.

Expected purchase or sale of plant and significant equipment. We do anticipate purchasing or leasing pet care facilities in the next twelve months; however, the purchase is subject to our receipt of sufficient funds from borrowings or stock sales to enable such acquisition or leases. At this point in time we are unable to accurately determine an estimate for the amount of funds needed to accomplish a purchase or lease of a facility.

Significant changes in number of employees. The number of employees required to operate our business is currently 6 full-time and 4 part-time. As a result of our change in our business plan we are anticipating a substantial change in the number of employees required to operate our facilities. These increases will occur concurrent with our acquisition and/or lease of facilities; however, we will require a substantial infusion of capital prior to commencement of such acquisition.

Liquidity and Capital Resources

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. Cash increased primarily due to the receipt of funds from the SB-2 offering that were used to help offset our near term cash equivalents. Since inception, we have financed our cash flow requirements through issuances of common stock. As we expand our activities, we may continue to experience net negative cash flows from operations, pending receipt of sales revenues.

Additionally, we anticipate obtaining additional financing to fund operations through common stock offerings and bank borrowings, to the extent available, or to obtain additional financing to the extent necessary to augment our working capital. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

We believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned expansion over the next twelve months. We anticipate substantial increases in our cash requirements; which will require additional capital generated from either the sale of common stock, the sale of preferred stock, or debt financing. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our Stockholders.

We anticipate that we will incur operating losses in the next twelve months. Our lack of operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently

encountered by companies in their early stage of development, particularly companies in new and rapidly evolving markets. Such risks for us include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks, we must, among other things, obtain a customer base, implement and successfully execute our business and marketing strategy, continually develop and upgrade our product packaging, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

Going Concern

The consolidated financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with testing, production and marketing of products. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

Item 3. Controls and Procedures

- (a) Under the supervision and with the participation of our management, including our chief executive officer and chief accounting officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a-14(c) promulgated under the Securities Exchange Act of 1934, as amended, within 90 days prior to the filing date of this report. Based on their evaluation, our chief executive officer and chief accounting officer concluded that our disclosure controls and procedures are effective.
- (b) There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation referenced in paragraph (a) above.

PART II--OTHER INFORMATION

Item 1. Legal Proceedings

None

Item 2. Changes in Securities

On June 9, 2003, we effectuated a 2:1 forward split (for every 1 share currently owned, each stockholder received 1 common stock dividend), thus increasing our common stock issued and outstanding from 10,000,000 shares to 20,000,000 shares.

Subsequent Issuance

On August 18, 2003, we issued the President of the Company 50,000 shares of our restricted common stock pursuant to the Intellectual Property Agreement executed on March 14, 2003. Due to the 2:1 forward split, the amount of shares issued to the President of the Company increased to 100,000 shares of our restricted common stock.

Preferred Stock Issuances

On July 22, 2003, we issued 28,334 shares of our Series A Convertible Preferred Stock ("A Preferred") to Ms. Rosemary Williams, our current president and chairman.

The issuance of the shares was a result of the receipt of the appraisal of the Bed & Biscuit Inn™ facility in Flagler Beach, Florida that we purchased on May 7, 2003. We were required to issue shares of A Preferred based on this final appraisal.

On July 18, 2003, we received the final appraisal on the property, which valued the real property, excluding any personal property purchased in the original acquisition, at \$396,700. Since the appraised value was lower than the minimum value of \$500,000 agreed with the seller of the property, Rosemary Williams, the minimum value was used to compute the number of shares of A Preferred to be issued to Ms. Williams. The formula used to determine how many shares of A Preferred to be issued was as follows:

$$\underline{APP.V - (AL + N) / 6 = PS}$$

Where: APP.V is the \$500,000 minimum value of the property;

AL is the Assumed Loan of \$130,000;

N is the Note payable to Ms. Williams in the amount of \$200,000; and

PS is the number of Series A Preferred shares to be issued.

$$500,000 - (130,000 + 200,000) / 6 = PS$$

$$500,000 - 330,000 / 6 = PS$$

$$170,000 / 6 = PS$$

$$28,333.33 = PS$$

Using the formula above resulted in the issuance of the 28,334 Series A Preferred shares to Ms. Williams (partial shares are rounded up to the next whole share).

The rights and preferences of the preferred stock are set forth in Exhibit "D" of the Acquisition Contract filed in the Form 8-K filed on April 9, 2003.

Item 3. Defaults by the Company upon its Senior Securities

None

Item 4. Submission of Matters to a Vote of Security Holders

On May 28, 2003, we held our annual stockholders meeting. At the annual meeting, our stockholders appointed Rosemary Williams and Shaun P. Herness to serve on the board of directors of the Company until the next annual meeting of stockholders. Ms. Williams was elected as the Company's Chief Executive Officer and President and Mr. Herness was elected Secretary and Treasurer of the Company.

In addition, our Independent Accountants, Beckstead & Watts, were reaffirmed.

Item 5. Other Information

On April 28, 2003, we executed an Addendum to the Real Estate Acquisition Contract which we entered into on April 7, 2003 to purchase our first Bed & Biscuit InnTM facility in Flagler Beach, Florida. (The Addendum to the Acquisition Contract is attached hereto as an exhibit.) Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and groomingdales's, which provides full service grooming to guests. The title will be vested in Bed and Biscuit Inns of America, Inc., a Nevada Corporation, our wholly-owned subsidiary.

On May 7, 2003, we completed the acquisition of our first Bed & Biscuit InnTM facility in Flagler Beach, Florida, through our recently formed wholly-owned subsidiary Bed and Biscuit Inns of America Inc., a Nevada Corporation. A copy of a press release we issued on May 7, 2003, disclosing the completion of the acquisition was filed as an exhibit to the Form 10-QSB/A filed on May 15, 2003.

During the process of completing the audited financial statements for the Bed & Biscuit InnTM facility in Flagler Beach, Florida, which was initially structured solely as an asset purchase, we have concluded that we will need to merge Bed & Biscuit Inns of America, Inc., a Florida corporation, into our wholly owned subsidiary Bed and Biscuit Inns of America, Inc., a Nevada corporation. We decided to merge the two companies to provide investors with the clearest and most accurate financial statements of the operations of the Florida facility. We anticipate completion of the merger and filing of the financial statements within the following few weeks. Upon completion of the merger we will file a Form 8-K.

Press Releases

On April 9, 2003, we issued a press release disclosing the Acquisition Contract which we entered into on April 7, 2003 to purchase our first Bed & Biscuit InnTM facility in Flagler Beach, Florida. A copy of the press release was filed as an exhibit to the Form 8-K filed on April 9, 2003.

On May 7, 2003, we issued a press release disclosing the closing of the purchase of the Bed & Biscuit InnTM facility in Flagler Beach, Florida. A copy of the press release was filed as an exhibit to the Form 10-QSB/A filed on May 15, 2003.

On May 14, 2003, we issued a press release announcing the appointment of Dr. Shaun Herness to our advisory board. A copy of the press release was filed as an exhibit to the Form 10-QSB/A filed on May 15, 2003.

On June 3, 2003, we issued a press release disclosing the appointment of two new members to our board of directors, Rosemary Williams and Shaun P. Herness, Ph.D., and the 2:1 forward split. A copy of the press release is filed as an exhibit to the Form 8-K filed on June 16, 2003.

New Executive Office

Effective July 1, 2003, we executed a one year lease for new office space located at 408 S. Daytona, Flagler Beach, Florida 32136. The office space is approximately 2,000 sq.ft. and monthly payments are \$1200.(a copy of the lease was filed as an exhibit to a Form 8-K filed July 31, 2003.)

Rosemary Williams, our president and chairman, owns the building that the office space is located in. We evaluated pricing on other available office space in Flagler Beach and found that the price per square foot being paid to Ms. Williams is very competitive.
