The accompanying notes are an integral part of these financial statements

**Dogs International**  
**(Formerly Juris Travel)**  
**(a Development Stage Company)**  
**Notes to Financial Statements**

**Note 1 – Summary of significant accounting policies**

Organization

The Company was organized January 23, 2002 (Date of Inception) under the laws of the State of Nevada, as Juris Travel. On March 14, 2003, the Company made a basic business plan change from travel related services to pet services.

On March 17, 2003, the Company changed its name to Bed and Biscuit Inns of America, Inc., however, following close scrutiny the Company felt that establishing a holding company structure for the Company would be the best business strategy. Therefore, on March 24, 2003, the Company changed its name to Dogs International.

The Company has not commenced significant operations and, in accordance with SFAS #7, the Company is considered a development stage company.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ significantly from those estimates.

Cash and cash equivalents

For the purpose of the statements of cash flows, all highly liquid investments with the maturity of three months or less are considered to be cash equivalents.

Impairment of long lived assets

Long lived assets held and used by the Company are reviewed for possible impairment whenever events or circumstances indicate the carrying amount of an asset may not be recoverable or is impaired. No such impairments have been identified by management at March 31, 2003.

Stock-Based Compensation:

The Company accounts for stock-based awards to employees in accordance with Accounting Principles Board Opinion No. 25, *"Accounting for Stock Issued to Employees"* and related interpretations and has adopted the disclosure-only alternative of FAS No. 123, *"Accounting for Stock-Based Compensation."* Options granted to consultants, independent representatives and other non-employees are accounted for using the fair value method as prescribed by FAS No. 123.

Earnings per share

The Company follows Statement of Financial Accounting Standards No. 128. "Earnings Per Share" ("SFAS No. 128"). Basic earning per common share ("EPS") calculations are determined by dividing net income by the weighted average number of shares of common stock

**Dogs International**

**(Formerly Juris Travel)**  
**(a Development Stage Company)**  
**Notes to Financial Statements**

outstanding during the year. Diluted earning per common share calculations are determined by dividing net income by the weighted average number of common shares and dilutive common share equivalents outstanding. During periods when common stock equivalents, if any, are anti-dilutive they are not considered in the computation.

Segment reporting

The Company follows Statement of Financial Accounting Standards No. 130, "Disclosures About Segments of an Enterprise and Related Information". The Company operates as a single segment and will evaluate additional segment disclosure requirements as it expands its operations.

Income taxes

The Company follows Statement of Financial Accounting Standard No. 109, "Accounting for Income Taxes" ("SFAS No. 109") for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled. Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Deferred income taxes may arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

Recent pronouncements

In July 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes EITF No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of an entity's commitment to an exit plan. SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. The provisions of SFAS No. 146 will be adopted for exit or disposal activities that are initiated after December 31, 2002.

**Dogs International**  
**(Formerly Juris Travel)**

**(a Development Stage Company)**  
**Notes to Financial Statements**

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation—Transition and Disclosure—an amendment of SFAS No. 123." This Statement amends SFAS No. 123, "Accounting for Stock-Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The adoption of SFAS No. 148 is not expected to have a material impact on the company's financial position or results of operations.

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others", an interpretation of FIN No. 5, 57 and 107, and rescission of FIN No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others". FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2002; while, the provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The company believes that the adoption of such interpretation will not have a material impact on its financial position or results of operations and will adopt such interpretation during fiscal year 2003, as required.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities", an interpretation of Accounting Research Bulletin No. 51. FIN No. 46 requires that variable interest entities be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or is entitled to receive a majority of the entity's residual returns or both. FIN No. 46 also requires disclosures about variable interest entities that companies are not required to consolidate but in which a company has a significant variable interest. The consolidation requirements of FIN No. 46 will apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements will apply to entities established prior to January 31, 2003 in the first fiscal year or interim period beginning after June 15, 2003. The disclosure requirements will apply in all financial statements issued after January 31, 2003. The company will begin to adopt the provisions of FIN No. 46 during the first quarter of fiscal 2003.

**Note 2 – Income taxes**

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109"), which requires use of the liability method. SFAS No. 109 provides that deferred tax assets and liabilities are recorded based on

**Dogs International**  
**(Formerly Juris Travel)**  
**(a Development Stage Company)**

## Notes to Financial Statements

the differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, referred to as temporary differences. Deferred tax assets and liabilities at the end of each period are determined using the currently enacted tax rates applied to taxable income in the periods in which the deferred tax assets and liabilities are expected to be settled or realized.

The provision for income taxes differs from the amount computed by applying the statutory federal income tax rate to income before provision for income taxes. The sources and tax effects of the differences are as follows:

|                            |           |
|----------------------------|-----------|
| U.S federal statutory rate | (34.0%)   |
| Valuation reserve          | 34.0%     |
| Total                      | <u>-%</u> |

As of December 31, 2002, the Company has \$8,160 net operating loss carryforward for tax purposes, which will be available to offset future taxable income.

### Note 3 – Stockholder’s equity

#### Common stock

The aggregate number of shares of common stock that the Company has authority to issue is 100,000,000 shares at a par value of \$0.001. As of March 31, 2003, 10,000,000 shares were issued and outstanding. However, there is an additional 50,000 shares of stock authorized to be issued for rights, title, and interest in certain intellectual property. The shares have not issued at March 31, 2003.

#### Preferred stock

The aggregate number of shares of preferred stock that the Company has authority to issue is 20,000,000 shares at a par value of \$0.001. As of March 31, 2003, no shares of preferred stock were issued.

### Note 4 – Going concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern which contemplates the recoverability of assets and the satisfaction of liabilities in the normal course of business. As noted above, the Company is in the development stage and, accordingly, has generated limited revenue from operations. Since its inception, the Company has been engaged substantially in financing activities and developing its ravel related products, incurring costs and expenses. In addition, the Company’s development activities since inception have been financially sustained by capital contributions.

The ability of the Company to continue as a going concern is dependent upon its ability to raise

**Dogs International**  
**(Formerly Juris Travel)**  
**(a Development Stage Company)**  
**Notes to Financial Statements**

additional capital from the sale of common stock and, ultimately, the achievement of significant operating revenues. The Company plans to raise additional capital through equity offerings in order to continue operations for the next 12 months. The accompanying financial statements do not include any adjustments that might be required should the Company be unable to recover the value of its assets or satisfy its liabilities.

## **Note 5 – Warrants and options**

There are no warrants or options outstanding to acquire any additional shares of common stock.

## **Item 2. Plan of Operation**

This report contains forward-looking statements. Actual results and events could differ materially from those projected, anticipated, or implicit, in the forward-looking statements as a result of the risk factors set forth below and elsewhere in this report.

With the exception of historical matters, the matters discussed herein are forward-looking statements that involve risks and uncertainties. Forward-looking statements include, but are not limited to, statements concerning anticipated trends in revenues and net income, the date of introduction or completion of our products, projections concerning operations and available cash flow. Our actual results could differ materially from the results discussed in such forward-looking statements primarily as the result of insufficient cash to pursue production and marketing efforts. The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto appearing elsewhere herein.

## **Overview**

Dogs International is a Development Stage Company, originally incorporated in the State of Nevada in January of 2002 under the name Juris Travel. On March 17, 2003, we changed our name to “Bed and Biscuit Inns of America, Inc.”, however, following close scrutiny we felt that establishing a holding company structure for the Company would be the best business strategy. Therefore, on March 24, 2003, we changed our name to “DOGS INTERNATIONAL” and changed our ticker symbol to “DOGN.” On April 9, 2003, we incorporated a new wholly-owned subsidiary, Bed and Biscuit Inns of America, Inc., which all future operations will be conducted through.

The name change was prompted by a change in our business strategy as a result of our recent completion of an “Intellectual Property Assignment Agreement,” (the “IP Agreement”). Pursuant to the terms of the IP Agreement we received the worldwide rights, title, and interest in certain intellectual property, most notably the names Bed & Biscuit Inn™ and groomingdale’s in exchange for 50,000 shares of restricted common stock, which remains unissued as of this date.

We are primarily focused on building/acquiring a chain of upscale pet care facilities under the name “Bed & Biscuit Inn™”. On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and groomingdale’s, which provides full service grooming to guests. Since our incorporation in January 2002, we

have not been engaged in any significant operations nor have we had any significant revenues, as we are in the development stage.

***Satisfaction of our cash obligations for the next 12 months.*** Our plan of operation has provided for us to establish an operational website as soon as practical. We have accomplished the goal of setting up an operational website capable of selling travel related services. However, following completion of the IP Agreement, we changed our primary business plan towards the pet services industry. We intend to build and/or acquire upscale pet care facilities. Our cash obligations are anticipated to increase substantially over the next 12 months. The cash would be utilized for operational expenses, including the acquisition and leasing of facilities to be utilized for high-end pet facilities. We intend for these funding requirements to be fulfilled through either equity or debt financing.

***Summary of any product research and development that we will perform for the term of the plan.*** We do not anticipate performing any significant product research and development under our revised plan of operation.

***Expected purchase or sale of plant and significant equipment.*** We do anticipate purchasing or leasing pet care facilities in the next twelve months; however, the purchase is subject to our receipt of sufficient funds from borrowings or stock sales to enable such acquisition or leases. At this point in time we are unable to accurately determine an estimate for the amount of funds needed to accomplish a purchase or lease of a facility.

***Significant changes in number of employees.*** The number of employees required to operate our business is currently 6 full-time and 4 part-time. As a result of our change in our business plan we are anticipating a substantial change in the number of employees required to operate our facilities. These increases will occur concurrent with our acquisition and/or lease of facilities; however, we will require a substantial infusion of capital prior to commencement of such acquisition.

### ***Liquidity and Capital Resources***

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. Cash increased primarily due to the receipt of funds from the SB-2 offering that were used to help offset our near term cash equivalents. Since inception, we have financed our cash flow requirements through issuances of common stock. As we expand our activities, we may continue to experience net negative cash flows from operations, pending receipt of sales revenues.

Additionally, we anticipate obtaining additional financing to fund operations through common stock offerings and bank borrowings, to the extent available, or to obtain additional financing to the extent necessary to augment our working capital. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

We believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned expansion over the next twelve months. As a result of our recent business plan change from travel related services to pet services, we anticipate substantial increases in our cash requirements; which will require additional capital generated

from either the sale of common stock, the sale of preferred stock, or debt financing. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our Stockholders.

We anticipate that we will incur operating losses in the next twelve months. Our lack of operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development, particularly companies in new and rapidly evolving markets. Such risks for us include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks, we must, among other things, obtain a customer base, implement and successfully execute our business and marketing strategy, continually develop and upgrade our product packaging, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

### ***Going Concern***

The consolidated financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with testing, production and marketing of products. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

## **Item 3. Controls and Procedures**

- (a) Under the supervision and with the participation of our management, including our chief executive officer and chief accounting officer, we evaluated the effectiveness of the design and operation of our disclosure controls and procedures, as such term is defined under Rule 13a-14(c) promulgated under the Securities Exchange Act of 1934, as amended, within 90 days prior to the filing date of this report. Based on their evaluation, our chief executive officer and chief accounting officer concluded that our disclosure controls and procedures are effective.
- (b) There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect these controls subsequent to the date of the evaluation referenced in paragraph (a) above.

## **PART II--OTHER INFORMATION**

### **Item 1. Legal Proceedings**

None

## **Item 2. Changes in Securities**

On March 14, 2003, we executed an Intellectual Property Agreement, as consideration for the IP Agreement we will issue Rosemary Williams 50,000 shares of our restricted common stock. As of this date the shares have not yet been issued.

## **Item 3. Defaults by the Company upon its Senior Securities**

None

## **Item 4. Submission of Matters to a Vote of Security Holders**

Roxana I. Vargas, our sole officer and director, as our majority stockholder approved the following corporate actions:

- ? On March 17, 2003, Ms. Vargas approved amending our Articles of Incorporation to change our corporate name from Juris Travel to Bed and Biscuit Inns of America, Inc.
- ? On March 24, 2003, Ms. Vargas approved amending our Articles of Incorporation to change our corporate name from Bed and Biscuit Inns of America, Inc. to DOGS INTERNATIONAL.

We will be holding our annual shareholder's meeting on May 28, 2003. On May 14, 2003, notice of the meeting will be mailed out to all stockholders of record as of May 12, 2003.

## **Item 5. Other Information**

On April 28, 2003, we executed an Addendum to the Real Estate Acquisition Contract which we entered into on April 7, 2003 to purchase our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. (The Addendum to the Acquisition Contract is attached hereto as an exhibit.) Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and groomingdales's, which provides full service grooming to guests. The title will be vested in Bed and Biscuit Inns of America, Inc., a Nevada Corporation, our wholly-owned subsidiary.

On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida, through our recently formed wholly-owned subsidiary Bed and Biscuit Inns of America Inc., a Nevada Corporation. Attached as an exhibit is a press release we issued on May 7, 2003, disclosing the completion of the acquisition.

On May 14, 2003, we issued a press release disclosing that on May 13, 2003 we appointed Shaun P. Herness, Ph.D. to our advisory board. A copy of the press release is filed as an exhibit to this quarter report.
