This form 10-KSB contains forward-looking statements within the meaning of the federal securities laws. These forward-looking statements are necessarily based on certain assumptions and are subject to significant risks and uncertainties. These forward-looking statements are based on management's expectations as of the date hereof, and the Company does not undertake any responsibility to update any of these statements in the future. Actual future performance and results could differ from that contained in or suggested by these forward-looking statements as a result of factors set forth in this Form 10-KSB (including those sections hereof incorporated by reference from other filings with the Securities and Exchange Commission), in particular as set forth in the "Managements Discussion and Analysis of Financial Conditions and Result of Operations" under Item 6.

In this form 10-KSB references to "DOGS", "DOGN", "the Company", "we," "us," and "our" refer to DOGS INTERNATIONAL.

PART I

ITEM 1. BUSINESS

(a) General Business Development

Dogs International originally incorporated in the State of Nevada in January of 2002 under the name Juris Travel. On March 17, 2003, we changed our name to "Bed and Biscuit Inns of America, Inc.", however, following close scrutiny we felt that establishing a holding company structure for the Company would be the best business strategy. Therefore, on March 24, 2003, we changed our name to "DOGS INTERNATIONAL."

The name change was prompted by a change in our business strategy as a result of our completion of an "Intellectual Property Assignment Agreement," (the "IP Agreement"). Pursuant to the terms of the IP Agreement we received the worldwide rights, title, and interest in certain intellectual property, most notably the names Bed & Biscuit InnTM and Groomingdale's.

The completion of the IP Agreement virtually changed our business plan from travel related services to now focus our efforts on building/acquiring a chain of upscale pet care facilities under the name "Bed & Biscuit InnTM". Bed & Biscuit Inns are to be designed to offer a wide range of services including, indoor pet suites for overnight or prolonged boarding, 24/7 supervision by a professionally trained staff, off-leash playgrounds and training facilities, and a bakery/café. In addition, DOGN plans to have Groomingdale's, an onsite pet grooming facility, at each location. We will continue to offer travel related services as an incidental part of our business strategy, however, will focus our services towards the pet services industry.

Our decision to alter our business plan was the result of our increased concern over the generation of revenues from travel related services. This concern is primarily the result of the continued fallout from the 9/11 terrorists activities, the war in Iraq, and the general downturn in the travel related services.

(b) Business of Issuer

Business Strategy

Our strategy has changed as the result of our basic business change from being a travel related business service organization to now focus our efforts on building/acquiring a chain of upscale pet care facilities under the name Bed & Biscuit Inn™.

Of primary importance is to establish Bed & Biscuit Inns as upscale pet facilities by offering our customers a complete assortment of pet-related (initially focused primarily on dogs) products and services at competitive prices with superior levels of customer service at convenient locations.

We are striving to be a preferred provider for out-of-home pet needs. We believe pet owners are passionately committed to their pets and consider them as members of the family. We are currently acquiring the experience and intend to create the infrastructure to serve the needs of this significant group. We are focusing every initiative and investment on meeting the needs of these pet owners, and we are working to align each aspect of our business with the needs, desires, and aspirations of pet owners and other key customer segments as follows:

- ?? *Provide Customers with Value through Product Selection and Pricing.* We recognize that the pet owner, not the service supplier, determines service standards and management. We intend to focus our efforts on giving the customer the value and the products and services they want and need for the lives of their pets.
- ?? *Establish Pet Care Facilities.* We intend to be a significant provider of professional pet boarding, grooming and training, and are focused on driving profitable growth in these service businesses. We believe that services attract customers, expand market reach and give pet owners a new reason to bypass other service providers to choose a Bed & Biscuit Inn™ for their pet needs.
- ?? *Offer Outstanding Customer Service.* We intend to focus all our marketing programs on one thing - serving and delighting the pet owner customer. We will educate our staff to identify and understand customer needs and provide solutions.
- ?? *Offer Travel Services for Pet Owners.* We intend to fulfill demand for a pet owners travel needs by aggregating our inventory of packaged leisure and business travel products offered by Global Travel International, through us, by using the Internet as the delivery platform. By focusing our travel services on the special needs of pet owners we believe travel related services can be a profitable part of our business strategy, while only requiring a minimum number of employees, a minimum amount of office space, and a minimal amount of cash outlay.

Bed & Biscuit Inns

Services

Bed & Biscuit Inns are to be designed to offer a wide range of services including:

- ?? indoor pet suites for overnight or prolonged boarding;
- ?? 24/7 supervision by a professionally trained staff;
- ?? off-leash playgrounds and training facilities;
- ?? pick up and delivery services;
- ?? pet related products and supplies; and
- ?? a bakery/café.

In addition, we plan to have Groomingdale's, an onsite pet grooming facility, at each location. Each Groomingdale's location will be operated by experienced and licensed professionals.

Marketing

Bed and Biscuit Inns, will directly market their services towards local markets within a close proximity to each facility in order to attempt to capitalize on the perceived accelerated demand for pet care products and facilities. These marketing efforts will be provided on the Internet, local newspapers, direct mail campaigns and most importantly by word of mouth from satisfied customers.

Acquisitions

We plan to aggressively pursue the acquisition of existing pet kennels and/or other boarding facilities to quickly grow the Bed & Biscuit Inn tradename. Primary consideration for the acquisitions will be equity in the Company, whether in preferred or common stock. Our management will have a broad discretion in choosing acquisition candidates and currently has no experience in the pet industry or in acquiring existing businesses. Therefore, there is a substantial likelihood that our management will have to rely on their current limited business acumen and the advice of other professionals, if and when available.

On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and Groomingdale's, which provides full service grooming to guests. Since our incorporation in January 2002, up to the completed acquisition of Bed & Biscuit Inn™ facility in Flagler Beach, Florida, we have not been engaged in any significant operations nor have we had any significant revenues. A copy of a press release we issued on May 7, 2003, disclosing the completion of the acquisition was filed as an exhibit to the Form 10-QSB/A filed on May 15, 2003.

On August 20, 2003, we executed a letter of intent with PetsUnited LLC, a Limited Liability Company formed under the laws of the State of Pennsylvania ("PetsUnited"). The letter of intent outlines the proposal by which we intends to acquire 100% of the membership interest of

PetsUnited. We will issue shares of our preferred stock in exchange for 100% of the membership interest and operational control of PetsUnited, with assets mainly consisting of The Dog's Outfitter and Allpets.com, which are operating divisions of PetsUnited, (collectively referred to as the "Acquirees"). A copy of the letter of intent was attached as exhibit 10 in a Form 8-K filed on August 26, 2003.

The Dog's Outfitter operates a distribution center in Hazleton, Pennsylvania that includes a call center, a catalog design department, and a warehouse operation that stocks more than 14,000 SKU's. The Dog's Outfitter operations, which employs approximately 35 individuals, are supported by a sophisticated management information system and a communications platform that integrates order entry, order payment, fulfillment, tracking, and customer care with inventory/mailling list management, accounting and financial reporting, and marketing analysis.

Allpets.com is a premier online and catalog retailer providing valuable information, education, and pet products to both the consumer and business markets.

The letter of intent does not constitute a legally binding agreement nor creates any rights or interests in favor of the parties, it being understood that any rights and obligations which the parties may have, to each other, remain to be set forth in the definitive acquisition agreement into which the letter of intent and all prior discussions shall merge.

The acquisition agreement will provide that the obligations of the respective parties to complete the acquisition would be subject to the following conditions as may reasonably be required by each party:

Conditions Prior to PetsUnited Closing:

- a. Our Board of Directors and Shareholders shall have approved the Acquisition.
- b. There shall have been no material adverse change in the financial condition, earnings or prospects.
- c. The Members shall complete such due diligence as is deemed by the Board of Directors sufficient to complete the acquisition.

Conditions Prior to DOGN Closing:

- d. The members, if necessary, of PetsUnited shall have approved the Acquisition.
- e. There shall have been no material adverse change in the financial condition, earnings or prospects of the Acquirees.
- f. We shall complete such due diligence as is deemed by our board sufficient to complete the Acquisition.
- g. The audited financial statements, prepared according to US GAAP, of PetsUnited from inception shall be delivered and approved by us.

Travel Related Services

Through our agreement with Global Travel International we are able to utilize the resources of Global Travel International to handle travel needs through Global Travel International's reservation center, GlobalNet. Alternatively, we are able, under our agreement with Global Travel International, to book travel direct. In either case we will earn commissions on the travel, which is arranged for our clients. The agreement with Global Travel International allowed us to commence a travel agent operation without the significant expenses of developing our own web oriented travel related Internet site. By utilizing the website and facilities of Global Travel International we were able to concentrate our efforts on establishing our business through marketing channels as opposed to operation matters in managing software and incurring personnel costs associated with booking travel.

Our website is linked to an Internet server owned and operated by Global Travel International. In the event of a termination of our agreement with Global Travel International, our connection to their server would be terminated, resulting in our inability to generate revenues through travel bookings related to our agreement with Global Travel International. Alternatively, we have the ability to execute new contracts with firms such as Uniglobe Travel and Bestfares.com for a similar website travel service.

The Pet Industry

General. We believe the pet industry is benefiting from a number of favorable demographic trends that are continuing to support a steadily growing pet population. We believe the trend to more pets and more pet-owning households will continue, driven by an increasing number of children under 18 and a growing number of empty nesters whose pets have become their new "children."

The American Pet Products Manufacturers Association estimates U.S. residents will spend \$31 billion on pet products this year, including veterinary care, food, toys and accessories. Currently, 62% of U.S. households own a pet compared with 56% in 1988. Further, 39% of the total U.S. households in 2000 (40 million households) owned a dog, our primary market focus.

Risk Management Insurance

We do not maintain a liability insurance program, as we have not commenced the distribution of products or services to the general public or others. Our proposed insurance program, once implemented, will include property, casualty, and comprehensive general liability coverage. Management believes that the proposed insurance program is adequate. There can be no assurance that we will be able to maintain such liability insurance.

Competition

Pet Services and Products

The pet services business is competitive, generally from local kennels, most of which are operated by small family business operations. We are of the opinion that with our intended organizational structure we will be in a position to coordinate the acquisition of many of these family owned operations to create a well recognized and integrated system of management.

We believe that the principal competitive factors influencing our business are the quality of customer service, product selection and quality, convenience of kennel locations, price, and availability of other services. We believe that once operational, we will be able to compete effectively within our various markets; however, our competitors are well established, and have access to greater capital and management resources than we do.

Travel Related Services

The market for travel related products and services is highly competitive in all of our channels of potential distribution. Our competitors include:

- ?? Internet travel agents such as Travelocity, Expedia and American Express Interactive, Inc.;
- ?? Local, regional, national and international traditional travel agencies;
- ?? Consolidators and wholesalers of airline tickets, hotels and other travel products, including online consolidators such as Cheaptickets.com and Priceline.com and online wholesalers such as Hotel Reservations Network, Inc.;
- ?? Airlines, hotels, rental car companies, cruise operators and other travel service providers, whether working individually or collectively, some of which are suppliers to us;
- ?? Operators of travel industry reservation databases; and
- ?? Airlines direct website distribution known as Orbitz.

Many of our current competitors have:

- ?? Longer operating histories;
- ?? Larger customer bases;
- ?? Greater brand recognition;
- ?? Higher amounts of user traffic
- ?? Significantly greater financial, technical, marketing and other resources; and
- ?? The ability to enter into strategic or commercial relationships with larger, more established and well-financed companies.

Moreover, due to the low cost of entering the market, competition may intensify and increase in the future. This competition may limit our ability to grow or become profitable or result in a loss of market share in the future.

Government Regulation

Pet Services and Products

We will be subject to laws governing our relationship with employees, including minimum wage requirements, overtime, working conditions, and citizenship requirements. There are statutes and regulations in certain states that affect the ownership of veterinary practices, or the operation of veterinary related services in kennels, that may impact our ability to offer veterinary services within certain of our facilities.

The transportation, and handling of animals is governed by various state and local regulations. These laws vary from state to state and are enforced by the courts and by regulatory authorities with broad discretion. While we intend to seek to structure our operations to comply with the laws and regulations of each state in which we plan to operate, there can be no assurance that, given varying and uncertain interpretations of these laws, we would be found to be in compliance in all states.

A determination that we are in violation of any of these applicable restrictions could require us to restructure our operations to comply or render us unable to provide certain veterinary services, if desired, in a given local government jurisdiction.

Travel Related Services

The laws and regulations applicable to the travel industry affect us and our travel suppliers. We must comply with laws and regulations relating to the sale of travel services, including those prohibiting unfair and deceptive practices and those requiring us to register as a seller of travel, comply with disclosure requirements and participate in state restitution funds. In addition, many of our travel suppliers and computer reservation systems providers are heavily regulated by the United States and other governments. Our services are indirectly affected by regulatory and legal uncertainties affecting the businesses of our travel suppliers and computer reservation systems providers. For example, to the extent federal regulators take action to regulate the number of flights scheduled for arrival and departure at similar times to alleviate delays and bottlenecks at airports, and to reduce and control air traffic at peak times, the airlines may incur greater costs to operate. In turn, the airlines could attempt to recover their costs by reducing commissions or passing those costs on the consumer in the form of higher ticket prices. Reductions in commissions could result in a decrease in our revenue. Higher ticket prices could result in less leisure travel, which in turn could negatively impact our revenue.

Trademarks and Other Proprietary Rights

We own, as a result of the IP Agreement, the trademark Bed & Biscuit Inn™, which is registered with the United States Patent and Trademark Office. Federally registered trademarks have a perpetual life, as long as they are renewed on a timely basis and used properly as trademarks, subject to the rights of third parties to seek cancellation of the marks. We believe that our registered and unregistered trademarks and other proprietary rights are valuable assets and believe they have significant value in the marketing of our services. We intend to vigorously protect our trademark(s) against infringement.

Unlike copyrights or patents, trademark rights can last indefinitely if the owner continues to use the mark to identify its goods or services. The term of a federal trademark registration is 10 years, with 10-year renewal terms. A renewal application for a trademark registration cannot be filed until at least 6 months prior to the expiration of the trademark registration. However, between the fifth and sixth year after the date of the initial registration, we must file an affidavit or declaration setting forth the following information in order to keep the registration alive.

- (1) An affidavit or declaration, which must include a specific list of the goods or services recited in the registration, averring that the we are using the mark on or in connection with the goods or services listed;
- (2) A specimen showing how the mark is currently in use with the goods or services identified, e.g., a tag, label or package for goods, or an advertisement for service; and
- (3) the required filing fee.

If no affidavit or declaration is filed, the registration is canceled. Additionally there is no advance notice from the Office that the Affidavit or Declaration of Continued Use must be filed by a certain date.

Employees

We currently have 7 full-time employees. We are not subject to any collective bargaining agreements and have not experienced any work stoppages. We consider our relationship with our employees to be good.

Available Information

We file annual, quarterly and special reports and other information with the Securities and Exchange Commission. You may read and copy any document we file at the Securities and Exchange Commission's Public Reference Room at 450 Fifth Street, N.W., Washington, D.C. 20549. Please call the Securities and Exchange Commission at 1-800-SEC-0330 for further information on the public reference room. Our SEC filings are also available to the public at the Securities and Exchange Commission's web site at <http://www.sec.gov>. No information from this web page is incorporated by reference herein.

Business Risks

In the normal course of business, our financial position will routinely be subjected to a variety of risks, including market risks associated with kennel openings and expansion, investments in information systems, vendor reliability, competitive forces, and government regulatory actions. You should carefully consider the risks and uncertainties described in the sections below and the sections entitled Competition, and Government Regulation sections of this Annual Report on Form 10-KSB. Our actual results could differ materially from projected results due to some or all of the factors discussed below.

We depend on consumers' discretionary needs for our proposed services.

Our sales will depend on consumer spending, which is influenced by general economic conditions and the availability of discretionary income. We may experience declines in sales, in particular sales of pet supplies or services during economic downturns. Any material decline in the amount of discretionary spending could reduce our sales and harm our business.

We need to raise additional capital for our operating plan and our business would be harmed if we were unable to do so on acceptable terms.

We currently anticipate that our existing capital resources and cash flows from operations will not enable us to maintain our currently planned operations for the foreseeable future. However, our current operating plan entails the raising of capital through equity or debt, which plan may change as a result of many factors, including general economic conditions affecting the United States economy which are beyond our control. If we are unable to generate cash from the sale of equity or from debt financing or maintain positive operating cash flows and operating income in the future, we may need additional funding. We may also choose to raise additional capital due to market conditions or strategic considerations even if we believe that we have sufficient funds for our current or future operating plans. If additional capital were needed, our inability to raise capital on favorable terms would harm our business and financial condition. To the extent that we raise additional capital through the sale of equity or debt securities convertible into equity, the issuance of these securities could and most likely would result in dilution to our stockholders.

Our operating results could be harmed if we are unable to integrate acquired companies into our operations.

The pet services and kennel industry is highly fragmented. We intend to pursue expansion and acquisition opportunities in the future, and we must efficiently integrate and combine operations of acquired companies to realize the anticipated benefits of acquisitions. To be successful, the integration process requires us to achieve the benefits of combining the companies, including generating operating efficiencies and synergies and eliminating or reducing redundant costs. Since we will often have limited prior knowledge of acquired companies, there can be no assurance that the anticipated benefits of these acquisitions will be fully realized without incurring unanticipated costs or diverting management's attention from our core operations. Our operating results could be harmed if we are unable to efficiently integrate newly acquired companies into our operations. Any future acquisitions also could result in potentially dilutive issuances of equity securities, or the incurrence of additional debt or the assumption of contingent liabilities.

A prolonged economic downturn could result in reduced sales and lower revenues and profitability.

Purchases of pet-related supplies or services may be affected by prolonged, negative trends in the general economy that adversely affect consumer spending. Any reduction in consumer confidence or disposable income in general may affect companies in pet-related and other service industries more significantly than companies in industries that rely less on discretionary consumer spending. In addition, we are more susceptible to some of these adverse economic effects than are some of our competitors which have greater financial and other resources than we do.

Terrorism and the uncertainty of war may have a material adverse effect on our operating results.

Terrorist attacks, such as the attacks that occurred in New York and Washington, D.C. on September 11, 2001, and other acts of violence or war may affect the operations of the United States securities markets, the markets in which we operate and our operations and profitability. Further terrorist attacks against the United States or U.S. businesses may occur. The potential near-term and long-term effect these attacks may have for our customers, the markets for our services and the U.S. economy are uncertain. The consequences of any terrorist attacks, or any further armed conflicts which may result, are unpredictable, and we may not be able to foresee events that could have an adverse effect on our business. In particular, the travel related services have suffered a significant economic downturn. It is unknown at this time what the impact of a continued armed conflict may have on travel services.

The price of our common stock may be volatile.

Since our initial public offering in June 2002, the price at which our common stock has traded has been subject to significant fluctuation. The market price for our common stock in the future may continue to be volatile. In addition, the stock market has recently experienced significant price and volume fluctuations that in many instances have been unrelated or disproportionate to the operating performance of specific companies. In the past, following periods of volatility in the market price of a particular company's securities, securities class-action litigation has often been brought against that company. If similar litigation were instituted against us, it could result in substantial costs and divert management's attention and resources from our core business.

ITEM 2. PROPERTIES

On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and Groomingdale's, which provides full service grooming to guests. The Company has a first and second mortgage payable on the Bed & Biscuit Inn™ facility in Flagler Beach. The principal amounts of the first and second mortgage are \$97,678.83 and \$78,535.89 respectively. Interest rates on the mortgages are prime plus one (currently 5%) on the first mortgage and 9.54% per annum on the second mortgage, and the notes are due on 2021 and 2032 respectively.

On July 1, 2003, the Company executed a one year lease for new office space located at 408 S. Daytona, Flagler Beach, Florida 32136. The office space is approximately 2,000 sq.ft. and

monthly payments are \$1,200. Effective November 1, 2003, the lease was re-negotiated to 600 sq.ft. and monthly payments of \$500.(a copy of the lease was filed as an exhibit to a Form 8-K filed July 31, 2003.)

Rosemary Williams, our president and chairman, owns the building that the office space is located in. We evaluated pricing on other available office space in Flagler Beach and found that the price per square foot being paid to Ms. Williams is very competitive.

We have a 5 year note payable in the principal amount of \$200,000 with an interest rate of 6% to our President pursuant to the Real Estate Acquisition Contract for the purchase of the Bed & Biscuit Inn™ facility in Flagler Beach. During the year ended December 31, 2003, the Company had accrued interest payable of \$7,750.

ITEM 3. LEGAL PROCEEDINGS

We are not presently a party to any material litigation, nor to the knowledge of management is any litigation threatened against us which may materially affect us.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

No matters were submitted to the vote of security holders during the fourth quarter of the fiscal year ended December 31, 2003.

Roxana I. Vargas, our former sole officer and director, and as our majority stockholder approved the following corporate actions:

- ?? On March 17, 2003, Ms. Vargas approved amending our Articles of Incorporation to change our corporate name from Juris Travel to Bed and Biscuit Inns of America, Inc.
- ?? On March 24, 2003, Ms. Vargas approved amending our Articles of Incorporation to change our corporate name from Bed and Biscuit Inns of America, Inc. to DOGS INTERNATIONAL.

Annual Meeting of Stockholders

On May 28, 2003, we held our annual stockholders meeting. At the annual meeting, our stockholders appointed Rosemary Williams and Shaun P. Herness to serve on the board of directors until the next annual meeting of stockholders. Ms. Williams was elected as the our Chief Executive Officer and President and Mr. Herness was elected Secretary and Treasurer.

In addition, our Independent Accountants, Beckstead & Watts, were reaffirmed.

Subsequent Event to the Annual Meeting of Stockholders

On January 21, 2004 Shaun P. Herness resigned from our Board of Director, and Secretary/Treasurer leaving Rosemary Williams and the sole Officer and Director of the Company.

PART II

ITEM 5. MARKET FOR REGISTRANT'S COMMON EQUITY AND RELATED STOCKHOLDER MATTERS

(a) Market Information

Our Common Stock was approved for quotation on the over-the-counter securities market through the National Association of Securities Dealers Automated Quotation Bulletin Board System, under the symbol "JTVL" on September 20, 2002. On March 24, 2003, as a result of our first name change, our ticker symbol changed to "BBIN." On March 26, 2003, as a result of our second name change to DOGS INTERNATIONAL, our ticker symbol changed to "DOGN."

Prior to our symbol change to DOGN, and prior to our business change from travel related services to pet services, we traded minimal volumes of common stock at prices ranging from \$0.22 to \$2.50 per share. However, under the symbol DOGN, and prior to the date of this filing, our common stock has traded at prices ranging from \$1.75 to \$9.50.

On March 31, 2004, the closing bid and ask prices of shares of our Common Stock were \$1.60 and \$1.85 respectively. However, we consider our Common Stock to be thinly traded and, as a result, any reported sales prices may not be a true market-based valuation of the Common Stock.

The following table sets high and low prices for our common stock since the Company started trading on September 20, 2002 as reported by the National Quotations Bureau. The quotations reflect inter-dealer prices, without retail mark-up, markdown or commission, and may not necessarily represent actual transactions.

	2003(2)		2002 (1)	
	High	Low	High	Low
1 st Quarter	\$2.30	\$0.12	N/A	N/A
2 nd Quarter	\$7.70	\$3.73	N/A	N/A
3 rd Quarter	\$4.28	\$2.85	N/A	N/A
4 th Quarter	\$3.45	\$2.38	\$0.07	\$0.03
(1)	On September 20, 2002, we became eligible to participate in the OTC Bulletin Board. Prices for our common stock are published on the OTC Bulletin under the trading symbol "DOGN".			
(2)	On June 9, 2003, we effectuated a 2:1 forward split (for every 1 shares currently owed, each stockholder received 1 shares of common stock as a dividend), thus increasing their common stock issued and outstanding from 10,000,000 shares to 20,000,000.			

Forward Split

On June 9, 2003, we effectuated a 2:1 forward split (for every 1 shares currently owed, each stockholder received 1 shares of common stock as a dividend), thus increasing their common stock issued and outstanding from 10,000,000 shares to 20,000,000.

(b) Holders of Common Stock

As of December 31, 2003, we had approximately 26 stockholders of record of the 20,100,000 shares outstanding.

(c) Dividends

We have never declared or paid dividends on our Common Stock. We intend to follow a policy of retaining earnings, if any, to finance the growth of the business and do not anticipate paying any cash dividends in the foreseeable future. The declaration and payment of future dividends on the Common Stock will be at the sole discretion of the Board of Directors and will depend on our profitability and financial condition, capital requirements, statutory and contractual restrictions, future prospects and other factors deemed relevant.

(d) Securities Authorized for Issuance under Equity Compensation Plans

We currently do not maintain a stock option plan to which incentive stock options to purchase shares of common stock may be granted to employees, directors and consultants.

Use of Proceeds from Registered Securities

Our Registration Statement on Form SB-2 (File No. 333-84568), related to our initial public offering, was declared effective by the SEC on June 14, 2002. A total of 250,000 shares of Common Stock were registered with the SEC with an aggregate offering price of \$25,000. All of these shares were registered on our behalf. The offering commenced in June 2002 and terminated by December 2002. We sold 250,000 shares of common stock, which resulted in \$25,000 of proceeds with no commissions paid on funds raised.

We incurred offering expenses of approximately \$6,000 in connection with the offering. Thus the net offering proceeds to us (after deducting offering expenses) were approximately \$19,000. No offering expenses were paid directly or indirectly to any of our directors or officers (or their associates), persons owning ten percent (10%) or more of any class of our equity securities or to any other affiliates.

As of December 31, 2003, all of the net proceeds had been used. As disclosed in the registration, approximately \$10,875 was used as general working capital and website development. Following the close of the offering, our management reevaluated the use of proceeds included in the prospectus as a result of the change in business approved by the stockholders of the Company. Based on their evaluation, we redirected certain intended uses of the funds from advertising and used funds as follows: we used \$8,125 for legal expense attributed to the acquisition of Bed & Biscuit InnTM facility in Flagler Beach, Florida.

Recent Sales of Unregistered Securities

Issuances to Officers and Directors

On March 14, 2003, as consideration for the IP Agreement, we issued Rosemary Williams 100,000 (post split) shares of our common stock. The shares were deemed to have been issued pursuant to an exemption provided by Section 4(2) of the Act, which exempts from registration “transactions by an issuer not involving any public offering.”

<u>Date of issuance</u>	<u>Number of Shares</u>
August 18, 2003	100,000 (post split)

We believe that the issuances of the shares described above were exempt from the registration and prospectus delivery requirements of the Securities Act of 1933 by virtue of Section 4(2). Our then officer and director, because of her position with our company, was deemed to be an accredited investor, as such term is defined in rule 501(a) of Regulation D promulgated under the Securities Act of 1933. The shares were issued directly by us and did not involve a public offering or general solicitation. There were no commissions paid on the issuance of the shares.

Preferred Stock Issuances

On July 22, 2003, we issued 28,334 shares of our Series A Convertible Preferred Stock (“A Preferred”) to Ms. Rosemary Williams, our current president and chairman.

The issuance of the shares was a result of the receipt of the appraisal of the Bed & Biscuit Inn™ facility in Flagler Beach, Florida that we purchased on May 7, 2003. We were required to issue shares of A Preferred based on this final appraisal.

On July 18, 2003, we received the final appraisal on the property, which valued the real property, excluding any personal property purchased in the original acquisition, at \$396,700. Since the appraised value was lower than the minimum value of \$500,000 agreed with the seller of the property, Rosemary Williams, the minimum value was used to compute the number of shares of A Preferred to be issued to Ms. Williams. The formula used to determine how many shares of A Preferred to be issued was as follows:

$$\underline{APP.V - (AL + N) / 6 = PS}$$

Where: APP.V is the \$500,000 minimum value of the property;

AL is the Assumed Loan of \$130,000;

N is the Note payable to Ms. Williams in the amount of \$200,000; and

PS is the number of Series A Preferred shares to be issued.

$$500,000 - (130,000 + 200,000) / 6 = PS$$

$$500,000 - 330,000 / 6 = PS$$

$$170,000 / 6 = PS$$

$$28,333.33 = PS$$

Using the formula above resulted in the issuance of the 28,334 Series A Preferred shares to Ms. Williams (partial shares are rounded up to the next whole share).

The rights and preferences of the preferred stock are set forth in Exhibit "D" of the Acquisition Contract filed in the Form 8-K filed on April 9, 2003.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULT OF OPERATIONS.

This report contains forward-looking statements. Actual results and events could differ materially from those projected, anticipated, or implicit, in the forward-looking statements as a result of the risk factors set forth below and elsewhere in this report.

With the exception of historical matters, the matters discussed herein are forward-looking statements that involve risks and uncertainties. Forward-looking statements include, but are not limited to, statements concerning anticipated trends in revenues and net income, projections concerning operations and available cash flow. Our actual results could differ materially from the results discussed in such forward-looking statements. The following discussion of our financial condition and results of operations should be read in conjunction with our financial statements and the related notes thereto appearing elsewhere herein.

Critical Accounting Policies

The preparation of our consolidated financial statements in conformity with accounting principles generally accepted in the United States requires us to make estimates and judgments that affect our reported assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. We base our estimates and judgments on historical experience and on various other assumptions we believe to be reasonable under the circumstances. Future events, however, may differ markedly from our current expectations and assumptions. While there are a number of significant accounting policies affecting our consolidated financial statements; we believe the following critical accounting policies involve the most complex, difficult and subjective estimates and judgments:

?? stock-based compensation.

?? revenue recognition

Stock-Based Compensation

In December 2002, the FASB issued SFAS No. 148 - Accounting for Stock-Based Compensation - Transition and Disclosure. This statement amends SFAS No. 123 - Accounting for Stock-Based Compensation, providing alternative methods of voluntarily transitioning to the fair market value based method of accounting for stock based employee compensation. FAS 148 also requires disclosure of the method used to account for stock-based employee compensation and the effect of the method in both the annual and interim financial statements. The provisions of this statement related to transition methods are effective for fiscal years ending after December 15, 2002, while provisions related to disclosure requirements are effective in financial reports for interim periods beginning after December 31, 2002.

The Company elected to continue to account for stock-based compensation plans using the intrinsic value-based method of accounting prescribed by APB No. 25, "Accounting for Stock Issued to Employees," and related interpretations. Under the provisions of APB No. 25, compensation expense is measured at the grant date for the difference between the fair value of the stock and the exercise price.

Revenue Recognition

For revenue from product sales, the Company recognizes revenue in accordance with SEC Staff Accounting Bulletin No. 101, "Revenue Recognition in Financial Statements" ("SAB 101"). SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectibility is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectibility of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required.

Overview

Dogs International was originally incorporated in the State of Nevada in January of 2002 under the name Juris Travel. On March 24, 2003, we changed our name to "DOGS INTERNATIONAL" and changed our ticker symbol to "DOGN." On April 9, 2003, we incorporated a new wholly-owned subsidiary, Bed and Biscuit Inns of America, Inc., a Nevada corporation, which our future pet facility operations will be conducted through.

The name change was prompted by a change in our business strategy as a result of our execution of an "Intellectual Property Assignment Agreement," (the "IP Agreement") on March 14, 2003. Pursuant to the terms of the IP Agreement we received the worldwide rights, title, and interest in certain intellectual property, most notably the names Bed & Biscuit InnTM and Groomingdale's in exchange for 100,000 (post split) shares of restricted common stock.

We are primarily focused on building/acquiring a chain of upscale pet care facilities under the name “Bed & Biscuit Inn™”. On May 7, 2003, we completed the acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida. Situated on approximately 5 acres, the facility houses numerous indoor/outdoor pet suites, an onsite pet bakery and Groomingdale’s, which provides full service grooming to guests. Since our incorporation in January 2002, up to the completed acquisition of Bed & Biscuit Inn™ facility in Flagler Beach, Florida, we have not been engaged in any significant operations nor have we had any significant revenues.

On August 20, 2003, we executed a letter of intent with PetsUnited LLC, a Limited Liability Company formed under the laws of the State of Pennsylvania (“PetsUnited”). The letter of intent outlines the proposal by which we will acquire 100% of the membership interest of PetsUnited. The Agreement provides for us to issue shares of our preferred stock in exchange for 100% of the membership interest and operational control of PetsUnited, with assets mainly consisting of The Dog’s Outfitter and Allpets.com, which are operating divisions of PetsUnited, (collectively referred to as the “Acquirees”).

The Dog’s Outfitter operates a distribution center in Hazleton, Pennsylvania that includes a call center, a catalog design department, and a warehouse operation that stocks more than 14,000 SKU’s. The Dog’s Outfitter operations, which employs approximately 35 individuals, are supported by a sophisticated management information system and a communications platform that integrates order entry, order payment, fulfillment, tracking, and customer care with inventory/mailling list management, accounting and financial reporting, and marketing analysis.

Allpets.com is a premier online and catalog retailer providing valuable information, education, and pet products to both the consumer and business markets.

The letter of intent does not constitute a legally binding agreement nor creates any rights or interests in favor of the parties, it being understood that any rights and obligations which the parties may have, to each other, remain to be set forth in the definitive acquisition agreement into which the letter of intent and all prior discussions shall merge.

Satisfaction of our cash obligations for the next 12 months. We intend to build and/or acquire upscale pet care facilities. Our cash obligations are anticipated to increase substantially over the next 12 months. The cash would be utilized for operational expenses, including the acquisition and leasing of facilities to be utilized for high-end pet facilities. We intend for these funding requirements to be fulfilled through either equity or debt financing.

In the event we are successful in completing the Pets United transaction, we will require additional capital over the next 12 months for operational purposes; however at this time it is unknown what amount of capital will be required for the Pets United transaction, if and when we complete the transaction.

Summary of any product research and development that we will perform for the term of the plan. We do not anticipate performing any significant product research and development under our revised plan of operation.

Expected purchase or sale of plant and significant equipment. We do anticipate purchasing or leasing pet care facilities in the next twelve months; however, the purchase is subject to our receipt of sufficient funds from borrowings or stock sales to enable such acquisition or leases. At this point in time we are unable to accurately determine an estimate for the amount of funds needed to accomplish a purchase or lease of a facility. Additionally, the acquisition of Pets United entails the acquisition of 10,000 square feet of leased plant and warehouse facilities along with certain required equipment.

Significant changes in number of employees. The number of employees required to operate our business is currently 7 full-time. As a result of our change in our business plan we are anticipating a substantial change in the number of employees required to operate our facilities. These increases will occur concurrent with our acquisition and/or lease of facilities; however, we will require a substantial infusion of capital prior to commencement of such acquisition. We will substantially increase the number of employees should we be successful in the Pets United acquisition.

Results of Operations for the Years Ended December 31, 2003 and 2002 Compared.

	Year Ended December 31, 2003	Year Ended December 31, 2002
Revenues	\$ 83,509	\$ 740

Revenue

	2003	2002	Increase/(decrease) \$
For the year ended December 31:			
Revenue	\$ 83,509	\$ 740	\$ 82,769

Revenues for the year ended December 31, 2003 were \$83,509 compared to revenues of \$740 in the year ended December 31, 2002. This resulted in an increase in revenues of \$82,769, from the same period one year ago. The increase in revenues was due to the change in our business plan from a travel company to the completed acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida.

Cost of goods sold/Gross profit percentage of revenue

	2003	2002	Increase/(decrease)

For the year ended December 31:				
Cost of goods sold	\$ 3,365	\$ 638	\$ 2,727	427%
Gross profit % of revenue	96%	14%		

Cost of goods sold for the year ended December 31, 2003 was \$3,365, an increase of \$2,727, or 427%, from \$638 for the same period ended December 31, 2002. The increase in cost of goods sold was primarily due to the increase in revenues and the change in our business plan from a travel company to the completed acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida.

Gross profit as a percentage of revenue increased from 14% for year ended December 31, 2002 to 96% for the year ended December 31, 2003.

			\$
For the year ended December 31:			
Selling, General & Administrative expenses	\$ 197,633	\$ 8,262	\$ 189,371

General and administrative expenses were \$197,633 for the year ended December 31, 2003 versus \$8,262 for the year ended December 31, 2002, which resulted in an increase of \$189,371. The increase in selling and administrative expenses was primarily due to the increase in the Company adding additional operational and administrative personnel, legal and other professional assistance with change in our business plan from a travel company to the completed acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida.

Net Income (Loss)

For the year ended December 31:			
Net Income (loss)	\$ (129,926)	\$ (8,160)	\$ (121,766)

The net loss for the year ended December 31, 2003 was \$129,926, versus a net loss of \$8,160 for the year ended December 31, 2002, a change in net loss of \$121,766. The substantial

increase in the net loss was primarily due to the substantial increase in Selling, General and Administrative expenses attributed with change in our business plan from a travel company to the completed acquisition of our first Bed & Biscuit Inn™ facility in Flagler Beach, Florida.

Off-Balance Sheet Arrangements

The Company does not maintain off-balance sheet arrangements nor does it participate in non-exchange traded contracts requiring fair value accounting treatment.

The following table summarizes total assets, accumulated deficit and stockholders' equity.

	December 31, 2003
Total Assets	<u>\$496,641</u>
Accumulated Deficit	<u>\$(138,086)</u>
Stockholders' Equity (Deficit)	<u>\$89,414</u>

A critical component of our operating plan impacting our continued existence is the ability to obtain additional capital through additional equity and/or debt financing. Cash increased primarily due to the receipt of funds from a SB-2 offering that were used to help offset our near term cash equivalents. Since inception, we have financed our cash flow requirements through issuances of common stock. As we expand our activities, we may continue to experience net negative cash flows from operations, pending receipt of sales revenues.

Additionally, we anticipate obtaining additional financing to fund operations through common stock offerings and bank borrowings, to the extent available, or to obtain additional financing to the extent necessary to augment our working capital. In the event we cannot obtain the necessary capital to pursue our strategic plan, we may have to cease or significantly curtail our operations. This would materially impact our ability to continue operations.

We believe that existing capital and anticipated funds from operations will not be sufficient to sustain operations and planned expansion over the next twelve months. We anticipate substantial increases in our cash requirements; which will require additional capital generated from either the sale of common stock, the sale of preferred stock, or debt financing. Consequently, we will be required to seek additional capital in the future to fund growth and expansion through additional equity or debt financing or credit facilities. No assurance can be made that such financing would be available, and if available it may take either the form of debt or equity. In either case, the financing could have a negative impact on our financial condition and our Stockholders. We currently have no agreements which would provide for either loans to us, or the sale of the our securities.

The amount of cash required to operate our business is significantly dependent upon our success in completing the Pets United transaction, in addition to other pet facilities.

We anticipate that we will incur operating losses in the next twelve months. Our lack of operating history makes predictions of future operating results difficult to ascertain. Our prospects must be considered in light of the risks, expenses and difficulties frequently encountered by companies in their early stage of development, particularly companies in new and rapidly evolving markets. Such risks for us include, but are not limited to, an evolving and unpredictable business model and the management of growth. To address these risks, we must, among other things, obtain a customer base, implement and successfully execute our business and marketing strategy, respond to competitive developments, and attract, retain and motivate qualified personnel. There can be no assurance that we will be successful in addressing such risks, and the failure to do so can have a material adverse effect on our business prospects, financial condition and results of operations.

Material Risks

Our auditor's report reflects the fact that without realization of additional capital, it would be unlikely for us to continue as a going concern. If we are unable to continue as a going concern, it is likely that we will not be able to continue in business.

As a result of our deficiency in working capital and other factors, our auditors have included a paragraph in their report regarding substantial doubt about our ability to continue as a going concern. Our plans in this regard are to seek additional funding through future equity private placements or debt facilities.

Going Concern

The financial statements included in this filing have been prepared in conformity with generally accepted accounting principles that contemplate the continuance of the Company as a going concern. The Company's cash position may be inadequate to pay all of the costs associated with testing, production and marketing of products. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required will be available. The financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue existence.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

NONE.

ITEM 8A. CONTROLS AND PROCEDURES

With little to no revenues and during 2003 our board of directors had responsibility for our internal controls and procedures over our financial reporting.

We have implemented and maintain disclosure controls and procedures which consist of: the control environment, risk assessment, control activities, information and communication and monitoring. Our scope of internal control therefore extends to policies, plans procedures, processes, systems, activities, initiatives, and endeavors required of a company with our limited transactions, revenues, expenses, and operations. These controls and procedures are designed to ensure that the information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC's rules.

There have been no significant changes (including corrective actions with regard to significant deficiencies or material weaknesses) in our internal controls or in other factors that could significantly affect the controls subsequent to the date of the evaluation referenced below.

Within 90 days prior to the date of this report, we carried out an evaluation, under the supervision of Ms. Williams, of the effectiveness of the design and operation of the Company's disclosure controls and procedures. Based on the foregoing, Ms. Williams concluded that, given the Company's limited operations, our disclosure controls and procedures were effective.

PART III

ITEM 9. DIRECTORS AND EXECUTIVE OFFICERS, PROMOTER AND CONTROL PERSONS COMPLIANCE WITH SECTION 16(a) OF THE EXCHANGE ACT

The following table sets forth the names and positions with the Company of the executive officers and directors of the Company. Directors will be elected at the Company's annual meeting of stockholders and serve for one year or until their successors are elected and qualify. Officers are elected by the Board and their terms of office are, except to the extent governed by employment contract, at the discretion of the Board.

The following table sets forth the names and positions of our executive officers and directors. Directors will be elected at our annual meeting of stockholders and serve for one year or until their successors are elected and qualify. Officers are elected by the Board and their terms of office are, except to the extent governed by employment contract, at the discretion of the Board.

NAME	AGE	POSITION
Rosemary Williams	56	President, CFO, Secretary, Treasurer and Director

Duties, Responsibilities and Experience

Rosemary Williams has been the President, CFO, Secretary, Treasurer and Director of Dogs International since May 2003. From June 2000 to May 2003, Ms. Williams owned and operated the Bed & Biscuit Inn™ facility in Flagler Beach, Florida. From 1997 to June 2000 Ms. Williams was owner and operator of an Art Gallery called Art Soup located in Flagler Beach, Florida.

Limitation of Liability of Directors

Pursuant to the Nevada General Corporation Law, our Articles of Incorporation exclude personal liability for our Directors for monetary damages based upon any violation of their fiduciary duties as Directors, except as to liability for any breach of the duty of loyalty, acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, or any transaction from which a Director receives an improper personal benefit. This exclusion of liability does not limit any right which a Director may have to be indemnified and does not affect any Director's liability under federal or applicable state securities laws. We have agreed to indemnify our directors against expenses, judgments, and amounts paid in settlement in connection with any claim against a Director if he acted in good faith and in a manner he believed to be in our best interests.

Election of Directors and Officers.

Directors are elected to serve until the next annual meeting of stockholders and until their successors have been elected and qualified. Officers are appointed to serve until the meeting of the Board of Directors following the next annual meeting of stockholders and until their successors have been elected and qualified.

No Executive Officer or Director of the Corporation has been the subject of any Order, Judgment, or Decree of any Court of competent jurisdiction, or any regulatory agency permanently or temporarily enjoining, barring suspending or otherwise limiting her from acting as an investment advisor, underwriter, broker or dealer in the securities industry, or as an affiliated person, director or employee of an investment company, bank, savings and loan association, or insurance company or from engaging in or continuing any conduct or practice in connection with any such activity or in connection with the purchase or sale of any securities.

No Executive Officer or Director of the Corporation has been convicted in any criminal proceeding (excluding traffic violations) or is the subject of a criminal proceeding which is currently pending.

No Executive Officer or Director of the Corporation is the subject of any pending legal proceedings.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), requires our executive officers and directors, and persons who beneficially own more than ten percent of our common stock, to file initial reports of ownership and reports of changes in ownership with the SEC. Executive officers, directors and greater than ten percent beneficial owners are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based upon a review of the copies of such forms furnished to us and written representations from our executive officers and directors, we believe that during the year ended 2003 there were no delinquent filers.

Audit Committee

We do not have an Audit Committee, our board of directors during 2003, performed some of the same functions of an Audit Committee, such as: recommending a firm of independent certified public accountants to audit the annual financial statements; reviewing the independent auditors independence, the financial statements and their audit report; and reviewing management's administration of the system of internal accounting controls. The Company does not currently have a written audit committee charter or similar document.

Code of Ethics

A code of ethics relates to written standards that are reasonably designed to deter wrongdoing and to promote:

- (1) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;
- (2) Full, fair, accurate, timely and understandable disclosure in reports and documents that are filed with, or submitted to, the Commission and in other public communications made by an issuer;
- (3) Compliance with applicable governmental laws, rules and regulations;
- (4) The prompt internal reporting of violations of the code to an appropriate person or persons identified in the code; and
- (5) Accountability for adherence to the code.

We have not adopted a corporate code of ethics that applies to our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions in that of our officers and directors serves in all the above capacities.

Our decision to not adopt such a code of ethics results from our having only one officer and two directors operating as the sole management for the Company in 2003. We believe that as a result of the limited interaction which occurs having a sole officer for the Company eliminates the current need for such a code, in that violations of such a code would be reported to the party generating the violation.

Nominating Committee

We do not have a Nominating Committee or Nominating Committee Charter. Our board of directors performed some of the functions associated with a Nominating Committee. We have elected not to have a Nominating Committee in that we are with limited operations and resources.

ITEM 10. EXECUTIVE COMPENSATION

The following table sets forth the cash compensation of the Company's executive officers and directors during the last two fiscal years of the Company. The remuneration described in the table does not include the cost to the Company of benefits furnished to the named executive officers, including premiums for health insurance and other benefits provided to such individual that are extended in connection with the conduct of the Company's business.

(1) Rosemary Williams was elected as a Director and appointed as an Officer on May 28, 2003

(2) Shaun Herness resigned as Secretary/Treasure and Director on January 21, 2004

(3) Roxana Vargas was not nominated to the Bard of Directors at the May 28, 2003 Annual Meeting of Stockholders.

(4) The 15,000,000 (post 2:1 forward split) shares of Restricted Common Stock were purchased by Roxana Isabel Vargas, at \$0.005 per share.

Compensation Committee

We currently do not have a compensation committee of the board of directors. However, the board of directors intends to establish a compensation committee, which is expected to consist of three inside directors and two independent members. Until a formal committee is established our entire board of directors will review all forms of compensation provided to our executive officers, directors, consultants and employees including stock compensation and loans.

Director Compensation and Other Arrangements

All directors will be reimbursed for expenses incurred in attending Board or committee meetings.

TEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following tables present information, to the best of the Company's knowledge, about the beneficial ownership of its common stock on March 31, 2004 relating to the beneficial ownership of the Company's common stock by those persons known to beneficially own more than 5% of the Company's capital stock and by its directors and executive officers. The percentage of beneficial ownership for the following table is based on 20,100,000 shares of common stock outstanding.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and does not necessarily indicate beneficial ownership for any other purpose. Under these rules, beneficial ownership includes those shares of common stock over which the stockholder has sole or shared voting or investment power. It also includes shares of common stock that the stockholder has a right to acquire within 60 days through the exercise of any option, warrant or other right. The percentage ownership of the outstanding common stock, however, is based on the assumption, expressly required by the rules of the Securities and Exchange Commission, that only the person or entity whose ownership is being reported has converted options or warrants into shares of our common stock.

Security Ownership of Certain Beneficial Owners

Name and Address of Beneficial Owner (1)	Number of Shares	Percent Of Class (2)
Roxana Vargas (3) 1800 N. Green Valley Pkwy #25 Henderson, NV	15,000,000	74.6

- (1) "Beneficial ownership" means the sole or shared power to vote or to direct the voting of, a security, or the sole or shared investment power with respect to a security (i.e., the power to dispose of or to direct the disposition of, a security). In addition, for purposes of this table, a person is deemed, as of any date, to have "beneficial ownership" of any security that such person has the right to acquire within 60 days from the date of this 10-KSB.
- (2) Figures are rounded to the nearest tenth of a percent.
- (3) At the Annual Meeting of Stockholder on May 28, 2003 Ms. Vargas did not run for re-election as a member of the Company's Board of Directors.

- (1) As used in this table, "beneficial ownership" means the sole or shared power to vote, or to direct the voting of, a security, or the sole or shared investment power with respect to a security (i.e., the power to dispose of, or to direct the disposition of, a security). All addresses are care of the Company, 408 S. Daytona, Flagler Beach, FL 32136.
- (2) Figures are rounded to the nearest tenth of a percent.
- (3) On January 21, 2004 Mr. Herness resigned as Secretary/Treasurer and a Director.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Effective July 1, 2003, we executed a one year lease for new office space located at 408 S. Daytona, Flagler Beach, Florida 32136. The office space is approximately 2,000 sq.ft. and monthly payments are \$1,200.(a copy of the lease was filed as an exhibit to a Form 8-K filed July 31, 2003.)

Rosemary Williams, our president and chairman, owns the building that the office space is located in. We evaluated pricing on other available office space in Flagler Beach and found that the price per square foot being paid to Ms. Williams is very competitive.

The Company has a 5-year note payable in the principal amount of \$200,000 with an interest rate of 6% to the Company's President pursuant to the Real Estate Acquisition Contract for the purchase of the Bed & Biscuit Inn™ facility in Flagler Beach. During the year ended December 31, 2003, the Company had accrued interest payable of \$7,750.

INDEPENDENT AUDITORS' REPORT

April 22, 2004

Board of Directors
Dogs International
(Formerly Juris Travel)
Flagler Beach, FL

We have audited the Balance Sheet of Dogs International (the "Company"), as of December 31, 2003 and the related Statement of Operations, Stockholders' Equity, and Cash Flows for the years ended December 31, 2003 and 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement presentation. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that my audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Dogs International as of December 31, 2003, and the related Statement of Operations, Stockholders' Equity, and Cash Flows for the years ended December 31, 2003 and 2002, in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 4 to the financial statements, the Company has had limited operations and have not commenced planned principal operations. This raises substantial doubt about its ability to continue as a going concern. Management's plan in regard to these matters are also described in Note 4. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

**Dogs International
(Formerly Juris Travel)
Notes to Financial Statements**

Note 1 – Significant accounting policies and procedures

Organization

Dogs International (the “Company”) was originally incorporated in the State of Nevada in January of 2002 under the name Juris Travel. On March 24, 2003, the Company changed its name to “DOGS INTERNATIONAL”. On April 9, 2003, the Company incorporated a new wholly-owned subsidiary, Bed and Biscuit Inns of America, Inc., a Nevada corporation, which our future pet facility operations will be conducted through.

Cash and cash equivalents

The Company maintains a cash balance in a non-interest-bearing account that currently does not exceed federally insured limits. For the purpose of the statements of cash flows, all highly liquid investments with an original maturity of three months or less are considered to be cash equivalents. There are no cash equivalents as of December 31, 2003.

Investments

Investments in companies over which the Company exercises significant influence are accounted for by the equity method whereby the Company includes its proportionate share of earnings and losses of such companies in earnings. Other long-term investments are recorded at cost and are written down to their estimated recoverable amount if there is evidence of a decline in value which is other than temporary.

Fixed assets

Fixed assets are stated at the lower of cost or estimated net recoverable amount. The cost of property, plant and equipment is depreciated using the straight-line method based on the lesser of the estimated useful lives of the assets or the lease term based on the following life expectancy:

Computer equipment	5 years
Software	5 years
Office furniture and fixtures	7 years
Vehicles	5 years
Buildings	39.5 years

Repairs and maintenance expenditures are charged to operations as incurred. Major improvements and replacements, which extend the useful life of an asset, are capitalized and depreciated over the remaining estimated useful life of the asset. When assets are retired or sold, the costs and related accumulated depreciation and amortization are eliminated and any resulting gain or loss is reflected in operations.

Consolidation policy

The accompanying Consolidated Financial Statements include the accounts of the Company and its majority-owned subsidiary corporations, after elimination of all material intercompany accounts, transactions, and profits. Investments in unconsolidated subsidiaries representing ownership of at least 20% but less than 50%, are accounted for under the equity method. Nonmarketable investments in which the Company has less than 20% ownership and in which it

Dogs International
(Formerly Juris Travel)
Notes to Financial Statements

does not have the ability to exercise significant influence over the investee are initially recorded at cost and periodically reviewed for impairment. As of December 31, 2003, the Company did not have nonmarketable investments.

Revenue recognition

Revenue from boarding and care fees are recorded when pets are picked up and an invoice is given to the customer.

The cost of services, consisting of feed and supplies, is expensed as incurred.

Advertising costs

The Company expenses all costs of advertising as incurred. There were \$3,575 and \$394 in advertising costs included in general and administrative expenses as of December 31, 2003 and 2002, respectively.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Fair value of financial instruments

Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2003. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash and accounts payable. Fair values were assumed to approximate carrying values for cash and payables because they are short term in nature and their carrying amounts approximate fair values or they are payable on demand.

Impairment of long-lived assets

The Company reviews its long-lived assets and intangibles periodically to determine potential impairment by comparing the carrying value of the long-lived assets with the estimated future cash flows expected to result from the use of the assets, including cash flows from disposition. Should the sum of the expected future cash flows be less than the carrying value, the Company would recognize an impairment loss. An impairment loss would be measured by comparing the amount by which the carrying value exceeds the fair value of the long-lived assets and intangibles. There were no impairment losses recognized in 2003.

Reporting on the costs of start-up activities

Statement of Position 98-5 (SOP 98-5), "Reporting on the Costs of Start-Up Activities," which provides guidance on the financial reporting of start-up costs and organizational costs, requires most costs of start-up activities and organizational costs to be expensed as incurred. SOP 98-5 is effective for fiscal years beginning after December 15, 1998. With the adoption of SOP 98-5, there has been little or no effect on the Company's financial statements.

Dogs International
(Formerly Juris Travel)
Notes to Financial Statements

Loss per share

Net loss per share is provided in accordance with Statement of Financial Accounting Standards No. 128 (SFAS #128) "Earnings Per Share". Basic loss per share is computed by dividing losses available to common stockholders by the weighted average number of common shares outstanding during the period. There were no securities considered to be dilutive in the computation of earnings (loss) per share.

Comprehensive Income

SFAS No. 130, "Reporting Comprehensive Income", establishes standards for the reporting and display of comprehensive income and its components in the financial statements. The Company had no items of other comprehensive income and therefore has not presented a statement of comprehensive income.

Segment reporting

The Company follows Statement of Financial Accounting Standards No. 130, "Disclosures About Segments of an Enterprise and Related Information." The Company operates as a single segment and will evaluate additional segment disclosure requirements as it expands its operations.

Income taxes

The Company follows Statement of Financial Accounting Standard No. 109, "Accounting for Income Taxes" ("SFAS No. 109") for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled. Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Deferred income taxes may arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non-current depending on the periods in which the temporary differences are expected to reverse.

Recent pronouncements

In July 2002, the FASB issued SFAS No. 146, "Accounting for Costs Associated with Exit or Disposal Activities", which addresses financial accounting and reporting for costs associated with exit or disposal activities and supersedes EITF No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)." SFAS No. 146 requires that a liability for a cost associated with an exit or disposal activity be recognized when the liability is incurred. Under EITF No. 94-3, a liability for an exit cost was recognized at the date of an entity's commitment to an exit plan.

Dogs International
(Formerly Juris Travel)
Notes to Financial Statements

SFAS No. 146 also establishes that the liability should initially be measured and recorded at fair value. The provisions of SFAS No. 146 will be adopted for exit or disposal activities that are initiated after December 31, 2003.

In December 2002, the FASB issued SFAS No. 148, "Accounting for Stock-Based Compensation—Transition and Disclosure—an amendment of SFAS No. 123." This Statement amends SFAS No. 123, "Accounting for Stock-Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this statement amends the disclosure requirements of SFAS No. 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used on reported results. The adoption of SFAS No. 148 is not expected to have a material impact on the company's financial position or results of operations.

In November 2002, the FASB issued FASB Interpretation ("FIN") No. 45, "Guarantors Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees and Indebtedness of Others", an interpretation of FIN No. 5, 57 and 107, and rescission of FIN No. 34, "Disclosure of Indirect Guarantees of Indebtedness of Others". FIN 45 elaborates on the disclosures to be made by the guarantor in its interim and annual financial statements about its obligations under certain guarantees that it has issued. It also requires that a guarantor recognize, at the inception of a guarantee, a liability for the fair value of the obligation undertaken in issuing the guarantee. The initial recognition and measurement provisions of this interpretation are applicable on a prospective basis to guarantees issued or modified after December 31, 2003; while, the provisions of the disclosure requirements are effective for financial statements of interim or annual periods ending after December 15, 2002. The Company believes that the adoption of such interpretation does not have a material impact on its financial position or results of operations and has adopted such interpretation during fiscal year 2003, as required.

In January 2003, the FASB issued FIN No. 46, "Consolidation of Variable Interest Entities", an interpretation of Accounting Research Bulletin No. 51. FIN No. 46 requires that variable interest entities be consolidated by a company if that company is subject to a majority of the risk of loss from the variable interest entity's activities or is entitled to receive a majority of the entity's residual returns or both. FIN No. 46 also requires disclosures about variable interest entities that companies are not required to consolidate but in which a company has a significant variable interest. The consolidation requirements of FIN No. 46 will apply immediately to variable interest entities created after January 31, 2003. The consolidation requirements will apply to entities established prior to January 31, 2003 in the first fiscal year or interim period beginning after June 15, 2003. The disclosure requirements will apply in all financial statements issued after January 31, 2003. The company adopted the provisions of FIN No. 46 during the first quarter of fiscal 2003.

In May 2003, the FASB issued SFAS No. 150, "Accounting for Certain Financial Instruments with Characteristics of Both Liabilities and Equity." SFAS No. 150 changes the classification in the statement of financial position of certain common financial instruments from either equity or mezzanine presentation to liabilities and requires an issuer of those financial statements to

Dogs International
(Formerly Juris Travel)
Notes to Financial Statements

recognize changes in fair value or redemption amount, as applicable, in earnings. SFAS No. 150 is effective for financial instruments entered into or modified after May 31, 2003, and with one exception, is effective at the beginning of the first interim period beginning after June 15, 2003. The effect of adopting SFAS No. 150 will be recognized as a cumulative effect of an accounting change as of the beginning of the period of adoption. Restatement of prior periods is not permitted. SFAS No. 150 did not have any impact on the Company's financial position or results of operations.

Stock-Based Compensation

The Company applies Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees, and Related Interpretations, in accounting for stock options issued to employees. Under APB No. 25, employee compensation cost is recognized when estimated fair value of the underlying stock on date of the grant exceeds exercise price of the stock option. For stock options and warrants issued to non-employees, the Company applies SFAS No. 123, Accounting for Stock-Based Compensation, which requires the recognition of compensation cost based upon the fair value of stock options at the grant date using the Black-Scholes option pricing model. There were no shares issued for compensation during the years ended December 31, 2003 or 2002.

Year-end

The Company has adopted December 31 as its fiscal year end.

Note 2 – Fixed assets

Fixed assets consists of the following:

	December 31, 2003
Land	\$ 137,000
Vehicles	95,256
Furniture and fixtures	8,253
Operating equipment	11,650
Buildings and improvements	<u>259,738</u>
	511,898
Less accumulated depreciation	<u>(20,782)</u>
Total	\$ <u>478,372</u>

Depreciation expense totaled \$20,782 and \$-0- for the years ended December 31, 2003 and 2002, respectively.

**Dogs International
(Formerly Juris Travel)
Notes to Financial Statements**

Note 3 – Notes payable and long-term debt

The Company has a 5 year note payable in the principal amount of \$200,000 with an interest rate of 6% to the Company's President pursuant to the Real Estate Acquisition Contract for the purchase of the Bed & Biscuit Inn™ facility in Flagler Beach. During the year ended December 31, 2003, the Company accrued interest payable of \$7,750.

The Company has a first mortgage payable on the Bed & Biscuit Inn™ facility in Flagler Beach in the amount of \$97,818 with an interest rate of prime plus one (currently 5%) per annum with monthly interest only payments.

The Company has a second mortgage payable on the Bed & Biscuit Inn™ facility in Flagler Beach in the amount of \$79,304 with an interest rate of approximately 9.5% per annum with monthly payment of principal and interest totaling \$669.

The Company recorded interest expense of \$12,437 and \$-0- during the years ended December 31, 2003 and 2002, respectively.

Note 4 - Going concern

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern which contemplates the recoverability of assets and the satisfaction of liabilities in the normal course of business. As noted above, the Company has generated limited revenue from operations. Since its inception, the Company has been engaged substantially in financing activities and developing its travel related products and building/acquiring a chain of upscale pet care facilities, incurring costs and expenses. In addition, the Company's development activities since inception have been financially sustained by capital contributions.

The ability of the Company to continue as a going concern is dependent upon its ability to raise additional capital from the sale of common stock and, ultimately, the achievement of significant operating revenues. The Company plans to raise additional capital through equity offerings in order to continue operations for the next 12 months. The accompanying financial statements do not include any adjustments that might be required should the Company be unable to recover the value of its assets or satisfy its liabilities.

Note 5 – Income taxes

The Company accounts for income taxes under Statement of Financial Accounting Standards No. 109, "Accounting for Income Taxes" ("SFAS No. 109"), which requires use of the liability method. SFAS No. 109 provides that deferred tax assets and liabilities are recorded based on the differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, referred to as temporary differences. Deferred tax assets and liabilities at the end of each period are determined using the currently enacted tax rates applied to taxable income in the periods in which the deferred tax assets and liabilities are expected to be

Dogs International
(Formerly Juris Travel)
Notes to Financial Statements

settled or realized.

The provision for income taxes differs from the amount computed by applying the statutory federal income tax rate to income before provision for income taxes. The sources and tax effects of the differences are as follows:

U.S federal statutory rate	(34.0%)
Valuation reserve	34.0%
Total	<u>-%</u>

As of December 31, 2003, the Company has a net operating loss carry forward of approximately \$138,086. The related deferred asset has been fully reserved.

Note 6 – Stockholder’s equity

On June 9, 2003, the Company effectuated a 2:1 forward split (for every 1 shares currently owed, each stockholder received 1 shares of common stock as a dividend), thus increasing their common stock issued and outstanding from 10,000,000 shares to 20,000,000.

On July 22, 2003, the Company, pursuant to an Asset Purchase Agreement, issued 28,334 shares of its \$0.001 par value Series A Convertible Preferred Stock, at \$6.00 per share or \$170,000.
