**Re: TORM A/S
Form 20-F for the Fiscal Year Ended December 31, 2008
Filed June 25, 2009
File No. 0-49650**

Dear Mr. Skov:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as state sponsors of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comments or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note that Lloyd's List reported in March 2009 that you chartered one or more vessels for carrying cargoes to Iran, a country identified by the U.S. Department of State as a state sponsor of terrorism, and subject to U.S. economic sanctions and export controls. We also note that your Form 20-F does not include disclosure regarding contacts with Iran. Please describe to us the nature and extent of your past, current, and anticipated contacts with Iran, whether through subsidiaries, affiliates, or other direct or indirect arrangements. Your response should describe any products or services you have provided to Iran directly or indirectly, and any agreements, commercial arrangements, or other contacts you have had with the Iranian government or entities controlled by that government.

Also, discuss whether any ships you own, operate, or charter provide any U.S.-origin goods to Iran, or involve employees who are U.S. nationals in operations associated with Iran.

2. You state on page 16 of your Form 20-F that your product tankers operate in Africa and the Caribbean, and on page 38 that your largest tankers primarily transported naphtha from the Middle East in 2007. The referenced regions are generally understood to include Cuba, Sudan, and Syria. We note that the 20-F does not include disclosure regarding any contacts with those countries. Please describe to us the nature and extent of any past, current and anticipated contacts with Cuba, Sudan and Syria, whether through subsidiaries, affiliates, or other direct or indirect arrangements. With respect to any such contacts, provide the same type of information requested in the foregoing comment regarding contacts with Iran.
3. Please discuss the materiality of any contacts with Cuba, Iran, Sudan, and Syria, and whether those contacts constitute a material investment risk for your security holders. You should address materiality in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities, and any payments made to the referenced countries, for the last three fiscal years and any subsequent period. Also, address materiality in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Cuba, Iran, Sudan, and Syria.
