Statement of Financial Condition
with Independent Auditors' Report Thereon

December 31, 2018

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Partners of
Quantlab Securities, LP
Houston, Texas

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Quantlab Securities, LP as of December 31, 2018 and the related notes (collectively referred to as the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of Quantlab Securities, LP as of December 31, 2018 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Quantlab Securities, LP's management. Our responsibility is to express an opinion on Quantlab Securities, LP's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Quantlab Securities, LP is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of Quantlab Securities, LP's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as Quantlab Securities, LP's auditor since 2015.

QUANTLAB SECURITIES, LP

Notes to Statement of Financial Condition

December 31, 2018

(1) Organization and Nature of Business

Quantlab Securities, LP (the "Partnership") was organized as a Delaware limited partnership pursuant to an agreement of limited partnership dated as of December 7, 2001. The Partnership is a registered broker-dealer under the Securities Exchange Act of 1934 and a member of the Financial Industry Regulatory Authority, Inc. The Partnership's office is located in Houston, Texas.

The term of the Partnership is through December 31, 2051. The Partnership may continue, by unanimous consent, from calendar year to calendar year until terminated, as provided in the partnership agreement. However, the term of the agreement shall not be extended beyond December 31, 2065.

The Partnership receives brokerage commissions and other fees from transactions in certain investment accounts maintained by other clients of QCM Cayman, Ltd. ("QCMC"), on a fully disclosed basis. QCMC, a Cayman Islands exempted company, is a registered investment adviser under the Investment Advisers Act of 1940. QCMC is wholly owned by an affiliate of the Partnership.

(2) Summary of Significant Accounting Policies

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Cash

Cash includes cash held at banks and brokerage firms. These cash balances may at times exceed federal insured limits. As of December 31, 2018, the uninsured portion of cash amounted to \$1,483,452. The Partnership has not experienced any losses in such accounts. The Partnership believes it is not exposed to any significant credit risk on cash and cash equivalents.

Credit Risk

The Partnership is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Partnership may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Partnership's policy to review, as necessary, the credit standing of each counterparty.

(2) Summary of Significant Accounting Policies, continued

Fair Value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by Financial Accounting Standards Board ("FASB") Accounting Standards Codification ("ASC") Topic 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 – Financial assets and liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in an active market that the partnership has the ability to access at the measurement date (examples include active exchange-traded equity securities, listed derivatives, and most U.S. Government and agency securities).
- Level 2 – Financial assets and liabilities whose values are based on quoted prices in markets where trading occurs infrequently or whose values are based on quoted prices of instruments with similar attributes in active markets.
- Level 3 – Financial assets and liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect managements' own assumptions about the assumptions a market participant would use in pricing the asset or liability.

As of December 31, 2018 the Partnership held no assets and liabilities to be measured at fair value.

Income Taxes

The Partnership is not a taxpaying entity for federal income tax purposes. The income or loss of the Partnership is included in the separate income tax returns of the partners. Accordingly, no provision is made for federal income taxes payable or receivable in the Partnership's financial statements. At December 31, 2018, there were no material differences between the tax basis and reported amounts of the Partnership's assets. The Partnership is subject to a Texas gross margin tax as a limited liability entity under state law. The tax is accounted for as an income tax under generally accepted accounting principles.

Recently Issued Accounting Pronouncements

The Partnership does not believe that any other recently issued effective pronouncements, or pronouncements issued but not yet effective, if adopted, would have a material effect on the accompanying financial statements.

QUANTLAB SECURITIES, LP

Notes to Statement of Financial Condition

December 31, 2018

(2) Summary of Significant Accounting Policies, continued

Subsequent Events

Management has evaluated whether subsequent events for transactions which have occurred after December 31, 2018 require recognition or disclosure in the financial statements through March 1, 2019, which is the date the financial statements were available to be issued. No events require adjustment or disclosure.

(3) Related Party Transactions

The Partnership entered into a Software Development and Maintenance Agreement in April, 2016 with Quantlab US, Inc. ("Q US"). Q US is wholly owned by an affiliate of the Partnership. Q US is to undertake the maintenance, modification and enhancement of certain proprietary software technology used for trading activities, in exchange for a monthly fee of \$45,000 per month.

The Partnership has a payable to the trading partnership, under an agreement with their registered investment adviser, QCMC of \$3,333 as December 31, 2018. QCMC is wholly owned by an affiliate of the Partnership.

The Partnership has an agreement with a clearing organization whereby the organization performs clearing functions for all security transactions with customers and broker-dealers. In August 2018, the Partnership canceled a similar agreement with a second clearing broker. An affiliated entity of the ultimate parent of QCMC has a beneficial interest of less than 2% in the parent of that second clearing broker. There were no reimbursable costs paid to that clearing broker from the Partnership during 2018. The clearing fees charged by that broker were paid by a client of QCMC.

The Partnership has an agreement to lease office space from Quantlab Financial, LLC ("QLF"), an affiliate of the Partnership, for approximately \$12,000 per month on a month-to-month basis.

(4) Contingencies

In the normal course of business, the Partnership is subject to regulatory examinations or other inquiries. These matters could result in censures, fines or other sanctions. The Partnership is unable to predict the outcome of these matters. However, the Partnership believes the outcome of any resulting actions will not be material to its financial statements.

(5) Net Capital Requirements

The Partnership is subject to the Securities and Exchange Commission's Uniform Net Capital Rule ("Rule 15c3-1"), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Retained earnings may be restricted as to payment of dividends if this ratio exceeds 10 to 1. At December 31, 2018, the Partnership had net capital of \$1,894,627 which exceeded its required net capital of \$100,000 by \$1,794,627. The Partnership's ratio of aggregate indebtedness to net capital was 0.14 to 1. There were no liabilities subordinated to the claims of general creditors during 2018.

QUANTLAB SECURITIES, LP

Notes to Statement of Financial Condition

December 31, 2018

(6) Partners' Capital

Partners' capital consists of the general partnership interest and limited partnership interests (including Class B). Losses of the Partnership are allocated to the partners, other than Class B limited partners, in proportion to their respective percentage interests (as such term is defined in the limited partnership agreement) in the Partnership. Profits, after taking into account the special allocation of profits to the Class B limited partners, are allocated to the partners (other than the Class B limited partners) in accordance with each partner's percentage interest, provided that profits from capital events (as such term is defined in the limited partnership agreement) have a special allocation hierarchy to account for certain equity thresholds. The Class B limited partners may receive a special allocation of the annual profits of the Partnership as determined by a vote of the partners (other than the Class B limited partners). In the event of a termination of the Partnership, as provided in the partnership agreement, any remaining funds after settling all liabilities or obligations of the partnership would be returned to the partners in accordance with their percentage ownership.
