MID-CONTINENT SECURITIES ADVISORS, LTD.
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business Activity

Mid-Continent Securities Advisors, Ltd. (the Partnership) was organized on April 2, 2002 under the laws of the State of Texas to engage solely in the business as a registered broker-dealer.

As of December 31, 2018, the general partner has a 1% partnership interest and the limited partner a 99% partnership interest. The Partnership terminates on December 31, 2102, unless terminated at an earlier date as provided for in the Partnership Agreement.

The Partnership became a registered broker/dealer with the Securities and Exchange Commission ("SEC") in April 2002 and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Partnership operates under the provisions of Paragraph K(2)(ii) of Rule 15c3-3 of the SEC, and accordingly is exempt from the remaining provisions of that Rule. The Partnership's customers consist primarily of individuals located throughout the United States of America.

This summary of significant accounting policies of the Partnership is presented to assist in understanding the financial statements. The financial statements and notes are representations of management, who are responsible for their integrity and objectivity. These accounting policies reflect industry practices, conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements. The following items comprise the significant accounting policies of the Partnership.

Basis of Accounting

The Partnership maintains its accounts on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America, which is required by the SEC and FINRA whereby revenues are recognized in the period earned and expenses when incurred. Accounting principles followed by the Partnership and the methods of applying those principles, which materially affect the determination of financial position, results of operations and cash flows are summarized below.

Revenue Recognition

The Partnership receives commissions for directing its customers to invest in hedge funds, mutual funds and variable life insurance products. The Partnership does not carry any securities for its customers. Significant judgement is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on the appropriate measure of the Partnership's progress under the contract; and whether constraints on variable consideration should be applied due to uncertain future events.

Commissions and Placement Fee Income

Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the contract. The Partnership provides investment advisory services on a daily basis. The Partnership believes the performance obligation for providing advisory services is satisfied over time because the client is receiving and consuming the benefits as they are provided by the Partnership. Fee arrangements are based on a percentage applied to the client's assets under management. Revenue is recognized at the point that performance under the arrangement is completed and 401k/other commissions are received by the Partnership. For certain contracts, revenues are recognized over time in which the performance obligation is simultaneously provided by the Partnership and consumed by the customer and commissions are received by the Partnership.

Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates that were used.

MID-CONTINENT SECURITIES ADVISORS, LTD.
NOTES TO THE FINANCIAL STATEMENTS

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Cash and Cash Equivalents

Cash and cash equivalents include cash on hand, cash in banks and all short-term, highly liquid investments which are readily convertible into cash and have an original maturity of three months or less.

Fair Value Measurements

The carrying amounts of the Partnership's financial instruments, which include cash and cash equivalents, commissions receivable, and commissions payable, approximate their fair values due to their short maturities.

Income Tax

The Partnership has elected to be taxed as a partnership. As such, the Partnership does not pay federal corporate income taxes on its taxable income. Instead, the partners are liable for individual federal income taxes on their respective shares of taxable net income. The Partnership is liable for Texas margin tax which is based on taxable margin, as defined under the law, rather than being based on federal taxable income. As of and for the year ended December 31, 2018, the Partnership's Texas margin tax expense was not significant. The Partnership has no uncertain tax positions as of December 31, 2018.

Management Review

The Partnership has evaluated subsequent events through the date of the Report of Independent Registered Public Accounting Firm, the date the financial statements were available to be issued.

Recent Accounting Pronouncements

In May 2014, the financial Accounting Standards Board ("FASB") issued Accounting Standards Codification 606, Revenue from Contracts with Customers ("ASC 606"). The new accounting standard, along with its related amendments, replaces the current rules-based U.S. GAAP governing revenue recognition with a principles-based approach. The Partnership adopted the new standard on January 1, 2018 using the modified retrospective approach, which requires the Partnership to apply the new revenue standard to (i) all new revenue contracts entered into after January 1, 2018 and (ii) all existing revenue contracts as of January 1, 2018 through a cumulative adjustment to equity. In accordance with this approach, our revenues for periods prior to January 1, 2018 will not be revised.

The core principle in the new guidance is that a Partnership should recognize revenue in a manner that fairly depicts the transfer of goods or services to customers in amounts that reflect the consideration the Partnership expects to receive for those goods or services. In order to apply this core principle, companies will apply the following five steps in determining the amount of revenues to recognize: (i) identify the contract; (ii) identify the performance obligations in the contract; (iii) determine the transaction price; (iv) allocate the transaction prices to the performance obligations in the contract; and (v) recognize revenue when (or as) the performance obligation is satisfied. Each of these steps involves management's judgment and an analysis of the material terms and conditions of the contract. We do not anticipate that there will be material differences in the amount or timing of revenues recognized following the new standard's adoption date. Although total revenues may not be materially impacted by the new guidance, we do anticipate significant changes to our disclosures based on the additional requirements prescribed by ASC 606. These new disclosures include information regarding the significant judgments used in evaluating when and who revenue is (or will be) recognized and data related to contract assets and liabilities.

In February 2016, the FASB issued ASU No. 2016-02, Leases (Topic 842). This standard requires lessees to recognize a lease liability and a lease asset for all leases, including operating leases, with a term greater than 12 months on its statement of financial position. The standard also expands the required quantitative and qualitative disclosures surrounding leases. This standard is effective for annual periods beginning after December 15, 2019. Early adoption is permitted. This standard will be applied using a modified retrospective transition approach for leases existing at, or entered into after, the beginning of the earliest comparative period presented in the financial statements. Management is currently evaluating the effect of these provision on the Company's financial position and results of operations.

NOTE 2: PARTNERSHIP AGREEMENT

MID-CONTINENT SECURITIES ADVISORS, LTD.
NOTES TO THE FINANCIAL STATEMENTS

The following are some of the significant terms of the Partnership Agreement:

Management

The general partner, MCSALGP, LLC, except as otherwise expressly stated or provided in the Partnership Agreement and subject to the approval of the limited partner to the extent required by the Partnership Agreement, shall have the sole and exclusive right to manage the business of the Partnership.

Liability of Limited Partner

The liability of the limited partner to the Partnership shall be limited to the difference between the limited partner's capital contributions as actually made and that stated in the initial offering certificate as having been made; provided, however, that when the limited partner has received the return in whole or in part of his capital contribution, he shall nevertheless be liable to the Partnership to the extent required by law for any sum, not in excess of such return with interest at the legal rate thereon, necessary to discharge the Partnership's liabilities to all creditors who extend credit or whose claims arose before such return, and who have not waived this provision in whole or in part.

General Allocation of Income and Expenses

Net income and losses shall be allocated one percent to the general partner and ninety-nine percent to the limited partner.

Special Allocation of Income and Expenses

To the extent that an allocation of losses would cause a limited partner to have an adjusted capital account deficit at the end of any fiscal year, then, those losses shall be allocated 100% to the general partner. If losses have been allocated pursuant to the terms of the agreement, then profits shall be allocated 100% to the general partner until the aggregate profits allocated to the general partner for the fiscal year end and all previous years is equal to the aggregate losses allocated to the general partner for all fiscal years.

Payment of Distributions

The general partner shall make distributions from time to time, by majority vote of the general partner, to cause the Partnership to distribute cash or property to the partners as a return of capital. Distributions need not to be made in accordance with the partners' units or capital accounts. Rather, distributions can be made to any partner, in the general partner's discretion, including itself, as long as that distribution is designated as a return of capital, provided, however, that the distributions may be made only to a partner to the extent of the positive balance in that partner's capital account.

NOTE 3: RELATED PARTY TRANSACTIONS

Under terms of a formal agreement, the Partnership pays \$500 monthly to the limited partner for rent and certain administrative services. The monthly payment is not necessarily indicative of the costs that would have been incurred had the Partnership been a separate and independent partnership. During the year ended December 31, 2018, the Partnership paid \$6,000 to the limited partner.

In January 2018, the Partnership collected \$1,354 on an outstanding related party note receivable.

MID-CONTINENT SECURITIES ADVISORS, LTD.
NOTES TO THE FINANCIAL STATEMENTS

NOTE 4: CONCENTRATIONS OF CREDIT RISK

Financial instruments that potentially subject the Partnership to concentrations of credit risk consist of cash and cash equivalents and commission receivable. At various times during the year, the Partnership may have bank deposit in excess of Federal Deposit Insurance Corporation insurance limits. Management believes any credit risk is low due to the overall financial strength of the financial institutions.

For the year ended December 31, 2018, one customer accounted for 45% of total revenues. At December 31, 2018, one customer comprised 83% of commissions receivable.

NOTE 5: NET CAPITAL REQUIREMENTS

The Partnership is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2018, the Partnership had net capital of \$116,725 which was \$91,725 in excess of its required net capital of \$25,000. Additionally, the Partnership's ratio of aggregate indebtedness to net capital was 251%.

NOTE 6: COMMITMENTS AND CONTINGENCIES

Lease Commitment

The Partnership leases office space under an operating lease that expires in May 2031 from a related party. The Partnership recognizes rent expense on a straight-line basis over the lease term. For the year ended December 31, 2018, rent expense totaled \$6,000.

Future minimum lease payments under the agreement as of December 31, 2018 are as follows:

Year Ending <u>December 31,</u>	
2019	\$ 6,000
2020	6,000
2021	6,000
2022	6,000
2023	6,000
Thereafter	<u>44,500</u>
	\$ <u>74,500</u>

The remaining rent expense of \$19,500 was paid on behalf of the Partnership registered representative.

Litigation

The Partnership from time to time may be involved in litigation relating to claims arising out of its normal course of business. Management believes that there were no claims or actions pending or threatened against the Partnership, the ultimate disposition of which would have a material impact on the Partnership's financial position, results of operations or cash flows.

Risk Management

The Partnership maintains various forms of insurance that the Partnership's management believes are adequate to reduce the exposure to these risks to an acceptable level.
