BROCKTON CAPITAL CORP.
QUARTERLY REPORT - FORM 51
for the nine months ended January 31, 2004

Schedule C: Management Discussion

During the fiscal years ended April 30, 2003, the Company's activity was primarily related to the completion of the Company's initial public offering, including listing the Company for trading as a Capital Pool Company on the TSX Venture Exchange ("TSX"), formerly the Canadian Venture Exchange. Effective August 1, 2001, the Company completed its initial public offering, having received approval from the British Columbia Securities Commission, the Alberta Securities Commission and the TSX, and issued 1,750,000 common shares at \$0.15 per share. On August 27, 2001, the common shares of the Company were listed for trading on the TSX. On August 28, 2003, trading in the shares of the Company were suspended as the Company had not completed its qualifying transaction within eighteen months of the Company's listing.

The Company's principle business since its listing on the TSX on August 27, 2001, has been to identify and evaluate opportunities for the acquisition of an interest in assets or businesses and, once identified and evaluated, to negotiate an acquisition or participation subject to receipt of shareholder approval and acceptance for filing by the TSX. The Company was required to complete an acquisition on or before March 31, 2003.

By a Letter of Intent dated September 4, 2002 and a formal agreement dated August 28, 2003 the Company agreed to acquire 100% of the common shares of a private company, Cyberhand Technologies Inc. ("Cyberhand") in consideration for the issuance of 8,130,000 common shares of the Company at approximately \$0.20 per share. Cyberhand, incorporated in Alberta Canada, is developing new technologies specific to consumer electronics. A finders fee will be payable upon closing of this transaction. The transaction was approved on December 12, 2003 by the shareholders, but is subject to completion of financing and further regulatory approval. On March 17, 2003, the Company received conditional regulatory approval to the transaction subject to a number of conditions, the most significant of which is the completion of a private placement of a minimum \$1,600,000. The Company is currently working on completion of this financing and responding to the other conditions.

As at January 31, 2004, the Company had advanced \$99,280 to Cyberhand pursuant to various promissory notes, which bear interest at 10% per annum and are secured by general security agreements on the assets of Cyberhand. The principal and interest is due and payable on the earlier of the closing of the formal agreement, the date the Letter of Intent is terminated by the parties or the receipt of proceeds with respect to government grants and scientific research and experimental development tax credits, such proceeds to be applied against the promissory notes. Accrued interest to January 31, 2004 is \$9,853.

The Company also paid a total of \$67,330 in respect to a sponsorship agreement and various other directly related expenses for the acquisition noted above.

In connection with the aforementioned acquisition, the Company agreed to an agency agreement for an offering of up to \$2,000,000. The agent will be entitled to a commission of 4 to 10% of the offering and an agents warrant equal to an amount up to 15% of the total offering exercisable for two years. The price per share and per warrant of the offering will be determined in accordance with the policies of the regulatory authorities and will be subject to regulatory approval.

By a share purchase agreement dated July 31, 2003, Cyberhand agreed to acquire 32% of the common shares of a private company, Pocketop Computer Corporation ("Pocketop"), in consideration for 500,000 common shares of Cyberhand which will be exchanged for 500,000 common shares of the Company on closing of the Cyberhand acquisition, as referred to above. Pocketop, a Canadian company, is developing innovations in the portable personal digital assistant ("PDA") market. Cyberhand will have the option to purchase an additional 32% of the common shares of Pocketop for \$833,333 for a term expiring May 25, 2005 to be paid either in cash or by the issuance of 833,333 common shares of the Company. Cyberhand has agreed to assume notes payable of \$380,000 in exchange for a note receivable from Pocketop secured by a general security assignment over all of the assets of Pocketop including intellectual property. The proposed acquisition is subject to regulatory approval.

By a stock option agreement dated May 14, 2003, the Company granted 105,000 share purchase options to a director of the Company entitling him to acquire up to 105,000 common shares at \$0.19 per share exercisable to May 14, 2008. This option is subject to regulatory approval.

Discussion of Operations and Financial Condition

Operations during the nine months ended January 31, 2004 were primarily related to the completion of the Company's Qualifying Transaction and due diligence in respect to the Letter of Intent and formal agreement noted above. There were no investor relations arrangements entered into during the period. There were no transactions with related parties other than office rent charges (\$6,750), equipment rent charges (\$4,500), office supplies charges (\$2,250) and accounting fees (\$13,009). There also were no legal proceedings, contingent liabilities, defaults under debt or other contractual obligations, breach of any laws or special resolutions during the year.

At January 31, 2004, the Company had total working capital of \$168,396. It is expected that these funds are sufficient to complete its business as discussed in Nature of Business above.

Amounts receivable at January 31, 2004 includes \$204 due to the Company in respect to accrued interest receivable on term deposits and GST receivable of \$7,084. Notes receivable, as described in Note 4 to the financial statements, are due from Cyberhand. It is expected that the Qualifying Transaction will close and this amount will be offset on consolidation.

The Company also proposed to complete a financing in conjunction with the Qualifying Transaction, as discussed in the Nature of Business section to this management discussion

Effective on June 24, 2002, the Company became registered and fully reporting with the United States Securities and Exchange Commission. The Company is currently considering alternatives with respect to having its common shares trade on an Exchange in the United States.

NEWS RELEASE

Brockton Requests to Voluntary Delist from the TSX Venture Exchange

Vancouver, British Columbia

June 11, 2004

BROCKTON CAPITAL CORP. (the "Company") (TSX: BKC.P) announces that it has requested to voluntarily delist from the TSX Venture Exchange (the "Exchange"). The reasons for this request are as follows:

- * Although the Company had received conditional approval from the Exchange to complete its Qualifying Transaction to acquire Cyberhand Technologies Inc. ("Cyberhand") the Company does not feel that it will be able to satisfy all of the conditions in the near future. Consequently the Company is at risk of defaulting on its agreement with Cyberhand and must seek alternatives to maintaining its listing on the Exchange.
- * Cyberhand has some immediate business opportunities to advance its operations. To capture these opportunities, Cyberhand requires a small capital injection. The Company is arranging a financing of up to \$300,000 which will be sufficient to enable Cyberhand to satisfy the immediate opportunities. Under the Exchange's CPC Policies, these funds could not be advanced to Cyberhand until the Qualifying Transaction has been completed. Consequently the Company must seek alternatives to maintaining its listing on the Exchange.

Immediately after delisting, it is the Company's intention to complete the financing of up to \$300,000, close the agreement (an amended agreement) completing the acquisition of Cyberhand and apply to obtain a Over-The-Counter Bulletin Board Listing. As a result of this course of action, the Company will not be proceeding with the agency arrangement and proposed \$2.0 million financing. It is anticipated that the listing process will be rapid, as the Company is already a reporting entity in the United States.

Cyberhand has established a worldwide distribution network and is currently receiving orders for its Pocketop Wireless Keyboard. The Company expects that the acquisition of Cyberhand will allow the combined companies to capture these business opportunities and generate significant revenue. It is the Company's intention to do a further capital raise in the fall based on the combination of strong operations and the anticipated Over-The-Counter Bulletin Board Listing.
