REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Member of
BWK Trinity Capital Securities, LLC

We have audited the accompanying statement of financial condition of BWK Trinity Capital Securities, LLC (the Company) as of December 31, 2016, that is filed pursuant to Rule 17a-5 under the Securities Exchange Act of 1934, and the related notes to the statement of financial condition. BWK Trinity Capital Securities, LLC management is responsible for this financial statement. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of BWK Trinity Capital Securities, LLC as of December 31, 2016 in accordance with accounting principles generally accepted in the United States of America.

Note 1 - Organization and summary of significant accounting policies

Organization and business activity

BWK Trinity Capital Securities, LLC (the "Company") was organized in the State of Delaware on March 14, 2002. The Company is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc ("FINRA"). The Company is a single member limited liability company, wholly-owned by Trinity Capital, LLC ("Member").

The Company provides brokerage services in connection with the private placement of securities and is reimbursed for the related direct expenses it incurs. The Company is exempt from the provisions of rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k)(2)(i) of the rule. The Company has not entered into an agreement with a clearing broker as of December 31, 2016 and, accordingly, the Company has not carried customer accounts, taken custody of securities or extended margin credit to its customers.

As a limited liability company, the member's liability is limited based on relevant state law.

The accompanying financial statements have been prepared from the separate records maintained by the Company and, due to certain transactions and agreements with affiliated entities, may not necessarily be indicative of the financial condition that would have existed or the results that would have been obtained from operations had the Company operated as an unaffiliated entity.

The Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Revenue recognition

Financial advisory fees are recognized during the period in which services are rendered. Investment banking fees are contingent on, and are recognized upon, the successful completion of a project. Warrants received for services rendered are recognized at fair value when received or later to the extent services have not yet been completed. Compensation received from customer agreements not currently earned are reported as deferred revenue. Investment banking and financial advisory fees are generated from services related to a limited number of transactions. Due to the nature of the Company's business, the size of any one transaction may be significant to the Company's operations for the period.

Income taxes

The Company is a limited liability company and is classified as a disregarded entity for federal income tax purposes. The Company's profits and losses are reportable by the member on its income tax return. As a single member limited liability company, the Company files no income tax returns, except for the State of California. Accordingly, no provision for income taxes has been reflected in the financial statements.
