### **NOTES TO FINANCIAL STATEMENTS**

**Year Ended December 31, 2017**

#### **Note 1 - Organization and summary of significant accounting policies**

##### **Organization and business activity**

BWK Trinity Capital Securities, LLC (the "Company") was organized in the State of Delaware on March 14, 2002. The Company is a broker-dealer registered with the Securities and Exchange Commission (the "SEC") and is a member of the Financial Industry Regulatory Authority, Inc ("FINRA"). The Company is a single member limited liability company, wholly-owned by Trinity Capital, LLC ("Member").

The Company provides brokerage services in connection with the private placement of securities and is reimbursed for the related direct expenses it incurs. The Company is exempt from the provisions of rule 15c3-3 under the Securities Exchange Act of 1934, in that the Company's activities are limited to those set forth in the conditions for exemption appearing in paragraph (k)(2)(i) of the rule. The Company has not entered into an agreement with a clearing broker as of December 31, 2017 and, accordingly, the Company has not carried customer accounts, taken custody of securities or extended margin credit to its customers.

As a limited liability company, the member's liability is limited based on relevant state law.

##### **Basis of presentation**

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

##### **Concentration**

The Company's cash is on deposit at one financial institution and the balance at times may exceed the federally insured limit. The Company believes it is not exposed to any significant credit risk to cash.

##### **Use of estimates**

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

##### **Revenue recognition**

Financial advisory fees are recognized during the period in which services are rendered. Investment banking fees are contingent on, and are recognized upon, the successful completion of a project. Warrants received for services rendered are recognized at fair value when received or later to the extent services have not yet been completed. Compensation received from customer agreements not currently earned are reported as deferred revenue. Investment banking and financial advisory fees are generated from services related to a limited number of transactions. Due to the nature of the Company's business, the size of any one transaction may be significant to the Company's operations for the period.

##### **Income taxes**

The Company is a limited liability company and is classified as a disregarded entity for federal income tax purposes. The Company's profits and losses are reportable by the member on its income tax return. As a single member limited liability company, the Company files no income tax returns, except for the State of California. Accordingly, no provision for income taxes has been reflected in the financial statements.

## **BWK TRINITY CAPITAL SECURITIES, LLC**

### **NOTES TO FINANCIAL STATEMENTS**

#### **Note 2 - Related-party transactions**

The Company's member performs business advisory services and has the ability to influence the costs allocated to the Company. During the year ended December 31, 2017, the Company was provided services by its member and some costs were incurred by the Company's member on its behalf. In accordance with the expense sharing agreement between the Company and its member, the Company is not charged for services provided by the member, and is released from any liability relating to costs incurred by the member on behalf of the Company. In accordance with the expense sharing agreement, the Company is charged a \$6,000 per year management fee, which is included on the statement of operations. The member may allocate expenses to the Company at its discretion.

#### **Note 3 - Net capital requirements**

The Company is subject to the SEC Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash distributions paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2017, the Company had net capital of \$13,096, which was \$8,096 in excess of the required net capital of \$5,000.
