Report of Independent Registered Public Accounting Firm

RSM US LLP

To the Member of Wolverine Execution Services, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Wolverine Execution Services, LLC (the Company) as of December 31, 2017, and the related notes to the financial statement (collectively, the financial statement). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

RSM US LLP

We have served as the Company's auditor since 2016.

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT
December 31, 2017

NOTE A - ORGANIZATION AND NATURE OF BUSINESS

Wolverine Execution Services, LLC (the Company) was organized under the State of Illinois Revised Limited Liability Company Act on July 19, 2001.

The Company is a registered broker-dealer and was approved as a member of the National Association of Securities Dealers, Inc. (NASD) in November 2002. In July 2007, the NASD and the member regulation, enforcement and arbitration functions of the New York Stock Exchange merged to form the Financial Industry Regulatory Authority, Inc. (FINRA). In addition, the Company was approved as a member of the National Futures Association in September 2003. The Company is registered with the Commodity Futures Trading Commission (CFTC) as an introducing broker. The Company provides execution services for Wolverine Trading, LLC (the Parent) and other affiliates, as well as broker-dealers, registered investment advisors and institutional customers. The Company is a member of the Chicago Board Options Exchange, the International Securities Exchange, the Philadelphia Stock Exchange, National Futures Association, NYSE Amex, NYSE Arca, the Chicago Stock Exchange, the Chicago Futures Exchange, the Chicago Board Stock Exchange, the MIAX Options Exchange, the Boston Options Exchange, NASDAQ, NASDAQ OMX, EDGX and BATS.

On September 26, 2012, the Company was approved by the Options Clearing Corporation (OCC) to act only as a clearing member that transfers confirmed trades or allocates positions to other clearing members and not to carry positions in its accounts with the OCC on a routine basis.

The Company is a wholly owned subsidiary of Wolverine Trading, LLC (the Parent).

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The process of preparing financial statement in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement, as well as the reported amounts of revenues and expenses during the reporting year. Actual results could differ from these estimates.

Cash

The Company is exposed to concentrations of credit risk. The Company maintains cash at a financial institution where the total cash balance is insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per depositor, per bank. At times, the Company may maintain balances in excess of FDIC limits. The Company monitors this credit risk and has not experienced any losses related to these risks.

Property and Equipment

Property and equipment items are stated at cost less accumulated depreciation. Depreciation is computed over the estimated useful lives of the underlying assets using straight-line and accelerated depreciation methods.

Maintenance and repairs are expensed as incurred. Expenditures which materially extend the original lives of assets are capitalized and amortized over their useful lives.

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT - CONTINUED
December 31, 2017

Fair Value Measurements

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price), in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date. In determining fair value, the Company may use various valuation approaches, including market, income and/or cost approaches. The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair value is based upon quoted market prices. If listed prices or quotes are not available, fair value is based upon internally developed models that primarily use, as inputs, market-based or independently sourced market parameters, including but not limited to yield curves, interest rates, volatilities, equity or debt prices, and credit curves. Observable inputs are those that market participants would use in pricing assets or liabilities based on market data obtained from sources independent of the Company. The fair value hierarchy is categorized in three levels based on the inputs as follows.

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access.

Level 2 - Valuations based on inputs, other than Level 1 prices, such as quoted active market prices for similar assets or liabilities, quoted prices for identical or similar assets in inactive markets, and model-derived valuations in which all significant inputs are observable in active markets.

Level 3 - Valuations based on inputs that are unobservable in the market place and significant to the overall fair value measurement.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of inputs that is significant to the fair value measurement.

The Company assesses the level of the financial instruments at each measurement date, and transfers between levels are recorded on the actual date of the event or change in circumstances that caused the transfer in accordance with the Company's accounting policy regarding the recognition of transfers between levels of the fair values hierarchy. There were no transfers during the year.

The Company's assets and liabilities recorded at fair value have been categorized based upon the fair value hierarchy, see Note H.

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT - CONTINUED
December 31, 2017

Income Taxes

The Company has elected to be treated as a disregarded entity for federal and state income tax purposes. Consequently, no provision or credit has been recorded for federal income taxes as the Company's income (loss) is directly taxable to the individual members.

A tax position is recognized as a benefit only if it is more likely than not that the tax position would be sustained in a tax examination, with a tax examination being presumed to occur. The amount recognized is the largest amount of tax benefit that has a greater than 50% likelihood of being realized on examination. For tax positions not meeting the more likely than not test, no tax benefit is recorded. The Company applied the guidance to all tax positions for which the statute of limitations remained open. As of December 31, 2017, the Company had no material unrecognized federal or state tax benefits. There have been no material changes in unrecognized tax benefits during the current year. The Company did not have any material amounts accrued for interest and penalties at December 31, 2017. Interest or penalties on income taxes, if incurred, are recognized on the statement of income. The Company is not subject to examination by United States federal and state tax authorities for tax years before 2014.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2014-09, "Revenue from Contracts with Customers (Topic 606)," ("ASU 2014-09"), which supersedes current revenue recognition guidance, including most industry-specific guidance. ASU 2014-09, as amended, requires a company to recognize revenue when it transfers promised goods or services to customers in an amount that reflects the consideration to which the company expects to be entitled in exchange for those goods and services, and also requires enhanced disclosures.

The AICPA industry task forces on broker dealers and asset management, the AICPA's Revenue Recognition Working Group and the AICPA's Financial Reporting Executive Committee (FinREC) continue to issue interpretive guidance on ASU 2014-09. The Company will continue to evaluate the potential impact of this guidance as it is issued.

The Company adopted ASU 2014-09 effective as of January 1, 2018 under the modified retrospective method, in which the cumulative effect of applying the standard will be recognized at the date of initial application. The Company analyzed contracts with customers for the revenue streams noted above. As of December 31, 2017, the estimated cumulative effect that the Company would recognize as an adjustment to retained earnings upon adoption will be zero.

In February 2016, the FASB issued ASU 2016-02, Leases, which increases transparency and comparability among organizations by recognizing lease assets and lease liabilities on the consolidated statement of financial condition and disclosing key information about leasing arrangements. Lessor accounting remains substantially similar to current U.S. GAAP. The new standard is effective for fiscal years beginning after December 15, 2018. The Company has not yet determined the impact of the new standard on its current policies for leases.

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT - CONTINUED
December 31, 2017

NOTE C - RECEIVABLE FROM OTHER BROKERS AND CLEARING ORGANIZATIONS

Goldman Sachs & Co. L.P. (Goldman Sachs); Bank of America Merrill Lynch (Merrill Lynch); ABN AMRO Clearing Chicago LLC (ABN AMRO); and the Options Clearing Corporation (OCC) act as clearing brokers for the Company under separate agreements. Cash on deposit with the clearing brokers satisfy any existing margin requirements. Balances at clearing brokers consist of cash on deposit as of December 31, 2017.

In the event that a clearing broker becomes insolvent, recovery of the Company's funds might be limited to the equity capital of the respective clearing broker. In such an instance, the Company could incur losses to the extent that the recovered amount is less than the total cash and other property deposited with the clearing broker. The Company has not experienced any losses related to this risk.

NOTE D - RELATED PARTY TRANSACTIONS

At December 31, 2017, the Company had payable balances of \$208,184 to Wolverine Trading Technologies, LLC, \$4,437,345 to Wolverine Holdings, LP, \$8,203,472 to Wolverine Trading, LLC, \$75 to STAT Energy LLC, and \$18,733 to 360 TCS LLC, which is recorded as due to affiliates on the statement of financial condition. The Company had receivable balances of \$37,872 from Wolverine Securities, LLC, \$25,845 from Wolverine Capital Markets, LLC, \$4,368 from Wolverine Asset Management, LLC, and \$5,597 from Wolverine Trading UK, Ltd., each of which is an affiliated entity through common ownership, and recorded within due from affiliates on the statement of financial condition. There is no interest expense provided on these unsecured advances, and repayments are to be made at the discretion of the Parent and affiliate as appropriate.

NOTE E - PROPERTY AND EQUIPMENT

Property and equipment as of December 31, 2017, are summarized as follows:

Infrastructure and computer hardware	\$ 2,466,578
Furniture and fixtures	187,435
Leasehold improvements	<u>324,334</u>
Total cost of property and equipment	2,978,347
Less accumulated depreciation and amortization	<u>(2,571,766)</u>
Total property and equipment, net	<u>\$ 406,581</u>

NOTE F - COMMITMENTS AND INDEMNIFICATIONS

The Company was an introducing and self-clearing broker as of December 31, 2017. All transactions for customers were settled on a fully disclosed basis with other broker-dealers. The Company held no customer accounts or positions as of December 31, 2017. In connection with these arrangements, the Company has guaranteed the performance of its customers and is contingently liable for the payment of securities purchased and the delivery of securities sold by customers. As such, the Company has a required deposit of \$100,000,

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT - CONTINUED
December 31, 2017

\$250,000 and \$250,000 with Goldman Sachs, Merrill Lynch and ABN AMRO, respectively, for the Company's customer activity, which can be in cash or securities. These deposits are included in receivables from brokers, dealers and clearing organizations on the accompanying statement of financial condition. The Company cannot determine the maximum exposure under these guarantees as the amount is contingent on the unfunded obligations of the customers and, accordingly, has not recorded a liability.

In the normal course of business, the Company enters into contracts that contain a variety of representations and warranties that provide indemnifications under certain circumstances. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. The Company expects the risk of loss to be remote.

NOTE G - NET CAPITAL REQUIREMENTS

The Company is a broker-dealer subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1). The Company has elected the "alternative method" under this rule whereby it is required to maintain "net capital" equal to the greater of \$250,000 or 2 percent of "aggregate debits", as these terms are defined under Rule 15c3-1. As of December 31, 2017, the Company had a minimum net capital requirement of \$250,000.

Adjusted net capital changes from day to day but, at December 31, 2017, the Company had adjusted and excess net capital of \$33,642,739 and \$33,392,739, respectively, as calculated under Rule 15c3-1. The net capital rule might effectively restrict the withdrawal of capital.

The Company became a member of the OCC effective September 26, 2012. As of December 31, 2017, the Company had purchased and pledged \$6,630,000 worth of six-month treasury bills and \$42,247,650 of cash collateral to meet the OCC's deposit requirement. The cash collateral is included within the receivables from brokers, dealers and clearing organizations on the accompanying statement of financial condition. These treasury bills are recorded as U.S. government securities owned on the accompanying statement of financial condition. The Company did not hold any customer security positions and therefore maintained zero account balances as of December 31, 2017.

The Company is also subject to the CFTC's minimum capital requirements under Regulation 1.17. Under these rules, the Company is required to maintain "adjusted net capital" equivalent to the greater of \$45,000 or \$3,000 per associated person. The Company's minimum net capital requirement is the greater of the requirement under Regulation 1.17 or Rule 15c3-1.

NOTE H - FINANCIAL INSTRUMENTS

Wolverine Execution Services, LLC
(an Illinois limited liability company)
NOTES TO FINANCIAL STATEMENT - CONTINUED
December 31, 2017

The Company is an introducing and self-clearing broker-dealer, executing trades on the behalf of various broker-dealers, registered investment advisors, and institutional customers. The Company does not hold customer securities or accounts nor does the Company trade on its own behalf. The Company holds a \$6,630,000 six-month U.S. government treasury bill, which it pledged to the OCC. All instruments are subject to market risk – the risk that future changes in market conditions may make an instrument less valuable. As this instrument is carried at market value, changes directly affect income. The market risk associated with government treasury bills is minimal.

The fair market value of the Company's six-month U.S. treasury bill is \$6,625,551 as of December 31, 2017, and deemed a Level 1 investment.

NOTE I - CONTINGENT LIABILITIES

In the normal course of business, the Company may be subject to various litigation, regulation and arbitration matters. When such matters arise, they are vigorously defended and numerous meritorious defenses tend to exist. As of December 31, 2017, there is no outstanding litigation, individually or in the aggregate, that would have a material adverse effect on the Company's financial position, results of operations or cash flows.

NOTE J - SUBSEQUENT EVENTS

In accordance with the provisions set forth by the FASB Accounting Standards Codification 855, *Subsequent Events*, management has evaluated subsequent events through March 1, 2018, the date the financial statement were available for issuance. Management has determined that there are no material events that would require adjustment to or additional disclosure in the Company's financial statement.
