MEDIA RELEASE

GOLD FIELDS CEO: GOLD FIELDS SHAREHOLDERS WILL DECIDE: THE REAL ISSUE IS VALUE

Johannesburg, 12 November 2004. The Board of Directors of Gold Fields (the "Board") today commented on the results of Harmony Gold Mining Company Ltd. ("Harmony") General Meeting where its shareholders voted in favour of increasing Harmony's authorised share capital.

The Board said that the outcome of the vote was not a surprise as Harmony's financial position had left its shareholders with little choice other than to support the company's hostile and coercive takeover bid to acquire the more valuable Gold Fields' assets.

Ian Cockerill, Chief Executive of Gold Fields, commented,

Cockerill continued, "Harmony is trying to solve its financial problems at the expense of our shareholders. They desperately need our cash to service their debt. Whichever way you look at the Harmony offer, Gold Fields shareholders stand to lose."

In reaffirming the Gold Fields value proposition, the Board cited the following:

- Gold Fields has delivered a 200% return to its shareholders over the last five years; Harmony's equivalent return is only 112% (based on relative share performance inclusive of dividends reinvested);
- Gold Fields has achieved headline earnings for the last 5 quarters; Harmony has reported headline losses for the last five quarters; and
- Gold Fields has generated positive cash flow from operating activities (excluding dividends paid) of R 1.7 billion (F2004) and R 0.2 billion (Q1 F2005) and has over
