Gold Fields makes an offer for Glencar

Johannesburg, 24 July 2009: Gold Fields Limited (Gold Fields) (JSE, NYSE, NASDAQ Dubai: GFI) is pleased to announce that it has, through a wholly owned subsidiary, reached agreement with Glencar Mining Plc (Glencar) (AIM: GBX ISE: GEX) on the terms of a recommended cash offer for the entire issued share capital of Glencar.

Under the terms of the Offer, Glencar shareholders will be entitled to receive, for each Glencar share, 9 pence Sterling in cash upon acceptance of the Offer, should the required acceptances be achieved. The offer is subject to the acceptance by shareholders representing 80% of Glencar's issued share capital. However, Gold Fields may reduce this acceptance threshold, at its discretion, but to no lower than a percentage which is more than 50%. The consideration values the entire issued and to be issued share capital of Glencar at approximately £28 million.

As reflected in Glencar's 2008 Annual Report, Glencar's principal asset, and only defined resource, is its Komana project in Southern Mali, West Africa ("Komana"). Komana has an indicated and inferred mineral resource of 1,250,000¹ ounces of gold, within 150 metres of surface.

Nick Holland, Chief Executive Officer of Gold Fields said, "The proposed acquisition of Glencar is consistent with Gold Fields' regionalisation strategy, which includes growing its production in each of the West Africa, South America and Australasia regions to a million ounces per region within five years. We like Mali and this acquisition forms part of our strategy to grow our presence and footprint in the West African region. The offer fairly values Glencar's existing resource base and exploration upside and we are excited about its future inclusion in the Gold Fields group."

The consideration payable will be financed out of Gold Fields' existing resources and is expected to close in late September 2009.
