Independent Auditors Report

To the Board of Directors and Stockholders of
Behringer Harvard REIT I, Inc.:

We have audited the accompanying statement of revenues and certain operating expenses (the “Historical Summary”) of the Western Office Portfolio, which consists of five office buildings located in Texas, Oregon and California (collectively, the “Properties”), for the year ended December 31, 2004. This Historical Summary is the responsibility of the Properties’ management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Properties’ internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for purposes of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of Behringer Harvard REIT I, Inc.) as described in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Properties’ revenues and expenses.

In our opinion, the Historical Summary presents fairly, in all material respects, the revenue and certain operating expenses described in Note 1 to the Historical Summary of the Properties for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

The Western Office Portfolio
Notes to the Statements of Revenues and Certain Operating Expenses
For the Six Months Ended June 30, 2005 (Unaudited) and
For the Year Ended December 31, 2004

1. Basis of Presentation

On July 20, 2005, Behringer Harvard REIT I, Inc. (the “Company”) acquired the Western Office Portfolio which consists of five office buildings located in Texas, Oregon and California (collectively the “Properties”) through Behringer Harvard Western Portfolio LP, a wholly-owned subsidiary of Behringer Harvard Operating Partnership I LP, the Company’s operating partnership. The Properties consists of the following office buildings:

- a three-story office building, built in 1998, located on approximately ten acres of land in Richardson, Texas (a suburb of Dallas) containing approximately 230,061 (unaudited) rentable square feet (the “Richardson Building”);
- a three-story office building, built in 2001, located on approximately six acres of land in Tigard, Oregon (a suburb of Portland) containing approximately 88,335 (unaudited) rentable square feet (the “Southwest Center”);
- a three-story office building, built in 1999, located on approximately nine acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 71,739 (unaudited) rentable square feet (the “Gateway 23 Building”);
- a two-story office building, built in 1999, located on approximately six acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 55,095 (unaudited) rentable square feet (the “Gateway 22 Building”); and
- a two-story office building, built in 1999, located on approximately two acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 40,759 (unaudited) rentable square feet (the “Gateway 12 Building”).

The statements of revenues and certain operating expenses (the “Historical Summaries”) have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the “SEC”), which requires certain information with respect to real estate operations to be included with certain filings with the SEC. These Historical Summaries include the historical revenues and certain operating expenses of the Properties, exclusive of items which may not be comparable to the proposed future operations of the Properties.

The statements of revenues and certain operating expenses and notes thereto for the six months ended June 30, 2005 included in this report are unaudited. In the opinion of the Company’s management, all adjustments necessary for a fair presentation of such statement of revenues and certain operating expenses have been included. Such adjustments consisted of normal recurring items. Interim results are not necessarily indicative of results for a full year.

2. Principles of Reporting and Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Properties management to make estimates and assumptions that affect the reported amounts of revenues and certain operating expenses during the reporting period. Actual results could differ from those estimates.

3. Significant Accounting Policies

Revenue Recognition

The Properties operations consist of rental income earned under lease agreements which generally provide for minimum rent payments. All leases have been accounted for as operating leases. Rental income is recognized by amortizing the aggregate lease payments on the straight-line basis over the entire terms of the leases, which amounted to a decrease in rental income of approximately \$88,319 (unaudited) for the six months ended June 30, 2005, and an increase in rental income of approximately \$241,602 for the year ended December 31, 2004.

All of the Properties net rentable space is committed under operating leases as of June 30, 2005 and December 31, 2004.

4. Leases

The aggregate annual minimum future rental income on non-cancellable operating leases in effect as of December 31, 2004 is as follows:

2005	\$ 8,059,571
2006	7,930,944
2007	7,350,552
2008	7,391,937
2009	6,687,780
Thereafter	<u>4,227,111</u>
Total	<u>\$ 41,647,895</u>

The minimum future rental income represents the base rent required to be paid under the terms of the leases exclusive of charges for contingent rents, electrical services, real estate taxes, and operating cost escalations.

5. Concentration Risk

The following represents rental income from tenants who individually represented more than 10% of the Properties rental income for the year ended December 31, 2004:

	<u>Rental Income</u>
Allstate Insurance Company	\$ 3,260,301
Alliance Data Systems, Inc.	2,956,525

The rental income is exclusive of tenant reimbursement income.

Behringer Harvard REIT I, Inc.
Unaudited Pro Forma Consolidated Financial Information

On July 20, 2005, we acquired the Western Office Portfolio which consists of five office buildings located in Texas, Oregon and California (collectively the “Western Office Portfolio” or the “Properties”) through Behringer Harvard Western Portfolio LP, a wholly-owned subsidiary of Behringer Harvard Operating Partnership I LP, our operating partnership. The Properties consists of the following office buildings:

- a three-story office building, built in 1998, located on approximately ten acres of land in Richardson, Texas (a suburb of Dallas) containing approximately 230,061 rentable square feet (the “Richardson Building”);
- a three-story office building, built in 2001, located on approximately six acres of land in Tigard, Oregon (a suburb of Portland) containing approximately 88,335 rentable square feet (the “Southwest Center”);
- a three-story office building, built in 1999, located on approximately nine acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 71,739 rentable square feet (the “Gateway 23 Building”);
- a two-story office building, built in 1999, located on approximately six acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 55,095 rentable square feet (the “Gateway 22 Building”); and
- a two-story office building, built in 1999, located on approximately two acres of land in Diamond Bar, California (a suburb of Los Angeles) containing approximately 40,759 rentable square feet (the “Gateway 12 Building”).

The contract purchase price of the Properties was \$96,500,000, exclusive of closing costs. We used borrowings of \$70,750,000 under a loan agreement (the “Western Office Portfolio Loan Agreement”) with JPMorgan Chase Bank, N.A. (the “Western Office Portfolio Lender”) to pay a portion of such contract purchase price and paid the remaining amount from proceeds of our offering of common stock to the public.

In our opinion, all material adjustments necessary to reflect the effects of the above transaction have been made.

We allocated the purchase price to the above tangible and identified intangible assets based on their relative fair values in accordance with Statement of Financial Accounting Standards No. 141, “Business Combinations” and No. 142, “Goodwill and Other Intangible Assets” as follows:

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the “as-if-vacant” value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management’s estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method.

We determine the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management’s estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. We record the fair value of above-market and below-market leases as intangible assets or intangible liabilities, respectively, and amortize them as an adjustment to rental income over the remaining non-cancelable terms of the respective leases.

The total value of identified real estate intangible assets acquired is further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on our evaluation of the specific characteristics of each tenant’s lease and our overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions is based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of fair value of in-place leases include an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, we include such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of the fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

We amortize the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles is amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the in-place lease value and tenant relationship intangibles would be charged to expense.

Unaudited Pro Forma Consolidated Statement of Operations for the six months ended June 30, 2005

- a. Reflects our historical operations for the six months ended June 30, 2005.

- b. Reflects the Pro Forma adjustments for the acquisitions of Alamo Plaza, the Utah Avenue Building, Lawson Commons and Downtown Plaza, which were acquired on February 24, 2005, April 21, 2005, June 10, 2005 and June 14, 2005, respectively.
- c. Reflects the historical revenues and certain expenses of the Properties.
- d. Reflects the amortization of the above and below market lease values over the remaining non-cancelable term of the leases.
- e. Represents interest expense associated with the \$70,750,000 of long-term debt obtained in connection with the purchase of the Properties and the amortization of the deferred financing costs. The long-term debt bears interest at a fixed rate of 5.0765% per annum, requires monthly payments of interest only through August 2010, with monthly payments of \$383,116 required beginning September 2010 and continuing to August 1, 2015, the maturity date. The deferred financing costs in the amount of \$818,055 are amortized over the term of the related debt using a method which approximates the effective interest rate method.
- f. Reflects the reversal of historical property and asset management fees for the Properties.
- g. Reflects the property management fees associated with the current management of the Properties. The Properties are managed by HPT Management Services LP, our affiliate, for a fee of 3% of annual gross revenues, as defined in the property management agreement.
- h. Reflects the asset management fees associated with the Properties. The assets are managed by HPT Management Services LP, our affiliate, for an annual asset management fee of 0.6% of the asset value.

- i. Reflects the depreciation and amortization of the Properties using the straight-line method over the estimated useful lives as follows:
