Independent Auditors' Report

To the Board of Directors and Stockholders of
Behringer Harvard REIT I, Inc.

We have audited the accompanying statement of revenues and certain operating expenses (the "Historical Summary") of Woodcrest Center located in Cherry Hill, New Jersey (the "Property") for the year ended December 31, 2004. This Historical Summary is the responsibility of the Property's management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for purposes of complying with the rules and regulations of the Securities and Exchange Commission (for inclusion in the Form 8-K/A of Behringer Harvard REIT I, Inc.) as described in Note 1 to the Historical Summary and is not intended to be a complete presentation of the Property's revenues and expenses.

In our opinion, the Historical Summary presents fairly, in all material respects, the revenue and certain operating expenses described in Note 1 to the Historical Summary of the Property for the year ended December 31, 2004, in conformity with accounting principles generally accepted in the United States of America.

Woodcrest Center
Notes to the Statements of Revenues and Certain Operating Expenses
For the Nine Months Ended September 30, 2005 (Unaudited) and
For the Year Ended December 31, 2004

1. Basis of Presentation

On January 11, 2006, Behringer Harvard REIT I, Inc. (the “Company”) acquired a single-story office building containing approximately 333,275 (unaudited) rentable square feet located on approximately 33 acres (unaudited) of land in Cherry Hill, New Jersey (“Woodcrest Center”).

The statements of revenues and certain operating expenses (the “Historical Summaries”) have been prepared for the purpose of complying with the provisions of Article 3-14 of Regulation S-X promulgated by the Securities and Exchange Commission (the “SEC”), which requires certain information with respect to real estate operations to be included with certain filings with the SEC. These Historical Summaries include the historical revenues and certain operating expenses of Woodcrest Center, exclusive of items which may not be comparable to the proposed future operations of Woodcrest Center.

The statement of revenues and certain operating expenses and notes thereto for the nine months ended September 30, 2005 included in this report are unaudited. In the opinion of the Company’s management, all adjustments necessary for a fair presentation of such statement of revenues and certain operating expenses have been included. Such adjustments consisted of normal recurring items. Interim results are not necessarily indicative of results for a full year. The property was undergoing renovation during 2003 and into 2004 and had no rental revenue during this time. In July 2004, the first tenant moved into the newly-renovated building.

2. Principles of Reporting and Use of Estimates

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of revenue and certain operating expenses during the reporting period. Actual results may differ from those estimates.

3. Significant Accounting Policies

Revenue Recognition

Woodcrest Center’s operations consist of rental income earned from its tenants under lease agreements which generally provide for minimum rent payments. All leases have been accounted for as operating leases. Rental income is recognized by amortizing the aggregate lease payments on the straight-line basis over the entire terms of the leases, including the effect of any rent holidays, which amounted to an increase in rental income of approximately \$1,776,000 (unaudited) for the nine months ended September 30, 2005, and an increase in rental income of approximately \$385,000 for the year ended December 31, 2004.

4. Leases

The aggregate annual minimum future rental income on the non-cancelable operating leases held in effect as of December 31, 2004 for the next five years are as follows:

Year Ending December 31:

2005	\$ 4,302,164
2006	4,302,164
2007	4,302,164
2008	4,302,164
2009	4,302,164

Minimum future rental income represents the base rent required to be paid under the terms of the leases exclusive of charges for contingent rents, electrical services, real estate taxes, and operating cost escalations.

5. Concentrations

The following presents rental income (base rent) from the tenant who individually represents more than 10% of Woodcrest Center's rental revenues for the year ended December 31, 2004 and the nine months ended September 30, 2005:

	Year ended December 31, 2004	Nine Months ended September 30, 2005 (unaudited)

Unaudited Pro Forma Consolidated Financial Information

On January 11, 2006, we acquired a single-story office building containing approximately 333,275 rentable square feet located on approximately 33 acres of land in Cherry Hill, New Jersey (“Woodcrest Center”), through our acquisition of Woodcrest Road Associates, L.P., and Woodcrest Road Urban Renewal, LLC through Behringer Harvard Woodcrest I, LLC (“BH I”), which acquired the 1% general partnership interest in Woodcrest Road Associates, L.P., Behringer Harvard Woodcrest II, LLC (“BH II”), which acquired the 99% limited partnership interest, and Behringer Harvard Woodcrest III, LLC (“BH III”), which acquired 100% of the membership interests in Woodcrest Road Urban Renewal, LLC. BH I, BH II, and BH III are all wholly-owned subsidiaries of Behringer Harvard Woodcrest Holdings, LLC, a wholly-owned subsidiary of Behringer Harvard Operating Partnership I LP, our operating partnership. The total contract purchase price of Woodcrest Center, exclusive of closing costs and initial escrows, was \$70,000,000. We used borrowings of \$50,400,000 under a loan agreement (the “Woodcrest Center Loan Agreement”) with Citigroup Global Markets Realty Corp. (the “Woodcrest Center Lender”) to pay a portion of such contract purchase price and paid the remaining amount from proceeds of our offering of common stock to the public.

In our opinion, all material adjustments necessary to reflect the effects of the above transaction have been made.

Unaudited Notes to Pro Forma Consolidated Financial Statements

Unaudited Pro Forma Consolidated Balance Sheet

- a. Reflects our historical balance sheet as of September 30, 2005.
- b. Reflects the acquisitions of Riverview Tower on October 5, 2005 and G Street Property on November 15, 2005.
- c. Reflects the acquisition of Woodcrest Center for \$80,537,485, inclusive of closing costs. The acquisition was funded with \$30,137,485 of cash on hand and \$50,400,000 of debt. We allocated our purchase price to the assets and liabilities below and estimated the remaining useful lives of the tangible and intangible assets as follows:

<u>Description</u>	<u>Allocation</u>	<u>Estimated Useful Life</u>
Land	\$ 6,000,000	-
Building	49,976,553	25 years
Below market leases	(3,423,967)	7.0 years
Tenant improvements, leasing commissions & legal fees	14,997,818	7.0 years
In-place leases	2,454,787	7.0 years
Tenant relationships	2,423,907	12.0 years
Restricted cash	7,735,495	-
Deferred financing fees	639,585	-
Prepaid expenses and other assets	17,651	-
Prepaid rent	(263,420)	-
Other accruals	(20,924)	-
	<u>\$ 80,537,485</u>	

We allocated the purchase price to the above tangible and identified intangible assets based on their relative fair values in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations" and No. 142, "Goodwill and Other Intangible Assets" as follows:

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management's estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method.

We determine the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. We record the fair value of above-market and below-market leases as intangible assets or intangible liabilities, respectively, and amortize them as an adjustment to rental income over the remaining non-cancelable terms of the respective leases.

The total value of identified real estate intangible assets acquired is further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on our evaluation of the specific characteristics of each tenant's lease and

our overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions is based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of fair value of in-place leases include an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, we include such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of the fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

We amortize the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles is amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the in-place lease value and tenant relationship intangibles would be charged to expense.

- d. Reflects financing costs incurred in connection with obtaining the debt.

Unaudited Pro Forma Consolidated Statement of Operations for the nine months ended September 30, 2005

- d. Reflects the pro forma amortization, for the nine months ended September 30, 2005, of the below market lease values which have an approximate 84 month life based on the remaining non-cancelable terms of the leases.
- e. Represents interest expense associated with the \$50,400,000 of long-term debt obtained in connection with the purchase of Woodcrest Center and the amortization of the deferred financing costs. The long-term debt bears interest at a fixed rate of 5.08585% per annum, and requires initial monthly payments of interest only through January 2011, with monthly

payments of \$273,209 required beginning February 2011 and continuing through December 11, 2015, with any remaining balance payable at the maturity date, January 11, 2016. The deferred financing costs in the amount of \$639,585 are amortized over the term of the related debt using a method which approximates the effective interest rate method.
