**Notes to Consolidated Financial Statements**  
**(Unaudited)**

**1. Organization**

Behringer Harvard Mid-Term Value Enhancement Fund I LP (the “Partnership”) is a limited partnership formed in Texas on July 30, 2002. The general partners of the Partnership are Behringer Harvard Advisors I LP and Robert M. Behringer (collectively the “General Partners”). The Partnership was funded through capital contributions from its General Partners and initial limited partner on September 20, 2002 (date of inception) and is currently offering its limited partnership units pursuant to the public offering which commenced on February 19, 2003 (“the Offering”) and is described below. The Partnership intends to use the proceeds from the Offering, after deducting offering expenses, primarily to acquire institutional quality office and office service center properties, in highly desirable locations in markets with barriers to entry and limited potential for new development.

An advisory board has been established to provide the General Partners with advice and guidance with respect to (i) the identification of assets for acquisition; (ii) general economic and market conditions, general business principles, specific business principles relating to the Partnership’s business plan; (iii) inroads to establishing beneficial strategic partners, customers, and suppliers; (iv) opportunities within and related to the industry; and (v) other assistance as may be determined by the General Partners or their representatives from time to time. The Partnership’s partnership agreement (the “Partnership Agreement”) provides that it will continue in existence until the earlier of December 31, 2022 or termination of the Partnership by written consent of all the Partners.

The Partnership was in the development stage through March 11, 2004. On March 12, 2004, the Partnership commenced operations with its acquisition of a property in Hopkins, Minnesota, a suburb of Minneapolis, Minnesota.

**2. Public Offering**

On February 19, 2003, the Partnership commenced the Offering of up to 40,000,000 units of limited partnership interest to be offered at a price of \$10 per unit pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Registration Statement also covers up to 4,000,000 units available pursuant to the Partnership’s distribution reinvestment plan at \$10 per unit.

On December 22, 2003, the Partnership satisfied the minimum offering requirement of \$2,000,000 established for its Offering and accepted subscriptions for 202,781 partnership units, from which gross proceeds of \$2,023,365 were distributed to the Partnership. In addition, special escrow accounts were established for subscriptions from residents of New York, Nebraska and Pennsylvania. The minimum offering requirement of \$2,500,000 for the New York escrow account was satisfied on January 26, 2004 and the Partnership accepted subscriptions from the New York residents on February 1, 2004. The minimum offering requirement of \$22,000,000 for Nebraska and Pennsylvania was satisfied on October 8, 2004. All additional subscription proceeds are held in escrow until investors are admitted as limited partners. The Partnership admits new investors at least monthly. At that time, subscription proceeds are released to the Partnership from escrow and utilized as consideration for investments and the payment or reimbursement of dealer manager fees, selling commissions, organization and offering expenses and operating expenses. Until required for such purposes, net offering proceeds are held in short-term, liquid investments.

As of September 30, 2004, the Partnership had accepted subscriptions for 2,078,706 limited partnership units.

**3. Interim Unaudited Financial Information**

The accompanying consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in the Partnership’s Annual Report on Form 10-K for the year ended

December 31, 2003, which was filed with the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States of America ("GAAP"), have been condensed or omitted in this report on Form 10-Q pursuant to the rules and regulations of the SEC.

The results for the interim periods shown in this report are not necessarily indicative of future financial results. The accompanying consolidated financial statements of the Partnership have not been audited by independent accountants. In the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments (of a normal recurring nature) necessary to present fairly the financial position of the Partnership as of September 30, 2004 and December 31, 2003 and the consolidated results of its operations and cash flows for the periods ended September 30, 2004 and 2003.

Amounts in previous periods have been reclassified to conform to current period presentation with no effect on previously reported net income or partners' capital.

#### **4. Summary of Significant Accounting Policies**

##### ***Use of Estimates in the Preparation of Financial Statements***

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect (i) the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and (ii) the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

##### ***Principles of Consolidation and Basis of Presentation***

The consolidated financial statements include the accounts of the Partnership and its subsidiaries. All intercompany transactions, balances and profits have been eliminated in consolidation.

##### ***Cash and Cash Equivalents***

The Partnership considers investments in highly-liquid money market funds with original maturities of three months or less to be cash equivalents. The carrying amount of cash and cash equivalents reported on the balance sheet approximates fair value.

##### ***Restricted Cash***

Subscription proceeds are held in escrow until investors are admitted as limited partners. The Partnership admits new limited partners at least monthly. Upon acceptance of limited partners, which generally occurs monthly, limited partnership units are issued and subscription proceeds are released to the Partnership from escrow.

##### ***Prepaid Expenses and Other Assets***

Prepaid expenses and other assets includes escrow deposits for real estate to be acquired and prepaid expenses such as prepaid insurance.

##### ***Investment Impairment***

For real estate directly owned by the Partnership, management monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets may not be recoverable. When such events or changes in circumstances are present, the Partnership assesses potential impairment by comparing estimated future undiscounted operating cash flows expected to be generated over the life of the asset and from its eventual disposition, to the carrying amount of the asset. In the event that the carrying amount exceeds the estimated future undiscounted operating cash flows, the Partnership recognizes an impairment loss to adjust the carrying amount of the asset to estimated fair value.

### ***Purchase Price Allocations***

Upon the acquisition of real estate properties, the Partnership allocates the purchase price of those properties to the tangible assets acquired, consisting of land and buildings, and identified intangible assets. Identified intangible assets consist of the fair value of above-market and below-market leases, in-place leases, in-place tenant improvements and tenant relationships.

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the “as-if-vacant” value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management’s estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method.

The Partnership determines the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management’s estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. The fair value of above-market and below-market leases are recorded by the Partnership as intangible assets and amortized as an adjustment to rental income over the remaining non-cancelable terms of the respective leases.

The total value of identified real estate intangible assets acquired are further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on management’s evaluation of the specific characteristics of each tenant’s lease and the Partnership’s overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions are based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of fair value of in-place leases includes an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, management includes such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

The Partnership amortizes the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles are amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the related real estate intangibles would be charged to expense.

### ***Revenue Recognition***

The Partnership recognizes rental income generated from all leases on real estate assets in which it has an ownership interest, either directly or through investments in joint ventures, on a straight-line basis over the terms of the respective leases. Some leases contain provisions for the tenant’s payment of additional rent after certain tenant sales revenue thresholds are met. Such contingent rent is recognized as revenue after the related revenue threshold is met.

### ***Offering Costs***

The General Partners fund all of the organization and offering costs on the Partnership’s behalf and are reimbursed for such organization and offering costs up to 2.5% of the cumulative capital raised by the Partnership in its current public offering. Organization and offering costs include items such as legal and accounting fees,

marketing, promotional and printing costs, and specifically exclude selling commissions and dealer manager fees. The Partnership is required to repay the General Partners at an amount equal to the lesser of 2.5% of the cumulative capital raised or actual costs incurred by the General Partners or their affiliates less previous reimbursements paid to the General Partners. All offering costs are recorded as an offset to partners' capital, and all organization costs are recorded as an expense at the time the Partnership becomes liable for the payment of these amounts.

### ***Cash Flow Distributions***

Net cash distributions, as defined in the Partnership Agreement, are to be distributed to the partners as follows:

- a) To the limited partners, on a per unit basis, until each of such limited partners has received distributions of net cash from operations with respect to such fiscal year, or applicable portion thereof, equal to eight percent (8.0%) per annum of their net capital contribution;
- b) Then to the limited partners, on a per unit basis, until each limited partner has received or has been deemed to have received one hundred percent (100.0%) of their net capital contribution; and
- c) Thereafter, eighty-five percent (85.0%) to the limited partners, on a per unit basis, and fifteen percent (15.0%) to the General Partners.

Other limitations of allocated or received distributions are defined within the Partnership Agreement.

### ***Income (Loss) Allocations***

Net income for each applicable accounting period is allocated to the Partners as follows:

- a) To the Partners to the extent of and in proportion to allocations of net loss as noted below; and
- b) Then, so as to cause the capital accounts of all Partners to permit liquidating distributions to be made in the same manner and priority as set forth in the Partnership Agreement with respect to net cash distributions.

Net loss for each applicable accounting period is allocated to the Partners as follows:

- a) To the Partners having positive balances in their capital accounts (in proportion to the aggregate positive balances in all capital accounts) in an amount not to exceed such positive balance as of the last day of the fiscal year; and
- b) Then, eighty-five percent (85.0%) to the limited partners and fifteen percent (15.0%) to the General Partners.

The Partnership distributes to its General Partners a share of net cash from operations, a 15% distribution after the limited partners have received distributions equal to their net capital contributions plus an 8.0% annual cumulative (noncompounded) return on their net capital contributions; provided, however, that in no event will the General Partners receive more than 10.0% of cash available for distribution.

### ***Income Taxes***

The Partnership is not a taxpaying entity and, accordingly, records no income taxes. The Partners are individually responsible for reporting their share of the Partnership's taxable income or loss on their income tax returns.

Certain transactions of the Partnership may be subject to accounting methods for income tax purposes, which differ from the accounting methods used in preparing these financial statements in accordance with GAAP. Accordingly, the net income or loss of the Partnership and the resulting balances in the Partners' capital accounts reported for income tax purposes may differ from the balances reported for those same items in the accompanying financial statements.

### ***Concentration of Credit Risk***

At September 30, 2004, the Partnership had cash and cash equivalents and restricted cash in excess of federally insured levels on deposit in two financial institutions. The Partnership regularly monitors the financial stability of these financial institutions and believes that it is not exposed to any significant credit risk.

## **5. Real Estate**

### ***Acquisitions***

On March 12, 2004, the Partnership acquired a one-story office building containing approximately 29,660 rentable square feet, located on approximately 2.5 acres of land (the "Hopkins Property"). The Hopkins Property is located in Hopkins, Minnesota, a suburb of Minneapolis, Minnesota. The purchase price of the Hopkins Property was approximately \$3,100,000. The Partnership used proceeds from its public offering to pay the entire purchase price and all closing costs of the acquisition. The Hopkins Property is held by Behringer Harvard Hopkins, LLC, a wholly-owned subsidiary of the Partnership. The purchase price has been allocated to the assets acquired and liabilities assumed as follows:

Description	Allocation	Estimated Useful Life
Land	\$ 786,232	-
Building	2,225,359	25 years
Real estate intangibles	54,334	7.5 years
Prepaid insurance	4,000	-
Prepaid rent	(13,548)	-
Total	<u>\$ 3,056,377</u>	-

On June 28, 2004, the Partnership acquired a two-story office building containing approximately 79,049 rentable square feet, located on approximately 5.1 acres of land (the "Northpoint Property"). The Northpoint Property is located in Dallas, Texas. The purchase price of the Northpoint Property was approximately \$5,800,000. The Partnership used proceeds from its public offering to pay the entire purchase price and all closing costs of the acquisition. The Northpoint Property is held by Behringer Harvard Northpoint I LP, in which Behringer Harvard Northpoint I GP, LLC, a wholly owned subsidiary of the Partnership, is the general partner and the Partnership is the limited partner. The purchase price has been allocated to the assets acquired and liabilities assumed as follows:

Description	Allocation	Estimated Useful Life
Land	\$ 2,000,000	-
Building	3,230,449	25 years
Real estate intangibles	639,314	3.9 years
Prepaid expenses	12,797	-
Accrued liabilities	(59,897)	-
	<u>\$ 5,822,663</u>	

### ***Pro Forma Results of Operations***

The following summary presents the results of operations for the three and nine months ended September 30, 2004 and 2003, on an unaudited pro forma basis, as if the acquisitions of the Hopkins Property and Northpoint Property had occurred as of January 1 of the respective years. The pro forma results are for illustrative purposes only and do not purport to be indicative of the actual results that would have occurred had the transactions been consummated as of January 1, 2003, nor are they indicative of results of operations that may occur in the future.

	Three months ended September 30,		Nine months ended September 30,

Net income (loss)	<u>\$ (7,209)</u>	<u>\$ 75,317</u>	<u>\$ 42,435</u>	<u>\$ 334,315</u>

### **6. Partners' Capital**

The Partnership initiated the declaration of monthly distributions in March 2004 in the amount of a 6% annualized rate of return, based on an investment in the Partnership's limited partnership unit of \$10 per unit. The Partnership has a distribution reinvestment plan ("DRIP") whereby unit holders may elect to receive additional limited partnership units in lieu of a cash distribution. The Partnership records all distributions when declared, except that the units issued through the DRIP are recorded when the units are actually issued. The following are the distributions declared during the nine months ended September 30, 2004.

Declared in 2004	Distributions		
	Total	Cash	DRIP
1st Quarter	\$ 52,414	\$ 27,645	\$ 24,769
2nd Quarter	114,244	56,059	58,185
3rd Quarter	249,206	133,797	115,409
	<u>\$ 415,864</u>	<u>\$ 217,501</u>	<u>\$ 198,363</u>

In October 2004, the Partnership issued 4,505 limited partnership units valued at \$45,049 to participants in the DRIP in lieu of cash distributions declared for September 2004. As of September 30, 2004, distributions payable were \$96,235.

### **7. Related Party Arrangements**

The General Partners and certain of their affiliates receive fees and compensation in connection with the Offering and in the acquisition, management and sale of the assets of the Partnership.

The following is a summary of the related party fees and compensation incurred by the Partnership during the nine months ended September 30, 2004.

	Total incurred	Total capitalized to offering costs	Total capitalized to real estate	Total expensed
Behringer Securities, commissions and dealer manager fees	\$ 1,736,347	\$ 1,736,347	\$ -	\$ -
Behringer Advisors I, reimbursement of organization and offering expenses	460,034	451,574	-	8,460
Behringer Advisors I, acquisition, advisory fees and expenses	308,875	-	308,875	-
HPT Management LP, property management and leasing fees	13,233	-	-	13,233
Behringer Advisors I, asset management fees	15,641	-	-	15,641
Total	<u>\$ 2,534,130</u>	<u>\$ 2,187,921</u>	<u>\$ 308,875</u>	<u>\$ 37,334</u>

Behringer Securities LP (“Behringer Securities”), the Partnership’s affiliated dealer manager, receives commissions of up to 7.0% of gross offering proceeds before reallowance of commissions earned by participating broker-dealers. In addition, up to 2.5% of gross proceeds before reallowance to participating broker-dealers is paid to Behringer Securities as a dealer manager fee; except that this dealer manager fee is reduced to 1.0% of the gross proceeds of purchases made pursuant to the Partnership’s distribution reinvestment plan. Behringer Securities reallows all of its commissions of up to 7.0% of gross offering proceeds to participating broker-dealers and may reallow a portion of its dealer manager fee of up to 1.5% of the gross offering proceeds to be paid to such participating broker-dealers as marketing fees, including bona fide conference fees incurred, and due diligence expense reimbursement. During the nine months ended September 30, 2004, Behringer Securities’ commissions and dealer manager fees totaled \$1,274,781 and \$461,566, respectively and were capitalized as offering costs in “Partners’ capital” on the Partnership’s balance sheet.

Behringer Advisors I, a general partner of and advisor to the Partnership, or Behringer Advisors I’s affiliates receive up to 2.5% of gross offering proceeds for reimbursement of organization and offering expenses. As of September 30, 2004, \$2,202,717 of organization and offering expenses had been incurred by Behringer Advisors I on behalf of the Partnership, of which \$515,637 had been reimbursed by the Partnership and the balance of \$1,687,080 will be reimbursed at a rate of 2.5% of future equity raised. Of the \$515,637 of organization and offering costs reimbursed by the Partnership as of September 30, 2004, \$506,154 had been capitalized as offering costs in “Partners’ capital” on the Partnership’s balance sheet and \$9,483 had been expensed as organizational costs. For the nine months ended September 30, 2004, \$460,034 of organization and offering expenses were reimbursed by the Partnership, of which \$451,574 was capitalized as offering costs in “Partners’ capital” and \$8,460 was expensed as organizational costs. Behringer Advisors I or its affiliates determine the amount of organization and offering expenses owed, based on specific invoice identification as well as an allocation of costs to the Partnership, Behringer Harvard Short-Term Opportunity Fund I LP and Behringer Harvard REIT I, Inc., affiliates of the Partnership, based on anticipated respective equity offering sizes of those entities.

Behringer Advisors I or its affiliates receive acquisition and advisory fees of up to 3.0% of the contract purchase price of each asset for the acquisition, development or construction of real property or, with respect to any mortgage loan, up to 3.0% of the funds advanced for the making or purchase of a mortgage loan. Behringer Advisors I or its affiliates also receive up to 0.5% of the contract purchase price of the assets acquired by the Partnership for reimbursement of expenses related to making investments. During the nine months ended September 30, 2004, Behringer Advisors I acquisition and advisory fees totaled \$264,750 and \$44,125 reimbursement for related expenses.

For the management and leasing of its properties, the Partnership pays HPT Management, its property manager, property management and leasing fees equal to the lesser of: (A) the amounts charged by unaffiliated persons rendering comparable services in the same geographic area or (B)(1) for commercial properties that are

not leased on a long-term net lease basis, 4.0% of gross revenues, plus separate leasing fees of up to 1.5% of gross revenues based upon the customary leasing fees applicable to the geographic location of the properties, and (2) in the case of commercial properties that are leased on a long-term (10 or more years) net lease basis, 1.0% of gross revenues plus a one-time initial leasing fee of 3.0% of gross revenues payable over the first five years of the lease term. The Partnership reimburses the costs and expenses incurred by HPT Management on the Partnership's behalf, including the wages and salaries and other employee-related expenses of all on-site employees of HPT Management who are engaged in the operation, management, maintenance and leasing or access control of Partnership properties, including taxes, insurance and benefits relating to such employees, and legal, travel and other out-of-pocket expenses that are directly related to the management of specific properties. During the nine months ended September 30, 2004 the Partnership incurred \$13,233 in property management fees payable to HPT Management.

The Partnership pays Behringer Advisors I or its affiliates an annual advisor asset management fee of 0.5% of the aggregate asset value of the Partnership's assets. Any portion of the asset management fee may be deferred and paid in a subsequent year. During the nine months ended September 30, 2004, the Partnership incurred \$15,641 of asset management fees.

In connection with the sale of the properties of the Partnership, the Partnership will pay to the General Partners or their affiliates a real estate commission in an amount not exceeding the lesser of: (A) 50.0% of the reasonable, customary and competitive real estate brokerage commissions customarily paid for the sale of a comparable property in light of the size, type and location of the property, or (B) 3.0% of the gross sales price of each property, subordinated to distributions to Limited Partners from the sale proceeds of an amount which, together with prior distributions to the Limited Partners, will equal (1) 100.0% of their capital contributions plus (2) an 8.0% annual cumulative (noncompounded) return of their net capital contributions. Subordinated real estate commissions that are not payable at the date of sale, because Limited Partners have not yet received their required minimum distributions, will be deferred and paid at such time as these subordination conditions have been satisfied. In addition, after the limited partners have received a return of their net capital contributions and an 8.0% annual cumulative (noncompounded) return on their net capital contributions, then the General Partners are entitled to receive 15.0% of the remaining residual proceeds available for distribution (a subordinated participation in net sale proceeds and distributions); provided, however, that in no event will the General Partners receive in the aggregate more than 15.0% of sale proceeds remaining after the limited partners have received a return of their net capital contributions.

The Partnership is dependent on Behringer Advisors I, Behringer Securities and HPT Management for certain services that are essential to the Partnership, including the sale of the Partnership's shares of limited partnership units, asset acquisition and disposition decisions, property management and leasing services and other general administrative responsibilities. In the event that these companies were unable to provide the respective services to the Partnership, the Partnership would be required to obtain such services from other sources.

## **8. Subsequent Events**

On October 19, 2004, the Partnership acquired a two-story office building containing approximately 70,660 rentable square feet on approximately 6.02 acres of land in Englewood, Colorado, a suburb of Denver ("Tucson Way"). The contract price for Tucson Way was approximately \$9,100,000, excluding closing costs. The Partnership used proceeds from its public offering to pay the entire purchase price and all closing costs of the acquisition. Tucson Way is held by Behringer Harvard 7400 Tucson Way, LLC, a wholly owned subsidiary of the Partnership. As of September 30, 2004, the Partnership had \$2,000,000 on deposit in escrow for the purchase of Tucson Way.

The Partnership issued 468,340 units of limited partnership between October 1, 2004 and November 1, 2004, resulting in gross proceeds of \$4,666,840 to the Partnership. Units of limited partnership outstanding as of November 1, 2004 totaled 2,547,046 units.

**Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.**

The following discussion and analysis should be read in conjunction with the accompanying financial statements of the Partnership and the notes thereto:

**Forward-Looking Statements**

This section of the quarterly report contains forward-looking statements, including discussion and analysis of the Partnership's financial condition, anticipated capital expenditures required to complete projects, amounts of anticipated cash distributions to the Partnership's limited partners in the future and other matters. These forward-looking statements are not historical facts but are the intent, belief or current expectations of the Partnership's management based on their knowledge and understanding of the business and industry. Words such as "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates" and variations of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of the future performance and are subject to risks, uncertainties and other factors, some of which are beyond the Partnership's control, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements.

Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. You are cautioned to not place undue reliance on forward-looking statements, which reflect the Partnership's management's view only as of the date of this Form 10-Q. The Partnership undertakes no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results. Factors that could cause actual results to differ materially from any forward-looking statements made in this Form 10-Q include changes in general economic conditions, changes in real estate conditions, construction costs that may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon the expiration of existing leases, and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow. The forward-looking statements should be read in light of these factors and the factors identified in the "Risk Factors" section of the Partnership's Registration Statement on Form S-11, as filed with the Securities and Exchange Commission.

**Critical Accounting Policies and Estimates**

Management's discussion and analysis of financial condition and results of operations are based upon the Partnership's consolidated financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires the Partnership's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis, the Partnership evaluates these estimates, including investment impairment. These estimates are based on management's historical industry experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates. The Partnership's most sensitive estimates involve the allocation of the purchase price of acquired properties and evaluating its real estate related investments for impairment.

***Investment Impairments***

For real estate directly owned by the Partnership, management monitors events and changes in circumstance indicating that the carrying amounts of the real estate assets may not be recoverable. When such events or changes in circumstances are present, the Partnership assesses potential impairment by comparing estimated future undiscounted operating cash flows expected to be generated over the life of the asset and from its eventual disposition, to the carrying amount of the asset. In the event that the carrying amount exceeds the estimated future undiscounted operating cash flows, the Partnership recognizes an impairment loss to adjust the carrying amount of the asset to estimated fair value.

### ***Purchase Price Allocation***

Upon the acquisition of real estate properties, the Partnership allocates the purchase price of those properties to the tangible assets acquired, consisting of land and buildings, and identified intangible assets. Identified intangible assets consist of the fair value of above-market and below-market leases, in-place leases, in-place tenant improvements, and tenant relationships.

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the “as-if-vacant” value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management’s estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method.

The Partnership determines the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management’s estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. The fair value of above-market and below-market leases are recorded by the Partnership as intangible assets and amortized as an adjustment to rental income over the remaining non-cancelable terms of the respective leases.

The total value of identified real estate intangible assets acquired are further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on management’s evaluation of the specific characteristics of each tenant’s lease and the Partnership’s overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions are based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of fair value of in-place leases includes an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, management includes such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

The Partnership amortizes the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles are amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the related real estate intangibles would be charged to expense.

### **Results of Operations**

The Partnership commenced active operations when it made its first real estate acquisition on March 12, 2004 with the purchase of a property in a suburb of Minneapolis, Minnesota (the “Hopkins Property”). As a result, the Partnership’s results of operations for the three and nine month periods ended September 30, 2004 are not comparable to the results of operations for the three and nine month periods ended September 30, 2003.

#### ***Comparison of the three months ended September 30, 2004 to the three months ended September 30, 2003***

Rental revenue for the three months ended September 30, 2004 was \$396,474 and was comprised of revenue, including adjustments for straight-line rent and amortization of above and below market leases, from the Hopkins and Northpoint Properties. During the three months ended September 30, 2003, the Partnership did not

own any real estate. Management believes there will be future increases in rental revenue as the Partnership continues to acquire additional real estate properties.

Property operating expenses for the three months ended September 30, 2004 were \$157,499 and were comprised of operating expenses from the Hopkins and Northpoint Properties. During the three months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in property operating expenses as the Partnership continues to acquire additional real estate properties.

Real estate taxes for the three months ended September 30, 2004 were \$39,664 and were comprised of real estate taxes from the Hopkins and Northpoint Properties. During the three months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in real estate taxes as the Partnership continues to acquire additional real estate properties.

Property and asset management fees for the three months ended September 30, 2004 were \$21,724 and were comprised of property and asset management fees from the Hopkins and Northpoint Properties. During the three months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in property and asset management fees as the Partnership continues to acquire additional real estate properties.

General and administrative expenses for the three months ended September 30, 2004 were \$103,423 and were comprised of general and administrative expenses from the Hopkins and Northpoint Properties and corporate general and administrative expenses, including directors' and officers' insurance premiums, organizational expenses, transfer agent fees, auditing fees and other administrative expenses. During the three months ended September 30, 2003, the Partnership did not own any real estate and there was a lack of corporate activity. Management believes there will be future increases in general and administrative expenses as the Partnership continues to acquire additional real estate properties and add limited partners.

Depreciation and amortization expense for the three months ended September 30, 2004 was \$95,506 and was comprised of depreciation and amortization of the Hopkins and Northpoint Properties. During the three months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in depreciation and amortization expense as the Partnership continues to acquire additional real estate properties.

Other income for the three months ended September 30, 2004 was \$14,133 and was comprised primarily of interest income associated with funds on deposit with banks. As the Partnership admits new unit holders, subscription proceeds are released to the Partnership from escrow and may be utilized as consideration for investments and the payment or reimbursement of dealer manager fees, selling commissions, organization and offering expenses and operating expenses. Until required for such purposes, net offering proceeds are held in short-term liquid investments and earn interest income. During the three months ended September 30, 2003, the Partnership had lower cash balances on deposit with banks.

#### *Comparison of the nine months ended September 30, 2004 to the nine months ended September 30, 2003*

Rental revenue for the nine months ended September 30, 2004 was \$526,279 and was comprised of revenue, including adjustments for straight-line rent and amortization of above and below market leases, from the Hopkins and Northpoint Properties. During the nine months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in rental revenue as the Partnership continues to acquire additional real estate properties.

Property operating expenses for the nine months ended September 30, 2004 were \$174,344 and were comprised of operating expenses from the Hopkins and Northpoint Properties. During the nine months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in property operating expenses as the Partnership continues to acquire additional real estate properties.

Real estate taxes for the nine months ended September 30, 2004 were \$65,050 and were comprised of real estate taxes from the Hopkins and Northpoint Properties. During the nine months ended September 30,

2003, the Partnership did not own any real estate. Management believes there will be future increases in real estate taxes as the Partnership continues to acquire additional real estate properties.

Property and asset management fees for the nine months ended September 30, 2004 were \$28,874 and were comprised of property and asset management fees from the Hopkins and Northpoint Properties. During the nine months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in property and asset management fees as the Partnership continues to acquire additional real estate properties.

General and administrative expenses for the nine months ended September 30, 2004 were \$217,282 and were comprised of general and administrative expenses from the Hopkins and Northpoint Properties and corporate general and administrative expenses, including directors' and officers' insurance premiums, organizational expenses, transfer agent fees, auditing fees and other administrative expenses. During the nine months ended September 30, 2003, the Partnership did not own any real estate and there was a lack of corporate activity. Management believes there will be future increases in general and administrative expenses as the Partnership continues to acquire additional real estate properties and add limited partners.

Depreciation and amortization expense for the nine months ended September 30, 2004 was \$126,668 and was comprised of depreciation and amortization of the Hopkins and Northpoint Properties. During the nine months ended September 30, 2003, the Partnership did not own any real estate. Management believes there will be future increases in depreciation and amortization expense as the Partnership continues to acquire additional real estate properties.

Other income for the nine months ended September 30, 2004 was \$26,081 and was comprised primarily of interest income associated with funds on deposit with banks. As the Partnership admits new unit holders, subscription proceeds are released to the Partnership from escrow and may be utilized as consideration for investments and the payment or reimbursement of dealer manager fees, selling commissions, organization and offering expenses and operating expenses. Until required for such purposes, net offering proceeds are held in short-term liquid investments and earn interest income. During the nine months ended September 30, 2003, the Partnership had lower cash balances on deposit with banks.

### **Cash Flow Analysis**

The Partnership commenced active operations when it made its first real estate acquisition on March 12, 2004 with the purchase of the Hopkins Property. As a result, the Partnership's cash flows for the nine months ended September 30, 2004 are not comparable to the cash flows for the nine months ended September 30, 2003.

Cash flows from operating activities for the nine months ended September 30, 2004 were \$94,988 and were primarily comprised of the net loss of (\$59,858) adjusted for depreciation and amortization of \$115,362 and changes in working capital accounts of \$39,484. There were no cash flows from operating activities for the nine months ended September 30, 2003 due to the lack of real estate investments and corporate activity.

Cash flows from investing activities for the nine months ended September 30, 2004 were \$(10,916,926) and were comprised of the Partnership's acquisitions of the Hopkins Property and the Northpoint Property and an escrow deposit for the Tucson Way property acquired October 19, 2004. During the nine months ended September 30, 2003, the Partnership had not purchased any real estate investments.

Cash flows from financing activities for the nine months ended September 30, 2004 were \$16,026,953 and were comprised primarily of funds received from the issuance of limited partnership units. During the nine months ended September 30, 2003, the Partnership had not accepted any subscriptions for limited partnership units.

### **Liquidity and Capital Resources**

The Partnership's principal demands for funds will continue to be for property acquisitions, either directly or through investment interests, for the payment of operating expenses and distributions. Generally, cash needs for items other than property acquisitions are expected to be met from operations, and cash needs for property

acquisitions are expected be met from the net proceeds of the Offering. However, there may be a delay between the sale of the Partnership's units and its purchase of properties, which could result in a delay in the benefits to its limited partners, if any, of returns generated from the Partnership's operations. The Partnership expects that at least 84.2% of the money that limited partners invest in the Offering will be used to buy real estate or make other investments and approximately 0.8% of the gross proceeds of the Offering will be set aside as initial working capital reserves for such properties. The remaining 15.0% will be used to pay expenses and fees for selling commissions and dealer manager fees, organization and offering expenses, acquisition and advisory fees and acquisition expenses. The General Partners will evaluate potential property acquisitions and will engage in negotiations with sellers on the Partnership's behalf. Investors should be aware that after a contract for the purchase of a property is executed, the property generally will not be purchased until the successful completion of due diligence. During this period, the Partnership may decide to temporarily invest any unused proceeds from the Offering in investments that could yield lower returns than the properties. These lower returns may affect the Partnership's ability to make distributions.

The timing and amount of cash to be distributed to the Partnership's limited partners will be determined by the General Partners and will be dependent on a number of factors, including funds available for payment of distributions, financial condition and capital expenditures.

The Partnership expects to meet its future short-term operating liquidity requirements through net cash provided by the operations of current properties and those to be acquired in the future. Management also expects that the Partnership's properties will generate sufficient cash flow to cover operating expenses and the payment of a monthly distribution. Currently, a portion of the distributions are paid from cash provided by operations and a portion is paid from sales of securities. Other potential future sources of capital include proceeds from secured or unsecured financings from banks or other lenders, proceeds from the sale of properties and undistributed funds from operations. If necessary, the Partnership may use financings or other sources of capital in the event of unforeseen significant capital expenditures.

### **Inflation**

The real estate market has not been affected significantly by inflation in the past several years due to the relatively low inflation rate. The majority of the Partnership's leases contain inflation protection provisions applicable to reimbursement billings for common area maintenance charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk.**

The Partnership has limited exposure to financial market risks, including changes in interest rates and other relevant market prices. The Partnership has no investments that would be affected by an increase or decrease in interest rates. The Partnership does not have any foreign operations and thus is not exposed to foreign currency fluctuations.

### **Item 4. Controls and Procedures.**

Within the 90-day period prior to the filing of this report, the management of Behringer Advisors I evaluated, with the participation of its chief executive officer and chief financial officer, the effectiveness of the Partnership's disclosure controls and procedures as of September 30, 2004. Based on that evaluation, the chief executive officer and chief financial officer of Behringer Advisors I have concluded that the Partnership's disclosure controls and procedures were effective as of the end of the period covered by this report. To these officers' knowledge, there were no significant changes in the Partnership's internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

**PART II**  
**OTHER INFORMATION**

**Item 1. Legal Proceedings.**

No events occurred during the quarter covered by this report that would require a response to this item.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.**

As of September 30, 2004, the Partnership had sold 2,078,706 of limited partnership units pursuant to the Offering for gross proceeds of \$20,754,477.

Through September 30, 2004, the Partnership incurred the following expenses in connection with the issuance and distribution of the registered securities pursuant to the Offering:

<u>Type of Expense</u>	<u>Amount</u>
Other expenses to affiliates	\$ 2,454,594
Other expenses to non-affiliates	<u>8,604</u>
Total expenses	<u><u>\$ 2,463,198</u></u>

The net offering proceeds to the Partnership, after deducting the total expenses incurred and described above, are \$18,291,279.

Other expenses to affiliates above include commissions and dealer manager fees paid to Behringer Securities LP, an affiliate of the Partnership, which reallocated all or a portion of the commissions and fees to soliciting dealers.

Through September 30, 2004, the Partnership had used \$8,916,926 of such net offering proceeds to purchase the Hopkins Property and the Northpoint Property. Of the amount used for the purchase of the Hopkins Property and the Northpoint Property, \$308,875 was paid to Behringer Advisors I, an affiliate of the Partnership, as acquisition and advisory fees and acquisition expense reimbursement.

**Item 3. Defaults upon Senior Securities.**

No events occurred during the quarter covered by this report that would require a response to this item.

**Item 4. Submission of Matters to a Vote of Security Holders.**

No events occurred during the quarter covered by this report that would require a response to this item.

**Item 5. Other Information.**

No events occurred during the quarter covered by this report that would require a response to this item.

**CERTIFICATE OF CHIEF EXECUTIVE AND FINANCIAL OFFICERS**

This Certificate is being delivered pursuant to the requirements of Section 1350 of Chapter 63 (Mail Fraud) of Title 18 (Crimes and Criminal Procedures) of the United States Code and shall not be relied on by any person for any other purpose.

The undersigned, who are the Chief Executive Officer and Chief Financial Officer of Behringer Harvard Advisors I LP, the co-general partner of Behringer Harvard Mid-Term Value Enhancement Fund I LP (the "Partnership"), each hereby certify as follows:

The Quarterly Report on Form 10-Q of the Partnership (the "Report"), which accompanies this Certificate, fully complies with the requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, and all information contained in the Report fairly presents, in all material respects, the financial condition and results of operations of the Partnership.

Dated this 15th day of November, 2004.
