1. Organization

Behringer Harvard Mid-Term Value Enhancement Fund I LP (which may be referred to as the “Partnership,” “we,” “us” or “our”) is a limited partnership formed in Texas on July 30, 2002. Our general partners are Behringer Harvard Advisors I LP (“Behringer Advisors I”) and Robert M. Behringer (collectively the “General Partners”). We were funded through capital contributions from our General Partners and initial limited partner on September 20, 2002 (date of inception) and offered our limited partnership units pursuant to the public offering that commenced on February 19, 2003 and terminated on February 19, 2005, as described below (“the Offering”). The Offering was a best efforts continuous offering and we admitted new investors until the termination of the Offering in February 2005. We are using the proceeds from the Offering, after deducting offering expenses, primarily to acquire institutional quality office and office service center properties, in highly desirable locations in markets with barriers to entry and limited potential for new development.

Our partnership agreement (the “Partnership Agreement”) provides that we will continue in existence until the earlier of December 31, 2022 or our termination of the Partnership pursuant to the dissolution and termination provisions of the Partnership Agreement, which includes a majority vote of the limited partners.

As of the termination of the Offering, we had accepted subscriptions for 4,432,540 limited partnership units. Our limited partnership units are not currently listed on a national exchange, and we do not expect any public market for the units to develop.

We were in the development stage through March 11, 2004. On March 12, 2004, we commenced operations with our acquisition of a one-story office building in Hopkins, Minnesota, a suburb of Minneapolis, Minnesota (the “Hopkins Property”).

2. Public Offering

On February 19, 2003, we commenced the Offering of up to 40,000,000 units of limited partnership interest to be offered at a price of \$10 per unit pursuant to a Registration Statement on Form S-11 filed under the Securities Act of 1933. The Registration Statement also covered up to 4,000,000 units available pursuant to the Partnership’s distribution reinvestment plan at \$10 per unit. We terminated our distribution reinvestment plan with the termination of the Offering on February 19, 2005. The number of units sold and the gross offering proceeds realized pursuant to the Offering as of June 30, 2005 were 4,432,540 limited partnership units for \$44,249,101.

For the first three full fiscal years following the termination of the Offering, which occurred on February 19, 2005, the value of our units will be deemed to be \$10 and no valuation or appraisal of our units will be performed. Thereafter, we will prepare annual valuations of our units based upon the estimated amount a limited partner would receive if all partnership assets were sold for their estimated values as of the close of our fiscal year and all proceeds from such sales, without reduction for selling expenses, together with any funds held by it, were distributed to the limited partners upon liquidation. Such estimated property values will be based upon annual valuations performed by the General Partners, and no independent property appraisals will be obtained. While the General Partners are required under the Partnership Agreement to obtain the opinion of an independent third party stating that their estimates of value are reasonable, the unit valuations provided by the General Partners may not satisfy the technical requirements imposed on plan fiduciaries under the Employee Retirement Income Security Act (“ERISA”). Similarly, the unit valuations provided by the General Partners may be subject to challenge by the Internal Revenue Service if used for any tax (income, estate and gift or otherwise) valuation purpose as an indicator of the fair value of the units.

As of August 5, 2005, we had 4,420,960 limited partnership units outstanding. No additional units were issued during the three months ended June 30, 2005 or subsequent to June 30, 2005, as our Offering was terminated on February 19, 2005.

3. Interim Unaudited Financial Information

The accompanying consolidated financial statements should be read in conjunction with the financial statements and notes thereto included in our Annual Report on Form 10-K for the year ended December 31, 2004, which was filed with the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles in the United States ("GAAP"), have been condensed or omitted in this report on Form 10-Q pursuant to the rules and regulations of the SEC.

The results for the interim periods shown in this report are not necessarily indicative of future financial results. Our accompanying consolidated balance sheet as of June 30, 2005 and consolidated statements of operations for the three and six month periods ended June 30, 2005 and 2004 and cash flows for the six month period ended June 30, 2005 and 2004 have not been audited by our independent registered public accounting firm. In the opinion of management, the accompanying unaudited consolidated financial statements include all adjustments (of a normal recurring nature) necessary to present fairly our financial position as of June 30, 2005 and December 31, 2004 and the results of our operations and cash flows for the six month periods ended June 30, 2005 and 2004.

Amounts in previous periods may have been reclassified to conform to current period presentation with no effect on previously reported net income or partners' capital.

4. Summary of Significant Accounting Policies

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. These estimates include such items as purchase price allocation for real estate acquisitions, impairment of long-lived assets, depreciation and amortization and allowance for doubtful accounts. Actual results could differ from those estimates.

Principles of Consolidation and Basis of Presentation

The consolidated financial statements include our accounts and the accounts of our consolidated subsidiaries. All inter-company transactions, balances and profits have been eliminated in consolidation. Interests in entities acquired are evaluated based on Financial Accounting Standards Board Interpretation ("FIN") No. 46R "Consolidation of Variable Interest Entities," which requires the consolidation of variable interest entities in which we are deemed to be the primary beneficiary. If the interest in the entity is determined to not be a variable interest entity under FIN No. 46R or if we are not determined to be the primary beneficiary, then the entities are evaluated for consolidation under the American Institute of Certified Public Accountants ("AICPA") Statement of Position ("SOP") 78-9 "Accounting for Investments in Real Estate Ventures."

Cash and Cash Equivalents

We consider investments with original maturities of three months or less to be cash equivalents. The carrying amount of cash and cash equivalents reported on the balance sheet approximates fair value.

Restricted Cash

Restricted cash is comprised of subscription proceeds held in escrow until investors were admitted as limited partners. We admitted new limited partners at least monthly until the Offering was terminated in February 2005. Upon acceptance of limited partners, partnership units were issued and subscription proceeds were released to us from escrow.

Prepaid Expenses and Other Assets

Prepaid expenses and other assets include prepaid insurance and real estate property taxes.

Behringer Harvard Mid-Term Value Enhancement Fund I LP
Notes to Consolidated Financial Statements
(Unaudited)

Investment Impairment

For real estate directly owned by us, management monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets may not be recoverable. When such events or changes in circumstances are present, we assess potential impairment by comparing estimated future undiscounted operating cash flows expected to be generated over the life of the asset and from its eventual disposition, to the carrying amount of the asset. In the event that the carrying amount exceeds the estimated future undiscounted operating cash flows, we recognize an impairment loss to adjust the carrying amount of the asset to estimated fair value. For the three and six months ended June 30, 2005 and 2004, we did not recognize an impairment loss.

Real Estate

Upon the acquisition of real estate properties, we allocate the purchase price of those properties to the tangible assets acquired, consisting of land and buildings, and identified intangible assets based on their fair values in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations." Identified intangible assets consist of the fair value of above-market and below-market leases, in-place leases, in-place tenant improvements and tenant relationships.

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management's estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method. We had recorded accumulated depreciation associated with our tangible assets of \$440,658 and \$173,657 at June 30, 2005 and December 31, 2004, respectively.

We determine the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. We record the fair value of above-market and below-market leases as intangible assets or intangible liabilities, respectively, and amortize them as an adjustment to rental income over the remaining non-cancelable terms of the respective leases. We had recorded accumulated amortization associated with our acquired lease intangibles of \$419,304 and \$128,245 at June 30, 2005 and December 31, 2004, respectively.

The total value of identified real estate intangible assets acquired is further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on management's evaluation of the specific characteristics of each tenant's lease and our overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions is based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of the fair value of in-place leases include an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, management includes such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

We amortize the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles are amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible

Behringer Harvard Mid-Term Value Enhancement Fund I LP
Notes to Consolidated Financial Statements
(Unaudited)

assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the related real estate intangibles would be charged to expense.

Revenue Recognition

We recognize rental income generated from leases on real estate assets on the straight-line basis over the terms of the respective leases. For the three and six months ended June 30, 2005, the total net increase to rental revenues due to straight-line rent adjustments were \$7,773 and \$19,302, respectively. There were no straight-line rent adjustments during the three and six months ended June 30, 2004. As discussed above, our revenue includes amortization of above and below market leases.

Offering Costs

The General Partners fund all of the organization and offering costs on our behalf. We are required to reimburse them for such organization and offering costs up to 2.5% of cumulative capital raised by us in the Offering. Organization and offering costs include items such as legal and accounting fees, marketing, promotional and printing costs, and specifically exclude selling commissions and dealer manager fees. All offering costs are recorded as an offset to partners' capital, and all organization costs are recorded as an expense at the time we become liable for the payment of these amounts.

Cash Flow Distributions

Net cash distributions, as defined in the Partnership Agreement, are to be distributed to the partners as follows:

- a) To the limited partners, on a per unit basis, until each of such limited partners has received distributions of net cash from operations with respect to such fiscal year, or applicable portion thereof, equal to eight percent (8%) per annum of their net capital contribution;
- b) Then to the limited partners, on a per unit basis, until each limited partner has received or has been deemed to have received one hundred percent (100%) of their net capital contribution; and
- c) Thereafter, eighty-five percent (85%) to the limited partners, on a per unit basis, and fifteen percent (15%) to the General Partners.

Other limitations of allocated or received distributions are defined within the Partnership Agreement.

Income (Loss) Allocations

Net income for each applicable accounting period is allocated to the partners as follows:

- a) To the partners to the extent of and in proportion to allocations of net loss as noted below; and
- b) Then, so as to cause the capital accounts of all partners to permit liquidating distributions to be made in the same manner and priority as set forth in the Partnership Agreement with respect to net cash distributions.

Net loss for each applicable accounting period is allocated to the partners as follows:

- a) To the partners having positive balances in their capital accounts (in proportion to the aggregate positive balances in all capital accounts) in an amount not to exceed such positive balance as of the last day of the fiscal year; and
- b) Then, eighty-five percent (85%) to the limited partners and fifteen percent (15%) to the General Partners.

We distribute to our General Partners a share of net cash from operations, a 15% distribution after the limited partners have received distributions equal to their net capital contributions, plus an 8% annual cumulative (noncompounded) return on their net capital contributions; provided, however, that in no event will the General Partners receive more than 10% of cash available for distribution.

Behringer Harvard Mid-Term Value Enhancement Fund I LP
Notes to Consolidated Financial Statements
(Unaudited)

Income Taxes

We are not a taxpaying entity and, accordingly, record no income taxes. The partners are individually responsible for reporting their share of our taxable income or loss on their income tax returns.

Certain transactions of ours may be subject to accounting methods for income tax purposes, which differ from the accounting methods used in preparing these financial statements in accordance with GAAP. Accordingly, our net income or loss and the resulting balances in the partners' capital accounts reported for income tax purposes may differ from the balances reported for those same items in the accompanying financial statements.

Concentration of Credit Risk

At June 30, 2005, we had cash and cash equivalents and restricted cash in excess of federally insured levels on deposit in two financial institutions. We regularly monitor the financial stability of these financial institutions and believe that we are not exposed to any significant credit risk.

5. Real Estate

We commenced active operations when we made our first real estate acquisition on March 12, 2004 with the purchase of the Hopkins Property. We acquired a two-story office building in Dallas, Texas on June 28, 2004 (the "Northpoint Property") and a two-story office building in Englewood, Colorado, a suburb of Denver, on October 19, 2004 (the "Tucson Way Property").

Acquisitions

On March 11, 2005, we acquired a single-story office building containing approximately 73,349 rentable square feet located on approximately 3.97 acres of land at 2800 Mockingbird Lane in Dallas, Texas (the "2800 Mockingbird Property") through our wholly-owned subsidiary, Behringer Harvard 2800 Mockingbird, LP. The purchase price of the 2800 Mockingbird Property was approximately \$6,750,000. We used proceeds from the Offering to pay the entire purchase price and all closing costs of the acquisition. The purchase price has been allocated to the assets and liabilities assumed as follows:

Description	Allocation	Estimated Useful Life
Land	\$ 2,600,000	-
Building	3,019,432	25 years
Above market lease	24,016	5.58 years
Tenant improvements, leasing commissions and legal fees	150,888	5.58 years

Tenant relationship	473,715	10.58 years
Prepaid insurance	2,021	-
Prepaid rent	(43,397)	-
	<u>\$ 6,747,926</u>	

The purchase price of the 2800 Mockingbird Property was increased by \$31,576 in the second quarter of 2005 to include professional fees incurred in conjunction with the acquisition.

On June 8, 2005, we acquired a two-story suburban office building containing approximately 33,467 rentable square feet located on approximately 2.0 acres of land in Plano, Texas, a suburb of Dallas (the "Parkway Vista") through our direct and indirect partnership interests in Behringer Harvard Parkway Vista LP (the "Parkway Vista Partnership"). The purchase price for the Parkway Vista was approximately \$5,300,000.

Behringer Harvard Mid-Term Value Enhancement Fund I LP
Notes to Consolidated Financial Statements

Pro Forma Results of Operations

The following summary presents the results of operations for the three and six months ended June 30, 2005 and 2004. The three and six month periods ending June 30, 2005 are presented on an unaudited pro forma basis as if the 2800 Mockingbird Property and Parkway Vista were acquired on January 1, 2005. The three and six month periods ending June 30, 2004 are presented on an unaudited pro forma basis, as if the acquisitions of the Hopkins Property, Northpoint Property, Tucson Way Property, 2800 Mockingbird Property and Parkway Vista had occurred on January 1, 2004. The pro forma results are for illustrative purposes only and do not purport to be indicative of the actual results that would have occurred had the transactions been consummated as of January 1 of the respective years, nor are they indicative of results of operations that may occur in the future.

6. Partners' Capital

We initiated the declaration of monthly distributions in March 2004 in the amount of a 6% annualized rate of return, based on an investment in our limited partnership units of \$10 per unit. Prior to February 19, 2005, we had a distribution reinvestment and automatic repurchase plan ("DRIP") whereby, pursuant to the distribution reinvestment feature of the DRIP, unit holders were permitted to receive additional limited partnership units in lieu of a cash distribution. We record all distributions when declared. The limited partnership units issued through the DRIP were recorded when the units were actually issued. The offering of the units pursuant to the DRIP was terminated with the termination of the Offering on February 19, 2005. As of June 30, 2005 distributions payable were \$218,022. The following are the distributions declared during the three and six months ended June 30, 2005.

Declared in 2005	Distributions		
	Total	Cash	DRIP
1st Quarter	\$ 587,905	\$ 501,159	\$ 86,746
2nd Quarter	661,749	661,749	-
	<u>\$ 1,249,654</u>	<u>\$ 1,162,908</u>	<u>\$ 86,746</u>

As of June 30, 2005, we have redeemed 11,581 units for \$106,182.

7. Related Party Arrangements

The General Partners and certain of their affiliates receive fees and compensation in connection with the Offering and in the acquisition, management and sale of our assets.

The following is a summary of the related party fees and compensation incurred by us during the six months ended June 30, 2005 and 2004.

Behringer Securities LP (“Behringer Securities”), our affiliated dealer manager, received commissions of up to 7% of gross offering proceeds before reallowance of commissions earned by participating broker-dealers. In addition, up to 2.5% of gross proceeds before reallowance to participating broker-dealers was paid to Behringer Securities as a dealer manager fee; except that this dealer manager fee was reduced to 1% of the gross proceeds of purchases made pursuant to the distribution reinvestment feature of our distribution reinvestment and automatic purchase plan which was terminated with the termination of the Offering on February 19, 2005. Behringer Securities reallocated all of its commissions of up to 7% of gross offering proceeds to participating broker-dealers and reallocated a portion of its dealer manager fee of up to 1.5% of the gross offering proceeds paid to such participating broker-dealers as marketing fees, including bona fide conference fees incurred, and due diligence expense reimbursement. During the six months ended June 30, 2005, Behringer Securities’ commissions and dealer manager fees totaled \$873,522 and \$319,073, respectively and were capitalized as offering costs in “Partners’ capital” on our balance sheet. For the six months ended June 30, 2004, Behringer Securities earned \$582,544 in selling commissions and \$213,454 in dealer manager fees.

Behringer Advisors I, a general partner of and advisor to us, or Behringer Advisors I’s affiliates received up to 2.5% of gross offering proceeds for reimbursement of organization and offering expenses. As of June 30, 2005, \$1,924,118 of organization and offering expenses had been incurred by Behringer Advisors I on our behalf, of which \$1,097,713 had been reimbursed by us. Of the \$1,097,713 of organization and offering costs reimbursed by us as of June 30, 2005, \$1,077,517 had been capitalized as offering costs in “Partners’ capital” on our balance sheet and \$20,196 had been expensed as organizational costs. For the six months ended June 30, 2005, we reimbursed \$316,958 of organization and offering expenses, of which \$311,120 was capitalized as offering costs in “Partners’ capital” and \$5,838 was expensed as organizational costs. For the six months ended June 30, 2004, we reimbursed \$212,865 of organization and offering expenses, of which \$208,951 was capitalized as offering costs in “Partners’ capital” and \$3,914 was expensed as organizational costs. Behringer Advisors I or its affiliates determine the amount of organization and offering expenses owed, based on specific invoice identification as well as an allocation of costs to us, Behringer Harvard Short-Term Opportunity Fund I LP and Behringer Harvard REIT I, Inc., our affiliates, based on the anticipated respective equity offering sizes of those entities. No further proceeds will be raised by us as a result of the termination of the Offering and, as a result, we will not make any further reimbursements to Behringer Advisors I for organization and offering expenses incurred or that may be incurred in the future on our behalf.

Behringer Advisors I or its affiliates receive acquisition and advisory fees of up to 3% of the contract purchase price of each asset for the acquisition, development or construction of real property or, with respect to any mortgage loan, up to 3% of the funds advanced for the making or purchase of a mortgage loan. Behringer Advisors I or its affiliates also receive up to 0.5% of the contract purchase price of the assets acquired by us for reimbursement of expenses related to making investments. During the six months ended June 30, 2005,

Behringer Advisors I's acquisition and advisory fees totaled \$346,500 and reimbursement for related expenses totaled \$57,750. For the six months ended June 30, 2004, Behringer Advisors I's acquisition and advisory fees totaled \$264,750 and reimbursement for related expenses totaled \$44,125.

For the management and leasing of our properties, we pay HPT Management Services LP ("HPT Management"), our property manager, property management and leasing fees equal to the lesser of: (A) the amounts charged by unaffiliated persons rendering comparable services in the same geographic area or (B)(1) for commercial properties that are not leased on a long-term net lease basis, 4% of gross revenues, plus separate leasing fees of up to 1.5% of gross revenues based upon the customary leasing fees applicable to the geographic location of the properties, and (2) in the case of commercial properties that are leased on a long-term (10 or more years) net lease basis, 1% of gross revenues plus a one-time initial leasing fee of 3% of gross revenues payable over the first five years of the lease term. We reimburse the costs and expenses incurred by HPT Management on our behalf, including the wages and salaries and other employee-related expenses of all on-site employees of HPT Management who are engaged in the operation, management, maintenance and leasing or access control of our properties, including taxes, insurance and benefits relating to such employees, and legal, travel and other out-of-pocket expenses that are directly related to the management of specific properties. During the six months ended June 30, 2005, we incurred \$63,760 in property management fees payable to HPT Management. We incurred \$2,679 in property management fees payable to HPT Management for the six months ended June 30, 2004.

We pay Behringer Advisors I, or its affiliates, an annual advisor asset management fee of 0.5% of the aggregate asset value of our assets. Any portion of the asset management fee may be deferred and paid in a subsequent year. We incurred \$55,161 and \$4,471 of asset management fees during the six months ended June 30, 2005 and 2004, respectively.

In connection with the sale of our properties, we will pay to the General Partners or their affiliates a real estate commission in an amount not exceeding the lesser of: (A) 50% of the reasonable, customary and competitive real estate brokerage commissions customarily paid for the sale of a comparable property in light of the size, type and location of the property, or (B) 3% of the gross sales price of each property, subordinated to distributions to Limited Partners from the sale proceeds of an amount which, together with prior distributions to the Limited Partners, will equal (1) 100% of their capital contributions plus (2) an 8% annual cumulative (noncompounded) return of their net capital contributions. Subordinated real estate commissions that are not payable at the date of sale, because Limited Partners have not yet received their required minimum distributions, will be deferred and paid at such time as these subordination conditions have been satisfied. In addition, after the limited partners have received a return of their net capital contributions and an 8% annual cumulative (noncompounded) return on their net capital contributions, then the General Partners are entitled to receive 15% of the remaining residual proceeds available for distribution (a subordinated participation in net sale proceeds and distributions); provided, however, that in no event will the General Partners receive in the aggregate more than 15% of sale proceeds remaining after the limited partners have received a return of their net capital contributions.

We are dependent on Behringer Advisors I, Behringer Securities and HPT Management for certain services that are essential to us, including the sale of our limited partnership units, asset acquisition and disposition decisions, property management and leasing services and other general and administrative responsibilities. In the event that these companies were unable to provide the respective services to us, we would be required to obtain such services from other sources.

8. Recently Announced Accounting Pronouncements

FASB Statement No. 154, "Accounting Changes and Error Corrections," a replacement of APB Opinion No. 20 and FASB Statement No. 3, was issued in May 2005. The Statement provides guidance on the accounting for and reporting of accounting changes and error corrections. It establishes, unless impracticable, retrospective application as the required method for reporting a change in accounting principle in the absence of

(Unaudited)

explicit transition requirements specific to the newly adopted accounting principle. This Statement is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005.

Emerging Issues Task Force ("EITF") Issue 04-5, "Investor's Accounting for an Investment in a Limited Partnership When the Investor Is the Sole General Partner and the Limited Partners Have Certain Rights", was ratified by the FASB in June 2005. At issue is what rights held by the limited partner(s) preclude consolidation in circumstances in which the sole general partner would consolidate the limited partnership in accordance with GAAP. The assessment of limited partners' rights and their impact on the presumption of control of the limited partnership by the sole general partner should be made when an investor becomes the sole general partner and should be reassessed if (a) there is a change to the terms or in the exercisability of the rights of the limited partners, (b) the sole general partner increases or decreases its ownership of limited partnership interests, or (c) there is an increase or decrease in the number of outstanding limited partnership interests. This consensus applies to limited partnerships or similar entities, such as limited liability companies that have governing provisions that are the functional equivalent of a limited partnership. This Issue is effective no later than for fiscal years beginning after December 15, 2005 and as of June 29, 2005 for new or modified arrangements. The Statement is not expected to have a material effect on our financial condition, results of operations, or liquidity.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

The following discussion and analysis should be read in conjunction with our accompanying financial statements and the notes thereto:

Forward-Looking Statements

This section of the quarterly report contains forward-looking statements, including discussion and analysis of us and our subsidiaries, our financial condition, anticipated capital expenditures required to complete projects, amounts of anticipated cash distributions to our limited partners in the future and other matters. These forward-looking statements are not historical facts but are the intent, belief or current expectations of our management based on their knowledge and understanding of our business and industry. Words such as "may," "will," "anticipates," "expects," "intends," "plans," "believes," "seeks," "estimates," "would," "could," "should" and variations of these words and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of the future performance and are subject to risks, uncertainties and other factors, some of which are beyond our control, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements.

Forward-looking statements that were true at the time made may ultimately prove to be incorrect or false. We caution you not to place undue reliance on forward-looking statements, which reflect our management's view only as of the date of this Form 10-Q. We undertake no obligation to update or revise forward-looking statements to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results. Factors that could cause actual results to differ materially from any forward-looking statements made in this Form 10-Q include changes in general economic conditions, changes in real estate conditions, construction costs that may exceed estimates, construction delays, increases in interest rates, lease-up risks, inability to obtain new tenants upon expiration of existing leases, and the potential need to fund tenant improvements or other capital expenditures out of operating cash flow. The forward-looking statements should be read in light of the risk factors identified in the "Risk Factors" section of our Registration Statement on Form S-11, as filed with the Securities and Exchange Commission.

Critical Accounting Policies and Estimates

Management's discussion and analysis of financial condition and results of operations are based upon our financial statements, which have been prepared in accordance with GAAP. The preparation of these financial statements requires our management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities. On a regular basis, we will evaluate these estimates. These estimates will be based on management's historical industry experience and on various other assumptions that are believed to be reasonable under the circumstances. Actual results may differ from these estimates.

Real Estate

Upon the acquisition of real estate properties, we allocate the purchase price of those properties to the tangible assets acquired, consisting of land and buildings, and identified intangible assets based on their fair values in accordance with Statement of Financial Accounting Standards No. 141, "Business Combinations." Identified intangible assets consist of the fair value of above-market and below-market leases, in-place leases, in-place tenant improvements, and tenant relationships.

The fair value of the tangible assets acquired, consisting of land and buildings, is determined by valuing the property as if it were vacant, and the "as-if-vacant" value is then allocated to land and buildings. Land values are derived from appraisals, and building values are calculated as replacement cost less depreciation or management's estimates of the relative fair value of these assets using discounted cash flow analyses or similar methods. The value of the building is depreciated over the estimated useful life of 25 years using the straight-line method.

We determine the value of above-market and below-market in-place leases for acquired properties based on the present value (using an interest rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place leases and (ii) management's

estimate of current market lease rates for the corresponding in-place leases, measured over a period equal to the remaining non-cancelable terms of the respective leases. We record the fair value of above-market and below-market leases as intangible assets or intangible liabilities, respectively, and amortize them as an adjustment to rental income over the remaining non-cancelable terms of the respective leases.

The total value of identified real estate intangible assets acquired is further allocated to in-place lease values, in-place tenant improvements, in-place leasing commissions and tenant relationships based on management's evaluation of the specific characteristics of each tenant's lease and our overall relationship with that respective tenant. The aggregate value for tenant improvements and leasing commissions is based on estimates of these costs incurred at inception of the acquired leases, amortized through the date of acquisition. The aggregate value of in-place leases acquired and tenant relationships is determined by applying a fair value model. The estimates of the fair value of in-place leases include an estimate of carrying costs during the expected lease-up periods for the respective spaces considering current market conditions. In estimating the carrying costs that would have otherwise been incurred had the leases not been in place, management includes such items as real estate taxes, insurance and other operating expenses as well as lost rental revenue during the expected lease-up period based on current market conditions. The estimates of fair value of tenant relationships also include costs to execute similar leases including leasing commissions, legal and tenant improvements as well as an estimate of the likelihood of renewal as determined by management on a tenant-by-tenant basis.

We amortize the value of in-place leases and in-place tenant improvements to expense over the initial term of the respective leases. The value of tenant relationship intangibles are amortized to expense over the initial term and any anticipated renewal periods, but in no event does the amortization period for intangible assets exceed the remaining depreciable life of the building. Should a tenant terminate its lease, the unamortized portion of the related real estate intangibles would be charged to expense.

Investment Impairments

For real estate directly owned by us, management monitors events and changes in circumstances indicating that the carrying amounts of the real estate assets may not be recoverable. When such events or changes in circumstances are present, we assess potential impairment by comparing estimated future undiscounted operating cash flows expected to be generated over the life of the asset and from its eventual disposition, to the carrying amount of the asset. In the event that the carrying amount exceeds the estimated future undiscounted operating cash flows, we recognize an impairment loss to adjust the carrying amount of the asset to estimated fair value. For the three and six months ended June 30, 2005 and 2004, we did not recognize an impairment loss.

Overview

We commenced active operations when we made our first real estate acquisition on March 12, 2004 with the purchase of the Hopkins Property. We acquired the Northpoint Property on June 28, 2004, the Tucson Way Property on October 19, 2004, the 2800 Mockingbird Property on March 11, 2005, and Parkway Vista on June 8, 2005. As a result, our results of operations for the three and six months ended June 30, 2005 are not comparable to the results of operations for the three and six months ended June 30, 2004.

Results of Operations

Three months ended June 30, 2005 as compared to the three months ended June 30, 2004

Revenue. Rental revenue for the three months ended June 30, 2005 and 2004 was \$993,683 and \$111,895, respectively, and was comprised of revenue, including adjustments for straight-line rent and amortization of above and below market leases. Rental revenue for the three months ended June 30, 2005 included revenue from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month from Parkway Vista. Rental revenue for the three months ended June 30, 2004 was comprised of revenue from the Hopkins Property. Management expects rental revenue to increase as we continue to acquire additional real estate properties.

Property Operating Expenses. Property operating expenses for the three months ended June 30, 2005 were \$276,018 and were comprised of operating expenses from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month from Parkway Vista. Property operating expenses for the three

months ended June 30, 2004 were \$16,678 and were comprised of operating expenses from the Hopkins Property. Management expects property operating expenses to increase as we continue to acquire additional real estate properties.

Real Estate Taxes. Real estate taxes for the three months ended June 30, 2005 were \$103,799 and were comprised of real estate taxes from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month from Parkway Vista. Real estate taxes for the three months ended June 30, 2004 were \$21,810 and were comprised of the real estate taxes from the Hopkins Property. Management expects future increases in real estate taxes as we continue to acquire additional real estate properties.

Property and Asset Management Fees. Property and asset management fees for the three months ended June 30, 2005 were \$67,111 and were comprised of property management and asset management fees from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month of Parkway Vista. For the three months ended June 30, 2004, we had incurred \$6,037 of property and asset management fees from the Hopkins Property. Management expects future increases in property and asset management fees as we continue to acquire additional real estate properties.

General and Administrative Expense. General and administrative expenses for the three months ended June 30, 2005 and 2004 were \$130,981 and \$63,444, respectively. General and administrative expenses were comprised of corporate general and administrative expenses, including directors' and officers' insurance premiums, organizational expenses, transfer agent fees, auditing fees, legal fees and other administrative expenses. The lower amount in 2004 was due to less corporate activity in that fiscal year.

Depreciation and Amortization Expense. Depreciation and amortization expense for the three months ended June 30, 2005 was \$308,966 and was comprised of depreciation and amortization of the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties. Depreciation and amortization expense for the three months ended June 30, 2004 was \$26,728 and was comprised of depreciation and amortization for the Hopkins Property. Management expects future increases in depreciation and amortization expense as we continue to acquire additional real estate properties.

Interest Income. Interest income for the three months ended June 30, 2005 was \$68,969 and was comprised primarily of interest income associated with funds on deposit with banks. As we admitted new unit holders, subscription proceeds were released to us from escrow and could then be utilized as consideration for investments in real properties and the payment or reimbursement of dealer manager fees, selling commissions, organization and offering expenses and operating expenses. Until required for such purposes, net offering proceeds were held in short-term liquid investments and earned interest income. For the three months ended June 30, 2004, we had earned interest income of \$7,583. The increase in interest income year over year is due to higher cash balances on deposit with banks as a result of increased proceeds from investor subscriptions.

Six months ended June 30, 2005 as compared to the six months ended June 30, 2004

Revenue. Rental revenue for the six months ended June 30, 2005 and 2004 was \$1,778,169 and \$129,805, respectively, and was comprised of revenue, including adjustments for straight-line rent and amortization of above and below market leases. Rental revenue for the six months ended June 30, 2005 included revenue from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month from Parkway Vista. Rental revenue for the six months ended June 30, 2004 was comprised of revenue from the Hopkins Property. Management expects rental revenue to increase as we continue to acquire additional real estate properties.

Property Operating Expenses. Property operating expenses for the six months ended June 30, 2005 were \$500,629 and were comprised of operating expenses from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month from Parkway Vista. Property operating expenses for the six months ended June 30, 2004 were \$16,845 and were comprised of operating expenses from the Hopkins Property. Management expects property operating expenses to increase as we continue to acquire additional real estate properties.

Real Estate Taxes. Real estate taxes for the six months ended June 30, 2005 were \$194,119 and were comprised of real estate taxes from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties

and a partial month from Parkway Vista. Real estate taxes for the six months ended June 30, 2004 were \$25,386 and were comprised of the real estate taxes from the Hopkins Property. Management expects future increases in real estate taxes as we continue to acquire additional real estate properties.

Property and Asset Management Fees. Property and asset management fees for the six months ended June 30, 2005 were \$118,921 and were comprised of property management and asset management fees from the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties, and a partial month of Parkway Vista. For the six months ended June 30, 2004, we had incurred \$7,150 of property and asset management fees associated with the Hopkins Property. Management expects future increases in property and asset management fees as we continue to acquire additional real estate properties.

General and Administrative Expense. General and administrative expenses for the six months ended June 30, 2005 and 2004 were \$245,499 and \$113,859, respectively. General and administrative expenses were comprised of corporate general and administrative expenses, including directors' and officers' insurance premiums, organizational expenses, transfer agent fees, auditing fees, legal fees and other administrative expenses. The lower amount in 2004 was due to less corporate activity in that fiscal year.

Depreciation and Amortization Expense. Depreciation and amortization expense for the six months ended June 30, 2005 was \$538,869 and was comprised of depreciation and amortization of the Hopkins, Northpoint, Tucson Way and 2800 Mockingbird Properties. Depreciation and amortization expense for the six months ended June 30, 2004 was \$31,162 and was comprised of depreciation and amortization for the Hopkins Property. Management expects future increases in depreciation and amortization expense as we continue to acquire additional real estate properties.

Interest Income. Interest income for the six months ended June 30, 2005 was \$138,732 and was comprised primarily of interest income associated with funds on deposit with banks. As we admitted new unit holders, subscription proceeds were released to us from escrow and could then be utilized as consideration for investments in real properties and the payment or reimbursement of dealer manager fees, selling commissions, organization and offering expenses and operating expenses. Until required for such purposes, net offering proceeds were held in short-term liquid investments and earned interest income. For the six months ended June 30, 2004, we had earned interest income of \$11,948. The increase in interest income year over year is due to higher cash balances on deposit with banks as a result of increased proceeds from investor subscriptions.

Cash Flow Analysis

We commenced active operations when we made our first real estate acquisition on March 12, 2004 with the purchase of the Hopkins Property. As of June 30, 2005, we owned the Hopkins Property, Northpoint Property, Tucson Way Property, 2800 Mockingbird Property and Parkway Vista. As a result, our cash flows for the six months ended June 30, 2005 are not comparable to the cash flows for the six months ended June 30, 2004.

Cash provided by operating activities for the six months ended June 30, 2005 was \$696,491 and was primarily comprised of the net income of \$324,524, adjusted for depreciation and amortization of \$558,061, partially offset by changes in working capital accounts of \$186,094. Cash used in operations for the six months ended June 30, 2004 of \$59,683 was comprised primarily of the net loss of \$52,649 adjusted for depreciation and amortization of \$26,832, partially offset by changes in working capital accounts of \$33,866.

Cash used in investing activities for the six months ended June 30, 2005 was \$12,234,928 and was comprised of our acquisition of the 2800 Mockingbird Property and Parkway Vista and purchases of property and equipment of \$179,829. Cash used in investing activities for the six months ended June 30, 2004 was \$8,915,906 and was comprised of our acquisition of the Hopkins Property and Northpoint Property.

Cash provided by financing activities for the six months ended June 30, 2005 and 2004 was \$9,906,729 and \$7,631,480, respectively. The increase is primarily due to the additional number of partnership units issued during the six months ended June 30, 2005 versus the six months ended June 30, 2004, partially offset by distributions in 2005 of \$1,022,649.

Liquidity and Capital Resources

Our cash and cash equivalents were \$7,565,871 at June 30, 2005. We used proceeds from the Offering to pay the entire purchase price and all closing costs of our acquisitions.

Our principal demands for funds will continue to be for property acquisitions, either directly or through investment interests, for the payment of operating expenses and distributions. Generally, cash needs for items other than property acquisitions are expected to be met from operations, and cash needs for property acquisitions are expected to be met from the net proceeds of the Offering.

The timing and amount of cash to be distributed to our limited partners is determined by the General Partners and is dependent on a number of factors, including funds available for payment of distributions, financial condition and capital expenditures. There can be no assurance that future cash flow will support distributions at the current rate. We expect to continue to distribute net cash from operations and nonliquidating sales of properties to limited partners. However, our General Partners, in their discretion, may defer fees payable by us to the General Partners allowing for more cash to be available to us for distribution to our limited partners. In addition, our General Partners may make supplemental payments to us or to our limited partners, or otherwise support our operations to the extent not prohibited under the North American Securities Administrators Association Guidelines, which would permit distributions to our limited partners in excess of net cash from operations.

We expect to meet our future short-term operating liquidity requirements through net cash provided by the operations of current properties and those to be acquired in the future. Management also expects that our properties will generate sufficient cash flow to cover operating expenses and the payment of a monthly distribution. Currently, a portion of the distributions are paid from cash provided by operations and a portion is paid from cash on hand from the sales of securities through February 19, 2005. Other potential future sources of capital include proceeds from secured or unsecured financings from banks or other lenders, proceeds from the sale of properties and undistributed funds from operations. If necessary, we may use financings or other sources of capital in the event of unforeseen significant capital expenditures.

Inflation

The real estate market has not been affected significantly by inflation in the past several years due to the relatively low inflation rate. The majority of our leases contain inflation protection provisions applicable to reimbursement billings for common area maintenance charges, real estate tax and insurance reimbursements on a per square foot basis, or in some cases, annual reimbursement of operating expenses above a certain per square foot allowance.

Item 3. Quantitative and Qualitative Disclosures About Market Risk.

We have limited exposure to financial market risks, including changes in interest rates and other relevant market prices. We have no investments or obligations, other than cash held in short-term accounts, that would be affected by an increase or decrease in interest rates. We do not have any foreign operations and thus are not exposed to foreign currency fluctuations.

Item 4. Controls and Procedures.

Within the 90-day period prior to the filing of this report, the management of Behringer Advisors I evaluated, with the participation of the chief executive officer and chief financial officer of its general partner, the effectiveness of our disclosure controls and procedures as of June 30, 2005. Based on that evaluation, the chief executive officer and chief financial officer of the general partner of Behringer Advisors I have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. To these officers' knowledge, there were no significant changes in our internal controls or in other factors that could significantly affect these controls subsequent to the date of their evaluation.

There have been no changes in our internal control over financial reporting (as defined in the Securities Exchange Act of 1934 Rules 13a-15(f) and 15d-15(f) that occurred during the fiscal quarter ended June 30, 2005 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II OTHER INFORMATION

Item 1. Legal Proceedings.

No events occurred during the quarter covered by this report that would require a response to this item.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

As of June 30, 2005, we had sold the following securities pursuant to the Offering, which was declared effective on February 19, 2003 and terminated on February 19, 2005, (Registration No. 333-100126) for the following aggregate offering prices:

- 4,384,180 limited partnership units on a best efforts basis for \$43,766,588; and
- 48,360 limited partnership units pursuant to our distribution reinvestment plan for \$482,513.

The above-stated number of units sold and the gross offering proceeds realized pursuant to the Offering as of June 30, 2005 were 4,432,540 limited partnership units for \$44,249,101. No units were sold during the quarter ended June 30, 2005.

The net offering proceeds to us, after deducting the total expenses incurred were \$39,012,701.

From commencement of the Offering through June 30, 2005, we had used \$30,323,861 of such net offering proceeds to purchase real estate. Of the amount used for the purchase of this real estate, \$1,031,625 was paid to Behringer Advisors I, our affiliate, as acquisition and advisory fees and acquisition expense reimbursement.

Unit Redemption Program

Investors in units of our limited partnership interests who have their units for at least one year may be able to redeem all or a portion of their units under the Unit Redemption Program (the “Redemption Plan”) approved by our General Partners. The General Partners determine at least quarterly whether we may repurchase units and the cash available for redemption. During any calendar year, we will not redeem in excess of 5.0% of the weighted average number of units outstanding during the twelve-month period immediately prior to the date of redemption. Generally, the cash available for redemption will be limited to 1.0% of the operating cash flow from the previous fiscal year, plus any proceeds from the our dividend reinvestment and automatic purchase plan. The price we will pay for redeemed shares and the procedures for redemption are described in the prospectus relating to the Offering, as amended and supplemented from time to time. Our General Partners may suspend or terminate the Redemption Plan at any time. During the quarter ended June 30, 2005, we redeemed units as follows:

2005	Approximate Number of Units Redeemed	Average Price Paid per Unit
April	7,064	\$ 9.16
May	780	\$ 9.81
June	3,737	\$ 9.06
