

**Section 1 – Registrant’s Business and Operations****Item 1.02 – Termination of a Material Definitive Agreement**

In a previous current report filed on Form 8K dated January 24, 2005 we disclosed that on January 20, 2005, Anticus International Corporation (“Anticus”) acquired the rights to enter into a merger agreement with Nova-Plasma Incorporated (“NPI”), a Canadian-based technology provider of high-barrier and ultra-high barrier coatings and processes to the flat panel display industry. Anticus acquired the rights to merge with NPI from 3699854 Canada Inc., a private Canadian corporation, which entered into an agreement with NPI regarding the merger of NPI into a public company (the “Agreement”). 3699854 Canada Inc. is owned by Michele Delisle, who owns 26,252 shares of Anticus, which represents less than 5% of Anticus’ total issued and outstanding shares. Pursuant to the Agreement, the shareholders of NPI would have received such number of shares of Anticus as to equal approximately 72.5% of the shares of Anticus’ common stock as calculated after such issuance.

We now disclose that the Agreement and the associated rights acquired by Anticus have expired without a merger occurring between the parties. There are currently no continuing negotiations with NPI.

**Section 9 – Financial Statements and Exhibits****Item 9.01 – Financial Statements and Exhibits**

Due to the termination of the Agreement and our associated rights, no additional financials will be forthcoming related to the previously disclosed rights to merge with NPI.
