Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

For purposes relating to the Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months, that are not held for sale in the ordinary course of business.

NOTE 2: DEPOSIT AT CLEARING FIRM

The Company has a brokerage agreement with its clearing firm to carry its account and the accounts of its clients as customers of the clearing firm. The clearing firm has custody of the Company's cash balances which serve as collateral for any amounts due to the clearing firm as well as collateral for securities sold short or securities purchased on margin. Interest is paid monthly on these cash deposits at the average overnight repurchase rate. The balance at December 31, 2023 was \$744,685.

NOTE 3: INVESTMENTS, AT FAIR MARKET VALUE

Investments, at fair market value consist of various of certificates of deposit with the average maturity dates of three months. As discussed in Note 1, these investments are stated at their fair market value based on quoted market prices. At December 31, 2023, these securities are carried at their fair market value of \$1,013,460.

FASB ASC 820 defines fair value, establishes a frame work for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the assets or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 – Quoted prices in active markets for identical securities.

Level 2 – Observable inputs other than quoted prices included in level 1, such as quoted prices for similar securities in active markets; quoted prices for identical or similar securities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data (Including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.)

BACKSTROM MCCARLEY BERRY & CO., LLC
Notes to Financial Statements
December 31, 2023

NOTE 3: INVESTMENTS, AT FAIR MARKET VALUE
(Continued)

Level 3 – Pricing inputs are unobservable that are significant to the fair value measurement and include situations where there is little if any market activity for the investment. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The following tables presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2023:

Assets	Level 1	Level 2	Level 3	Total
Investments, at fair market value	\$ 1,013,460	\$ -	\$ -	\$ 1,013,460
	-	-	-	-
TOTALS	<u><u>\$ 1,013,460</u></u>	<u><u>\$ -</u></u>	<u><u>\$ -</u></u>	<u><u>\$ 1,013,460</u></u>

NOTE 4: INCOME TAXES

As discussed in the Summary of Significant Accounting Policies (Note 1), all tax effects of the Company's income or loss are passed through to the members. Therefore, no provision or liability for Federal Income Taxes is included in these financial statements.

The Company is subject to a limited liability company gross receipts tax, with a minimum franchise tax. As of December 31, 2023, the income tax provision consists of the following:

Franchise tax	\$ 800
Gross receipts tax	<u>9,896</u>
Total income tax provisions	<u><u>\$ 10,696</u></u>

NOTE 5: PENSION PLAN

The Company provides certain retirement benefits to its eligible employees. In accordance with Financial Accounting Standard Board ASC 712, such costs are to be accounted for on the accrual basis. Effective January 1, 2012, the Company adopted a qualified 401(K) Profit Sharing Plan (the "Plan"). All employees, 18 years of age or older, are eligible to participate in the Plan, provided they have been employed for more than a year with the Company. The employer's non-elective profit sharing contributions vest 100% after three years. The Company profit sharing contributions are discretionary and are determined each year by the Company. At December 31, 2023, the Company has accrued \$350,000 of contributions.

NOTE 6: OPERATING LEASE RIGHT-OF-USE ASSET AND LEASE LIABILITY

In February 2016, the FASB issued ASC 842, "Leases" (ASC 842). The core principle of ASC 842 is that an entity should recognize on its balance sheet assets and liabilities arising from a lease. In accordance with that principle, ASC 842 requires that a lessee recognize a liability to make lease payments (the lease liability) and a right-of-use asset representing its right to use the underlying leased asset for the lease term. The recognition, measurement, and presentation of expenses and cash flows arising from a lease by a lessee will depend on the lease classification as finance or operating lease. This new accounting guidance is effective for public companies for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years. For all other entities, the new accounting guidance is effective for fiscal years beginning after December 15, 2019, and interim periods with fiscal years beginning after December 15, 2020.

On January 1, 2019, the Company adopted ASC 842 using a modified retrospective approach. All remaining future lease payments was result in a gross up in the statement of financial position with a liability for the amount of discounted future lease payments and a corresponding amount allocated to a lease asset. As of December 31, 2023, the operating lease right-of-use asset and lease liability are valued at \$66,686 and \$67,036, respectively. The Company has elected to use a portfolio approach to apply a single incremental borrowing rate of 5.05% on its operating leases.

For purpose of net capital computation, the operating lease right-of-used asset is classified as an allowable asset to the extent of the corresponding lease liability. Moreover, the corresponding lease liability is excluded from the total aggregate indebtedness to the extent of the associated operating lease asset.

Notes to Financial Statements

NOTE 6: OPERATING LEASE RIGHT-OF-USE ASSET AND LEASE LIABILITY
(Continued)

Future minimum lease payments under non-cancellable operating lease as of December 31, 2023 are as follows:

For the year ended December 31,	Amount
2024	\$ 47,486
2025 and Thereafter	<u>24,094</u>
Total	\$ 71,580
Less: Amount representing interest	<u>(4,544)</u>
Operating Lease Liability	<u><u>\$ 67,036</u></u>

At December 31, 2023, the weighted average remaining lease term was 1.5 years.

NOTE 7: COMMITMENTS AND CONTINGENCIES

Contingencies

The Company maintains bank accounts at financial institutions. These accounts are insured either by the Federal Deposit Insurance Commission ("FDIC"), up to \$250,000, or the Securities Investor Protection Corporation ("SIPC"), up to \$500,000. At times during the year, cash balances held in financial institutions were in excess of the FDIC and SIPC's insured limits. The Company has not experienced any losses in such accounts and management believes that it has placed its cash on deposit with financial institutions which are financially stable.

NOTE 8: REDEMPTION OF MEMBERSHIP INTEREST

During the year ended December 31, 2023, the Company and one of its member entered into an agreement to redeem 100% of his ownership interest for the value of his capital account. The agreement calls for the full payment of the redemption price on March 31, 2024. Accordingly, the total amount of his capital account of \$218,374 was recorded as a payable and included in accrued expense.

Notes to Financial Statements
December 31, 2023

NOTE 9: GUARANTEES

FASB ASC 460, Guarantees, requires the Company to disclose information about its obligations under certain guarantee arrangements. FASB ASC 460 defines guarantees as contracts and indemnification agreements that contingently require a guarantor to make payments to the guaranteed party based on changes in an underlying factor (such as an interest or foreign exchange rate, security or commodity price, an index or the occurrence or nonoccurrence of a specified event) related to an asset, liability or equity security of a guaranteed party. This guidance also defines guarantees as contracts that contingently require the guarantor to make payments to the guaranteed party based on another entity's failure to perform under an agreement as well as indirect guarantees of indebtedness of others.

The Company has issued no guarantees at December 31, 2023 or during the year then ended.

NOTE 10: CONCENTRATION OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

NOTE 11: SUBSEQUENT EVENTS

The Company has evaluated other events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no other events which took place that would have a material impact on its financial statements.

NOTE 12: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on December 31, 2023, the Company had net capital of \$1,624,581 which was \$1,524,581 in excess of its required net capital of \$100,000; and the Company's ratio of aggregate indebtedness of \$235,039 to net capital was 0.14 to 1.

Backstrom McCarley Berry & Co., LLC

We have reviewed management's statements, included in the accompanying exemption report, in which (1) Backstrom McCarley Berry & Co., LLC identified the following provisions of 17 C.F.R. §15c3-3(k) under which Backstrom McCarley Berry & Co., LLC claimed an exemption from 17 C.F.R. §240.15c3-3(k)(2)(ii) (the "exemption provision") and (2) Backstrom McCarley Berry & Co., LLC stated that it met the identified exemption provision throughout the most recent fiscal year without exception. Backstrom McCarley Berry & Co., LLC's management is responsible for compliance with the exemption provision and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with the exemption provision. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in paragraph (k)(2)(ii) of Rule 15c3-3 under the Securities Exchange Act of 1934.
