**Note A - Nature of Operations and Summary of Significant Accounting Policies:**

**Nature of Operations**

Hall & Romkema Financial Services, LLC (the Company), was organized in August 2002 as a Michigan limited liability company. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA) and Securities Investor Protection Corporation (SIPC). The Company is also a registered investment advisor with the state of Michigan.

The Company plans to withdraw its registration as a broker/dealer in securities with the SEC and its membership with FINRA and SIPC during the first quarter of 2023.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company, does not hold customer funds or securities, but as an introducing broker or dealer, will clear transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer.

The Company's operations consist primarily of providing investment advisory services to individuals located in Michigan.

**Revenue Recognition**

*Advisory fees.* The Company provides investment advisory services on a daily basis. The Company believes the performance obligation for providing advisory services is satisfied over time because the customer is receiving and consuming the benefits as they are provided by the Company. Fee arrangements are based on a percentage applied to the customer's assets under management. Fees are received quarterly in arrears. Fees are recognized as revenue monthly as they relate specifically to the services provided in that period, which are distinct from the services provided in other periods.

*Other Revenue.* Other revenue consists of revenue earned related to customer accounts held at the clearing firm and is recorded on the trade date.

**Fair Value of Financial Instruments**

Substantially all the Company's financial asset and liability amounts reported in the Statement of Financial Condition are short term in nature and approximate fair value.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**HALL & ROMKEMA FINANCIAL SERVICES, LLC**  
**Notes to Financial Statements**  
**December 31, 2022**

**Note A - Nature of Operations and Summary of Significant Accounting Policies (Continued):**

**Income Taxes**

The Company is treated as a partnership for federal income tax purposes. Consequently, federal income taxes are not payable by, or provided for, the Company. Members are taxed individually on their share of the Company's earnings. The Company's net income or loss is allocated among the members in accordance with their ownership interest in the Company.

The Company is subject to state income taxes.

**Note B - Transactions with Clearing Broker/Dealer:**

The Company has a clearing agreement with a national clearing broker/dealer to provide clearing, execution and other related services for its advisory service clients and accounts. The clearing agreement requires minimum monthly charges of \$1,000. The clearing agreement requires the Company to maintain a minimum of \$15,000 in an account with the clearing broker/dealer.

**Note C - Related Party Transactions / Economic Dependency/ Concentration of Services:**

The three members of the Company, who are also registered securities representatives and officers of the Company, generated substantially all of the Company's revenue for the year ended December 31, 2022. In lieu of compensation, the members received distributions totaling \$530,000 during the year. The Company is economically dependent upon the members due to the concentration of services provided by them.

Two of the Company's members are also owners of Coolidge Road Leasing, Inc., an employee leasing company (the leasing company). The Company leases administrative staff from the leasing company. A total of \$137,000 was incurred and paid by the Company to the leasing company for the year ended December 31, 2022, which is recorded as contracted services in the accompanying Statement of Income. In addition, the Company has a prepaid asset of \$5,225 related to lease costs paid to the leasing company at December 31, 2022.

Two of the Company's members are also owners of Hall & Romkema PLC, a certified public accounting firm (the accounting firm). The accounting firm shares its office space with the Company. These expenses are recorded as professional fees and services in the accompanying Statement of Income. **HALL & ROMKEMA FINANCIAL SERVICES, LLC**  
**Notes to Financial Statements**  
**December 31, 2022**

**Note D - Concentration of Credit Risk:**

The Company has cash, commissions receivable, and a clearing deposit held by and due from its clearing broker-dealer totaling \$100,268, or approximately 32% of total assets, at December 31, 2022.

The Company routinely assesses the financial strength of its customers and, as a consequence, believes that its advisory fees receivable credit risk exposure is limited.

**Note E - Net Capital Requirements:**

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2022, the Company had net capital of \$102,711, which was \$97,711 in excess of its net capital requirement of \$5,000. The Company's net capital ratio was 0.

**Note F – Off-Balance-Sheet Risk:**

As discussed in Note A, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealer. The clearing broker/dealer carries the accounts of the customers of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealer.

**Note G - Statements of Changes in Liabilities Subordinated to Claims of General Creditors:**

For the year ended December 31, 2022, the Company did not have any subordinated liabilities subject to claims of general creditors. Therefore, no statement is required.

**Note H - Subsequent Events:**

The Company has evaluated subsequent events through March 15, 2023 the date on which the financial statements were available to be issued.

The Company sold its tangible and intangible assets as of January 1, 2023.
