REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
Global Oak Capital Markets LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Global Oak Capital Markets LLC (the "Company") as of December 31, 2017, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of the Company as of December 31, 2017, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

The accompanying notes are an integral part of this statement.

**GLOBAL OAK CAPITAL MARKETS LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2017**

1. Nature of Business

Global Oak Capital Markets LLC, ("the Company"), a Limited Liability Company, is a broker/dealer registered with the Securities and Exchange Commission and a member of the Financial Industry Regulatory Authority. The Company acts as a wholesaler and markets/distributes securities to other broker dealers.

The Company operates under the provisions of Paragraph (k)(2)(ii) of Rule 15c-3 of the Securities and Exchange Commission and accordingly, is exempt from the remaining provisions of that rule.

2. Summary of Significant Accounting Policies

The Company follows accounting principles generally accepted in the United States of America ("GAAP") as established by the Financial Accounting Standards Board ("FASB") to ensure consistent reporting of financial condition, results of operations, and cash flows.

Management Estimates and Assumptions

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. Future events and their effects cannot be predicted with certainty; accordingly, accounting estimates require the exercise of judgment. Accounting estimates used in the preparation of these financial statements change as new events occur, as more experience is acquired, as additional information is obtained and as the operating environment changes.

Revenue Recognition

The Company recognizes revenue from success fees upon completion of the transactions and advisory fees over the life of the underlying agreement at the time work is performed and services are rendered. In addition, commission income and related expenses are recorded on a trade date basis.

Cash and Cash Equivalents

The Company considers money market funds to be cash. The Company maintains cash in bank accounts which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant credit risk on cash and cash equivalents. For money market funds, no insurance is provided. All short-term investments with an original maturity of three months or less are considered to be cash equivalents.

Accounts Receivable and Allowances for Uncollectible Accounts

Accounts receivable are reported net of any estimated allowances for uncollectible accounts and contractual adjustments. All receivables are uncollateralized. To provide for receivables that could become uncollectible in the future, the Company may establish an allowance for uncollectible accounts to reduce the carrying amount of such receivables to their estimated net realizable value. The allowance for uncollectible accounts to reduce the carrying amount of such receivables to their estimated net realizable value. The allowance

for uncollectable accounts is based upon management's assessment of historical and expected net collections, business and economic conditions, and other collection indicators. No allowance was deemed necessary by management as of December 31, 2017.

Related Parties

The Company follows ASC 850, Related Party Disclosures, for the identification of related parties and disclosure of related party transactions.

Income Taxes

The Company is a limited liability company for federal and state income tax purposes. As such, it does not pay taxes. Members are taxed individually on their share of Company earnings for federal and for state income tax purposes.

Subsequent Events

The Company has evaluated and noted no events or transactions that have occurred after December 31, 2017 through the date that the financial statements were issued, that would require recognition or disclosure in the financial statements.

Recent Accounting Pronouncements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2014-09, Revenue from Contracts with Customers (Topic 606). This ASU is a comprehensive new revenue recognition model that requires a company to recognize revenue to depict the transfer of goods or services to a customer at an amount that reflects the consideration it expects to receive in exchange for those goods or services. In August 2015, FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606): Deferral of the Effective Date, which deferred the effective date of ASU 2014-09 to reporting periods beginning after December 15, 2018. Early adoption is permitted for reporting periods beginning after December 15, 2016. Companies may use either a full retrospective or a modified retrospective approach to adopt this ASU. Management is currently evaluating this standard, including which transition approach to use.

In March 2016, FASB issued ASU 2016-08, Revenue from Contracts with Customers (Topic 606): Principal versus Agent Considerations (Reporting Revenue Gross versus Net). The amendments are intended to improve the operability and understandability of the implementation guidance on principal versus agent considerations. The effective date for this ASU is the same as the effective date for ASU 2014-09. Management is currently evaluating this standard.

3. Financial Instruments with Off-Balance Sheet Risk and Contingencies

The Company may engage in various corporate financing and investment banking activities in which counterparties primarily include broker-dealer, banks and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk.

The risk of credit default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty with which it conducts business.

See Report of Independent Registered Public Accounting Firm.

GLOBAL OAK CAPITAL MARKETS LLC
NOTES TO THE FINANCIAL STATEMENT
DECEMBER 31, 2017

The Company's financial instruments, including cash and cash equivalents, deposit with clearing broker, due from related parties, and accounts payable and accrued expenses are carried at amounts that approximate fair value due to the short-term nature of those instruments.

4. Net Capital Requirements

As a registered broker-dealer, Global Oak Capital Markets LLC is subject to the SEC Uniform Net Capital Rule ("Rule 15c3-1") of the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital. The Company follows the alternative method of computing net capital under Rule 15c3-1 which requires that the Company must maintain minimum net capital, as defined, equal to the greater of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, as defined shall not exceed 1500%. At December 31, 2017, net capital of \$29,126 exceeded the required net capital minimum of \$5,000 by \$24,126.

5. Going Concern

Management has taken several actions to ensure that the Company will continue as a going concern, and the Company's ability to continue as a going concern is dependent upon management's ability to execute its strategic plan to increase revenue, obtain capital contributions and secure subordinated financing. No assurances as to whether the Company can achieve these objectives can be given. The financial statement does not include any adjustments that might result from the outcome of these uncertainties.
