Re: Cascades, Inc.
Form 40-F for the Fiscal Year Ended December 31, 2008
Filed March 30, 2009
File No. 333-105024

Dear Mr. Dube:

We have limited our review of your filing to disclosure relating to your contacts with countries that have been identified as a state sponsor of terrorism, and we have the following comments. Our review with respect to this issue does not preclude further review by the Assistant Director group with respect to other issues. At this juncture, we are asking you to provide us with supplemental information, so that we may better understand your disclosure. Please be as detailed as necessary in your response. After reviewing this information, we may raise additional comments.

Please understand that the purpose of our review process is to assist you in your compliance with the applicable disclosure requirements and to enhance the overall disclosure in your filings. We look forward to working with you in these respects. We welcome any questions you may have about our comment or on any other aspect of our review. Feel free to call us at the telephone numbers listed at the end of this letter.

General

1. We note from disclosure on page 9 of your Annual Information Form that your Cascades Recovery division has exports to Cuba. Cuba is identified by the State Department as a state sponsor of terrorism, and is subject to U.S. economic sanctions and export controls. Please describe to us the nature and extent of your past, current, and anticipated contacts with Cuba, whether through subsidiaries, resellers, retailers, distributors, or other direct or indirect arrangements. Your response should describe any products, equipment, components, technology, and services you have provided to Cuba, and any agreements, commercial

arrangements, or other contacts you have had with the government of Cuba or entities controlled by the government.

2. We also note from your 2005 Form F-4 that you maintain sales offices in Europe with exclusive agents who provide sales coverage and customer service for the Middle East and North Africa. We could not locate any information on these regions in your Form 40-F. Iran and Syria, located in the Middle East, and Sudan, located in North Africa, are identified by the State Department as state sponsors of terrorism, and are subject to U.S. economic sanctions and export controls. Please provide the same information requested in the above comment with respect to any contacts with Iran, Syria and Sudan.
3. Please discuss the materiality of any contacts with Cuba, Iran, Syria or Sudan described in response to the foregoing comments. In your response, tell us whether those contacts constitute a material investment risk for your security holders. You should address materiality both in quantitative terms, including the approximate dollar amounts of any associated revenues, assets, and liabilities for the last three fiscal years, and in terms of qualitative factors that a reasonable investor would deem important in making an investment decision, including the potential impact of corporate activities upon a company's reputation and share value. As you may be aware, various state and municipal governments, universities, and other investors have proposed or adopted divestment or similar initiatives regarding investment in companies that do business with U.S.-designated state sponsors of terrorism. Your materiality analysis should address the potential impact of the investor sentiment evidenced by such actions directed toward companies that have operations associated with Cuba, Iran, Syria or Sudan.

Please respond to these comments within 10 business days or tell us when you will provide us with a response. Please submit your response letter on EDGAR.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filing to be certain that the filings include all information required under the Exchange Act of 1934 and that they have provided all information investors require for an informed investment decision. Since the company and its management are in possession of all facts relating to the company's disclosure, they are responsible for the accuracy and adequacy of the disclosures they have made.

In connection with responding to our comments, please provide, in writing, a statement from the company acknowledging that:

- the company is responsible for the adequacy and accuracy of the disclosure in the filings;
