Notes to the Financial Statements

1. Partnership Organization, page F-10

1. Given that the Partnership has a 52.4% ownership interest in SB AAA Master Fund LLC, explain to us how you determined that it would not be necessary to consolidate the Master. Cite the relevant accounting literature in your response.

8. Financial Instrument Risks, page F-15

2. We note that the Partnership and the master funds may make investments in assets that are not traded on an exchange. Explain to us the Partnership's and master funds' policy for determining the fair value of these assets. Additionally, to the extent the Partnership or master funds have any such investments as of period end; tell us how you determined that it would not be necessary to disclose the Partnership's and master funds' methodology for calculating the fair value in the policy footnote.
