Form 10-K for the year ended December 31, 2008

Item 1. Business, page 1

1. We note your reference on page 1 to the Energy Program-Futures and Swaps, your advisor's proprietary trading program, and your statement on page 20 that your advisor generally bases its trading decisions on "fundamental" factors, namely supply and demand. Please tell us whether the trading system is discretionary or systematic and discuss whether there have been any changes in the trading system over the past year. Confirm that you will provide similar disclosure in your future filings.
2. Please describe to us the regulatory provisions applicable to your business. Discuss any position limits that the CFTC imposes on related agricultural products and those that may be imposed on energy commodities. Describe any additional position limits imposed by the exchanges. Please disclose any related risks in the Risk Factors section. Confirm that you will provide similar disclosure in future filings.

Item 1A. Risk Factors, page 3

3. We note your disclosure on page 3 that certain pending legislation, if enacted, could limit trading by speculators in futures markets and that other potentially adverse regulatory initiatives could develop suddenly and without notice. Please provide us with a more specific description of any current or proposed limits and discuss how such limits would impact your trading strategy. Confirm that you will provide similar disclosure in your future filings.

Selected Financial Data, page 19

4. Please disclose net asset value on a per unit basis for each period presented.

Management's Discussion and Analysis of Financial Condition..., page 19

5. Please provide us a detailed description of your asset allocation as of the fiscal year end. Confirm that you will provide similar disclosure in your future filings.

Liquidity, page 20

6. Please tell us whether you have been subject to margin calls. If so, quantify the amount of such margin calls in your most recent three fiscal years and confirm that you will provide similar disclosure, as applicable, in your future filings.

Capital Resources, page 22

7. Please explain how redemptions are funded. Clarify how the Partnership obtains the cash needed for redemption payments and, to the extent the Partnership liquidates positions to fund redemptions, please explain how the General Partner decides which positions to liquidate. Confirm that you will provide similar disclosure in future filings.

Results of Operations, page 23

8. To the extent that changes in net asset value reflect material changes in interest income, please describe to us the impact and reasons for changes in your interest income. Confirm that you will provide similar disclosure in future filings.

Financial Statements

Statements of Income and Expenses, page F-8

9. Please tell us how you determined your allocation to your special limited partner was a capital transaction as opposed to an expense. In addition, please tell us why you believe it was necessary to present this allocation as a separate line item after Net income (loss) before allocation to Special Limited Partner. Within your response, please reference the authoritative accounting literature management relied upon.

Part III, page 31

Item 10. Directors, Executive Officers and Corporate Governance, page 31

10. In future filings, please revise to provide Item 401 disclosure for the executive officers and directors of your General Partner. Please supplementally provide us your proposed disclosure. In addition, please revise Item 12 to disclose the shares beneficially owned by these individuals, as required by Item 403 of Regulation S-K.

Part IV, page 32

Item 15. Exhibits, Financial Statement Schedules, page 32

11. We note that you incorporate some of your exhibits by reference by indicating that the documents were “previously filed.” In future filings, please specifically identify the prior filing or submission in accordance with Item 10(d) of Regulation S-K. Please also supplementally provide us with this information for all material contracts that are included as exhibits to this Form 10-K.

Signatures, page 33

12. Please revise to identify your principal accounting officer or controller.

Form 10-Q for the quarter ended March 31, 2009 and June 30, 2009

Exhibits 31.1 and 31.2

13. The required certifications must be in the exact form prescribed and the wording of the required certifications may not be changed in any respect. We note, in paragraph 4(d), you omitted the parenthetical: “(The registrant’s fourth fiscal quarter in the case of an annual report).” In future filings please ensure that the certifications are in the exact form currently set forth in Item 601(b)(31) of Regulation S-K.

We urge all persons who are responsible for the accuracy and adequacy of the disclosure in the filings reviewed by the staff to be certain that they have provided all information investors require for an informed decision.
