Use of Estimates

Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities and the reported revenues and expenses. Actual results could differ from those estimates.

Cash and Equivalents

Cash and cash equivalents include short-term, highly liquid investments with original maturities of three months or less and all money market accounts.

Concentrations of Credit Risk for Cash

The Company's cash balances in banks are insured by the Federal Deposit Insurance Corporation subject to certain limitations.

UOB KAY HIAN (U.S.) INC.

NOTES TO FINANCIAL STATEMENTS

1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accounts Receivable

Accounts receivable are stated at the amounts management expects to collect. An allowance for doubtful accounts is recorded based on a combination of historical experience, aging analysis and information on specific accounts. Account balances are written off against the allowance after all means of collection have been exhausted and the potential for recovery is considered remote. Management has determined that no allowance is required at December 31, 2016.

Depreciation and Amortization

Depreciation is computed on a straight-line basis over the estimated useful lives of the respective assets for a term of three years. Leasehold improvements are amortized on a straight-line basis over the life of the related lease, which approximates three years.

Revenue Recognition

Securities transactions and the related revenues and expenses are recorded on a trade date basis.

Income Taxes

Deferred income taxes are recognized for temporary differences between the bases of assets and liabilities for financial reporting and income tax purposes. Temporary differences result primarily from the Company's net operating loss carryforwards. A valuation allowance is established when it is more likely than not that all or a portion of a deferred tax asset will not be realized.

2 - PROPERTY AND EQUIPMENT

Property and equipment consist of the following:

Furniture and fixtures	\$ 25,719
Computer equipment	39,133
Office equipment	48,568

It is a three year loan with the full principal amount due upon maturity on June 30, 2015. The loan has an interest rate of 2%, which is paid annually. The loan was automatically extended per the agreement and will mature on June 30, 2017.

The subordinated borrowing is covered by an agreement approved by the Financial Industry Regulatory Authority, Inc. and is thus available in computing net capital under the Securities and Exchange Commission's net capital rule.
