Gradient Securities, LLC

Financial Statement
and Report of Independent Registered
Public Accounting Firm

December 31, 2021

/

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Member of
Gradient Securities, LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Gradient Securities, LLC (the "Company") as of December 31, 2021 and the related notes (collectively referred to as the financial statement). In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of the Company as of December 31, 2021 in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on the Company's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to the Company in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. As part of our audit we are required to obtain an understanding of internal control over financial reporting but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion.

Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

We have served as the Company's auditor since 2018.

GRADIENT SECURITIES, LLC
NOTES TO STATEMENT OF FINANCIAL CONDITION
December 31, 2021

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Gradient Securities, LLC (the “Company”) was formed on April 9, 2003 as an Indiana limited liability company. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company offers securities, bonds, variable life insurance or annuities, and mutual fund transaction services to its customers through affiliated registered representatives.

In addition, the Company is a Registered Investment Advisory firm primarily doing business under the name Gradient Wealth Management.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation: The Company’s records are maintained on the accrual basis of accounting, and its financial reporting and accounting policies conform to accounting principles generally accepted in the United States of America.

Use of Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes: The Company is a single-member limited liability company under the Internal Revenue Code with all income tax implications flowing through to the members. Therefore, no provision for income taxes is necessary as the net income or loss of the Company is included in the income tax return of the Company’s member. The Company’s tax years 2020, 2019 and 2018 are open for examination by federal and state taxing authorities.

The Company has evaluated its tax positions and determined that there are no uncertain tax positions at December 31, 2021.

Cash and Cash Equivalents and Restricted Cash: The Company considers short-term investments having an initial maturity of three months, when purchased, or less to be cash equivalents.

The Company maintains its accounts primarily at one financial institution. At times throughout the year, the Company’s cash may exceed amounts insured by the Federal Deposit Insurance Corporation.

The Company has a \$50,000 restricted cash balance with RBC Correspondent Services (“RBC”), which is included in Cash and Cash Equivalents and Restricted Cash.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Commissions Receivable: The Company's commissions receivable represent a combination of gross dealer concessions from various insurance and investment companies and third-party money managers for advisory services along with amounts due from two related party companies as described in Note 5. These receivables are not secured and no reserves for bad debt have been established to date, as the management expects to receive all receivables in their entirety.

Financial Instruments with Off-Balance Sheet Risk and Concentration of Credit Risk: Customer transactions are introduced to and cleared through the Company's clearing broker, RBC, on a fully disclosed basis. Under the terms of its clearing agreement, the Company is required to guarantee the performance of its customers in meeting contracted obligations. Such transactions may expose the Company to significant off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations.

The Company does not anticipate nonperformance by customers or its clearing broker. In addition, the Company has a policy of reviewing, as considered necessary, the clearing broker with which it conducts business.

Office Equipment: Equipment is capitalized and stated at cost, net of accumulated depreciation and consists of computers, computer equipment, office equipment and office furniture which were being depreciated on a straight-line basis over 3 to 7 years. Maintenance and repairs are expensed as incurred; major improvements and betterments are capitalized.

Leases: The Company recognizes and measures its leases in accordance with Financial Accounting Standards Board Accounting Standards Codification 842, *Leases*. The Company is a lessee in several noncancellable operating leases, for office space, computers and other office equipment. The Company determines if an arrangement is a lease, or contains a lease, at inception of a contract and when the terms of an existing contract are changed. The Company recognizes a lease liability and a right of use (ROU) asset at the commencement date of the lease. The lease liability is initially and subsequently recognized based on the present value of its future lease payments. Variable payments are included in the future lease payments when those variable payments depend on an index or a rate. The discount rate is the implicit rate if it is readily determinable or otherwise the Company uses its incremental borrowing rate. The implicit rates of our leases are not readily determinable and accordingly, we use our incremental borrowing rate (5%) based on the information available at the commencement date for all leases. The Company's incremental borrowing rate for a lease is the rate of interest it would have to pay on a collateralized basis to borrow an amount equal to the lease payments under similar terms and in a similar economic environment. The ROU asset is subsequently measured throughout the lease term at the amount of the remeasured lease liability (i.e., present value of the remaining lease payments), plus unamortized initial direct costs, plus (minus) any prepaid (accrued) lease payments, less the unamortized balance of lease incentives received, and any impairment recognized. Lease cost for lease payments is recognized on a straight-line basis over the lease term.

NOTE 2- SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The Company has elected, for all underlying classes of assets, to not recognize ROU assets and lease liabilities for short-term leases that have a lease term of 12 months or less at lease commencement, and do not include an option to purchase the underlying asset that the Company is reasonably certain to exercise. We recognize lease cost associated with our short-term leases on a straight-line basis over the lease term.

The Company made an accounting policy election by class of underlying asset, for computers and other office equipment, to account for each separate lease component of a contract and its associated non-lease components (lessor-provided maintenance) as a single lease component.

NOTE 3 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (15c3-1) which requires the maintenance of a minimum net capital, \$50,000 or 15% of aggregate indebtedness, whichever is greater, and requires the ratio of aggregate indebtedness to net capital both as defined, shall not exceed 15 to 1. The Rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio exceeds 10 to 1. As of December 31, 2021, the net capital ratio, net capital and excess net capital are as follows:

Aggregate indebtedness to net capital ratio	.55:1
Net capital	\$1,474,975
Excess net capital	\$1,420,726

NOTE 4 – RELATED PARTY TRANSACTIONS

This agreement has a one year term and automatic one year term renewals. This agreement is also cancellable at any time by either party with 30 days written notice.

The Company purchases business insurance on an as needed basis through a related captive insurance company, Gradient Assurance LLC, an entity related through common ownership. At December 31, 2021, the Company has prepaid \$191,731 for premiums relating to 2022, and it is included in Prepaids and Other Assets of \$501,599 on the Statement of Financial Condition.

The Company has an agreement with GIB for the use of its office space.

It is possible that the terms of certain of the above related party transactions are not the same as those that would result from transactions among unrelated parties.

NOTE 5 – LEGAL

From time to time, the Company is involved in arbitration arising out of the normal course of business. At December 31, 2021, the Company had one arbitration claim outstanding, which was settled directly by the Company’s insurance carriers in February 2022. There was no legal accrual at December 31, 2021 as the Company’s Errors and Omissions Insurance carrier paid the claim directly to the claimants.

NOTE 6 – PPP NOTE

On April 15, 2020, Gradient Securities LLC (the "Company") entered into a Promissory Note dated April 15, 2020 (the "PPP Note") with UMB Bank as the lender (the "Lender"), pursuant to which the Lender agreed to make a loan to the Company under the Paycheck Protection Program (the "PPP Loan") offered by the U.S. Small Business Administration (the "SBA") in a principal amount of \$206,000 pursuant to Title 1 of the Coronavirus Aid, Relief and Economic Security Act (the "CARES Act").

The PPP Note was fully forgiven on October 14, 2021.
