#### Notes to Financial Statements

#### 1. Organization and Nature of Business

Principal Securities, Inc. ("the Company") is an introducing broker-dealer, that clears transactions on a fully disclosed basis, registered with the Securities and Exchange Commission ("SEC") pursuant to Section 15(b)(11) of the Exchange Act and a member with the Financial Industry Regulatory Authority ("FINRA"). Additionally, the Company is federally registered as an Investment Adviser. The Company primarily engages in the solicitation and sale of securities-related products and services to retail investors. Such offerings may include: Brokerage Services, Advisory Services, Investment Company products, and variable products.

The Company is a wholly owned subsidiary of Principal Financial Services, Inc. ("PFSI"), who in turn is an indirect, wholly owned subsidiary of Principal Financial Group, Inc. ("PFG"), a Delaware business corporation.

#### 2. Significant Accounting Policies

#### **Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

#### **Cash and Cash Equivalents**

The Company's cash equivalents include demand deposits, and short-term pooled funds. The Company holds its cash in bank accounts with balances in excess of the Federal Deposit Insurance Corporation deposit insurance limits. The Company has an arrangement whereby its short-term funds are pooled with the funds of other affiliates and invested by PFSI, an affiliate. The Company has access to these funds at any time and is credited with interest based on the 30-day LIBOR index.

#### Notes to Financial Statements

#### 2. Significant Accounting Policies (continued)

#### **Unearned Revenue**

Unearned revenue represents amounts received related to the conversion of fully disclosed clearing and managed investment platforms. The Company received \$9,000,000 as part of the conversion to National Financial Services, this amount is being amortized straight line as a contra expense over the seven-year contract period beginning October 2017. Unearned revenue related to this is \$2,303,571 as of December 31, 2022. The Company also has \$95,000 of sponsorship revenue from Equitable and Rightbridge that relates to 2023. The sponsorship revenue will be recorded as earned through 2023 when meetings occur. The Company also has \$1,000,000 of Business Development Growth Revenue that will be recorded as earned when the proper terms are met.

#### **Revenue Recognition**

The Company enters into selling and distribution agreements with the obligation to sell or distribute the securities products, such as mutual funds, annuities and products sold through RIAs, to individual clients in return for front-end sales charges, 12b-1 service fees, annuity fees and asset-based fees. Front-end sales charges and annuity fees are related to a single sale and are earned at the time of sale. Some mutual funds have a daily obligation to sell and distribute. These securities products generate 12b-1 service fees which are calculated daily and received only when fully earned. The Company uses the passage of time to measure the progress of this performance obligation. The Company receives the majority of these fees monthly for satisfying the performance obligations. The Company also enters into agreements with individual customers to provide securities trade execution and custody through a brokerage services platform in return for ticket charge and other service fee revenue. These services are bundled as one single distinct service referred to as brokerage services. This revenue is related to distinct transactions and is earned at a point in time.

#### Notes to Financial Statements

#### 2. Significant Accounting Policies (continued)

The Company also enters into agreements with individual customers to provide trade execution, clearing services, custody services and investment research services through our proprietary offered fee-based products. These services are bundled as one single distinct service referred to as advisory services. The Company receives the majority of advisory fees quarterly for satisfying the performance obligations. A majority of advisory fees are recorded as fee-based commission revenue, a portion of which is paid to the advisor assisting the retail customer and recorded as fee-based commission expense. The portion that is not subject to payout to the advisor is referred to as Non-Grid Revenue in the Statement of Operations. Non-Grid revenue includes fees earned by the Company for sponsoring the RIA programs, including outside RIA business, as well as the portions of revenue used to cover trade execution, clearing services, custody services, and investment research services. In addition, for outside RIA business the Company performs sales and distribution services only. The revenues are earned over time as the service is performed utilizing the output method.

A majority of our revenue is based upon contractual rates applied to the market value of the clients' portfolios and considered variable consideration that is constrained.

Costs to fulfill the contracts with customers include commissions paid to agents for sales and servicing of the related mutual funds, annuities and products sold through RIAs. Since the customers can leave at any time, they are considered to be constantly renewing their contract. As such, the contract is looked at as "day to day" and each month of service is considered a renewal. Since the commissions are commensurate along the contract term and the anticipated period of benefit, as a practical expedient the Company concludes that the renewal commission is specifically related to the renewal period and no costs are deferred.

#### **Pass Thru Revenue and Expense**

Pass Thru Revenue and Pass Thru Expense within the statements of operations represents revenue the Company records that is passed directly onto other business units within PFG. The Company is the Broker Dealer that holds the contract for this revenue. The Company records the revenue and expense at the same time as the revenue is earned.

#### Notes to Financial Statements

#### 2. Significant Accounting Policies (continued)

#### Federal and State Taxes on Income

The Company is taxed as a division of PFG at corporate rates based on existing tax laws. Current income taxes are charged or credited to operations based upon amounts estimated to be payable or recoverable as a result of taxable operations for the current year. Deferred income taxes are provided for the tax effect of temporary differences in the financial reporting and income tax bases of assets and liabilities and net operating losses using enacted income tax rates and laws. The effect on deferred income tax assets and deferred income tax liabilities of a change in tax rates is recognized in operations in the period in which the change is enacted.

#### **Subsequent Events**

The Company's management has evaluated all subsequent events through the date the financial statements were issued.

#### 3. Income Taxes

#### **Income Tax Expense**

The Company's taxable income or loss is generally included in the consolidated income tax return filed by PFG, the Company's ultimate parent.

PFG has adopted the policy of allocating income tax expense and benefits to members of its consolidated group based upon their pro rata contribution of taxable income or loss. The Company received tax reimbursements from PFG of \$6,848,164 in 2022. The Company's income tax receivable balance is due from PFG.

#### Notes to Financial Statements

#### 3. Income Taxes (continued)

Our income tax expense/(benefit) was as follows for the year ended December 31, 2022:

Current	income	taxes:

U.S. Federal	\$ (5,264,520)
State	 (2,344,195)
Total current income taxes	(7,608,715)
Deferred income taxes:	
U.S. Federal	\$ (1,334,410)
State	288,186
Total deferred income taxes	\$ (1,046,224)
Total income tax benefit	\$ (8,654,939)

#### **Effective Income Tax Rate**

The Company's provision for income taxes may not have the customary relationship of taxes to income. A reconciliation between the U.S. corporate income tax rate and the effective income tax rate is as follows for the year ended December 31, 2022:

U.S. corporate income tax rate	21.0 %
State tax	4.9
Stock compensation	0.3
Effective income tax rate	26.2 %

#### **Unrecognized Tax Benefits**

The amount of unrecognized tax benefits calculated for the Company as of December 31, 2022 is not material to the Company's financial position. Therefore, the total amount of unrecognized tax benefits, that if recognized, would affect the effective income tax rate is immaterial. The Company recognizes interest expense and penalties related to income taxes in operating expenses. The Company recognized no accumulated pre-tax interest and penalties related to unrecognized tax benefits in 2022.

We do not believe there is a reasonable possibility that the total amount of unrecognized tax benefits will significantly increase or decrease in the next twelve months.

#### Notes to Financial Statements

#### 3. Income Taxes (continued)

#### **Net Deferred Income Taxes**

Deferred income taxes reflect the net tax effects of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for income tax purposes. Significant components of net deferred income taxes as of December 31, 2022 were as follows:

Deferred income tax assets:

Employee benefits	\$ 383,766
Deferred losses	874,793
Net operating loss carryforwards	1,738,903
Stock compensation	493,390
Other	4,230
Total deferred income tax assets	3,495,082
Deferred income tax liabilities:	
Prepaid expenses	(327,101)
Total deferred income tax (liabilities)	${(327,101)}$
Total net deferred income tax assets	\$ 3,167,981

In management's judgment, total deferred income tax assets are more likely than not to be realized.

#### **Other Tax Information**

The U.S. federal statute of limitations expired for years prior to 2015. The IRS is currently auditing our U.S. federal income tax returns for tax years 2015-2018, which remain open through statute extensions. The normal statute of limitations remains open for tax years thereafter. The IRS will begin audit of tax years 2019-2021 in 2023. We do not expect the results of these audits, subsequent related adjustments, or developments in other tax areas for all open tax years to significantly change the possible increase in the amount of unrecognized tax benefits, but the outcome of tax reviews is uncertain and unforeseen results can occur.

We do believe we have adequate defenses against, or sufficient provisions for, contested issues, but final resolution could take several years depending on whether legal remedies are pursued. Consequently, we do not believe issues that might arise in tax years subsequent to 2014 will have a material impact on our net income.

#### Notes to Financial Statements

#### 4. Net Capital Requirements

The Company is an introducing broker-dealer and clears certain securities transactions with and for customers on a fully disclosed basis with National Financial Services LLC ("NFS"), their current clearing broker-dealer. The Company promptly transmits all customer funds and securities to the clearing broker-dealer. In connection with this arrangement, the Company is contingently liable for its customers' transactions.

The Company is subject to the Securities and Exchange Commission ("SEC") Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2022, the Company had defined net capital of \$14,952,697, which was \$13,370,299 in excess of its required net capital of \$1,582,398. The SEC rules related to the calculation of minimum net capital requirements require the Company to maintain capital at least equal to 6-2/3% of aggregate indebtedness, with a minimum fixed dollar amount of \$250,000.

- The Company has entered into an expense reimbursement agreement with PLIC. PLIC performs certain functions on its own behalf and on behalf of many subsidiaries, including the Company, and shares the use of certain equipment, personnel and facilities with its subsidiaries. On a monthly basis PLIC bills the subsidiaries, including the Company, for amounts due for the performance of such services and functions and the use of such equipment, personnel and facilities. Amounts billed to the Company by PLIC for the year ended December 31, 2022 were \$124,122,351.
- The Company has entered into a services agreement with PLIC. PLIC, on behalf of the Company, calculates and pays compensation to PSI registered representatives and broker-dealers unaffiliated with PSI who offer or sell variable contracts, mutual fund shares, group annuities, and other securities, certain fixed annuities, advisory services and products, and any proprietary investments available under Principal Life recordkeeping for qualified retirement plans underwritten, distributed or offered by the Company. Amounts paid by PLIC on behalf of the Company for the year ended December 31, 2022 were \$142,260,256.

PFG has allocated the expenses associated with stock-based compensation to each of its subsidiaries, with the allocation aggregating \$1,499,278 to the Company for the year ended December 31, 2022. As PFG has not required the allocation to be settled in cash, the amount has been treated as a capital contribution.

The Company receives expense reimbursements from Principal Bank for amounts agreed upon annually in advance. The reimbursements are intended to offset the expenses related to the bank sweep program on the Fidelity platform, but only to the extent such expenses are expected to exceed the revenues generated by the Company from the sweep program. Any excess reimbursements shall be calculated and returned as soon as practical after the end of each calendar year. Amounts received by the Company for the year ended December 31, 2022 were \$500,000 and excess reimbursement of \$500,000 was estimated and accrued as of December 31, 2022.

The Company received capital infusions from its parent company to ensure compliance with regulatory capital requirements. Capital infusions totaled \$25,300,000 for the year ended December 31, 2022.

#### Notes to Financial Statements

#### 6. Contingencies

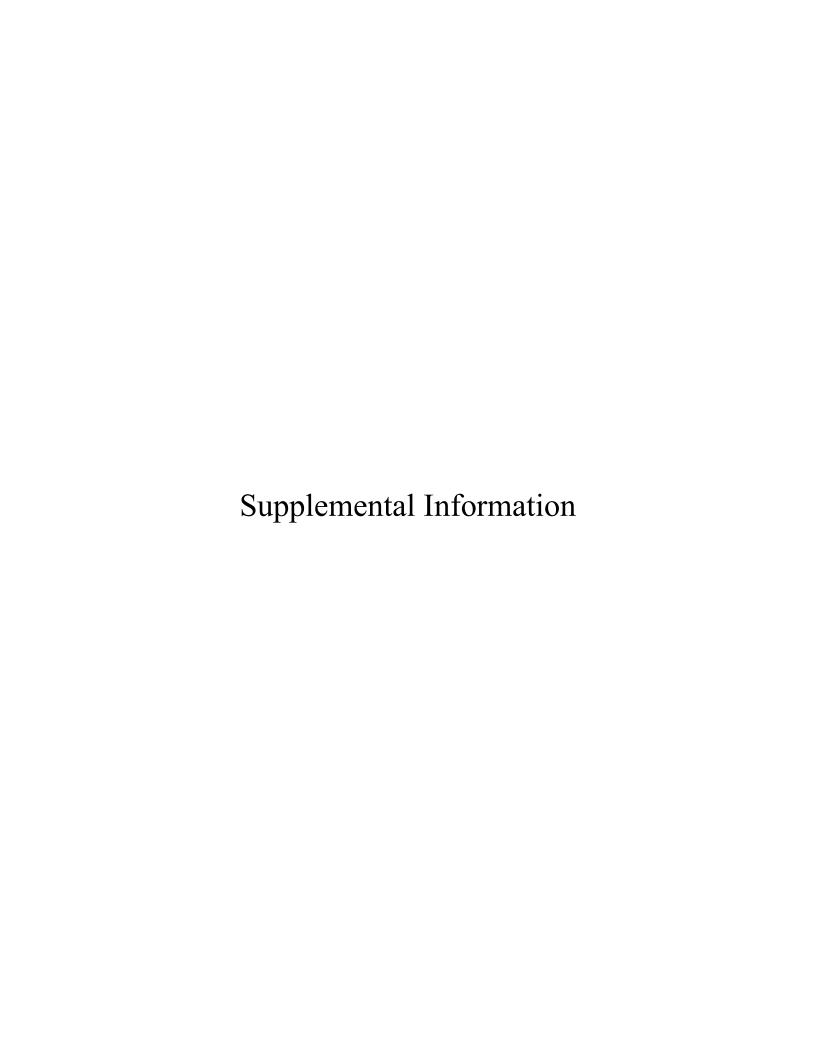

In the ordinary course of business, the Company is involved in and subject to asserted and unasserted claims from customers and other contractual disputes. In the opinion of management, adequate provision has been made for any potential losses that may result from these actions.

The Company is regularly involved in litigation, both as a defendant and as a plaintiff, but primarily as a defendant. Litigation naming the Company as a defendant ordinarily arises out of the Company's business operations as a provider of asset management and accumulation products and services. Some of the lawsuits are class actions, or purport to be, and some include claims for punitive damages. In addition, regulatory bodies, such as, the SEC, FINRA and other regulatory bodies regularly make inquiries and conduct examinations or investigations concerning the Company's compliance with, among other things, securities laws and laws governing the activities of broker-dealers. The Company receives requests from regulators and other governmental authorities relating to other industry issues and may receive additional requests, including subpoenas and interrogatories, in the future.

While the outcome of any pending or future litigation or regulatory matter cannot be predicted, management does not believe that any pending litigation or regulatory matter will have a material adverse effect on the Company's business or financial position. The outcome of such matters is always uncertain, and unforeseen results can occur. It is possible that such outcomes could materially affect net income in a future period.

#### Report of Independent Registered Public Accounting Firm

The Board of Directors and Management Principal Securities, Inc.

We have reviewed management's statements, included in the accompanying Principal Securities, Inc. (the Company) Exemption Report, in which the Company stated that:

- The Company claimed exemption from 17 C.F.R. § 240.15c3-3 under the following provisions of 17 C.F.R. §240.15c3-3 (k)(2): (i) and (ii).
- The Company met the identified exemption provisions in 17 C.F.R. §240.15c3-3(k) throughout the most recent fiscal year except as described in its exemption report.
- The Company is also filing this Exemption Report because the Company's other business activities contemplated by Footnote 74 of the SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5 are limited to effecting securities transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company, and the Company (1) did not directly or indirectly receive, hold, or otherwise owe funds or securities for or to customers, (other than money or other consideration received and promptly transmitted in compliance with paragraph (a) or (b)(2) of Rule 15c2-4 and/or funds received and promptly transmitted for effecting transactions via subscriptions on a subscription way basis where the funds are payable to the issuer or its agent and not to the Company); (2) did not carry accounts of or for customers; and (3) did not carry PAB accounts (as defined in Rule 15c3-3) throughout the most recent fiscal year, except as described its exemption report.

Management is responsible for compliance with 17 C.F.R. § 240.15c3-3 and its statements.

Our review was conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) and, accordingly, included inquiries and other required procedures to obtain evidence about the Company's compliance with 17 C.F.R. § 240.15c3-3. A review is substantially less in scope than an examination, the objective of which is the expression of an opinion on management's statements. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to management's statements referred to above for them to be fairly stated, in all material respects, based on the provisions set forth in Rule 15c3-3 under the Securities Exchange Act of 1934 and pursuant to Note 74 of SEC Release No. 34-70073 adopting amendments to 17 C.F.R. § 240.17a-5.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, FINRA, other regulatory agencies that rely on Rule 17a-5 under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and other recipients specified by Rule 17a-5(d)(6) and is not intended to be and should not be used by anyone other than these specified parties.
