Basis for Opinion

These financial statements are the responsibility of LCG Capital Advisors, LLC's management. Our responsibility is to express an opinion on LCG Capital Advisors, LLC's financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) (PCAOB) and are required to be independent with respect to LCG Capital Advisors, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

LCG CAPITAL ADVISORS, LLC
Notes to Financial Statements
December 31, 2018

Note 1 – Nature of Operations and Going Concern

LCG Capital Advisors, LLC (the “Company”) is a broker-dealer registered with the Securities and Exchange Commission (“SEC”) and a member of the Financial Industry Regulatory Authority (“FINRA”). The Company is a Florida limited liability company, formed on July 3, 2003 and is a wholly-owned subsidiary of LCG Capital Holdings, LLC (“LCG”). The Company’s business primarily consists of assisting entities in obtaining financing and in merger and acquisition transactions.

Note 2 – Summary of Significant Accounting Policies

A summary of the Company’s significant accounting policies are as follows:

Use of Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of financial condition. Actual amounts could differ from those estimates.

Goodwill - Goodwill is tested for impairment on an annual basis.

As of December 31, 2018, based on management’s assessment of qualitative factors it was determined that the fair value of the Company’s lone reporting unit more-likely-than-not exceeds its carrying amount. As such, management determined that there was no impairment of goodwill.

Revenue Recognition – On January 1, 2018, the Company adopted ASU 2014-09 *Revenue from Contracts with Customers* and all subsequent amendments to the ASU (collectively, “ASC 606”), which creates a single framework for recognizing revenue from contracts with customers that fall within its scope.

Revenue is measured based on a consideration specified in a contract with a customer. The Company recognizes revenue when it satisfies a performance obligation by transferring control over goods or service to a customer. Services within the scope of ASC 606 include investment banking M&A advisory fees.

Revenue from Contracts with Customers – The Company provides advisory services / corporate finance activity including mergers and acquisitions, reorganizations, tender offers, leveraged buyouts, fundraising activity and the pricing of securities to be issued.

The agreement contains nonrefundable retainer fees or success fees, which may be fixed or represent a percentage of value that the customer receives if, and when, the corporate finance activity is completed (“success fees”). In some cases, there is also an “announcement fee” that is calculated on the date that a transaction is announced based on the price included in the underlying sale agreement. The retainer fees, announcement fee, or other milestone fees reduce any success fee subsequently invoiced and received upon the completion of the corporate finance activity. The Company has evaluated its nonrefundable retainer payments, to ensure its fee relates to the transfer of a good or service, as a distinct performance obligation, in exchange for the retainer. If a promised good or service is not distinct, the Company combines that good or service with other promised goods or services until it identifies a bundle of goods or services that is distinct. In some cases, that would result in the broker-dealer accounting for all the services promised in a contract as a single performance obligation and the retainer revenue is classified as deferred revenue on the Statement of Financial Condition.

Notes to Financial Statements

Note 2 – Summary of Significant Accounting Policies (continued)

Income Taxes - The Company is treated as a disregarded entity for income tax purposes. Accordingly, no income taxes or tax benefits are recorded by the Company since such taxes or tax benefits associated with the Company's operations are reported in the tax return of its parent company, LCG.

Management has evaluated the effect of the guidance provided by generally accepted accounting principles on accounting for uncertainty in income taxes and determined that the Company had no uncertain tax positions that could have a significant effect on the financial statements at December 31, 2018. LCG's federal income tax returns for its 2015 and subsequent tax years are subject to examination by the internal revenue service for three years from their date of filing.

Note 3 – Concentration of Credit Risk

The financial instruments which potentially subject the Company to concentrations of credit risk are cash and accounts receivable. The Company maintains its cash at one depository bank, which is insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. As of December 31, 2018, the cash on deposit did not exceed the FDIC insured limit.

Note 4 – Business Concentrations

The Company earned revenue from seven customers in 2018. The top 2 customers accounted for 81.3% and 13.3% of fees and commissions for the year ended December 31, 2018.

Note 5 – Related Party Transactions

The Company is owed \$14,400 as of December 31, 2018 by two separate common control related entities and owes \$11,989 to two separate common control related entities. These receivables and payables are due on demand and are non-interest bearing. The Company has an expense sharing agreement with its related entities and has recognized approximately \$53,642 in expenses allocated under that agreement.

Note 6 – Net Capital Requirement and Subsequent Event

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum regulatory net capital and a specified ratio of aggregate indebtedness to regulatory net capital. As of December 31, 2018, the Company had a net capital requirement and excess net capital of \$5,000 and \$31,020, respectively. The Company's aggregate indebtedness to net capital ratio was 68.26%.

Note 7 – Exemption from Rule 15c3-3

The Company is exempt from Rule 15c3-3 pursuant to subparagraph k(2)(i) of the Rule.

Note 8 – Subsequent Events

The Company has evaluated subsequent events and transactions through the date the financial statements were available to be issued. No events other than previously disclosed have occurred subsequent to December 31, 2018 through February 25, 2019 which would require adjustment to, or disclosure in the financial statements, other than previously disclosed.
