MANAGEMENT INFORMATION CIRCULAR

FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD February 8, 2006

Containing information as at December 21, 2005

PERSONS MAKING THE SOLICITATION

This Management Information Circular (the "Information Circular") is furnished in connection with the solicitation of proxies being made by the management of Tournigan Gold Corporation (the "Corporation") for use at the Annual General Meeting (the "Meeting") of the Corporation's shareholders (the "Shareholders") to be held on Wednesday, February 8, 2006 at the time and place and for the purposes set forth in the accompanying Notice of Meeting.

While it is expected that the solicitation will be made primarily by mail, proxies may be solicited personally or by telephone by directors, officers and employees of the Corporation. All costs of this solicitation will be borne by the Corporation.

APPOINTMENT OF PROXIES

The individuals named in the accompanying form of proxy (the "Proxy") are directors or officers of the Corporation. **A SHAREHOLDER OF THE CORPORATION WISHING TO APPOINT SOME OTHER PERSON (WHO NEED NOT BE A SHAREHOLDER) TO ATTEND AND ACT FOR THE SHAREHOLDER AND ON THE SHAREHOLDER'S BEHALF AT THE MEETING HAS THE RIGHT TO DO SO, EITHER BY INSERTING SUCH PERSON'S NAME IN THE BLANK SPACE PROVIDED IN THE FORM OF PROXY AND STRIKING OUT THE TWO PRINTED NAMES, OR BY COMPLETING ANOTHER FORM OF PROXY.**

A vote cast in accordance with the terms of a proxy will be valid notwithstanding the previous death, incapacity or bankruptcy of the Shareholder or intermediary on whose behalf the proxy was given or the revocation of the appointment, unless written notice of such death, incapacity, bankruptcy or revocation is received by the chairman of the meeting at any time before the vote is cast.

REVOCATION OF PROXIES

A Shareholder who has given a Proxy may revoke it by an instrument in writing executed by the Shareholder or by the Shareholder's attorney authorized in writing or, if the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to Suite 1700 - 666 Burrard Street, Vancouver, B.C., Canada V6C 2X8 (facsimile: 604-681-1825), at any time up to and including the last business day preceding the day of the Meeting or any adjournment of it or to the Chair of the Meeting on the day of the Meeting or any adjournment of it. A Proxy may also be revoked in any other manner permitted by law. **Only registered Shareholders have the right to revoke a Proxy. Non-Registered Holders who wish to change their vote must, at least seven days before the Meeting, arrange for their respective intermediaries to revoke the Proxy on their behalf.**

A revocation of a Proxy does not affect any matter on which a vote has been taken prior to the revocation.

VALIDITY OF PROXY

A proxy will not be valid unless it is signed by the Shareholder or intermediary or by the Shareholder's or intermediary's agent duly authorized in writing or, if the Shareholder or intermediary is a corporation, under its corporate seal and signed by an officer or Shareholder's or intermediary. The instrument empowering the agent, or a notarial copy thereof, should accompany the Proxy. The Proxy, if not dated, is deemed to be dated on the date mailed by the person making the solicitation.

JOINT HOLDERS

A Proxy given on behalf of joint holders must be executed by all of them and may be revoked only by all of them.

If more than one of several joint holders is present at the Meeting and they do not agree as to which of them is to exercise any vote to which they are jointly entitled, they will for the purpose of voting, be deemed not to be present.

DEPOSIT OF PROXY

A Proxy will not be valid unless it is completed, dated and signed and delivered by hand or mail to Computershare Investor Services Inc. at Proxy Dept., 100 University Avenue 9th Floor, Toronto, Ontario M5J 2Y1, or by fax to: (within North America) 1-866-249-7775 (outside North America) 416-263-9524, not less than 48 hours (excluding Saturdays and holidays) prior to the Meeting or to the Chair of the Meeting prior to the commencement of the Meeting.

NON-REGISTERED HOLDERS OF CORPORATION'S SHARES

Only registered Shareholder or duly appointed proxyholders are permitted to vote at the Meeting. Most Shareholders of the Corporation are "non-registered" Shareholders because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. More particularly, a person is not a registered Shareholder in respect of shares which are held on behalf of the person (the "Non-Registered Holder") but which are registered either: (a) in the name of an intermediary (an "Intermediary") that the Non-Registered Holder deals with in respect of the shares (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSP's, RRIFs, RESPs and similar plans); or (b) in the name of a clearing agency (such as The Canadian Depository for Securities Limited ("CDS")) of which the Intermediary is a participant. In accordance with the requirements of National Instrument 54-101 ("NI-54-101") of the Canadian Securities Administrators, the Corporation has distributed copies of the Notice of Meeting, this Information Circular and the Proxy (collectively, the "Meeting Materials") to the clearing agencies and Intermediaries for onward distribution to Non-Registered Holders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Very often, Intermediaries will use service companies to forward the Meeting Materials to Non-Registered Holders. Generally, Non-Registered Holders who have not waived the right to receive Meeting Materials, or where there is a special meeting involving abridged timing under NI 54-101, will either:

- (a) be given a Proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise not completed. Because the Intermediary has already signed the Proxy, this Proxy is not required to be signed by the Non-Registered Holder when submitting the Proxy. In this case, the Non-Registered Holder who wishes to submit a Proxy

should otherwise properly complete the Proxy and **deliver it to Computershare Investor Services Inc.** as provided above; or

- (b) more typically, be given a voting instruction form **which is not signed by the Intermediary**, and which, when properly completed and signed by the Non-Registered Holder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a “proxy authorization form”) which the Intermediary must follow. Typically, the proxy authorization form will consist of a one page pre-printed form. Sometimes, instead of the one page pre-printed form, the proxy authorization form will consist of a regular printed Proxy accompanied by a page of instructions, which contains a removable label containing a bar code and other information. In order for the Proxy to validly constitute a proxy authorization form, the Non-Registered Holder must remove the label from the instructions and affix it to the Proxy, properly complete and sign the Proxy and return it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company.

In either case, the purpose of this procedure is to permit Non-Registered Holders to direct the voting of the shares, which they beneficially own. Should a Non-Registered Holder who receives one of the above forms wish to vote at the Meeting in person, the Non-Registered Holder should strike out the names of the management proxyholders and insert the Non-Registered Holder’s name in the blank space provided. **In either case, Non-Registered Holders should carefully follow the instructions of their Intermediary, including those regarding when and where the Proxy or proxy authorization form is to be delivered.**

VOTING OF SHARES REPRESENTED BY PROXY AND EXERCISE OF DISCRETION

If the instructions in a Proxy are certain, the shares represented thereby will be voted on any poll by the persons named in the Proxy, and, where a choice with respect to any matter to be acted upon has been specified in the Proxy, the shares represented thereby will, on a poll, be voted or withheld from voting in accordance with the specifications so made.

Where no choice has been specified by the Shareholder, such shares will, on a poll, be voted in accordance with the notes to the form of Proxy.

At the time of printing of this Information Circular, the management of the Corporation knows of no such amendment, variation or other matter which may be presented to the Meeting. A proxy in the enclosed form, however, when properly completed and delivered and not revoked, confers discretionary authority on the persons named proxyholders therein to vote on any amendments or variations of matters identified in the Notice of Meeting and on any other matters which may properly come before the Meeting.

VOTING SECURITIES AND PRINCIPAL HOLDERS OF VOTING SECURITIES

Issued and Outstanding:	76,869,513 common shares without par value
Authorized Capital:	unlimited common shares without par value

The Corporation was incorporated under the *Business Corporations Act* (Yukon Territory). As at the date hereof, the Corporation has issued and outstanding 76,869,513 fully paid and non-assessable common shares without par value, each share carrying the right to one vote. **The Corporation has no other classes of voting securities.**

Any Shareholder of record at the close of business on December 21, 2005 (the “Meeting Record Date”) who either personally attends the Meeting or who has completed and delivered a Proxy in the manner specified, subject to the provisions described above, shall be entitled to vote or to have such Shareholder’s shares voted at the Meeting.

Voting at the Meeting will be by a show of hands, each Shareholder having one vote, unless a poll is requested or required in accordance with the Corporation's By-Laws or the *Business Corporations Act* (Yukon Territory), in which case each Shareholder is entitled to one vote for each share held. In order to approve a motion proposed at the Meeting a majority of greater than 50% of the votes cast by Shareholder of outstanding common shares entitled to vote and represented in person or by proxy will be required unless otherwise required by the Corporation's Articles or By-Laws.

To the best of the knowledge of the directors and senior officers of the Corporation, the only persons or corporations who beneficially own, directly or indirectly, or exercise control or direction over, shares carrying more than 10% of the voting rights attached to all outstanding shares of the Corporation are:

Beneficial Shareholder	Number of Shares Owned	Percentage of Issued and Outstanding
Sprott Asset Management Inc.	13,109,500	17.05%

APPOINTMENT AND REMUNERATION OF AUDITOR

Shareholders will be asked to approve management's proposal to re-appoint Bedford Curry & Co., Chartered Accountants, of Vancouver, B.C., as auditors of the Corporation to hold office until the next annual general meeting of the Corporation or until a successor is appointed and to authorize the Directors to determine the Auditors' remuneration. Bedford Curry was first appointed on October 7, 1999.

Long-Term Incentive Plans - Awards in Most Recently Completed Fiscal Year

A long term incentive plan ("LTIP") is any plan providing compensation intended to serve as an incentive for performance to occur over a period longer than one financial year, whether performance is measured by reference to financial performance of the Corporation or an affiliate, or the price of the Corporation's shares, but does not include option or stock appreciation rights plans or plans for compensation through restricted shares or units. The Corporation has no LTIP in place and therefore there were no awards made under any LTIP to any Named Executive Officers during the Corporation's most recently completed fiscal year.

Options/SARs Granted During the Most Recently Completed Fiscal Year

No SARs (stock appreciation rights) were granted during this period. During the most recently completed fiscal year, the following incentive stock options were granted to Named Executive Officers.

Termination of Employment, Change in Responsibilities and Employment Contracts

No employment contracts exist between the Corporation and the Named Executive Officers.

The Corporation has no compensatory plan or arrangement in respect of compensation received or that may be received by the Named Executive officers of the Corporation to compensate such executive officers in the event of the termination of employment (resignation, retirement, change of control) or in the event of a change in responsibilities following a change in control, where in respect of the Named Executive officers the value of such compensation exceeds \$100,000.

Compensation of Directors

The Corporation pays each director \$1,000 per month for his services as director. For the year ended August 31, 2005, the Corporation accrued or paid an aggregate of \$58,000 in directors' fees. The Corporation compensates the Chairman at a rate of \$2,500 per month for his services. During the fiscal year ended August 31, 2005, the corporation paid a total of \$639,273 to Aurum. There was no significant indebtedness of Aurum during the year or subsequent to year end.

INTEREST OF INSIDERS IN MATERIAL TRANSACTIONS

Other than as disclosed in this Information Circular, since the commencement of the last completed fiscal year, no insider of the Corporation, nominee for director, or any associate or affiliate of an insider or nominee, had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or would materially affect the Corporation or any of its subsidiaries.

INTEREST OF CERTAIN PERSONS IN MATTERS TO BE ACTED UPON

Other than as disclosed in this Information Circular, no Person has any material interest, direct or indirect, by way of beneficial ownership of securities or otherwise, in matters to be acted upon at the Meeting. The term of office of each of the present directors expires at the Meeting. **The persons named below will be presented for election at the Meeting as management's nominees.** Management does not contemplate that any of these nominees will be unable to serve as a director. Each director elected will

hold office until the next annual general meeting of the Corporation or until his or her successor is elected or appointed, unless his or her office is earlier vacated in accordance with the Articles of the Corporation or with the provisions of the *Business Corporations Act* (Yukon Territory).

APPROVAL OF STOCK OPTION PLAN

At the Corporation's Annual General Meeting held February 19, 2004, Shareholders of the Corporation authorized the directors to revise the Corporation's existing stock option plan to a "rolling" 10% plan (the "Option Plan"). The purpose of the Option Plan is to attract and motivate directors, officers and employees of and consultants to the Corporation and its subsidiaries and thereby advance the Corporation's interests by affording such persons with an opportunity to acquire an equity interest in the Corporation through the stock options. The Corporation is currently listed as a Tier 1 issuer on the TSX Venture Exchange (the "TSX-V").

The Option Plan permits the granting of options of up to 10% of the shares of the Corporation issued and outstanding at the date of grant. Under the Policies of the TSX-V, options granted under such a rolling plan are not required to have a vesting period, with the exception of those granted to investor relations consultants. However, the Corporation's directors may, at their discretion, grant options with vesting periods, as they deem appropriate.

The Option Plan authorizes the Board of Directors to grant stock options to the Optionees on the following terms:

1. The number of shares subject to each option is determined by the Board of Directors provided that the Plan, together with all other previously established or proposed share compensation arrangements may not, during any 12 month period, result in:
 - (a) the issuance of stock options to any one person, within that period, of a number of shares exceeding 5% of the issued shares of the Corporation;
 - (b) the issuance, within a one year period, to insiders of the Corporation of a number of shares exceeding 10%, or to one insider of a number exceeding 5%, or to a consultant of a number exceeding 2%; or to an employee (as defined by the TSX-V) who provides investor relations services of a number exceeding an aggregate of 2% of the issued shares of the Corporation.
2. The aggregate number of shares which may be issued pursuant to options granted under the Option Plan, inclusive of options granted and outstanding under the previous stock options plan, may not exceed 10% of the issued and outstanding shares of the Corporation as at the date of the grant.
3. The exercise price of an option may not be set at less than the closing market price during the trading day immediately preceding the date of grant of the option, less a maximum discount of 25%, or in accordance with TSX-V policies.
4. The options may be exercisable for a period of up to 10 years so long as the Corporation is a Tier 1 Issuer on the TSX-V, or a maximum of five years if the Corporation is a Tier 2 Issuer on the TSX-V.
5. The options are non-assignable and non-transferable. The options can only be exercised by the optionee as long as the optionee remains an eligible optionee pursuant to the Option Plan or within a period of not more than 90 days (30 days for providers of investor relations services) after ceasing to be an eligible optionee or, if the optionee dies, within one year from the date of the optionee's death.
6. On the occurrence of a takeover bid, issuer bid or going private transaction, the Board of Directors will have the right to accelerate the date on which any option becomes exercisable.

TSX-V policy requires the Corporation to obtain shareholder approval of rolling stock option plans yearly at the Corporation's annual general meeting. With 76,869,513 shares currently issued and outstanding, a total of 7,686,951 shares would be available for options granted or to be granted under the Option Plan. Currently, options have been allocated and are outstanding in respect of 5,497,955 shares.

Options granted or amendments made to options previously granted pursuant to the Option Plan do not require further shareholder approval although notice of options granted under the Option Plan must be provided to the TSX-V. Any amendments to the Option Plan must also be approved by the TSX-V and, if necessary, by the Shareholders of the Corporation prior to becoming effective.

A copy of the Option Plan will be available at the Meeting for review by the Shareholders. In addition, the text of the Option Plan is available for review by any Shareholder up until the day preceding the Annual General Meeting, at the Corporation's office at Suite 301, 700 West Pender Street, Vancouver, British Columbia.

Shareholder approval

For the purposes of this Information Circular, the term "insider" has the meaning given to that term in the *Securities Act* (British Columbia).

Shareholder approval of the Option Plan requires a simple majority of the votes cast by the Shareholders who are not insiders of the Corporation, or associates of such insiders. Thus, as of December 21, 2005, the record date for the Meeting, and based on information available to the Corporation, the votes attached to 2,703,132 Shares are not eligible to vote for approval of the Option Plan. Therefore, the total number of common shares held by "disinterested shareholders" who are eligible to vote at the meeting is 74,166,381 common shares.

The Corporation is asking both its Shareholders as a whole, and disinterested shareholders, to vote affirmatively on the following resolution to adopt and approve the Option Plan:

"RESOLVED THAT, subject to regulatory approval, the Option Plan authorizing the directors to grant options on shares totalling up to a maximum of 10% of the Corporation's common shares issued and outstanding from time to time, as at the date of the relevant grant, be and it is hereby approved, together with all options granted thereunder as at the date hereof, and that the board of directors be and they are hereby authorized, without further shareholder approval, to carry out the intent of this resolution."

If this resolution is approved by Shareholders it is expected that the Board of Directors will in due course grant further options under the Option Plan as the Board deems fit in light of the overall compensation program and the relative efforts and contributions of the eligible participants under the Plan.

RESTRICTED SECURITIES

There are no actions to be taken by the Corporation that would involve a transaction that would have the effect of converting or subdividing, in whole or in part, existing securities into restricted securities, or creating new restricted securities.

OTHER BUSINESS

It is not known that any other matters will come before the Meeting other than as set forth above and in the Notice of Meeting, but if such should occur the persons named in the accompanying form of proxy intend to vote on them in accordance with their best judgment, exercising discretionary authority with respect to amendments or variations of matters identified in the Notice of Meeting and other matters which may properly come before the meeting or any adjournment thereof.

TOURNIGAN GOLD CORPORATION

AUDIT COMMITTEE CHARTER

Overview and Purpose

The Audit Committee of Tournigan Gold Corporation (“Tournigan”) has been formed to enable the Board of Directors of Tournigan to perform its obligations with respect to compliance with applicable securities laws and the rules of the TSX Venture Exchange (“TSX-V”).

The Audit Committee is responsible to the Board of Directors of Tournigan. The primary objective of the Audit Committee is to assist the Board of Directors in fulfilling its responsibilities with respect to:

- (a) disclosure of financial and related information;
- (b) the relationship with and expectations of the external auditors of Tournigan, including the establishment of the independence of the external auditors;
- (c) its relationship with and expectations of the internal auditors function (as applicable);
- (d) the oversight of internal control; and
- (e) any other matters that the Audit Committee feels are important to its mandate or that the Board of Directors chooses to delegate to it.

The Audit Committee will approve, monitor, evaluate, advise or make recommendations in accordance with this Charter, with respect to the matters set out above.

1. Organization

1.1 Size and Membership Criteria

The Audit Committee will consist of a minimum of three Directors of Tournigan.

Each member of the Audit Committee must be independent of management and free from any interest, business or other relationship, other than interests and relationships arising from holding shares of Tournigan or other securities which are exchangeable into shares of Tournigan, which could, or could reasonably be perceived to, materially interfere with the director’s ability to act in the best interests of Tournigan.

All members of the Audit Committee must be financially literate and able to read and understand basic financial statements. At least one member of the Audit Committee must have accounting or related financial expertise and should be able to analyze and interpret a full set of financial statements, including notes, in accordance with generally accepted accounting principles.

1.2 Appointment and Vacancies

The members of the Audit Committee are appointed or reappointed by the Board of Directors following each annual meeting of the shareholders of Tournigan. Each member of the Audit Committee will continue to be a member of the Audit Committee until his or her successor is appointed unless he or she resigns or is removed by the Board of Directors of Tournigan or ceases to be a Director of Tournigan.

Where a vacancy occurs at any time in the membership of the Audit Committee, it may be filled by the Board of Directors and will be filled by the Board of Directors if the membership of the Audit Committee is less than three Directors as a result of any such vacancy.

2. Meetings

2.1 Frequency

The Audit Committee will meet at least four times per year on a quarterly basis, or more frequently as circumstances require. In addition, the Audit Committee will also meet at least quarterly with management, the internal auditors (as applicable) and the external auditors of Tournigan in separate executive sessions to discuss any matters that the Audit Committee or each of these groups believes should be discussed privately.

2.2 Chair

The Board of Directors of Tournigan or, in the event of its failure to do so, the members of the Audit Committee, will appoint a Chairman from amongst their number. If the Chairman of the Audit Committee is not present at any meeting of the Audit Committee, the Chairman of the meeting will be chosen by the Audit Committee from among the members present.

The Audit Committee will also appoint a secretary who need not be a Director of Tournigan.

2.3 Time and Place of Meetings

The time and place of meetings of the Audit Committee and the procedure at such meetings will be determined from time to time by the members of the Audit Committee, provided that:

- (a) a quorum for meetings of the Audit Committee will be two members present in person or by telephone or other telecommunication device that permits all persons participating in the meeting to speak and hear each other,
- (b) notice of the time and place of every meeting will be given in writing, facsimile or electronic means to each member of the Audit Committee, the internal auditors (as applicable), the external auditors and the corporate secretary of Tournigan at least 24 hours prior to the time fixed for such meeting.

Any person entitled to notice of a meeting of the Audit Committee may waive such notice (an attendance at a meeting is a waiver of notice of the meeting, except where a member attends a meeting for the express purpose of objecting to the transaction of any business on the grounds that the meeting is not lawfully called).

The external auditors will be entitled to attend each meeting of the Audit Committee at the expense of Tournigan.

A meeting of the Audit Committee may be called by the corporate secretary of Tournigan on the direction of the Chairman, Chief Financial Officer, Chief Executive Officer of Tournigan, by any member of the Audit Committee, the external auditors or the internal auditors (as applicable). Notwithstanding the foregoing, the Audit Committee will at all times have the right to determine who will and will not be present at any part of any meeting of the Audit Committee.

2.4 Agenda

The Chairman will ensure that the agenda for each upcoming meeting of the Audit Committee is circulated to each member of the Audit Committee as well as each of the external auditors, internal auditors (as applicable) and corporate secretary of Tournigan in advance of the meeting of the Audit Committee not later than five business days prior to each meeting.

2.5 Resources

The Audit Committee will have the authority to retain independent legal, accounting and other consultants to advise the Audit Committee. The Audit Committee may request any officer or employee of Tournigan or its subsidiaries or the legal counsel to Tournigan or the external auditors of Tournigan to attend any

meeting of the Audit Committee or to meet with any members of, or consultants to, the Audit Committee.

3. Duties and Responsibilities

The Board of Directors of Tournigan has delegated the following duties and responsibilities to the Audit Committee, and the Audit Committee will have the sole authority and responsibility to carry out these duties and responsibilities.

The Audit Committee will review and discuss with management, the internal auditors (as applicable) and the external auditors of Tournigan the following financial statements and related information:

- (e) all financial-related disclosure to be included in or incorporated by reference into any prospectus that may be prepared by Tournigan; and
- (f) the Corporation's annual report, annual information form and management information or proxy circular.

As part of this review process, the Audit Committee must meet with the external auditors without management present to receive input from the external auditors with respect to the acceptability and quality of the financial disclosure and related documents.

Following the review by the Audit Committee of the documents set out above, the Audit Committee will recommend to the Board of Directors of Tournigan, if appropriate, that such documents be approved by the Board of Directors and filed with all applicable securities regulatory bodies and/or be sent to shareholders. If Tournigan lists its securities on a stock exchange in a jurisdiction other than Canada, the Audit Committee should review the equivalent applicable documentation and procedures.

3.2 Appointment of External Auditors

The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the external auditors of Tournigan (including resolution of disagreements between management and the external auditors regarding financial reporting) for the purpose of preparing its audit report or related work.

The Audit Committee has the sole authority to review in advance and grant any appropriate approvals of all auditing services to be provided by the external auditors of Tournigan and any non-audit services to be provided by the external auditors of Tournigan as permitted by applicable securities laws and the TSX-V.

The Audit Committee will review on an annual basis the performance of the external auditors of Tournigan. The Audit Committee will discuss with the external auditors any disclosed relationships or services that the external auditors propose to provide to Tournigan or any of its subsidiaries that may impact the objectivity and independence of the external auditors in order to satisfy itself of the independence of the external auditors.

On an annual basis the Audit Committee will obtain and review an annual report from the external auditors describing the external auditors' internal quality control procedures and any material issues raised by the most recent internal quality control review or peer review of the external auditors, or by any inquiry or investigation by governmental or professional authorities within the preceding five years respecting one or more independent audits carried out by the external auditors and any steps taken to

deal with any such issues. In addition, the Audit Committee will review on an annual basis the scope and plan of the work to be done by the external auditors of Tournigan for the coming financial year.

- (e) any litigation, claim or other contingency, including tax assessments that could have a material effect upon the financial position or operating results of Tournigan and its subsidiaries and the manner in which these matters have been disclosed in the financial statements;
- (f) quarterly certifications by senior management in respect of financial disclosures.

3.4 Internal Controls

In consultation with the external auditors, the Audit Committee is responsible for reviewing the adequacy of Tournigan's internal control structures and procedures designed to ensure compliance with applicable laws and regulations.

The Audit Committee will review:

- (a) the internal control report prepared by management, including management's assessment of the effectiveness of Tournigan's internal control structure and procedures for financial reporting; and
- (b) the attestation and report by the external auditors of Tournigan on the assessment made by management.

4. Whistleblower Policy

The Audit Committee has adopted a Whistleblower Policy to ensure procedures are in place for the receipt, retention and treatment of complaints received by the Corporation from employees, shareholders and other stakeholders regarding accounting issues and financial reporting, internal controls and internal or external auditing matters.

The Committee should be satisfied that sufficient controls are in place to ensure that all such complaints can be received anonymously and with an appropriate degree of confidentiality and that potential employee informants are aware of the process that is in place. The Committee should also be satisfied that processes are in place to ensure that all such complaints, regardless of significance, are presented to the Committee.

PRESS RELEASE

December 21, 2005

Frankfurt, Berlin – **TGP**

Tournigan Acquires South Dakota Uranium Claims; Updates Other Projects

Tournigan Gold Corporation is pleased to announce acquisition of mining claims covering three highly prospective uranium areas in the Southern Black Hills of South Dakota. The 272 federal lode mining claims cover 21.8 square kilometres (5,440 acres) and reportedly include historical resource estimates as well as considerable historical exploration drilling, based on research by Tournigan's US partner, Sweetwater River Resources LLC. Tournigan is also pleased to provide operational updates on the Jahodna uranium project and the Kremnica gold project in Slovakia. Both projects remain essentially on schedule, but updated resource estimates for each project will now be published mid to late January.

South Dakota Uranium Acquisition

The area covered by the three new Tournigan claim blocks in South Dakota were initially held by Union Carbide and the Tennessee Valley Authority as part of a larger block known as the Chord claims. The Chord claims encompassed more than 40 small open pits as well as a few underground operations. Combined operations on the Chord Property produced uranium intermittently from the early 1950's until the late 1960's, supplying feed to a former mill at Edgemont, South Dakota. These newly acquired claims lie just across the Wyoming-South Dakota border, in close proximity to Tournigan's Wyoming claims.

The three new Tournigan South Dakota claim blocks are known as the Long, RC and DH Claims and are generally located within the Long Mountain structural zone. This northeast trending fault zone, which was partially covered by the historic Chord claims, is approximately two miles wide, with mineralization hosted in four sandstone formations (two in the Cretaceous Lakota Formation and two in the overlying Lakota Formation).

Long Claims

Consisting of 141 claims, the western portion of the Long Claims encompasses a 2.8 mile long by 1.0 mile wide mineralized trend that includes pre-existing Strathmore Minerals claims which cover the historic Viking / Virginia C, and Ridge Runner ore bodies. This trend projects southeast towards the historically significant October – Jinx ore bodies. The eastern portion of the Long Claims surrounds the historic Long Mountain ore bodies, a fraction of which is also covered by Strathmore claims. Union Carbide reported open pit mining "reserves" (historic) from eight deposits containing a combined 323,800 tons with an average grade of 0.062 % U_3O_8 equating to 402,990 lbs U_3O_8 . The Union Carbide Long Mountain project included a mine plan and Draft Environmental Impact Statement completed in 1981.

RC Claims

Approximately 1 mile to the east of the Long Claims is the 62-claim RC claim-block, which hosts two prospective areas of uranium mineralization as well as the as-yet un-quantified Hot Point ore body.

DH Claims

The DH claim block (69 claims, 1,380 acres) occurs 1 mile to the south of the RC Claims and covers an area reported by the United States Geologic Survey in 1971 to contain "widespread low grade and some economic mineralization". Historic production was won from several small pits and at least two small underground operations where the reported average grade was 0.25% U_3O_8 and 0.30% V_2O_5 (vanadium oxide).

Jahodna Uranium Project Update

Tournigan has completed 3 confirmatory diamond drill holes at the Jahodna uranium project in Slovakia. The program is now on hold due to severe winter weather and the holidays. Geochemical analysis of the split core will be completed shortly by OMAC Labs in Ireland. OMAC is experiencing heavy workloads, but Tournigan believes results will be returned in time to release a National Instrument 43-101-compliant technical report and resource estimate in mid-January, 2006. An independent Preliminary Assessment is planned for early 2006, along with the in-fill and step-out exploration drilling that will follow publication of the resource estimate (as announced October 18, 2005).

Kremnica Gold Project Update

The pre-feasibility RC in-fill drilling is complete at the Kremnica gold project in Slovakia, with final assays received last week. Additional re-assaying of historic diamond drill results from 1996-1997 are in progress, as part of the necessary QA/QC for the current level of feasibility work. The upgraded 43-101-compliant technical report and resource estimate is now scheduled for publication by the end of January 2006 by Beacon Hill Consultants. This estimate should provide the requisite Measured and Indicated Resources necessary for Pre-feasibility and Feasibility Studies. The Pre-feasibility Study for Kremnica is in progress by Beacon Hill, scheduled for completion in April 2006.

Tournigan Gold is focused on developing advanced projects in Europe - Kremnica (gold) in Slovakia, Curraghinalt (gold) in Northern Ireland, and Jahodna (uranium/molybdenum) in Slovakia. Tournigan's asset mix also includes a portfolio of uranium properties in Wyoming and South Dakota, as well as VMS projects in Slovakia and Northern Ireland.
