year 2010 Form 10-Q. However, the disclosures on pages 37 to 39 of your third quarter of fiscal year 2010 Form 10-Q do not agree to the draft disclosures you provided in your November 1, 2010 response letter but rather seem similar to the disclosures you included in your fiscal year 2009 Form 10-K. As previously requested, please confirm to us that you will provide the draft disclosures you included in your response letter dated November 1, 2010 in your next periodic report.

Results of Operations, page 39

2. We note your response to comment 9 in our letter dated November 29, 2010. Based on the information provided, it appears as though the weighted average gross profit margin for your iron and steel industry contracts has declined for the three- and nine-months ended September 30, 2010, as compared to the prior periods. If this is correct, please clarify your discussion and analysis in future filings to specifically state as such. Please also provide investors with an explanation for the significant decline in gross profit margins for your iron and steel industry system contracting projections. Please advise and confirm that you revise your explanation in your next periodic report.

You may contact Tracey Houser, Staff Accountant, at (202) 551-3736, or in her absence, Al Pavot, Staff Accountant, at (202) 551-3738, or me at (202) 551-3355, if you have questions regarding comments on the financial statements and related matters.
