Item 7. Managements Discussion and Analysis of Financial Condition and Results of Operations,
page 79

1. We note your response to comment one. The presentation of Total Segment Adjusted EBITDA in any context other than the ASC 280 required reconciliation in the footnote is the presentation of a non-GAAP measure. Because the non-GAAP measure on a consolidated basis includes amounts for unconsolidated affiliates based on the Partnership's proportionate ownership, it does not comply with the guidance in Question 100.04 of the Non-GAAP Compliance and Disclosure Interpretations. Please revise to exclude this presentation or tell us why you do not believe the consolidated measure conflicts with this guidance.
